

## PROHIBITION BILL ORDER FOR TODAY

Crowd in Lobby Yesterday Was  
Disappointed in Not Hear-  
ing Discussion.

McMILLIN USES "POETRY."

Lamplight Incident Comes Up When  
Ashton's Private Linguistic Priv-  
ileges Are Invaded.

The crowd of people in the house lobby yesterday to hear the debate on the Cannon prohibition bill went home disappointed, as the measure was made a special order for 2:30 today. The three reports from the Judiciary committee which had been forecasted came in as per schedule, the minority reports, one signed by Mr. Holman, opposed to the passage of the bill; the other signed by Chairman Clegg, favoring the passage of the bill with amendments prohibiting the manufacture or sale of liquors for medicinal or sacramental purposes, and the majority report, favoring the passage of the Cannon measure, with the drug store clause eliminated, making it an absolute prohibition bill. The majority report was signed by Vice Chairman Thompson, and members Archibald, Pope, Morris, McCracken, Randall and Weir.

During the consideration of the report, Mr. Clegg asked if the list of signers of the petitions for and against prohibition had been made up, and upon receiving an affirmative reply, asked to have the totals read. Mr. Hanson of Boxelder stated that only about 500 names had been submitted in favor of prohibition from his county, and before the list was read he desired to have included in it a petition which had just been delivered to him containing 400 names of Boxelder citizens who asked for prohibitory legislation.

McCRACKEN SEEKS DELAY.  
This gave rise to a discussion as to whether the list should be read and Mr. McCracken asked that the reading of the figures be deferred until a week from yesterday.

Mr. H. A. McMILLIN then arose and started to address the house, but Mr. McCracken made the point of order that he was not talking to the motion. McMILLIN walked over toward McCracken, and both retired with a couplet of "poetry," as follows:

Big fleas have little fleas  
On their backs to bite 'em;  
And little fleas have lesser fleas  
And so ad infinitum.

McCracken again made the point of order that McMILLIN was trespassing upon the privileges of the members of the house, and especially upon those of Mr. Ashton, who, he insisted, had the sole right to address the house in a foreign language.

Mr. Morris backed up McCracken with the statement that he considered it to be a monopoly of compliments emanating from Mr. McMILLIN, and the incident closed amid roars of laughter. After considerable discussion the house adjourned at 11 o'clock, and the motion that the bill be made a special order for 2:30 today.

The amendments proposed to the Cannon bill by the majority of the committee make the bill an absolutely prohibitory measure.

TWO NEW SECTIONS.

The former sections 6 and 7 are stricken out and the following inserted:

Section 6. If it shall be made to appear to any judge of a district court or of the county or court of the precinct, commanding him to search the premises described and designated in such warrant, and to seize all such alcoholic liquor there found, and to return the same to the person to whom it is contained and to safely keep the same, and to make return within three days of said warrant, showing all acts and things done thereunder, with a particular statement of all alcoholic liquor seized, of the person or persons in whose possession the same was found, if any, and if no person be found in the possession of said alcoholic liquor, his return shall so state. It shall be the duty of such officer immediately to report to the court or court of the precinct, his acts under such warrant; and if the facts reported satisfy the court or court of the precinct, the officer seized was held in violation of this act, he shall forthwith cause a warrant to be issued for the person so violating the provisions of this act. The officer seizing such alcoholic liquor shall hold the same until the trial of the case, to be used as evidence, if no warrant be issued within five days, the officer seizing such alcoholic liquors shall return the same to the person from whom they were taken.

Sec. 7. If upon the trial of any person arrested under the provisions of the next preceding section, he shall be found guilty of the offense of selling or giving away alcoholic liquor, he shall be fined not less than \$100 nor more than \$500, and shall, upon the order of the court, be destroyed.

SUNDAY REST BILL.

Archibald of Summit Believes Six Days Are Enough for Toll.

