Thermometer 86 degrees F. In the shade at 1 p.m. to-day. Fine.

Going East.—Bishop John Sharp, President of the Utah Central Railroad, purposes going east, on a business trip, on Monday.

Twentieth Ward Sunday School.—The postponed excursion of the 20th Ward Sunday School, which was to have taken place last Tuesday, will occur on Tuesday next. They go to Lake Side.

Social Party.—A social party will be held in the Sixteenth District School-rooms, on Friday evening, Sept. 1, commencing at 7 o'clock. Committee—W. N. Williams, E. D. Mousley, and W. J. Lewis.

Thrown off the Rails.—Three miles west of Palisades the Central Pacific train due here this morning was thrown off the rails, but did not get off the track. The accident was caused by some one locking the switch at that point, evidently with a view of throwing the train off the track. No one hurt. Two men have been arrested on suspicion of committing the act.—*Ogden Journal*, 30.

The Last Opportunity.—Those who have not yet paid a visit to the Ladies' Territorial Centennial Fair should remember that it will only remain open two days longer, to-morrow and Saturday, after which it will be closed. On Monday city exhibitors will commence to remove the articles belonging to them that they have had on exhibit, and it is expected that the building will be cleared by the end of next week.

Meeting at Logan.—The Ogden Junction says, a large number of the people of Cache County assembled in the bawery at Logan, on Sunday, August 27th, at 10 a.m.

The congregation was addressed in the morning by President D. H. Wells, and in the afternoon by Elder George Q. Cannon, Bishop L. D. Young, and President B. Young.

During the day Jeremiah Hatch, son, Alva Hatch, Jeremiah Hatch, Jun. and Lorenzo Hatch were called to go on a mission to the south; and Elders Alfred Hansen, of Logan, Ole Olson, of Millville, and Ingvald C. Thoresen, of Hyrum, on a mission to Scandinavia.

The Larson Case.—We have received a communication, signed by about sixty residents of Nephi, affirming, from their knowledge and belief, that the late Ephraim Larson had a good reputation for industry, truthfulness, sobriety, etc.

As the case connected with the death of Larson is now in the hands of the courts, and in the course of its adjudication all the pertinent facts pertaining thereto may be expected to be presented, it does not appear to be judicious to encourage a discussion investigation of the merits of the same through the newspapers, and thus retard the action of the courts thereon.

Playing Indian.—A notorious horse thief and thief on general principles, who has operated in these parts the last few years, stated to a gentleman of this city not long since that he intended making a name for himself by getting to the Black Hills, where he intended "playing Indian," in which operation he expected to make plenty of money. He got caught in attempting to "make the race" hereabout, for his outfit, and now lies in jail.

Doubtless there are others of the same ilk who think "playing Indian" in the Black Hills is a good way to "make a name" and are probably engaged in that calling, stealing and plundering the property of the whites, who are probably being depredated against by those disguised desperadoes, under the belief that they are the victims of the genuine Indian. This same thief intimated that there was lots of that kind of work done in the neighborhood of the Black Hills.

Send it Abroad.—We have been informed by several of the Elders lately returned from missions to the States that a large amount of good is done in various localities where persons receive the DESERT NEWS, which is generally read with great interest, so much so that in the localities it reaches it is so greatly sought for that it is loaned over whole neighborhoods by persons who get it. The Elders state that whenever they visited localities where the NEWS was received and read, they invariably were better received than in places where it did not reach, as it had been the means evidently of removing from the minds of the people much prejudice against the Saints, engendered by the false reports circulated concerning them, the Church of Christ being now, as in ancient times, "everywhere spoken against," the same cause always producing the same effect.

The people within whose reach the NEWS comes generally take great interest in perusing the published discourses of the First Presidency and Twelve Apostles and other definitions, which gives them some definite conception of the nature of "Mormonism," for rather the Saints of the Redeemer. Elder George Tenside informs us that this was particularly the case in those portions of the Southern States where he traveled.

This being the state of facts, no further argument need be used to induce persons having relatives or friends in the States or in foreign countries to have the NEWS sent to their addresses, for by so doing they

may accomplish much good, not only to the people to whom it is sent, but all who may read it, by preparing their minds for the reception of the gospel.

The First.—To-day we had a call from Andrew Foreman, Esq., of San Francisco, manager of the type foundry establishment of Painter & Co., of that city. Mr. Foreman was formerly of Edinburgh, Scotland, and is the pioneer type founder of the Pacific Coast.

