## HIGH SCHOOLS IN ATHLETIC MEET.

Takes Place on University Campus on 12th of This Month.

ELEVEN TO BE REPRESENTED.

One Hundred and Thirty Contestants Will Participate in Track and Field Events.

The State University gives an athletic meet on the 12th inst., to the various high schools in the state on the University campus, the events to be called at 2 p. m. on that day. There will be 11 high schools represented by 130 contestants from Salt Lake, Ogden, Provo, Park City, Brigham City, Payson, Spanish Fork, American Fork, Lehi, Manti and Nephi.

The events will be 100 and 220 yards dash, 440 and 880 yards run, 220 yards hurdles (2 1/2 feet high), hammer throwing, putting the shot, high jump, broad jump, pole vaulting, half mile relay race.

### HIGH SCHOOL ENTRIES.

The Salt Lake High school expects to have about 16 entries, among them will be: Lyman Judson, 100, 220 yard dash, relay race.

Henry Richardson, same and putting the shot.

Francis Critchlow, hurdles and hammer throwing.

Dykes Richardson, hammer throwing.

Wm. Harris, 440, 880 yards run.

Geo. Roberts, same.

Endicott Hall, 440 yards run.

Gordon Hyde, broad and high jump, hurdles and putting the shot.

Vester Laubly, pole vaulting.

Scott Morris, pole vaulting and high jump.

Each Ewart, high jump.

The Salt Lake boys are now training daily four hours under the immediate supervision of D. A. Callahan, the veteran Yale coach, who is putting his youngsters through a course of sprits that is sure to get them in a condition by May 12, that will enable them to give a good account of themselves. The Salt Lake High school boys expect to win the greatest number of events by an easy margin; only they are not taking things so for granted as to lay themselves open to the charge of despising the enemy. No, they are training hard so as to make the margin in their favor as large as possible.

It is not certain whether Bramley, the main pivot of the Eureka attack, will play, as he has met with an accident and it is doubtful whether or not he will be so far recovered as to fill his usual position, however, it is to be hoped that the sandy-haired youth will be A. I. and in his position by the day of the contest. It is confidently expected that Mr. Daynes, who has so generously offered this cup for competition, will be present and will present the trophy to the winners at the conclusion of the match. It is not yet certain but at the same time it is highly probable that Gov. Cutler will be present and set the game in motion by the usual process of the kick-off.

The Eurekaites are the favorites for the cup, owing to the fact of their carrying off the league championship, but cup ties can never be judged accurately by league form and to use an old adage, "There is more in a slip twist of the cup and the lip," it may yet be another season before the Eureka "braves" will be able to show this trophy in triumph before the admiring gaze of their squares up in their wigwams amidst the rocky fastnesses of the Tintic mountains.

University of Utah Dance at Saltair, Saturday, May 5, Train, 8:15, 50c.

DAYNES CHALLENGE CUP.

Much Talked of Match Takes Place On Saturday May 19.

On Saturday afternoon, May 19, the final tie for the possession of the Daynes challenge cup, open to association football clubs will be played.

M. W. Service, president of the Utah soccer league, has been in communication with Mr. Dubel and has secured Walker's field as the venue for the final. Owing to Park City scratching to Eureka the contest for the cup will be between those two keen rivals, viz., Salt Lake A. F. C. and Eureka. The local club is out practicing every evening and will continue to do so until the 19th, the day set for the match, and candidates for the cup team are expected to turn out consistently, as no player is sure of his position on the team. Reputations or so-called reputations will not be acknowledged and all the members of the cup team (no exceptions) will have to play for their positions.

The game will certainly be both an attractive and interesting one to witness if only to witness the duel between the local giant, Sanford, at left full, and G. Herring, the wonderful right back of the Eureka team, as both these players are able to give lessons to any one in the state in the art of kicking the ball, no one excepted, not even the intercollegiate stars, because the association football players have more styles of kicks from far more difficult positions than ever Rugby or intercollegiate player dreamt of. Also Sanford and Herring are not only huge kickers when the occasion needs such kicking, but are also safe, reliable and accurate, both using good judgment in distance and the timing of the ball.

It is not certain whether Bramley, the main pivot of the Eureka attack, will play, as he has met with an accident and it is doubtful whether or not he will be so far recovered as to fill his usual position, however, it is to be hoped that the sandy-haired youth will be A. I. and in his position by the day of the contest. It is confidently expected that Mr. Daynes, who has so generously offered this cup for competition, will be present and will present the trophy to the winners at the conclusion of the match. It is not yet certain but at the same time it is highly probable that Gov. Cutler will be present and set the game in motion by the usual process of the kick-off.

DAYNES CHALLENGE CUP.

SALT LAKE HIGH SCHOOL ATHLETES WHO WILL PARTICIPATE IN STATE HIGH SCHOOL MEET IN THIS CITY ON MAY 12.

