HORSE RACES WORTH GOING MILES TO SEE

Interesting Harness and Running Events at State Fair Track.

STATE RECORD WAS SMASHED

By Dr. Frasse, Owned by J. T. Richards of This City-Today's Program -Running Events Tomorrow.

It was worth a longer and warmer trip than down to Agricultural Park race there yesterday afternoon, the opening of the Western Circuit six-day meet under the management of W. S. Jones of the

If the events given yesterday did not please the most exacting race fan hereabouts, and if they do not continue to please and draw big erowds, then the premoters may as well throw horse racing overboard and go into the business of making gost balls or something less stren-

Not a wail, not an expression of dis-appointment, not a singgestion of crook-eness was heard yesterday. The crowd was an enthusiastic one, for the patrons of the track soon realized that they were winessing the real thing in the sport of

cithe track soon realized that they were witnessing the real thing in the sport of kings line.

There were races for those who love harness events. They saw a state record harness events. They saw the races come under the wire neck and neck, their drivers getting all the speed possible out of them.

There was a victory for the Richards stable. First and second money is what Mr. Richards got against the C. H. Thompson stable. Dr. Frasce did the first heat of a mile race in 2:15 flat, the fastest mile ever trotted in Utah.

Those who love running events, had them. They did not get enough, however, as the runners pleased more than did the retters and paceirs. But Manager Jones proposes to make running races the feature, and tomerrow the program will be made up entirely of this kind of going. And they go some.

The meet was well handled. There were no long tiresome waits. The horses were brought out and started fust as quickly as possible. Starter Edward had little or no trouble, with the exception of one of the running events when it took a little time to get them under way. This was because the horses were too caager for the fray. The judges watched everything carefully to avoid anything like bad work. They would stand for no fooishhess as evidenced by the fact that they fined Jockey Russell \$10 for taking Valesgresse wide on the back siretch and crewding Los Angelino. Russell protested and claimed that the horse has a habit of running wide. Russell declared he was not to blame, but was advised to get another mount.

The first heat of the 2:24 class trotting.

as not to blame, but was advised to a softer mount. The first heat of the 2:24 class trotting was taken by Chester S after a hot finish with Miss Agnes. Chester S also took the two following heats and the race. It was in the special trotting and pacing event that Dr. Frasec broke the state record. The horse had a hard battle with Alpha W right to the wire. The latter took the second heat, but got a close second in the final. sek the second heat, but got a close second in the final. The bucking bull made a hit, and would kee made a greater hit had there been one on the track who could have got got give started in an attempt to ride the minal. A man named W. C. Clure, alming to be a broncho buster from cyoming, saddled the bovine and mounts in the minal of the dismounted on his car. Is believed there will be some cownecters down at the track every day als week to make a try for the \$50 for by one who can ride the bull two minwas quite a crewif around the yesterday, and the chances are a m of money changed hands. The kers are led by C. A. Oldham of

RUNNING RACES TOMORROW. Program to be Made Up of Vive Popular "Riding" Events.

Inasmuch as the race track patrons seem to take more readily to running eyents, Manager W. S. Jones-of the state fair track announced this morning that tomorrow's program will be made up entirely of running events. He has arranged for five races of this kind, and with the fast string of gallopers down at the track the program should make a hit.

BIKE RACES LAST NIGHT. Jack Hume Bid Fine Work in Three Mile

Lap Event. There was another large and enthusias-tic crowd of cycle fans at the saucer track last evening. The sacts were near-ly al occupied and many crowded into the

arena.

The program consisted entirely of sprint events. The feature of the evening was Jack Hume's riding. He won the three-mile lap amateur, and a few minutes later defeated Wilcox in a killing pursuit race. Another interesting event was the two-mile lap handicap professional. Hollister, was after Samuelson, Downing. Bowler and Hopper dropped.

Samuelson and Hopper won the tandem race from Hollister and Bowler. The summary follows:

Half-mile amateur—Hume, Wilcox, Castro, Time-1:02 3-5.

Quarter-mile professional, final—Downing, Agraz, Williams, Bardgett, Time-1:29 8-5.

Three-quarter-mile tandem match race

129.25.