In the East.—Mr. S. P. Tensdel, who went east a short time since, met Mrs. Tensdel in New York, she having arrived from England. We are pleased to learn that the trip has greatly improved the lady's health. Mr. Tensdel is now busy, making his Fall purchases, which will be even more than usually extensive this season.

EASTERN.

The Steamer "Crescent City" Seized.—NEW YORK, 31.—The steamer "Crescent City" was seized by the United States Marshal yesterday morning as she was about sailing for Aspinwall, with the passengers, cargo and mails that had been transferred to her from the disabled steamer "Colon." Captain Curtis was served with a copy of the complaint of the owners of the steamer "Colon" who sued the P. M. S. S. Co., for \$150,000, for saving the "Colon" and towing her into port. The company offered to pay \$5,000. The "Colon" valued at \$400,000, and her cargo at \$300,000, and the owner of the "Colon" and the Atlas Steamship Co., claim that, according to maritime law, they are entitled to \$500,000 as salvage. When the "Colon" was sighted she was eleven miles off the line of the steamer "Colon," and having lost her steering gear, was rapidly drifting to the east, where there was no likelihood of her reaching any port.

The Panama Company, which considers \$150,000 an exorbitant sum, but the owners of the "Colon" and her cargo, however, bonded yesterday afternoon, after which the "Crescent City" was permitted to sail. The "Colon" was towed to Reach's ship yard, on the East River, to have her machinery repaired. The government is suing her owners for \$150,000 claimed as duties on the machinery, which was made in Scotland.

Forest Fires.

Immense amounts of money changed hands on the boat race at Philadelphia this morning. The backed their crew at fifty to one with calamitous result.

The forest fires, within a hundred miles, are increasing fast. Citizens are fighting the flames day and night, but unsuccessfully. No signs of rain.

Seymour Peremptorily Declines.

The Times special from Utah 31st says: Horatio Seymour immediately wrote a dispatch peremptorily declining the nomination, upon receipt of the news from Saratoga at midnight.

Will Probably be Forced into Bankruptcy.

PROVIDENCE, 31.—The time has probably come when the great house of A. & W. Sprague will be forced into bankruptcy. To-morrow is the last day of grace for the payment of the interest on mortgages and notes, and there is no sign or prospect of the money being forthcoming. Sprague's notes went to protest in November, 1875; the amount of their estimate of assets being then \$19,495,247, and of liabilities \$1,778,801. The value of the assets was, however, greatly exaggerated; 1,781 acres of land in Cranston, R. I., was figured at \$1,000 an acre, whereas, in fact, it was not worth more than \$200 an acre, and its average value now is less than \$200 an acre.

Democratic State Convention—Mineral Springs.

DEVER, Col., 31.—The democratic state convention effected a permanent organization yesterday afternoon at Manitou. Hon. B. M. Hughes, of Denver, was nominated for governor; J. H. Beshar, of Fort Collins, for lieutenant governor, and T. M. Peterson, for congressman. There has been some acrimony in the convention, but it will probably complete the nominations and adjourn to-day.

Four Thieves, Fred Thayer, Kauff sr., Jno. Cox and August Thayer, were suffocated by foul air in a shaft near Central City last Tuesday.

John Wadsworth, an employee of a Denver shoe store, committed suicide by hanging himself; he died last night; mental disorder supposed to be the cause.

Seymour Accepts Renomination.

SARATOGA, 31.—The democratic state convention re-assembled this morning. Horatio Seymour's acceptance of the nomination was announced amid great applause. The convention then proceeded to nominate for Lieutenant Governor, and the name of Dickstein, of Clinton, N. Potter and Manton M. R. were presented; finally, Lieut. Governor Dorsheimer was renominated by acclamation.

Nominations—Whole-Sale Murder.

ST. LOUIS, 31.—J. W. Throckmorton and R. G. Mills have been renominated for re-election to Congress in their respective districts in Texas.

Advices from Decatur, Texas, say—Rev. W. G. England, Methodist minister, his wife, six daughters, and four sons, were murdered at their home, six miles from Montague, last Sunday night, by a party of disguised men. No particulars of the fiendish affair have been received, but it is supposed to be a butchery committed for money, as the family is rich.

Corralled by Indians.

OMAHA, 31.—A private telegram from Sidney Nebraska, this morning, says that Jones, in with Clark's pony express, brings the mail from North Platte. He was corralled by the Indians four days. Five men were killed last Sunday. Four men are dead in Buffalo Gap.

