MINING, BUSINESS AND STOCKS.

POET PROSPECTOR FINDS IDAHO GOLD

Original Locator of Lost Packer Grounds Visits Salt Lake.

EXCELS THUNDER MOUNTAIN

Showings of Loon Creek Strengthened By Work Indicate Rival to Tonapah.

Clarence E. Eddy, a young Idaho poet, who is among the veteran prospectors and promoters of the Loon Creek country, some 40 miles south of Thunder Mountain, is a Salt Lake visitor. Mr. Eddy spent the greater part of the summer in that camp and gives glowing and well founded accounts of its riches. Mr. Eddy was the original locator of the group of four claims now owned by the Lost Packer company, in which are W. S. Barnett and other Salt Lake associates. For these claims the young locator received $20,000 some months ago, and has since been giving attention of a dozen or more claims in that vicinity. He states that free gold, visible to the naked eye, is common in the ores of that camp and that frequently there is found nuggets the size of wheat grains. The Lost Packer is working a force of six men and considerable ore is being sacked for shipment as the development progresses that will average as much as $200 a ton in gold. The camp is characterized, he says, by good surface work and every effort in the way of development has been rewarded with indications of permanent bodies carrying values even better than those found nearer the surface. While the country is handicapped like Thunder Mountain by distance from a base of supplies and exceedingly difficult conditions of transportation, he believes that it wil be a second Tonopah, and far surpass in wealth the Thunder country.

THE DAY ON 'CHANGE.

A Prolonged Session — Fair Sales With Changing Prices.

The morning call was an unusually prolonged one and a fair volume of business was transacted on a rather erratic market. Lower Mammoth was a star actor and nearly 7,000 shares went between the narrow limit of $1.42½ and $1.42.

Wabash started at 82 cents and advanced to 92 cents, while 4,600 shares were selling.

California was weaker and while 3,200 shares sold the price went from 27½ cents to 26 cents.

The closing quotations were:

CONTRACT AT DANA.

Park Valley Company to Extend Tunnel 200 Feet at Once.

The Dana company, with grounds in the Park Valley country has let a contract for extending its tunnel, which is now in 70 feet, a distance of 200 feet further. The completion of the contract is expected to tap the vein which is the objective point of the present system of working. The property is located a short distance north of the Century. It is supplied with an abundance of water for mill purposes and chief among its owners are Joseph Dederich, Lawrence P. Kimball and J. J. Burke. Assays of surface samples on this ground have given as much as $19 a ton in gold, and its promoters have hopes of making of it a mine.

PARK CITY COMPANY.

South Quincy Will Organize and Run Long Tunnel.

For the purpose of developing a groun of 26 claims at Park City the South Quincy Mining company is now being formed. The property lies south of the Daly Judge holdings adjacent to the Bonanza Consolidated, and is owned by Ed H. Airis, W. H. Dodge and the Ira Clark estate.

A tunnel is now in 400 feet and when complete it will tap a large area at a depth of from 1 700 to 2,000 feet, and be the means of operating ground aside from that held by the South Quincy company.

WORK AT CENTURY.

Increased Output for First Ten Days Of Month.

P. W. Madsen has returned from a short stay at the Century, where he reports both development and production making satisfactory progress. The run for the first 10 days of the month was exceedingly heavy, and a gold bar of increased size is expected. Considerable improvement is being done about the mill with reference to the water supply and the management is satisfied with conditions.

GROUPED BY GOLDBERG.

Option Obtained on Park City Property for $35,000.

Julius Goldberg, who grouped the holdings of the recently organized Ontario Consolidated company at Park City, has made a second successful effort at laying the foundation for a mine.

An option with a consideration of $35,000 has been obtained on three claims joining the Steele group and the formation of a new company is being planed. The property is looked upon with favor by those acquainted with the locality.

Much Work at Yankee.

The Yankee Con. is said to be making a good showing with the amount of development work being done far exceeding the production. The policy of the management, it is said, is to be prepared to disburse dividends regularly when dividend paying is resumed.

MINING NOTES.

The Gemini has seven cars of ore on the market today.

The Conklin sampler today received six cars of ore from Tintic.

Thomas Weir is today looking after his properties at Tintic.

The City Rock at Alta has a car of ore on today's market.

The United States company shipped a car of lead ore to the sampler this morning.

The Mammoth is a shipper to the market of today to the extent of six cars of ore.

The Yankee Con. swelled the ore receipts of the day by a consignment of seven cars.

Charles A. Short is in from the State-line where he is developing a copper proposition.

The Taylor and Brunton sampler this morning received 12 cars of ore from Tintic, one car from Bingham, and one car from Alta.

Caller Jones of the mining exchange is taking a vacation and will hunt ducks for a few days along Bear river. During his absence J. T. Goodwin will wield the gavel.

Loans money on stocks at bank rates. Room 26, Walker Bank building.

NEW YORK METAL PRICES

Lead quiet, 4.12½.

Copper weak, 11.50@11.70.

WOOL.

BOSTON.