Representative Archibald, of Summit county, thinks that when a man has worked six days a week, he should be entitled to rest the seventh. Accordingly he yesterday introduced in the house a Sabbath rest day bill containing the following paragraphs:

"That it shall be unlawful for any person, partnership or corporation, for any agent or officer thereof, superintending or having charge or control of the management of any concern, to permit or compel any person or persons employed by them to work or labor more than six days per week provided, however, that where labor is necessary to protect life or for the protection of property from

## THE BEST REMEDY

For Women—Lydia E. Pinkham's Vegetable Compound

Noah, Ky. "I was passing through the Change of Life and suffered from headaches, nervous prostration, and hemorrhages. Lydia E. Pinkham's Vegetable Compound made me well and strong, so that I can do all my housework, and attend to the store and post-office, and I feel much younger than I really am. Lydia E. Pinkham's Vegetable Compound is the most successful remedy for all kinds of female troubles, and I feel that I can never praise it enough."—Mrs. LIZZIE HOLLAND, Noah, Ky.

The Change of Life is the most meritorious period of a woman's existence, and the neglect of health at this time invites disease and pain.

Women everywhere should remember that there is no other remedy known to medicine that will so successfully carry women through this trying period as Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs.

For 30 years it has been curing women from the worst forms of female illness—inflammation, ulceration, displacements, fibroid tumors, irregularities, periodic pains, backache, and nervous prostration.

If you would like special advice about your case write a confidential letter to Mrs. Pinkham, at Lynn, Mass. Her advice is free, and always helpful.

serious damage, then the above provision shall not apply; provided, further, that all common carriers and classes of business which are compelled, on account of great and irreparable loss of property to operate for a greater number than six consecutive days and the nature of the work is such that it is impracticable to furnish the necessary laborers to perform the said work, under this provision then the above provision shall not apply.

"Any person, partnership or corporation violating the provisions of this act shall be guilty of a misdemeanor, and on conviction thereof shall be fined in any sum not exceeding \$500, or imprisoned for not more than 90 days, or both fine and imprisonment."

FOR STATE STATISTICIAN.

Representative Funk of Cache county yesterday introduced a bill creating a state bureau of statistics, same to be under the control of the Agricultural college of Utah, the director of the school of commerce to be the agricultural college to be ex-officio commissioner of statistics. The bill calls for an appropriation of \$3,000 for the coming biennial period. Under the present act the director of the school of commerce is allowed \$1,500 for clerk hire in this connection, but no contingent expenses for the purpose of collecting data.

TRIP OVER CUT-OFF.  
Tomorrow afternoon the members of Utah's legislature will take in the Lucin cut-off of the Harriman railroad system. On a special train leaving the house at 10 o'clock and returning tomorrow afternoon at 6 p. m., the run will be made. It will include a brief stop at Midvale, and will then proceed to the western edge of the lake, when the return trip will be commenced. The Lucin cut-off is regarded as one of the engineering marvels of the age, and many legislators have been anxious to take a view of it. To accommodate them the trip has been arranged since it has been ascertained that regular trains could not accommodate the legislators to the time at their disposal. Nearly all the members of the house and senate will participate in the excursion.

IN THE HOUSE.

A bill introduced in the house by Representative Russell yesterday amends the law in relation to the location of postboxes. The bill provides that places where smallpox patients are isolated shall be within 20 rods of any public road, or within a quarter of a mile of any canal, aqueduct or flume conveying water. The bill is to be used for domestic purposes. This bill if it becomes a law, will have a bearing on the proposed isolation hospital to be erected by the county. Another bill by Mr. Russell provides that it shall be a misdemeanor to keep a smallpox isolation establishment within the limits of any city, town or village.

