LAST NIGHT'S NEWS.

Grand Reunion of the Army of the Cumberland at Chicago.

Progress of the Campaign in Various Portions of the Union.

Another Fire in Spokane Falls; Supposed to be the Work of Incendiaries.

Rear Admiral Luce Advocates a System of Inland Navigation.

By Telegraph to the NEWS.]

ARMY OF THE CUMBERLAND.

Grand Reunion Held in the City of Chicago.

CHICAGO, Sept. 19.—The nineteenth annual reunion of the army of the Cumberland met here today, one hundred and fifty being present. General Rosecrans was called to the chair and received with applause.

General Fullerton moved that a committee be appointed to consider the question of erecting an equestrian statue to the late General Sheridan in Washington.

After some discussion the matter was laid over. Then followed the appointment of the various committees.

A meeting was held at the Central Music Hall this evening, at which General Russell A. Alger of Michigan delivered an eulogy on General Sheridan, of which the following is a summary.

General Alger began his address with a brief sketch of General Sheridan's life, touching upon the circumstances of his birth, his graduation at West Point, his service as lieutenant of infantry against the Indians in Oregon and Washington Territory, his recall from the Pacific Coast in the fall of 1861 and his assignment to duty as chief quartermaster at St. Louis, and noted that this great military genius was not given independent command until May 25, 1862, when Governor Blair of Michigan appointed him colonel of the second Michigan cavalry.

General Alger continued: "He was a resolute man and his command soon learned the fact that unless in camp two parties were in constant danger—the enemy and themselves. He was always genial and easily approached except in battle; when his whole nature seemed changed, and woe to the man who crossed him while a fight was on. Speaking of the fact not a year since, when told he was always ugly in battle, he replied, 'I guess that's so. It was the way I always fought.'"

Summing up a sketch of

SHERIDAN'S METHODS

in preparation and in battle, Alger said:

"His knowledge of the topography of the country and the position and strength of the enemy, and his quick perception and decision and his heavy and intrepid blows, gave him the success that crowned him among the foremost generals of modern history. Sheridan never lost a battle, he seldom made an attack that was not successful and like a mighty rock standing in the sea where the waves strike it only to be divided and shattered, so no enemy's host was ever hurled upon his command but to be broken. Those who saw a handful of men defeat ten times their number at Boneville, those who stood in the cedar brakes at Stone River and witnessed the repulse of the proudest army ever sent by the rebels to the west, those who were with him in seven miles of fire at Mission Ridge, those who were with him in that hell of fire at the wilderness, served under him in the great cavalry fight of Yellow Tavern and Treville Station, those who passed with him through the terrible battle of Winchester, those who helped demolish Early's victorious army at Cedar Creek and those who followed at Five Forks all joined in acclaim as each victory in turn increased his bewildering fame, crowning him with the plaudits of the world. One of the strong characteristics of General Sheridan was his intense devotion to the cause of the North. Soldiering with him was not a mere occupation, a road to gratify a personal ambition, but he believed intensely that the rebel claim was a crime, and that it ought to be punished. It was this intensity and earnestness that made his success. His appearance on the field at any time during a battle always created the wildest enthusiasm. He handled a regiment as though it was an army, and an army was handled by him as though it were a regiment."

After quoting

GRANT'S AND SHERMAN'S

opinions of Sheridan the speaker said: "Sheridan's war record was conspicuous. It attracted attention at once, and became the theme for orators, artists and historians to dwell upon. Other men have served their country well, and died hoping a future generation would do them justice. Sheridan was happy in living in the glory of his own fame, and his fondest friends can hope for no more than that the future may concur with his own time in doing him honor."

The speaker then touched upon the pension question, and in passing, said there were about 800,000 veterans in the country who were dying at the rate of about 10,000 per year, and added:

"The comrades of our gallant Sheridan ought to be the nation's wards, and not the nation's paupers. A grateful country should rise up to give them their just reward and place them beyond the possibility of suffering during the few years yet allotted to them."

The speaker closed with an eloquent apostrophe to the dead General.

