BY TELEGRAPH.

THE WESTERN UNION TELEGRAPH CO. 4 LINES.

FOREIGN.

The Princes in France.—It is announced, in Paris the evident feeling of the people, the government will simply demand the right of expulsion for any overt act against the republic, the power of banishment being limited to affect only the author of the acts.

The police report as certain that Baron Dechauth has in Paris 15,000 Pontifical Zouaves fully armed Prince Victor has been granted a short leave of absence to visit Prince Jerome; he arrived in Paris on Friday.

Princess Mathilde has been permitted to see Prince Jerome. She deplores the publication of his manifesto.

The Legitimist scare continues. The Orleans family will hold a council to-day at the residence of the Duc d'Aumale. Members of the party of the extreme left in the deputies will insist upon the Orleans princes being deprived of their military commands. The Royalist papers insist the scare is a manœuvre to secure the proscription of the princes.

The cabinet council adopted the drafts of bills against pretenders to the throne, and modifying the press laws. The bills will be submitted to the Chamber to-day.

The Deputies, 407 to 94, voted urgency for the motion to strike the name of the Orleans princes from the army list; the Ministry agreed to urgency.

The Bonapartist members of the Chamber of Deputies have issued a protest against the arrest of Napoleon, and demand an appeal to the people.

The ministerial bill dealing with pretenders has been introduced in the Chamber of Deputies, by decree given in Council, to expel members of former reigning families whose presence in France compromises the safety of the State; those returning to be placed on the retired list. This last clause caused an uproar in the Chamber. Another bill is introduced modifying the press laws of 2881. It provides for the punishment of outrages against the Republic, and makes offenders. A vote of urgency was also adopted for these measures. A committee on them, and on the motion of Ballue and Floquet will be appointed Tuesday.

Bonapartist members of the deputies held a meeting to day, and adopted resolutions declaring Prince Jerome's action perfectly legitimate, protesting against his arrest, and maintaining that his appeal to the people only means securing the future of France.

The evening republican journals declared the reported legitimists a mere conspiracy, the *Temps* and the *National* especially attaching little importance to it. The *Temps* urges that the chamber of deputies, after giving the recent incidents just that share which they deserve, to revert promptly to the discussion of more serious matters.

General Items.

Vienna, 20.—A letter from Odessa reports the occurrence of a fire at Kherson, south Russia, on the 16th inst., which destroyed the greater part of the city; supposed to be incendiary.

St. Petersburg, 20.—Gen. Todleben is ill, it is feared he will die.

London, 20.—The railway strikers in Scotland begin to show disunion; a compromise is anticipated.

Dublin, 20.—Placards signed "America," were posted in Glenmore, denouncing the abominable journal the *Irish World*.

The rumor current in London last evening that the Phœnix murderers had been arrested is denied.

The 21 persons recently arrested here were before the police court to-day, charged with conspiracy to murder officials. The court room was crowded. Great discrimination was exercised in the admission of citizens. A large crowd was outside. During the progress of the hearing of the charges against the prisoners startling revelations were made. An informer swore several of the prisoners, including Carey, member of the municipality, were present at a Fenian meeting where the informer was asked to join the inner circle formed for the assassination of officials.

The name of the informer is Farrell. He acknowledged having taken part in the plot to assassinate a juror. He swore one of the prisoners named Sanlon informed him he had taken part in the attempt to murder Field. Pat Brady stabbed Field. Kelly also participated in the affair. Farrell also testified that two pence was collected weekly from Fenians, to purchase arms; that the city had been marked into districts, and military inspections were held occasionally, at which most of the accused were present. At one of these meetings one John Devoy said he came from from America. The present organization, he said, had existed for some years.

Lima, 20.—The Congress at Cajamica to-day declared Iglesias president. He took the oath of office on condition that the Peruvians were for peace. The Chilian authorities seized the furniture of Garcia Aurelico, Garcia y Garcia, also the widow of Gen. Salavery, for nonpayment of war contribution of 2,000 soles.

BRIEF TELEGRAMS.

