Athletes from Leading Educational Institutions Contested for Supremacy.

SOME VERY STIRRING SCENES.

Several State Records Were Broken, Among Them Being the 100 Yards' Dash-Big Crowd Present.

Following are the points won

by each of the contesting teams:

To the accompaniment of bleating trumpets, the wild shricks of a great concourse of enthusiastic students, the waving of banners, and the bewitching seelles of pretty girls, the track team. representing the University of Utah. put a quietus on the dispute as to which team has a right to the championship of this state, on Saturday afternoon, on the U. of U. campus. The big annual contest between the teams named above, was then pulled off, and, as was expected, the U. of U. boys proved

There can be no question about their victory, as it was well enrined and honestly won. It was most decisive, and estly won. It was well earned and hon-estly won. It was most decisive, and demonstrated beyond the shadow of a doubt their superiority on the field of athistic endeavor. At the finish of the relay race, when Capt. Rideout shot across the tape in the lead of all others, the U. of U. then had more points than will the other fearms complied. gil the other teams combined. As an indication of their clean cut victory, it is only necessary to state that they won six firsts, and seven seconds, making a total of 51 points, enough to give them the meet by a generous margin. The winner of each event was given 5 points, second 3 points and third 1 point. The winner of the relay got 8 points and there was no second in the hurdles It is difficult to pick out those to whom chief honor belongs, but if to any, it should go to Horace Whitney, "Fuzzy" Moore, Capt. Rideout and fleet footed Jimmy Wade. But it must be said that every member of the team did all that could be expected of them. In sprinting, the first named three stand sprining, the first named three stand out prominently as the fastest in the state, and in long distance events, it is doubtful if there is a runner within the borders of this state who can best Jimmy Wade. With the exception of the hurdles, the 'Varsity boys captured first in every running event and also first in every running event, and also got four seconds. These men simply won the meet. Horace Whitney ran the fastest 100 yards ever witnessed on the track, making the distance in ten

The man who attracted the most attention to the Provo athletes was Adams, the pole vaulter, and he certainly has all the others beaten a country like the country has all the others beaten a country block of the country beaten and the country block of the countr try block. On his first trial he cleared bar at 11 feet and 9 inches. The of Adams' friends urged him to make an attempt to equal it, but as he was entered in other events, he declined. DANDRUFF CAUSED BY A GERM.

A New Discovery That Kills the Germ and Prevents Baldness. Pretty nearly all the hair prepara-tions for dandruff have some merit in allaying itching of the scalp, and in being a fairly good dressing for the hair, but there is only one that recog-nizes what causes dandruff, falling hair

and baldness, and that destroys the cause, a little germ—and that is Newbro's Herpicide. This germ eats its way into the scalp, it digs up the scalp into little white scales. In their contest here last winter, only a small crowd witnessed it, but the a small crowd witnessed it, but the spectators unanimously agreed that it was the fastest, cleanest and best wrestling contest they ever witnessed. Both men are thoroughly familiar with the game, and each is scientific and strong. Lewis has been very anxious to wipe out the defeat he received at the hands of Ross, and so thoroughly convinced is he that he can do so, he has deposited \$200 as a side bet. Half of the amount has been covered by the local man, and he says the balance will be up in a day or so.
