GENERAL.

AUGUSTA, 10.—Blaine sent the following to President Grant:
To the President of the United States,
Long Branch:

We have carried the State for Governor Perham by more than 15,000 majority, a net gain of 5,000 over last year's vote. We have carried all the congressional districts, the closest by 2,000 majority, and have carried every county in the State, something never achieved but once before; have elected every senator and chosen more than four-fifths of the House of Representatives. Our victory is complete and overwhelming at all points, and insures you more than 25,000 majority in November.

NEW YORK, 9.—The application of James Burns, accused of the murder of John Halloran, and sent to the insane asylum, and who applied to the supreme court for release on the ground that he had recovered his reason, was denied by Judge Leonard to-day, and Burns was remanded to the asylum.

A special from Constantinople says Mahmoud Pasha is condemned by the Sultan to banishment and his estates confiscated, for appropriating public money to his own use.

No such excitement has been witnessed here since the opening of the campaign, as that at the various political headquarters this evening. The Fifth Avenue Hotel, the Glenham and Spangler hotels, were thronged from an early hour till this evening, by crowds anxious to hear the returns from Maine.

WASHINGTON, 9.—Detective Farley arrived here this morning to take Billy Forrester, the alleged Nathan murderer, to New York. To guard against an attempt at rescue by Forrester's friends, he was heavily ironed, hand and foot, and placed aboard a special car. Farley, when asked what connection Forrester had with the Nathan murder, said that he would not give three cents for his neck if he got to New York.

NEW YORK, 9.—Billy Forrester arrived from Washington this evening and was taken to prison.

ELKO, Nev., 9.—We learn, from good authority, that an exceedingly rich lead mine, assaying ten ounces of silver per ton and seventy-eight per cent. of lead, has been found twenty-two miles northwest of this place. It is estimated there are 300 tons of crop-pings in sight. A well known San Francisco mining operator has secured the claim.

The reports from New Hunter's mine, near Mountain City, Cape District, are fully as favorable as first reported. At last accounts they were down thirty feet, and found the ledge increasing in richness, two men taking out from six to eight hundred dollars per day.

SAN FRANCISCO, 9.—An immense hippodrome building, for Robinson's Circus, is to be erected immediately, and will be kept open all winter.

Col. Peter Donahue has presented the Greeley and Brown wigwam, on Mission St., with a bell weighing 940 pounds, cast to order in this city.

The San Francisco Laundry Co., on Turk St., having discharged 22 boys, 3 girls, and three men, out of 100 operatives and employed Chinamen in their places, trouble was expected last night, and a strong guard was kept on the premises, but no riotous demonstrations have been made. The company allege that the course of the discharge of white laborers was the impossibility of maintaining order among them. They claim that the boys, or rather the young men, belong to the hoodlum element, that they were habitually insulting the female operatives, indulged in fights, and otherwise misconducted themselves, and part of the men sided with them; the discharged ones, on the other hand, say it is a mere question of cheap labor, and they deny any misconduct whatever.

The fifteenth District Court, Judge Reardon presiding, has been occupied all day with hearing the excuses of the parties summoned as jurors in the Fair case. Up to 3 p.m. 36 had been examined and excused, not a single juror being secured. A man named Noble claimed to have no opinion, but he had conscientious scruples about the infliction of the death penalty. Triers, to pass upon the question of his fitness to sit as a juror, were ordered sworn, but to this time none have been secured, the different lawyers called to act in that capacity all expressing such decided opinions on the case as to disqualify them in the opinion of the judge from even acting as triers. It begins to look as though the entire venire might be exhausted without securing a jury.

SAN FRANCISCO, 9.—One juror only has thus far been obtained in the Fair case, namely, Wm. A. Englander. The triers appointed to decide the case of Noble will report to-morrow. One of the parties summoned as a juror, named Santiff, testified that Jno. A. Cardinell approached him and told him that money was no object, they were bound to clear Mrs. Fair, that if \$1,000 or more was required he could have it. He said that somebody would get it, and he, Santiff, might as well have it as anybody, and he had better get upon the jury. This revelation created a great sensation in court. Judge Reardon immediately ordered Cardinell arrested, and to be brought before him to-morrow morning, to show cause why he should not be punished for contempt. Cardinell was arrested and is now in jail. He refused to make any statement, but appeared greatly excited when brought in by the sheriff. He has been many times before the courts of the city on one charge or another. Noble at first testified that he did not know Mrs. Fair, but subsequently admitted that he sold her milk. He said he would prefer to render a verdict of manslaughter if forced to find defendant guilty; he will hardly be accepted as a juror. The case of Cardinell will go before the grand jury on a charge of embezzlement, and in the meantime it is referred from the remarks of Judge Reardon, that a heavy sentence for contempt of court will be imposed, if the charge is proven upon him. Ninety-six persons summoned in the venire have been examined thus far, and a new venire will undoubtedly have to be issued.

NEW YORK, 10.—The *Tribune's* Augusta special says Blaine's majority will not exceed 2,700; that Perham's majority will be about 18,000; Burleigh, for Congress, 1,600; Fry, do., 31,000; Hale's majority will be large.

Senator Wilson made a speech at Cochrane, yesterday, in which he explained that the German letter to which

his name was signed, denying that he ever was a Know-nothing, was written by German friends without his authority.

The Pacific Mail Steamship Company entertains strong doubts as to the authenticity of the dispatch from its agent at Yokohama, announcing the loss of the steamship *America* last week.

WASHINGTON, 10.—Lawin Boggle, manager of the *Patriot* newspaper, has challenged Alex. R. Shepherd, president of the board of public works, to fight a duel.