LITTLE ROCK, 20.—There is a flurry created by the development of several cases of smallpox in this city.

Boston, 20.—A gift of $250,000 is reported from citizens of Cambridge to Harvard College for new dormitories, the rent of each not to exceed $50 a year.

New York, 20.—The *Morning Journal* started here two months since by a western journalist, has, much to the astonishment of newspaper men, already attained a circulation of nearly 35,000 daily.

Lawrence, Mass., 20.—The stallion Pemberton, with 2.24 record, while being driven to the sleigh this p.m., became unmanageable and ran into a picket fence and was instantly killed. Owned by H. C. Nevins, valued at $10,000.

Savannah, Ga., 20.—It is feared the Savannah river will overflow. At 6 it measured 28 feet 6 inches and rising two inches an hour. Backwater is coming into the upper and lower parts of the city.

New Haven, 20.—Red Cloud, Indian Chief, arrived to-day on a friendly visit to Prof. Marsh, of Yale College. He is accompanied by an interpreter. The day was spent visiting Peabody Museum, examining among other curiosities, fossils procured by Prof. Marsh in the Indian country in New Mexico.

Nores and Ninderman, of the ill-starred *Jeannette*, will be given a reception on the 26th inst.

New York, 20.—Miss Alice Livingstone, who recently was awarded $75,000 for breach of promise, has purchased Bon Haven, Tom Fiske's old home, at Toms River, N. J.

Baltimore, 20.—Bradley T. Johnson is elected president of the Maryland Society of the Army and Navy of the Confederate States.

New York, 20.—Wm. S. Johnson, for many years a prominent citizen of New York, died on Wednesday. Johnson was born Dec. 13, 1795; he was a grandson of Wm. Samuel Johnson, and great-great grandson on his mother's side of Jonathan Edwards. Johnson came to this city in 1819 and studied law in the office of Chas. Addis Emmet, the Irish patriot; he was admitted to the bar in 1820, and was for some time partner of Ogden Edwards, and afterwards of Judge Kent

New York, 20.—A special from Halifax has the following: Ex-Senator Geo. E. Spencer has been spending a few weeks in Canada, and sails to-morrow for Liverpool on the steamship *Polynesian*. Spencer was the first to discover the existence of the fraudulent contracts known as the star route frauds, and communicated the facts in strict confidence to the chief of the Postoffice department, receiving that officer's word that under no circumstances would Spencer's name be made public in connection with the trial.

New York, 20.—The Yellowstone National Park Improvement Company has been organized under the laws of New Jersey, with a capital of $2,000,000. Its incorporators include Rufus Hatch, Roscoe Conkling, Gen. James A. Williams of Boston, R. T. Merrick of Washington, Fred. Church, the distinguished painter, J. B. Houston, President of the Pacific Mail Steamship Company, Aaron Vanderpool, Judge John R. Brady, Samuel Watterton, of Chicago, C. M. Loring of Minneapolis, and other well known men in various parts of the country.

Little Rock, 20.—Notice is served on the officers of the Little Rock and Fort Steele Railroad that in ten days the State and bondholders will apply to the Federal Court for the appointment of a receiver under the late decision of the U. S. Court, holding the company liable for a million dollars in bonds issued by the State under the act of 1868.

For Farm Boys to Learn.

From a western paper we extract the following practical remarks; they will be useful to every one on a farm. How many of the boys who read this paper could "lay off" an acre of ground exactly, providing one of the dimensions were given them? Now I have taken some pains to make out a table, and I would like to have every one of the farm boys learn it. There are 160 square rods in an acre, and there are 30¼ square yards in one rod. This gives 4,840 square yards in one acre:

5 yds. wide by 968 yds. long is 1 acre
10 yds. wide by 484 yds. long is 1 acre
20 yds. wide by 242 yds. long is 1 acre
40 yds. wide by 121 yds. long is 1 acre
80 yds. wide by 60½ yds. long is 1 acre
70 yds. wide by 69⅐ yds. wide is 1 acre
90 yds. wide by 53⅓ yds. wide is 1 acre

Again, allowing nine square feet to the yard, 272¼ square feet to the rod, 43,560 square feet to the acre, and we have another table:

110 feet by 369 feet—1 acre
120 feet by 363 feet—1 acre
220 feet by 198 feet—1 acre
240 feet by 181½ feet—1 acre
440 feet by 90 feet—1 acre

A Hindoo Lady Lecturer.