Three-quarter-mill tandem match race between Samuelson and Hopper and Hollister and Bowler-First heat tie, second and third heats won by Samuelson and Hollister, Times-1:23, 1:22 +5, 1:46 2-5, Two-mile lap handicap, professional—Hollister scratch Agraz, 166 yards, Williams, 56 yards, Achorn, 130 yards, Time-8:55.34. Unlimited match pursuit race between Hume and Wilcox, won by Hume, distance 2 miles. 7 laps, 30 yards. Time—

Grand Circuit Meet Opens and Watter Direct Won Big Event.

Detroit, Mich., July 24.—Walter Direct, entered and driven by Ed. F. Geers of Memphis, today at Grosse Point track won the \$5,000 Chamber of Commerce stake for 2:24 class pacers and lowered the record for the stake for 2:06% to 2:06%. The stake was the feature event of the opening day of the twenty-second blue ribbon meeting of the Detroit Driving club, which begins the grand circuit of 100. Walter Direct was a heavy favorite, bringing \$50 in the pools, with ing club, which begins the grand circuit of 1805. Walter Direct was a heavy favorite, bringing \$60 in the pools, with the field at \$15\$. The stake, like all events at the pesent meeting, was run on the three-heat plan, the money being separated into three parts and divided according to the result of each heat, with a bonus for the race winner.

Hal C had the pole for the first heat of the Chamber of Commerce stakes, with Bonule Wilkes and Walter Direct next in alignment. The horses scored several times before the word was given. At the first turn The Contractor took the lead and held it to the turn in the home stretch. Geers then made one of his famous drives and won the heat in record time—2:054. Bonanza, in the last 100 yards of the first heat, took second blace from The Contractor by a fine burst of sneed. In the next two heats Walter Direct was in front from the start. Results:

2:29 trotting, purse \$100—Hardwood won first and second heats in 2:114, 2:114, 2:114, Minier won third heat in 2:114, 2:114, 2:114, 2:114, Minier won third heat in 2:114, 2:114, 2:114, Minier won third heat in 2:114, 2:114, 2:114, Minier won third heat in 2:114, 2:114, Minier won second and third heats in 2:078, 2:00, Gears won the first heat in 2:078, 2:00, Gears won the first heat in 2:078, 2:00, Mark Burstoners, Don Carr, Ethel Mc, Shiplock Ben F, Oregon Maid, Elmwood, Black Pet, Irish, Baron Rogers, Don N and Stein also started.

MARKSMEN IN CONTEST. Nearly 200 of the Best of Them Shoot-ing for Championship.

ing for Championship.

Chicago, July 25.—Nearly 200 of the beat marksmen in the United States army contested for honors in the annual target competition of the northwestern contest begun yesterday at Sheridan Eighteen states are represented in the contest, which will last a week. The 22 men winning the highest scores will represent the division in a competition between the divisions of the army to be held at Fort Sheridan on Aug. 3.

Sergeant Clark of the Twenty-third infantry made 30 out of a possible 30 shots at a range of 560 vards. The men making the five highest scores were Sergeant Chester Sanders and Privates Alfred Biornstedt. Thomas Critchel, Charles E. Hern and Thomas Buldwin.

The first two days of the contest will be devoted to the preliminaries from which 41 men will be chosen.

CRICKETERS GET EVEN.

Salt Lakers Defeated Ogden Team in Yesterday's Match. In yesterday's cricket match Sait Lake got even with the Ogden club, which was victorious in the Fourth of July contests. The contest took place at Liberty Park, the result boing Sait Lake, 31; Ogden, 16. The score follows:

LEYSON CUP WILL. STAY RIGHT HERE

Local Golfers Proved Too Much For the Cracks from Butte.

WON ACAIN YESTERDAY

And, Like the Day Before, Every Man On the Visiting Team Was Defeated-Good Work Done.

Well, the Leyson golf trophy for which Butte and Salt Lake players have been fighting on the links for a year or more will stay right here in Salt Lake City, at least until a string of golfers are found who are strong enough to wrest it from the local players.