HOWDIE YOUNG, Broad Jump, '06.

CAPT. CURTIS CLAWSON, COMPANY A.

SCOTT MORRIS, Pole Vault, '06.

D. A. CALLAHAN, Batting a Ball.

HENRY RICHARDSON, '06, Putting the Shot.

### AUTOMOBILE NOTES.

One thing especially which the American Automobile association intends to fight for this year is the recognition by the several states of a license granted in any other state.

And cross words at the Jacksonville tournament, too. The only smooth feature about race meets in Florida seems to be the beach. Can it be that the climate there is irritating? Maybe the rearing-up habit of the waves has a sympathetic effect upon promoters and contestants.

Appearances favor the idea that the race for the Vanderbilt cup, and not the Grand Prix of France, will be the premier international contest hereafter. There is every assurance that France, Germany, Italy, Belgium and England will enter for the American event this year, while, thus far, the chief entries for the Grand Prix are those of French cars.

Men who would not place their orders for high grade cars at the shows, saying they guessed they could get a car when they wanted one if they came around with the cash, are now bustling about offering premiums for an early delivery.

So many women who know how to handle automobiles, now go out alone, or with women companions, that the tip gratters of the garages and road houses are becoming disgruntled. They count on a smaller tip from a woman than from a man and they seldom are disappointed. In this same connection, it may be mentioned that a frugal-minded Yankee, and a member of a big club, is known who always lets his wife take the wheel when about to stop anywhere, while he plays passenger in the tonneau. The wife hands out a snail's pace and a smile, sometimes only the smile, and the thrifty husband reaps up his savings, while acting irresponsible and disinterested.

This year the annual "Blue Book" will be the official route guide of the American Automobile association and will be sold to members at 40 per cent off. This means a saving of the whole year's dues to individual members and of two years' dues to club members. Information about the book can be obtained from Secretary S. S. Gorham, 31 West Forty-second street, New York.

Another year or two may witness a big increase in the number of steam cars, for it is rumored that several makers, who are not in the licensed fold, are already preparing to make steamers in case of the courts sustaining the Seiden patent.

To draw the fire out of a burn, heal a cut without leaving a scar, or to cure boils, sores, rashes, eczema and all skin and scalp diseases, use De Witt's Witch Hazel Salve. A specific for piles. Get the genuine. No remedy causes such speedy relief. Ask for De Witt's—the genuine.—Sold by F. C. Schramm, druggist; where the cars stop.

## "PENNY'S" PRIZE RING GOSSIP.

Hyland Stock Boosted by His Victory Over Young Corbett.

DICK LOOKS LIKE A COMER.

Attell-Niel Battle—Old Man Fitz May Meet Tommy Burns—New York Club Has a Good Scheme.

The loyal sports who journeyed to Ogden on Monday night to witness the contest between Young Corbett and "Fighting Dick" Hyland, certainly got their money's worth and were compensated for the disappointment they received here and the trip to and from the Junction City during a down pour of rain. The program arranged by Manager Donaldson pleased the fight fans who are now doing the Oliver Twist stunt and "hoilering" for more.

Despite the fact that it was demonstrated that Young Corbett is in the also ran class, it was also made evident that young Hyland is a fast, strong, clever and game youngster, and will make the big promoters and critics set up and take notice. At 133 pounds ringside he has a license to meet any of the little fellows. In view of his work in the ring on Monday night it is safe to say that the result would have been the same even if the Denverite had been in much better condition than he was. It was apparent that Corbett had neglected his training camp. The fact that he imagined he had an easy job, coupled with the fact that he is about the laziest fighter in the business, the reason for his poor condition is explained. But even when he exhibited flashes of his old time form, he was outgeneraled, outkicked and outpointed in every department of the game by the little "Frisco" kid.

That's why Hyland looks like "the candy kid." He will draw considerable attention and will no doubt secure many good matches. It is understood that he will try to get a bout with Battling Nelson, and there are some who believe that he has a chance to beat the durable one. At the present stage of the game we don't believe Hyland would have a look in with Nelson. His punch may be as strong as the one carried by Nelson, but it is not enough to bother the Dane. He is not as strong, is not as tall, hasn't the reach and can not take the walling that Nelson takes and grows "fat" on. Nelson would wear down the little fellow and beat him before the 20

round journey would be completed. Hyland should wait awhile before tackling the champion.

### ATTELL-NIEL BATTLE.

One of the best fights between featherweights decided in many years is scheduled to take place at Los Angeles in scheduled plans are carried out, between Abe Attell and Frankie Neil.

Abe Attell, by defeating every man in his division easily and also outpointing first-class men sometimes 10 to 15 pounds heavier than he, has fought his way to the featherweight championship title which he is generally credited with holding.