CHICAGO.—The following call is published this morning, signed by 70 of the most prominent citizens, including Henry Greenebaum, the well known banker, Horace White, editor of the *Tribune*, and Andrew Sherman, editor of the *Journal*: "The sad occurrence of cold blooded murders in our midst cannot longer be allowed to pass unnoticed by our citizens generally. With due regard to the safety of society, the people of Chicago must demand that murderers shall be hanged. To this end we invite all citizens to meet in mass meeting on Market St., corner of Madison, on Thursday evening, Sept. 12th, at 8 o'clock p.m. Able speakers will address the meeting."

Chris. Rafferty, the brutal murderer of policeman O'Metra, was arraigned in the Criminal court yesterday, when a jury was secured and his trial is now in progress. The court room was crowded with the prisoner's friends, who are all of the lowest class. Judge Tree decided to exclude the testimony offered by the prisoner's counsel to show that he was drunk at the time of committing the murder. The unprovoked murder of Callahan on Saturday night, and the fact that there are six murderers in custody has aroused the citizens to the determination that the laws shall be executed, or at least that murderers shall not flourish here as it has done for the past few months.

MIDDLETON, Pa., 10.—A train on the Pennsylvania railroad was wrecked this morning. Three persons were injured, but not dangerously.

CINCINNATI, 10.—J. B. Kosh, treasurer, of Wayne Co., is a defaulter for \$20,000.

The work will occupy three or four years.

What is known as the old national Democratic general committee of Brooklyn, now anti-Greeley, has been revised, and last night made the following congressional nominations: 2nd district, John F. Henry, Republican; 3rd district, A. W. Tenny, Republican; 4th district, Geo. W. Baker, Democrat. The ticket will be completed at a future meeting.

WASHINGTON, 10.—The President has issued a proclamation abolishing all duties on all imports from Japan, in Japanese vessels, so long as Japan observes similar rules in relation to exports to that country from the United States.

The War Department has received a dispatch from General Sheridan, dated Du'uth, 8th, saying that Colonel Baker, after reaching the mountains of the Yellowstone Valley was obliged to come back on account of the surveying engineers deciding to go no further for fear of the Indians, and therefore the expedition is a failure.

LITTLE ROCK, 10.—Parties from Pope county report that Upham is still at Russellville with his guards. Sheriff Dodson and about one hundred and fifty men of the militia are camped about two miles from that place. Everybody that can get away is leaving the country.

CHICAGO, 10.—The trial of Rafferty, for the murder of the policeman O'Meara, ended this afternoon, and the jury, after an absence of fifteen minutes, returned a verdict of murder in the first degree, and fixed the penalty, hanging. A motion was entered for a new trial, but the general opinion is it will not be granted. The State's attorney will call for the sentence on Saturday.

RICHMOND, 10.—The steam tug *Agnes* exploded her boiler this afternoon, near Jordan's Point, on the James river. Capt. G. Johns, of the bark *Lucy*, en route for his vessel, B. Emroughty, the engineer, two colored firemen and the wheel man, colored, were killed, and two colored men wounded.

The Fifteenth District court is making slow progress towards impanelling a jury in the Fair case. From 1 to 3 p.m., to-day, was spent in investigating the case of John Cardinell, charged with having offered money or suggested a bribe to Mr. Santiff, one of the parties summoned as a juror to go on the jury and clear Mrs. Fair. Cardinell, under oath, denied having made any improper proposal, and introduced a Mrs. Spencer, who testified that when the conversation between Santiff and Cardinell took place on the sidewalk, she was inside the nearest house, reading a book; that the window was open and she heard all that was said. Cardinell merely said that he was glad Santiff was on the jury, for he wanted to see Mrs. Fair cleared, but he said nothing about money.

In reply to a question as to her occupation, she said that she attended to her own business. The court apparently had some doubt about the entire correctness of the testimony, as Cardinell was remanded to appear again at 10 a.m. to-morrow, when the decision will be rendered.

NEW YORK, 11.—Pere Hyacinthe's letter, concerning and defending his recent marriage, and which he published in the French papers, declares it to be the farthest from his intention to renounce his high calling. He claims, with many arguments appended to show its justness, that marriage and the priesthood are by no means antagonistic; that this step has not been inconsiderate or hasty, or with a view to gain notoriety.

Yesterday morning two freight trains collided on the N. Y. Central railroad, near Albion, demolishing both engines and six loaded cars, and burning some others. No one was injured. Loss \$25,000.

At Passaic village, N. J., on Monday night, Watson & Sons' bleaching and cotton flannel manufactory was burned; loss about \$125,000.

The emigration commissioners make a report of their findings in reference to the case of the emigrant ship *Chas. H. Marshall*, showing the perpetration of fearful cruelties on the passengers on that ship on her last trip to this city, at the hands of an insubordinate crew, the captain having died on the voyage. The commissioners invite the attention of the federal government to the fact that it rests with them to protect emigrants in transit.

WASHINGTON, 11.—The President is reported to have said that since the Maine election he is more than ever satisfied in regard to the political situation. He also expressed satisfaction with the results, as far as known, of the arbitration at Geneva; not so much on account of the pecuniary feature as the settlement of the principles involved and their adjustment by representatives of foreign governments and our own in the interests of peace.

BOSTON, 13.—A fire last night destroyed Lincoln & Co's kerosene oil works, East Cambridge, with eight tenement houses, loss \$50,000 to \$60,000.

Five convicts made an unsuccessful attempt to escape from the State prison at Charlestown yesterday. They were armed with clubs and knives.
