

## MINING, BUSINESS AND STOCKS

SHERIDAN HAS  
ACBESTOS VEINDiscovery of Large Lead on  
Union Copper Company  
Property.

## GOOD FIBER AND TEXTURE

Lead Containing Other Matter Is Over  
40 Feet in Width, and 300  
Feet in Depth.

News of a strike recently made at the property of the Union Copper Company, 28 miles west of Sheridan, Wyo., reached here yesterday, and it is evident from the details, as given, that the discovery is regarded there as being of much importance. According to the story brought here, the strike consists of a very large and promising ledge of commercial asbestos.

News of the discovery comes from Manager James Taylor, who says the lead proper, in which the material is found, is about 40 feet in width, and contains porphyry, tale and quartzite, and is between granite walls. This discovery was made at a depth of 300 feet.

Immediately following the discovery of the asbestos, a separate company was formed for working the material, and to the stock of this new company, the miners employed by the Union Copper Company, eagerly subscribed 75 per cent of their monthly wages, so great is the prevailing enthusiasm concerning the new discovery.

Asbestos is found almost all over the western country, from Arizona to Alaska, and in Nevada it is quite a common thing to stumble over small strings of the material, but for the most part, this is of no commercial value whatever on account of its short fibers and contrary texture, and, besides, it has generally been found in very small quantities.

In the present instance, Manager Taylor, who knows the requirements of commercial asbestos, says it is the finest of any he has seen, and has no doubt of the value to commerce of the discovery.

Asbestos, of the best fiber and texture, is worth \$200 a ton in bulk, and when manufactured brings as high as \$3 a yard.

**CURB VERY DULL TODAY.**

Trading was light, and few sales resulted from Session.

Five securities marked trades in the open session of the stock exchange this morning, although the volume of business transacted was very small. Treasure Hill, condition seemed to be the greatest attraction among the curb dealers who started the bidding at 10 and closed several transactions at any where from 31 to 33. Ohio Copper sold at 4.75, and East Golden Crown was dull at 2.25 bid against 2.25 ask.

2. Standard Copper received a bid of 19, resulting in no offers. Silver King Coalition was sold at the bid price of 4.10 and Blum Central answered to a bid of 40.