FOREIGN.

GREAT BRITAIN.

The Empress Eugenie's Purchase.—LONDON, 31.—A dispatch from Rome reports that the Empress Eugenie has purchased for her winter residence, the villa of the Grand Duchess Maria, of Russia, in that city.

Stocks—Bullion Movements.

Consols, 91 1/8; bonds, new 5 1/8; 104 1/8.

Prince Milan communicated his resolution to favor of peace to the representative of the powers, Prince Wrede, the Austrian representative, asked how far Prince Milan was prepared to retract the demand of Montenegro. Prince Milan answered that he had no direct written power, but from communications he had with Prince Nicholas on the subject, he thought he could speak for him also. This reply was to be interpreted as bringing out prominently the informality of Montenegro's demand by proxy, which, if not cleared up, might, later, have led to all sorts of misunderstanding.

It seems Prince Nicholas is as anxious to treat as Prince Milan, for on Tuesday he urged the subject, expressing apprehension that Dervish Pasha was about to invade Montenegro, and he was anxious to have this prevented by the influence of the powers.

Bankrupt Firm.

Application of Thos. Vaughan & Co. for liquidation in bankruptcy was presented before the register here to-day; the liabilities of the firm are one million pounds sterling.

Bank Specie—The U. S. Funded Loan.

Specie in the Bank of England decreased \$185,000 the past week. The proportion of bank reserve to liabilities is 61 per cent.

The remaining three funded loans of the United States to be paid at 104. The *Financier* says its issue will probably have little effect on the money market, the operation being a substitution for existing stock, but some effect will be produced, while the deposits are locked up pending the receipt of the new bonds.

Loss of the British Ship "Crescent City."

A Montevideo telegram to *La Gaceta*, dated Aug. 29, says the crew of the British ship *St. Louis*, which left Glasgow on June 29 for San Francisco, landed at that port. The *St. Louis* had been lost.

War Items.

A dispatch from Ragusa says: Dervish Pasha has reached Podgoritz with a strong detachment of Egyptian and Arabians.

The Iron Crisis.

LIVERPOOL, 31.—The *Journal of Commerce* says the crisis in the Cleveland iron trade has assumed a serious aspect. It is stated that Swan, Coates & Co., iron masters, have notified, and that the Lockenby Iron Works Company, Thomas Vaughan & Co., and R. H. Charlton, are also liable to suspend.

Another Turkish Defeat.

BELGRADE, 31.—Official intelligence was received to-night that the Turks were defeated at all points on the right bank of the Moravia, and subsequently taken in the flanks and put to flight. Their bridges over the river were destroyed. The Servians occupied the Turkish entrenchments on the right bank of the Moravia.

Abdual Hamid Proclaimed Sultan.

CONSTANTINOPLE, 31.—The council of ministers and the great dignitaries of the empire have proclaimed Abdual Hamid Sultan, vice Murad deposed.

CORRESPONDENCE.

Y. M. M. I. A.—Crops—Frost.

BLOOMINGTON, Ind. Lake Valley, Idaho, August 25th, 1876.

Editor's Secret News.

Some few weeks ago we had a visit from Messrs. Young and Hardy, who had made the tour of this valley, preaching, and organizing Mutual Improvement Associations. Our school-house was well filled with an attentive and appreciative audience. It was felt by all present that the young missionaries enjoyed abundantly the spirit of their mission and calling. When they visit this valley again none will be less inclined to see them and receive their counsel and teachings than the Young Men's Mutual Improvement Association, organized here, on their first visit. They appointed Brother Joshua Jarvis president of the association, which has enrolled over 100 members. Albert J. Adams and Adam Walker, Junr., were appointed counsellors to the president, and the undersigned was honored with the position of secretary.

Our meetings have been held weekly and have been well attended. Ministers have already been adopted for the erection of a building suitable for the meetings of the association.

Our wheat crop has suffered much the last week by frosts and will be much shrunken. The oat and potato crops promise to yield abundantly. Our wood piles, hay stacks and beef stock have all escaped the frosts and give us promise of comfort during the coming winter.

Yours respectfully, JAMES E. HALT.

[We are always gratified to receive correspondence containing news or useful information of any kind, but our readers, we are sure, for whose especial benefit the NEWS is published, would prefer to read of events as soon as possible after their occurrence, rather than "some few weeks" afterward.—ED. NEWS.]