At the Country club links vesterday af ternoon the finals of the 36-hole play were pulled off, and like the day before, the visitors were beaten to a standstill by the local players. Here is how the event ended:

Copp won from Richards, 6 up and 4 t Thompson won from Green, 6 up and

harkness won from Arthur, 8 up and to play. Hase won from McCrimmon, 10 up and McGurrin won from Hodgens, 12 up and 10 to play. Holman won from Holbrook, 7 up

Wicks won from Paimer, 10 up and 8 to play.

The Salt Lake players had many advantages, but in spite of the heat, the fact that the visitors did not sleep well the night before, and were handleapped from Sundays play, they put up a determined battle and tried desperatory to overcome the lead held against them. But they falled.

While all the matches were highly interesting, the ones to attract particular attention were those between Copp and Richards, Harkness and Green. The locals increased their lead of the day before, with the exception of Thompson, but they had a good start and did not need it. The Richards-Copp match was a hard proposition for both of them and for a time it looked like the visitors would carry off the honors. It was hip and tuck all the way and quite a crowd watched carefully every movement. When Copp finally won, Richards shock hands with him and congratulated him on his splendid work.

work.

After the struggle the players and friends gathered around the banquet board and had a royal good time. Capt. Hodgens of the Butte team presented the cup to Capt. Hale of the local team, stating that the visitors had had a most enjoyable Uffie, were generously treated, and that they had been fairly defeated. Capt. Hale replied in a feeling speech, thanking the visitors and paying tribute to their sportsmanship.

ANOTHER GOOD GAME. Murray and Park City Played Tie of

Nine Innings The Murray ball team journeyed to Park City yesterday and gave the Miners a shaking up they will not soon forget. The game had to be called in the ninth inning as the Murray boys had to catch the train. At that time the score was thed. The pitching was good. The fielding at times was brilliant. Park City fans say it was one of the best games of the sension. The teams may meet in Salt Lake

son. The teams may meet I next Sunday. The detailed score follows:

Doherty a Winner.

London, July 24,-The final matches for the Dwight F. Davis international lawn tenis cup drew a good crowd to Wimhledon today. As was expected, William
A. Larned gave Hugh L. Doherty a good
game. Although beaten, Larned played
the best tenois he has shown in this
country, and it was necessary to play
fifty games before Doherty was able to
settle matters. In the second match Holcombe Ward was to have played S. H.
Smith, but as he had suffered a family
bereavement, William J. Clothier was
substituted. He gave Smith a hard game,
but the Englishman was too steady for
him. Clothier tried several new serves,
but nothing he did could overcome Smith,
In the play at Wimbledom, which lasted
three days, the Englishmen won 15 sets
to the Americans 8, and 132 games to the

A RESULT OF ADVERTISING. An American father was pleasantly surprised the other day. He was watch surprised the other day. He was watching his young son play, and suddenly felt induced to ask that question so habitual to the lips of parents: "What would you like to be?"

"I think I will be a genius," replied the boy in serious tones, without the slightest hesitation.

The father laughed. "But you cannot learn to be that," he said amusedly. The boy was evidently much surprised by his parent's ignorance.

"Yes, I can," he averred. "It's casy if you take a correspondence course."

ECZEMA ITCHES AND BURNS

The return of warm weather means a return of torture to Eczema sufferers. The blood is charged with burning acids and acrid matter which is forced to the surface through the pores and glands, forming pustules which discharge a sticky fluid, and the itching is intense.

The doctors said I had pustular Ecsema; it would break out in small white pustules, mostly on my face and hands, discharging a sticky fluid; crusts would form said drop off, leaving the skin red and inflamed. I was tormented with the itching and burning characteristic of the disease for five years, and during the time used various medicated soaps, ointments and washes, but these applications seemed to make me worse. After taking S. S. S. a short time I began to improve; the itching did not worry me so much. I continued the medicine, and soon all the ugly cruptions disappeared and my skin is now as clear as anybody's. I have not been troubled with any breaking out since. Urbana, O. E. E. KELLY.

