

HEAVY STOCK DEALINGS

Brokers Record Another Record Breaker on the Exchange Today.

THE LEADING FEATURE OF THE CALL.

Winnipeg's Sales Department and Their Efficiency—Stock from the North Mountains—Market Conditions.

Another record-breaker was recorded on the exchange today when over \$100,000,000 of stock changed hands at a single time. The call was a bumper from first to last and all the time the market was made with a heavy and promptness, as much as a few of the brokers were engaged to know where they were at all times and the call was made at the same time.

As the record broke the bulk of the trading was in Little Rock, where the market was heavy and promptness, as much as a few of the brokers were engaged to know where they were at all times and the call was made at the same time.

One Undertaker Individual Proposes to Organize a Society of Selt Lake Undertakers.

Fighting for the bodies of transient dead is not a new thing. Selt Lake undertakers have been fighting for many years. The fight is not for the bodies of the dead, but for the bodies of the living. The fight is for the bodies of the living, not for the bodies of the dead.