After the session at the Central Music Hall a symposium with the Chicago members of the military order of the loyal legion was held at the Grand Pacific Hotel.

Yellow Fever.

JACKSONVILLE, Sept. 19.—M. E. Bowden, recently city editor of the *Times-Union*, died of yellow fever tonight. Five new cases of fever are reported tonight.

The official report for the twenty-four hours ending at 6 p.m. show 150 new cases of fever, making the total so far reported 1333. A very large portion of the new cases are now among the colored people living in the suburbs. Fourteen deaths were reported today.

NEW ORLEANS, Sept. 19.—A Jacksonville special says: The excitement created throughout the state by the discovery of fever at Gainesville, continues unabated. The place is almost deserted. Railroad men have all left, and all trains are practically suspended.

DENVER, Sept. 19.—A thousand dollars was raised today for the aid of yellow fever sufferers in Florida.

Infested with Firebugs.

PORTLAND, Oregon, Sept. 19.—Spokane Falls, Washington Territory, has just been visited by another fire, which destroyed about $35,000 worth of property; insurance about $15,000. There is every reason to suspect that the second heavy fire and the one last night were the result of incendiaries. The town is said to be overrun with a lawless, disreputable element. While the fire was in progress last night several attempts to commit arson were reported, but no one was caught. The citizens called a mass meeting and the alarming situation was discussed. It was decided to make a determined crusade against the crowd of loafers and tramps which infest the town. A large reward has been offered for the apprehension of any of the fire bugs.

POLITICAL.

Progress of the Campaign in Various Sections.

PHILADELPHIA, Sept. 19.—In the First, Second, Fourth and Fifth Congressional districts, the present incumbents were renominated, respectively as follows: Henry I. Bingham, Charles O'Neil, Wm. D. Kelley and Alfred C. Harmer. The Third district convention (Randall's district) adjourned over without selecting a candidate.

STANFORD TALKS.

NEW YORK, Sept. 19.—A *Herald* special from Paris has an interview with Leland Stanford in which he says: "You must bear in mind that California's political ties hang lightly, and no one is surprised in a general election to find 10,000 or 20,000 voters changing sides. Therefore California is always doubtful. Still I consider that under ordinary conditions the state is slightly republican. There are special reasons which lead me to think that California will go for Harrison and Morton this autumn."

"Other countries may and probably will adopt the improved agricultural implements which have made our state a great wheat growing centre. This would seriously interfere with our wheat industry, but we have another industry still in its infancy with which nothing can ever interfere, that is the raising of fruit. I believe by degrees California will change its wheat farms into vineyards and orchards. As regards all the conditions for producing a superior grade of fruits and wines, we have almost a natural monopoly, but as said, these resources are but at the commencement of their development and the state's highest interests call for protection against the importation of foreign wines and dried fruits. This consideration is of immense importance and will, I think, be sufficient to insure a republican majority. Many prominent democrats are leaving their party on this ground. There are certain conflicting interests in California which make it difficult to forsee the result of the present campaign, still my information from home leads me to believe that the republicans will be successful."

REMOVALS.

NEW YORK, Sept. 19.—General Superintendent R. C. Jackson of the New York division of the railway mail service and Chief Clerk E. L. Chapman were removed today by the Postmaster General. Both are republicans.

COLORED DEMOCRATS.

NEW YORK, Sept. 19.—The Cleveland and Thurman Colored League paraded last night, 137 men in number. The republican colored men expressed their disapproval by hisses, throwing bricks at them and rolling paving stones against their shins. The police had to interfere and club the assailants severely.

BARBECUE.

CINCINNATI, Sept. 19.—There were 6,000 people at the Erlanger barbecue, eight miles south of here, to see Speaker Carlisle and hear him speak. They were mostly from Carlisle's district. The barbecue consisted of four carcasses of oxen and twenty-four carcasses of sheep and no end of chickens; also, of 100 gallons of soup that had been cooking three days, and 2,000 baskets of bread. Speeches were also made by Theodore Hallam and M. D. Gray.

THE ARIZONA DELEGATE.