Pundita Romabai a learned Hindoo lady, who has consecrated her life to the work of promoting female education in India, has aroused profound interest by a course of lectures which she is delivering in Bombay. She is a widow, aged barely twenty-five, and renowned among the natives for her knowledge of Sanskrit and for her complete emancipation from all narrow and debasing superstitions. There was a very large attendance of Hindoo and Parsee ladies at her first lecture, who, it is stated, was modestly attired in a simple white dress, spoke with perfectly fluency and complete self-possession. She dwelt at great length upon the benefits arising from education, and impressed upon the members of her sex the importance of cultivating and embellishing their minds if they wished to advance with the progress of the times. A native, commenting on the results of her lecture, states that her example "has had something of an electric effect on the large number of native ladies that have attended her lectures." Although native ladies are unusually bashful, yet when after the Pundita had finished, the ladies present were asked to express their thoughts on the subject which she had dwelt upon, one of the ladies present, after a slight pause, gathered courage and stood up and spoke, and nearly half a dozen other ladies followed, vieing "eagerly with one another for the privilege of gracefully speaking to the audience in praise of their able and learned sister." Even the most hopeful of woman's advocates among us (the native paper adds) were hardly prepared for this singular but most delightful spectacle.—*Calcutta Correspondence London Times.*

THE MOST SUCCESSFUL REMEDY ever discovered, as it is certain in its effects and does not blister. Also excellent for human flesh. Read proof below.

FROM

COL. L. T. FOSTER,

YOUNGSTOWN, Ohio, May 10th, 1880.

DR. B. J. KENDALL & CO., Gents:—I had a very valuable Hambletonian colt that I prized very highly, he had a large bone spavin on one joint and a small one on the other, which made him very lame; I had him under the charge of two veterinary surgeons which failed to cure him. I was one day reading the advertisement of Kendall's Spavin Cure in the Chicago Express. I determined at once to try it. I got our druggists here to send for it, they ordered three bottles; I took them all and thought I would give it a thorough trial, I used it according to directions and the fourth day the colt could go lame and the lumps have disappeared. I used but one bottle and the colt's limbs are as free from lumps and as smooth as any horse in the state. He is entirely cured. The cure was so remarkable that I let two of my neighbors have the remaining two bottles who have now using it. Very respectfully,

L. T. FOSTER.

Kendall's Spavin Cure

Is safe in its effects, mild in its actions as it does not blister, yet it is penetrating and powerful enough to reach any case of gall, or any case of lameness from a bone spavin, splint, curbs, thoroughpins, callous, swellings and any lameness and all enlargements of the joints or limbs, or for rheumatism in man or for any purpose for which a liniment is used for man or beast. It is now known to be the best liniment for man in the world, better mildly and yet certainly in its effects.

Send address for illustrated circular which we think gives positive proof of its virtues. 20 pounds has cured with such wonderful success to our knowledge, for beast as well as man.

Price $1, 250 bottle, or six bottles for $5. All Druggists have it or can get it for you, or it will be sent to any address on receipt of price by the proprietors, DR. B. J. KENDALL & CO., Enosburgh Falls, Vt.

Gents:—Upon the recommendation of a friend I tried Brown's Iron Bitters as a tonic and restorative for my daughter, whom I was thoroughly convinced was wasting away with Consumption. Having lost three daughters by the terrible disease, under the care of eminent physicians, I was loth to believe that anything could arrest the progress of the disease, but, to my great surprise, before my daughter had taken one bottle of Brown's Iron Bitters, she began to mend and now is quite restored to former health. A fifth daughter began to show signs of Consumption, and when the physician was consulted he quickly said "Tonics were required;" and he inferred that the elder sister was taking Brown's Iron Bitters, responded "that is a good tonic, take it."