Sometimes the disease is in the dry form, and bran-like scales form on the skin, but the cause is the same—humors in the blood. Salves, cooling washes, powders and the like can do nothing more than relieve the itching, because they do not reach the acid-laden blood, the case of the trouble. the seat of the trouble. S. S. S. cures Eczema and all skin diseases by neutralzing the acids and carrying them off through the proper channels. When S. S. S. has done this the symptoms pass away, the blood is cooled and the disease is

cured permanently. Nothing acts so promptly or surely in skin PURELY VEGETABLE. diseases as S. S. S., and it

at the same time acts as a tonic to the entire system. Book on Skin Diseases and any medical advice without charge, THE SWIFT SPECIFIC CO., Atlanta, Ga.

A HAUNT OF WALTER RALEIGH. The snot shown in the picture is reputed to be the quiet retreat into which Sir Walter Raleigh, the first tobacco smoker in England, was wont to retire when he desired to commune with nature and enjoy the new found solace

which he had learned to extract from the fragrant Virginian weed. It is in the ancient town of Sherborne, England, which this summer is celebrating the twelve hundredth anniversary of its birth. According to tradition, Sir Waler was smoking in this secluded spo when his servant, who had never seen anything of the kind, thought his master was on fire and threw a jug of ale over him to extinguish the conflagra-

THE GENTRY SHOWS.

They Are First Class and Please the Public Immensely - Orphan's Day.

Wishing to do the "right thing" by the orphans of Salt Lake, the Gentry Brothers have invited them, one and all, to be their guests at the pretty litthe dog and pony show this afternoon. The performances are especially calculated to please the children, and the owners, have graciously decided that the orphans shall not be left out in the list of those who flock to the show. And the main show is not all they will see. Their invitation is to remain to the monkey concert afterwards and to And the main show is not all they will see. Their invitation is to remain to the monkey concert afterwards, and to drink all the circus lemonade and eat all the peanuts they can hold.

The shows opened yesterday afternoon after a parade in the morning and proved attractive even to the oldest residents, who have seen them nearly every year for the past decade. A number of new features strengthen the old turns, and proved more than successful in yesterday's tow perform.

successful in yesterday's tow perform-The attendance reached perhaps 2,000 people in the afternoon, and tested the capacity of the tent in the evening. The heat beneath the canyons at the first performance was oppressive but the cool evening breeze made it comfort-able for the later appearance, and this

was thoroughly enjoyed.

Pernaps the most striking feature was the juggling of the Normans, five Australian club twirlers who are remarkably expert. Of this same nature markably expert. Of this same nature the Jap jugglers and slack wire artists were highly successful. The really startling feature was the loop-the-loop by a monkey at the end of the show, thus passing the dare-devil trick out of human ken into the near relatives of the brute world.

The work of the animals was of course the leading feature of the show as heretofore. It was watched intently by the children and many of the growt by the children and many of the grown ups and was heartily applauded at the end of each "stunt." The dogs in their jumping shared general notice with the ponies in the playing of "Home, Sweet Home" on the bells, while the trick elephants in table manners surpassed them.

After the performance the children have the privilege of attending the ani-mal reception in which free rides on the ponies and elephants amuse them for

This morning at 11:30 the second parade was given, and this afternoon and tenight the closing performances are scheduled.

TO INDUCE RAPID AND EARLY MOULTING

There is a loss of about three months' time in the molting (shedding old feathers) of fowls and a correspondent has asked the "News" if there is any method of hastening this process. Experiments made by extensive eastern poultrymen show that when a flock of fewis is fed on cily foods they may be made to moltout of season, and the process hastened. Confine the flock for about two weeks, giving barely enough food to sustain life, allowing, of course, plenty of water, or allow about one ounce of lean meat once a day, so as to reduce the individuals in clish. At the end of the two weeks feed the fowls all they will eat twice a day of a ration rich in oil, and the feathers will begin to drop out and new ones appete. This food may consist of one part anhibal mest or beef scraps, one part of brain, one part of form meal and one-fourth part of finseed meal to be given in the mornings, and whole corn or wheat and sunflower-seeds at-night. Omit the corn after the feathers begin to come out, till cold weather begins. The hear which molt early are usually the best winter layers.

Cheerfully Recommended for

Rheumatism. O. G. Highee, Danville, Ilis., writes, Dec. 2. 1901. "About two years ago I was laid up for four months with rheumatism. I tried Ballard's Snow Liniment; one bottle cured me.