TUCSON, Arizona, Sept. 19.—The republican territorial convention today nominated for delegate to Congress, Thomas T. Wilson.

THE REPUBLICAN CANDIDATE.

INDIANAPOLIS, Sept. 10.—General Harrison began to receive at his residence as early as 7:30 this morning. They were chiefly visitors who remained in the city over night and others attending the state fair, now in full progress. Throughout the day several hundred called at the house. The General made four addresses to several visiting delegations. The first delegation comprised fifty veterans of the Seventh Indiana Cavalry, General Shark's old regiment. They were received at the residence shortly after noon. Colonel Lewis Reeves made an address on behalf of the veterans, to which General Harrison responded. The veterans were then introduced to General and Mrs. Harrison.

At 2 o'clock delegations from Iroquois County, Illinois, and Laporte, Indiana, numbering together over 1500, were received at University Park. R. W. Hilcher, of Watseka, Illinois, and Hon. J. W. Pumpacker, of Laporte, delivered congratulatory addresses. General Harrison, who continued in good voice, touched on the tariff issue and dwelt at some length upon the surplus. The reception concluded with the usual handshaking.

The third delegation numbered 600 from Grundy County, Illinois, including about 100 ladies, who wore red white and blue sashes. They were received in the park about 4 o'clock. General P. McHayes, of Morris, Illinois, on behalf of the visitors, made a felicitous address, to which General Harrison responded.

Corporal Tanner, of New York, the well-known soldier orator, arrived here several days ago en route to California to stump the Pacific coast at the request of the national republican committee, but on the suggestion of General Harrison he will remain in Indiana.

The democratic state committee announce that Governor D. B. Hill, of New York, will participate in the Indiana campaign. He speaks at Lafayette on the night of October 13th, when a grand democratic rally will be held.

ROLLING THE BALL.

WASHINGTON, Sept. 19.—The great ball which was the feature of the Blaine demonstration of New York is about to start from its home in Cumberland, Md., and to be rolled to Hagertown Tuesday and Fredericksburg, Md., Wednesday, September 25th. At each of these points Congressmen R. W. Perkins, R. P. Kennedy, J. W. Laird and L. E. McComas will meet it and make speeches. The huge ball will reach Washington on Thursday, and be received by the national republican league with great demonstration. From here it will go west, rolling through West Virginia and Ohio to Indianapolis, and thence it may go to the Pacific Coast.

A Railroad Decision.

WASHINGTON, Sept. 19.—The Inter-State Commerce Commission today, through Chairman Cooley, filed an opinion in the matter of the Chicago, St. Paul & Kansas City Railway Company. This company in June last notified the commissioners that, owing to the action of competing lines concerning the rates between St. Paul and Minneapolis, it had been obliged to reduce its rates between these points below the rates which it could afford to accept to intermediate points upon its lines, so there would be greater charges made upon a short haul than upon a longer one in the same direction, and it stated that if a complaint should be made of this it would undertake to justify its action under the inter state law. The commissioners thereupon ordered a hearing at Dubuque, at which the company would be called upon to justify its actions. The opinion recites the evidence and facts as found by the investigation, and concludes as follows:

The Commission therefore finds and adjudges that the transportation of freights by the respondent upon its road from Chicago to St. Paul and Minneapolis, and the transfer from its northern terminus to Chicago is made under substantially similar circumstances and conditions to those under which like freights are transported on the same line from the same initial points in the same direction to intermediate points, and such being the case that the greater charges to such intermediate stations are illegal, and an order will be entered that the respondent cease and desist from making such illegal charges.

Inland Navigation.

BALTIMORE, Sept. 19.—Rear-Admiral Luce, of the navy, and commander of the north Atlantic squadron, passed through Baltimore this morning en route for New York. The admiral was brim full of enthusiasm over his trip through the inland waterways from New York to Norfolk in his steam launch, the *Wren*. He said to a *Sun* reporter: "If ours were a military government like England, Russia, Germany or France, we would have had a system of inland navigation years ago. Foreign nations are now more alive to our needs and our defects than we are. The need of an inland system of canals and waterways is undoubted."