A measure introduced by Representative Clegg yesterday provides for the protection of motorists and street drivers in cold and inclement weather, and requires that headlights of not less than 80 candlepower be provided for all automobiles. The measure was introduced yesterday in the house when H. B. 61, the convict labor measure included in the bunch of good roads bills recommended by the good roads convention, came up for action. The bill was finally referred to the committee on labor. The chief opposition to the bill was on the ground that the law might bring convict labor into competition with free men, and the smaller counties objected on the ground that they had burden enough with their own highways, let alone paying half the expense of bringing a force of convicts to their counties, if ever they were brought.

By unanimous consent, 10 days more were granted to house members to introduce bills. The house rule limiting the introduction of bills to the first 30 days was amended to read 40 days. Representative C. Ashton (father of a measure yesterday by which he wishes to give county commissioners and city councils the right to appropriate money for the entertainment of the A. H. members at the coming encampment in this city. The measure was referred to the committee on military affairs.

Representative Nelson of San Juan asked for an appropriation of \$5,000 for the purpose of building a bridge over the San Juan river at a spot known as the "Narrowes."

Representative McCracken will introduce shortly a measure designed to give Ogden City power to handle her city water system and authorizing the appointment of a board of water commissioners.

QUEEN LILIUOKALANI OF HAWAII.  
Queen Liliuokalani is now in Washington and will camp on the trail of Congress until a definite decision has been reached regarding her \$200,000 indemnity claim.

### LEGISLATIVE DOCKET

NEW SENATE BILLS.

S. B. No. 100, by Benner E. Smith—Proposing the adoption of the Des Moines plan of city government for cities of the first class. Judiciary committee.

No. 101, by Marks—Relating to the practice of optometry in the state of Utah, defining the practice of optometry and providing for the appointment of a board of examiners, and furnishing for the issuing and revocation of licenses and the fixing of a penalty for the violation of the provisions of this act, and repealing title 16 of the Compiled Laws of Utah of 1907. Judiciary committee.

S. B. No. 102, by Seely—Authorizing the state board of examiners to dispose of certain experiment stations and farms, and repealing sections 2093-X, 2093-X1, 2093-X2, 2093-X3, 2093-X4, 2093-X5, 2093-X6, 2093-X7, 2093-X8, and 2093-X9, Compiled Laws of Utah of 1907. State affairs committee.

S. B. No. 103, by Madger—Authorizing county commissioners of certain counties and city councils of certain cities to appropriate money for the purpose of aiding in the entertainment of members of the Grand Army of the Republic at its annual encampment and municipal corporations committee.

S. B. No. 98, by Hyde—Providing for the defining of the boundary lines of Sanpete county. Referred to county and municipal corporations committee.

S. B. No. 9, by Hyde—Providing for defining the boundary lines of Juab county. County and municipal corporations committee.

BILLS PASSED BY SENATE.

S. B. No. 81, by Seely—Providing for an increase in the salary of the supreme court stenographer.

S. B. No. 80, by Hulaniski—Providing for the taking of evidence of husband and wife in certain criminal cases.

NEW BILLS IN HOUSE.

H. B. No. 124, by Ashton—Relating to primary elections, providing for the organization and government of political parties, repealing chapter 3, Compiled Laws of Utah of 1907, and all other acts and parts of acts in conflict therewith, and prescribing and fixing penalties for the violation thereof. Committee on elections.

H. B. No. 125, by Hugh A. McMILLIN—Relating to the operation of passenger elevators in buildings, mines and factories, and providing for the punishment for violation thereof. Committee on judiciary.

H. B. No. 126, by Porter—Providing that no action can be maintained over property which has not yet been assessed for taxation. Committee on judiciary.

H. B. No. 127, by McCracken (by request)—Relating to the liability of railroad companies to their employees in certain cases. Committee on labor.

H. B. No. 128, by Webster—Making appropriations for improved roads in Iron county. Committee on highways and bridges.

H. B. No. 129, by Hodges—Appropriating \$2,200 for the construction and improving of roads in Rich county. Committee on highways and bridges.

