

LOCAL AND OTHER MATTERS.

LAST NIGHT.—Those desirous of seeing the "New Hibernian," had better attend the Theatre to-night, when the last entertainment, in this city, will be given. It is well worth seeing; the views, representing the scenery, architecture, &c., of the "Emerald Isle," are artistically painted. Mr. Robert Byrne, as the ranting, rollicking Irishman, is "huge," and the performances of Misses Mary Douglas and Ida Lester are also good.

FUNERAL OBSEQUES.—The funeral services of Elder Anthony Evans took place in the Fourteenth Ward Assembly Rooms at 11 a. m., to-day, when a suitable discourse was delivered by President Joseph Young, gen. The attendance on the occasion was very large.

THOSE REBELS!—Our readers will be surprised to learn that the leading rebels of the 20th Ward drilling party—Messrs. Savage, Otinger, Graham and others—whose case has so severely taxed the profoundest judicial and legal wisdom and talent of the Territory this week, were, in default of bond, yesterday afternoon sent to Camp Douglas for safe keeping. This, we regard, as a most extraordinary proceeding, but then the people of Utah are living under a new and most extraordinary judicial dispensation, and nothing need be surprising.

WENT SOUTH.—Presidents Brigham Young and Geo. A. Smith, and Elder Brigham Young Jr., left this city this morning, on a preaching tour in the Southern portion of this Territory. Their journey will probably far exceed a thousand miles, and their labors will be arduous, as they expect to visit and preach to the people of between thirty and forty settlements. May peace and safety attend them in their journeyings thither and hither!

NEW RAILROAD.—Ground was broken on the Cheyenne, Iron Mountain and Montana Railroad on the 16th, at Cheyenne. The ceremony was performed by Dr. Silas Reed, Surveyor General of Wyoming, in the presence of a number of the incorporators of the company. It is the design of the company to secure a grant of land, and to interest capital sufficient to build the road to Fort Fetterman, some one hundred and fifty miles. So says the Cheyenne Tribune.

ELDER SAMUEL SAVERY arrived from the East last evening from his mission, upon which he started in May, 1869. His labors have been in Oneida and Oswego counties, N. Y.

A BEAUTIFUL SPECIMEN.—We were shown, last evening, by Professor Barfoot, a very fine specimen of calcareous stalactite. It had been recently taken from a cave in the Ophir Mining district in East Canyon, by Mr. Wm. Barbee and presented by him to the Museum. The peculiar formations of this calciferous curiosity are beautiful and interesting. Important acquisitions are made to the collections at the Museum almost daily and the manner in which the different specimens are classified in the mineral department, are classified reflects great credit upon Professor Barfoot, the learned and obliging manager.

"THE MORMONS ON THE RIGHT TRACK"—Under this heading the New York Herald of the 18th says:

"The Mormons in Utah have just accomplished what the Gentiles have for a long time endeavored to do in vain. They have arrested a batch of Rocky Mountain brigands, who have lately made predatory incursions upon Pacific railroad trains, capturing treasure and other valuables. If the Mormons stick to this sort of business they will win the approbation of people who do not exactly believe in some of their domestic habits."

THE COULDOCKS ARE COMING.—The Theatre-going public will be gratified to hear that the great artist Mr. Couldock, and the scarcely less famous artist, Miss Couldock, his daughter, will make their appearance very shortly at the Salt Lake Theatre. They will be supported by the Langrishe troupe, which has been gaining such laurels in Colorado. This should certainly inaugurate a great theatrical revival in this city. Mr. Couldock's impersonations are of such excellence, so nearly perfect itself, that he is acknowledged to be one of the greatest actors now living.

The rendition of Luke and Rose Fielding, in the "Willow Copse," by Mr. and Miss Couldock, and their performance in "Old Phil's Birthday," "The Porter's Knot," and other pieces, not omitting Mr. C's "Louis XI," will be remembered by the public during a former engagement here. Those performances gained for the artist such a reputation in this city as scarcely any other artist has ever achieved; and we hope that their coming engagement will be such a success, pecuniarily and otherwise, as will be satisfactory in the highest degree to the management and all concerned.

FOURTEENTH WARD.—A new commodious brick building, about thirty-two feet long by twenty-two wide, two stories high, is about completed near the Assembly Rooms. The lower part will be occupied by the Ward branch of Zion's Co-operative Institution, and the upper part will be used by the Female Relief Society, as a work and meeting room. The building is being erected jointly by the shareholders of the Co-operative Association and the F. R. Society, and will cost in the vicinity of \$1,200. Joseph Horne and J. R. Winder constitute the building committee. The rooms, it is expected, will be occupied within two weeks.

A select party, for the benefit of the Female Relief Society of the Ward, was held in the Assembly Rooms on Wednesday evening, when a very pleasant time was enjoyed.

Died:

At Draperville, Nov. 21st, 1870, Ann Wilson, wife of Perry Fitzgerald, after four days' illness, aged 58 years and 11 days.
Deceased was born Nov. 10th, 1812, in Yorkshire, England, and was baptised at Hall, September 18th, 1827, by Bro. Mitchell, and emigrated to Utah in 1853. She assisted in organizing a Sunday School in this settlement in 1855, and conducted it in a praiseworthy manner until her death. She was President of the Relief Society, and did all she could to promote the interests of the Kingdom of God. She labored with untiring perseverance, counselling the youth, assisting the poor, comforting the sick, and set an example of holiness to her memory. She lived honored, respected and loved by all who knew her, and died in the hope of a glorious resurrection.—Com. Mill. Star please copy.

NATIONAL SERIES
STANDARD TEXT-BOOKS
PUBLISHED BY
A. S. BARNES & CO.,
111 and 113 William St., NEW YORK.
111 State Street, CHICAGO

PARKER & WATSON'S SERIES.
The lower numbers of the reading series are
remarkable for the "word-building system,"
the high order of the illustrations and the
interesting but strictly progressive character of
the reading lessons. The higher volumes chal-
lenge comparison on account of their selection
of classic and the noble range of selection
from standard literature.

The series consists of a Primer and five Read-
ers. The fifth is universally pronounced a
literary gem, and by many bought to enrich
their libraries.

CLARK'S GRAMMAR
Will eventually supersede all others. No other
system makes the study so pre-eminently in-
teresting. It combines the diagram system,
taught by Dr. Park at the University, and the
interesting object lessons as illustrated by Miss
Ida I. Cook at the Teachers' Association, Salt
Lake City. It makes the study of Grammar a
pleasure instead of a bore.

DAVIES' MATHEMATICS
Are justly called the National Standard. They
are used in the great National Schools at Ade-
lphi and West Point, in the Public Schools of
the National Capital, have received the official
endorsement of the National Congress, and
are sold more largely and are more popular in
every section of the national boundary than
any other series.

IMPORTANT AND POPULAR WORKS.
Smith's Complete Etymology.....\$1.25
Food, American Botany and Florist.....2.50
Jarvis's Physiology and Health.....2.50
Pojoy's Complete French Class Book.....2.25