He thinks the Erie canal should be widened and deepened, as also should the Delaware and Raritan and the Chesapeake and Delaware. His trip is being made for the purpose of gathering facts and figures for his report, which he proposes to lay before Congress. "Because there is no war in sight," he says, "is no reason why we should not have a thoroughly equipped navy and a perfect system of inland navigation, which, in case of necessity, would be an immense saving in time in transporting war ships, men and ammunition."

The Admiral believes in improving the merchant and marine service, and suggests the offering of bounties in some form for the building of steamers.

An Actor on Trial.

PHILADELPHIA, Sept. 19.—Charles C. Fair, an actor, is on trial on complaint of Louise Pauline, the actress, who claims that in May, 1886, she fainted after a matinee; that her dress was loosened and a purse containing $1,500 fell from her bosom; that it was given to Fair who never returned the money and tried to make her believe one of the ladies took it; that he afterwards confessed the theft and begged her not to disgrace him. She was unable to get her money and therefore had him arrested.

Railway Agents' Association.

CHICAGO, Sept. 19.—The Railway Agents' Association began a meeting here today. Seventy-five delegates are present, representing seventeen states and territories. President La Clare of Carlsbad, Cal., said in his annual address that the association has always been opposed to strikes, but in view of certain local opposition he recommended an amendment to the Constitution to prohibit the support of any strike or attempt to dictate to any agent by any member of the organization.

[Continued on Fourth Page.]

Their Business Booming.

Probably no one thing has caused such a general revival in trade as A. O. Smith & Co.'s Drug Store as their giving away to their customers of so many free trial bottles of Dr. King's New Discovery for Consumption. Their trade is simply enormous in this very valuable article from the fact that it always cures and never disappoints. Coughs, Colds, Astama, Bronchitis, Croup, and lung diseases quickly cured. You can test it before buying by getting a trial bottle free, large size $1. Every bottle warranted. (3)

Brace Up.

You are feeling depressed, your appetite is poor, you are bothered with Headache, you are fidgetty, nervous, and generally out of sorts, and want to *brace up*. Brace up, but not with stimulants, spring medicines, or bitters, which have for their basis very cheap, bad whisky, and which stimulate you for an hour, and then leave you in worse condition than before. What you want is an alterative that will purify your blood, start healthy action of Liver and Kidneys, restore your vitality, and give renewed health and strength. Such a medicine you will find in Electric Bitters, and only 50 cents a bottle at A. C. Smith's Drug Store. (3)

Eye, Ear,

—AND—

CATARRH

SUCCESSFULLY TREATED.

JUDGE CARLTON'S LETTER.

SALT LAKE CITY, August 7, 1888.

Dear Doctor:—Before leaving for the east I wish to express my appreciation of your treatment of a complicated case of the eyes. I have tried for several years to get far-seeing glasses, and I had concluded that I could get none that would be of any benefit to me. But after I saw the wonderful benefit of your system, I take pleasure in saying that the glasses furnished by you have restored my vision both for reading and far-seeing to the same condition as in my boyhood. I resolved to have you furnish me glasses after I witnessed your system applied to a beautiful young lady of 16 years, from Summit County afflicted with a complicated condition of the eyesight. She told me she had never been able to distinguish one's face at a distance of six feet. With Dr. Prentice's glasses she could see as well as any one. As she looked up and down the street, and for the first time in her life saw the distant mountain tops, she was greatly delighted, and inquired with childish simplicity, "Do other people see this way?" It seemed that a new world was opened to her view, as novel and beautiful as "Eden's rosy bowers," appeared to our first parents.

Yours truly,

A. B. CARLTON,

Chairman Utah Commission.

DR. PRENTICE,

Salt Lake City, Utah.

The following are a few of the many cases of cross eyes Dr. Prentice has straightened in this city in less than one minute:

Geo. A. Smith, Salt Lake City.
Susie M. Shettler, Salt Lake City.
Frank J. Hocking, Salt Lake City.
Florence Peppers, Salt Lake City.
Lester Riggs, Salt Lake City.
Sarah Wilder, Salt Lake City.
Joseph McRae, Salt Lake City.
David M. Cambell, Providence, Cache County.
Catherine Bivens, eye turned outward.
P. Pugsley's grandson, totally deaf in one ear, restored to hearing, and many others.