Frankie Neil holds the bantamweight championship, but as he is unable to make lower than 120 pounds and he at his best, he has determined to give up the bantamweight title and try and win the featherweight championship instead.

If Neil and Attell clash the contest should be a whirlwind affair. Neil is aggressive and strong, and has a terrible left-hand hook to the head or body. He is naturally left-handed, and the terrific force that he can get into a left hook to the body has rattled many fighters so badly that Neil won from them easily. Johnny Regan, in his fight with Neil, was lifted almost off the floor with a left hook to the stomach. Afterwards he watched Neil's left instead of his right, and as a result fought Neil to a draw for 20 rounds. Neil, in his fight, punished Harry Tenny so severely with lefts to the body that Tenny died from the effects of the bout on the morning following the contest. Neil is undoubtedly at his best now. Some time ago he was out of form, but a long rest seems to have given him a great brace. Against Abe Attell, Neil will be up against the most tantalizing proposition in the ring. Attell is always within reach, but when his opponent rushes he usually finds him somewhere else. Attell is counting on defeating Neil and then going directly to New York, after which he will sail for England on the first ship, to fight the Englishman. This would be the longest trip ever attempted by a fighter for a single bout. Bowker is clever and fast and fights much on the same style as Attell.

### FACTS ABOUT THE FIGHT.

Place of Contest—Pacific A. C. of Los Angeles, Cal.

Weight—122 pounds, ringside. Title at Stake—Featherweight championship of North America.

Prize—Diamond belt, emblematic of championship and 50 per cent of the gross receipts, to be divided, 60 per cent to the winner and 40 per cent to the loser.

Age of fighters—23 years each.

Title Held by—Neil, bantamweight champion of North America. Attell, featherweight champion of North America.

Attell's Best Fights—Won from Aurelio Hernandez, 15 rounds and six rounds; Tommy Feltz, 15 rounds; Young Elmer, 2 rounds; Jimmy Welch, 15 rounds; John Regan, 20 and 15 rounds; "Kid" Herman, six rounds; Buddy Ryan, six rounds; Knocked out—Eddie Hanlon, four rounds; Harry Forbes, five rounds; Outpointed Battling Nelson in 6 round no-decision bout.

Neil's Best Fights—Knocked out Harry Forbes in 15 rounds; Young Elmer, 2 rounds; Clarence Forbes in seven rounds; Dick Hyland, 15 rounds, and Harry Tenny, won from Harry Tenny, 25 rounds. Drew—Johnny Regan, 20 rounds. Lost—Harry Forbes, seven rounds; Jen

Bowker, 20 rounds, and Eddie Hanlon in four and five rounds, and drew with Hanlon in 15 rounds.

Robert Fitzsimmons and Tommy Burns have been matched to engage in a 20-round battle for the heavyweight championship of the world on the night of May 30, before Tom O'Rourke's Tuxedo club in Philadelphia.

Articles of agreement were signed on behalf of Burns by Charles Essig, representing Billy Gee, manager of Burns. Essig received the articles already signed by Fitz and Tom O'Rourke of the Tuxedo club, and immediately signed them and sent them back. Everything was perfectly satisfactory to all parties concerned and there was no hitch in the clinching of the match.

The contestants have agreed to enter the ring at catch weights for a guarantee of 5,000 and a privilege of 30 per cent of the gross receipts. The club and Fitzsimmons have already posted forfeits of \$1,000 and Essig will send his for Burns. William Rocap, official referee of the Tuxedo club, has started preparations to get himself in the ring. Five-ounce gloves will be used and only soft bandages will be allowed.

The Tuxedo club manager thinks that the Burns-Fitzsimmons match will draw at least \$30,000, as Burns' showing with Hart stamps him as a formidable opponent for "Lanky Bob." He also says that the Ruby boxer has already started preparations to get himself in condition for the battle.

### NEW YORK CLUB.

"Philadelphia Jack" O'Brien seems to have some trouble in getting the right kind of a match. Possibly he was in no hurry to take on anybody, as his theatrical engagements have kept him pretty busy, and have paid him well.

The talk about his meeting Jeffries does not seem to have come to much.

There has been organized in New York the Twentieth Century Athletic club, which proposes to hold boxing entertainments in Madison Square Garden. It has been organized as any other club would be. An initiation fee of \$25 is charged, and the membership dues are \$10 a month. These entitle the members to admission to two entertainments a month.

The plan is not exactly a new one, but it never has been carried out on a big scale before, and the outcome will be watched with interest. The club proposes to bring all of the best boxers of the country to New York for four-round encounters, and in view of the situation in California, it probably will not be hard to get them. O'Brien, Nelson, Britt, Neil and Attell are among those whom the club wants to appear before its members.

The Original Laxative Cough Syrup is Kennedy's Laxative Honey and Tar