Boston, Nov. 11.—The feature of the wool market this week has been large speculative buying of scoured wools both by dealers and manufacturers. The result has been an advance in pulled and scoured wools of one cent per pound. The market is very firm and further advances are looked for. Territory wools, especially fine staple and fine medium wools are active. Prices are nearing 60 cents. Good sized sales have been made at 58. Fine staple territory is quoted at 56@60; strictly fine, 50@55; fine and gne medium, 50@53 and medium, 45@47. In fine wool the demand is good but offerings are light. There is very little doing in Australian wools owing to light offerings; choice combing scoured basis stand at 75@80; good, 73@76 and average, 72@74.

WILLARD.

SPLENDID CROPS OF TUBERS.

Big Yield of Potatoes and Sugar Beets — Fine School Building.

Special Correspondence.

Willard, Boxelder Co. Nov. 10.—Work on the Central school building is being pushed rapidly. The carpenters are now putting on the roof. When completed it will be one of the finest school buildings in northern Utah, one that our citizens may well be proud of.

Farmers have been very busy of late digging sugar beets. The yield per acre varies from 10 to 30 tons. Over 40 cars have been loaded. The entire crop will exceed 50 cars.

The potato crop is excellent. One of our most successful farmers stated that his crop even at present "bed-rock" prices would net over $100 per acre.

Our cannery's first year's run has been quite successful. Nearly 1,000,000 pounds of tomatoes have been handled besides considerable fruit and pumpkins. The total output will reach about 12 carloads.

On the 8th inst. Richard Woodyatt, son of Harvey and Ida Woodyatt, died of inflammation of the bowels. He was a very promising boy of about 9 years.

SPECULATION RATHER RIFE.

Good Advances in Americans in London.

GAINS MADE AT OPENING.

Volume of Business Large and Quite Active and Well Distributed—Sugar Bought Heavily.

New York, Nov. 11.—London led the speculative sentiment this morning with good advances in American securities and opening prices here were on a parity with London or above. Good fractional gains were made by the United States Steel stocks. The volume of business was quite large and well distributed. A drop of 1¼ in Colorado Fuel was the only conspicuous example of weakness. Trading showed some hesitancy after the opening, traders covering in special stocks and realizing in others. Large orders for Union Pacific, Missouri Pacific, B. & O. Sugar and Amalgamated Copper advanced them a point or over. Selling met the advances and gains were wiped out in St. Paul, Missouri Pacific, Southern Pacific and Sugar.

The reaction affected the whole market. The selling pressure was relaxed again and the market became sluggish and dull. A reaction of 1⅝ in Amalgamated Copper caused an easier tone elsewhere at noon.

Bonds were steady.

Liquidation continued on a large scale in Amalgamated after the noon hour and it declined over three points from the highest of the morning. Northwestern sold three points below yesterday's close but other stocks were only slightly affected, as heavy purchases of Sugar and Reading exerted a sustaining effect.

The heavy liquidation which drove Amalgamated down to 56¼ eventually undermined the entire list and wiped out the morning rise in all of the principal stocks. St. Paul, Southern Pacific and Louisville sold 1@1¾ below last night. Lackawanna dropped nearly 2 points and New York, Chicago & St. Louis second preferred fell 5 points from the highest.

MONEY AND BONDS.

Money on call, easier at 5½ per cent. Prime mercantile paper, 5½@6 per cent. Sterling exchange, partly steady, with actual business in bankers' bill at 4.87 @1.25 for demand and at 4.84 for 60 days. Posted rates, 4.85 and 4.88.

AN UNPLEASANT EXPERIENCE.

Has it been your unhappy lot to be told by your physician that you must go to a hospital and submit to an operation? If so, you remember with what dread and sinking you awaited the day when you must endure the knife. The present day surgeon appears to be possessed of a mania for operating, especially in cases of hemorrhoids or piles, and while the greater number of the profession do not recommend this "last resort" unless they honestly believe it necessary, the fact remains that much needless operating is done, and the patient put to much expense and suffering for what? To obtain a possible temporary relief; these words are used advisedly, because in nine cases out of ten the affliction returns and the patient is just where he started from. Oftentimes he could be cured much more simply and easily by the use of such a remedy as the Pyramid Pile Cure; this has come to be recognized as the best remedy on the market for the painful disease named, and the druggists now sell more of it than all other pile remedies combined. The writer personally knows people who were afflicted with the worst form of bleeding and protruding piles and who were permanently cured by the use of Pyramid Pile Cure. In every one of these cases the attending physician had assured the sufferer that only by an operation could he rid himself of the disease; so much for the infallibility of the doctors. This remedy, which is sold by all druggists at the low price of fifty cents, is in suppository form, is applied directly to the parts affected, and performs its work quietly and painlessly. The Pyramid Drug Co., Marshall, Mich., will mail free to any address a book telling all about piles or hemorrhoids, their cause and cure.

A suggestion is offered that if the reader is afflicted, or knows anyone who is, this book be sent for, as it will be found invaluable.