PILES.

I have been tortured with Piles for many, many years, and have tried a great number of so called cures without any benefit. About two months ago Dr. Prentice treated me just once and has effected a perfect cure, and I feel confident from the condition I am now in they will never return.

DAVID S. DAVIS.

Spanish Fork.

For twenty years I have suffered very much with Piles. I have often been obliged to quit work, and had become discouraged of ever being cured. Two months ago Dr. Prentice gave me one treatment, and I consider myself entirely cured. My health is better than it has been for years.

HUGH MOORE.

Spanish Fork.

I have been afflicted with Hemorrhoids (or Bleeding Piles) for the past twenty-five years. For several weeks past the pain has been so intense that I was forced to quit work. I found no relief either day or night, and was frequently compelled to walk the floor all night long, as it was impossible for me to sleep. In this condition I called on Dr. Prentice at the Continental Hotel, who, after a painless operation of less than one minute, relieved me from all pain, and I have been able to sleep and rest well ever since.

I consider myself perfectly cured, and unsolicited offer this testimonial for the benefit of those who may be similarly afflicted. HENRY GREGORY,

149 N. West Temple Street.

MADE HANDSOME.

Mr. B. H. Shettler, of Zion's Savings Bank, has a bright and intelligent little daughter nearly nine years old, but she has suffered the unfortunate disfigurement all her life of being badly cross-eyed. Susie M. Shettler's parents were very loath to trust any one to operate on her eyes. But they had faith enough to trust Dr. Prentice and he has made the eyes perfectly straight, which was done in less than a minute, and Susie Shettler is now a handsome little girl, while her parents are well pleased.

SATISFIED AT LAST.

Geo. A. Smith of Salt Lake City is a young man favorably known throughout Utah. He has been troubled with a bad case of cross-eyes all his life. Several years ago he had an operation performed by an oculist, but it was not successful and did no good, consequently his faith was very much shaken about his eyes ever being made straight. But at the Continental Hotel on Monday of this week Dr. Prentice made it straight in less than half a minute. Mr. Smith is delighted with the result and his friends astonished. Mr. Smith said it caused him practically no pain.

At Continental Hotel, Salt Lake City, until Sept. 25.

IDEAL BROILING.

Broiling can be done in the oven of the Charter Oak Range or Stove with the Wire Gauze Oven Door, more perfectly than over the live coals.

Lay the steak, chops, ham or fish on a wire broiler or meat rack, placing it in an ordinary bake pan to catch the drippings.

Allow it to remain in the oven with the door closed 15 or 20 minutes. No turning is required. At the end of this time it will be found nicely cooked ready to serve.

THIS IS THE IDEAL WAY TO BROIL MEATS

There is no taint of coal-gas or smoke, and the meats are more tender and better in flavor than those broiled over the coals. The convenience of broiling in the oven will be appreciated by every housekeeper, and adds another to the many reasons why the Charter Oak Range or Stove with the Wire Gauze Oven Door should be preferred to all others now in the market.

WILHELM'S NASALINE.

Trade Mark.

The Sure Catarrh Cure.

Affords instant relief in all cases of Catarrh Hay Fever, Cold, Sore Throat, or any kind of Inflammation. Testimonials of hundreds of citizens of Colorado furnished on application. From Ex-Congressman Belford:

To whom it may concern:

I take great pleasure in commending to those afflicted with that terrible disease known as the catarrh that most excellent specific Known as Wilhelm's Nasaline. I have used it myself with most beneficial results. Its use must shortly establish its great value. JAS. B. BELFORD.

From a prominent Denver lady:

To whom it may concern:

I have used a part of one bottle of Wilhelm's Nasaline and have derived more benefit from it than I did from medical treatment during a six months visit among the celebrated catarrh doctors of the east. I can recommend it as being just what is claimed for it—a catarrh cure.