H. B. No. 140, by Cannon—The Des Moines bill. Committee on municipal corporations.

H. B. No. 141, by Archibald (by request)—Prohibiting persons from working more than six days a week. Committee on labor.

H. B. No. 142, by Ashton—Authorizing county commissioners of certain counties and city councils of certain cities to appropriate money for the purpose of aiding in the entertainment of members of the Grand Army of the Republic at its annual encampment of the year 1909. Committee on military affairs.

H. B. No. 143, by Russell—Amending section 115-25 of the Compiled Laws of Utah of 1907. Committee on judiciary.

H. B. No. 144, by Russell—Amending section 423, Compiled Laws of Utah of 1907. Committee on judiciary.

H. B. No. 145, by Clegg—Amending section 447-7, Compiled Laws of Utah of 1907, relating to the protection of motorists and street car drivers from cold and inclement weather, and requiring certain candle power headlights to be placed upon street cars. Committee on labor.

H. B. No. 146, by Funk—Amending section 20-2 and section 247-23 of chapter 4, Compiled Laws of Utah of 1907, creating a bureau of statistics. Committee on education.

and is hereby made available for curbing, guttering, grading and macadamizing Second North street, or south Capitol street, from west Capitol street to east Capitol street, and east Capitol street from Second North street, said appropriation to be expended on the order of the board of public works of Salt Lake City, upon the completion of said work and approval by the state board of examiners. Referred to committee on judiciary.

HOUSE BILLS WITHDRAWN.

H. B. No. 76, by Hodges—Amending section 2357, Compiled Laws of Utah, relating to investment of public funds security and interest.

WEATHER IN THE WEST.

Temperatures and Precipitation Were Both Above Normal for January.

The January report of the U. S. weather bureau covering the entire country, has the following to say about the month's conditions of the intermountain states:

Utah—Salt Lake City: Both temperature and precipitation were above normal. Thunder-storms, rain, snow, and sleet occurred at intervals. Snow and mud slides in the mountains delayed travel. High winds occurred, but no damage was reported. Prospects indicate a plentiful water supply.

Nevada—Reno: The mean temperature was from 6 deg. to 9 deg. above normal, but cold periods occurred on the 10-12th and the 22-24th. The precipitation was excessive, except in the southern portion, being probably the greatest for January since 1850. The sunshine averaged 35 per cent of the possible.

Wyoming—Cheyenne: The temperature averaged slightly above normal in the southern counties, but below normal in central and northern counties because of severe cold there during the first decade. Precipitation was above normal and heavy snow is accumulating in all mountain districts.

Idaho—Boise: The month opened with mild temperature, unusually severe cold waves in the northern counties from the 25th to the 15th, moderate cold in southern counties from the 10th to the 13th. The third week unusually mild temperature prevailed and it was nearly normal the remainder of the month. Precipitation was excessive, exceeding all former records at many stations. The sunshine was deficient.

Colorado—Denver: Severe cold spells occurred in the eastern slopes on the 5th and 6th and from the 10th to 13th and throughout the state on the 25th and 26th, but the remaining days were unusually warm. The precipitation was light on the eastern slope, but heavy snows with destructive snow slides occurred in the western counties and the mountain region. The sunshine was generally deficient.

New Mexico—Santa Fe: The mean temperature was above normal; on the 11th and 29th the temperature was low but it was uniform on other days. The precipitation was nearly normal in the western district and deficient in the eastern.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh of the Bladder. Catarrh of the bladder is a constitutional disease, requires a constitutional treatment. Catarrh of the bladder is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for full particulars.

western. There was the usual amount of sunshine. Arizona.—Phoenix: The month throughout was exceedingly warm and pleasant with an unusual amount of cloudiness. The precipitation was excessive in northern and decidedly below normal in southern counties, all of it occurring late in the month. From 2 to 6 feet of snow remains above the 5,000-foot level.

WORN OUT

That's the way you feel about the lungs when you have a hacking cough. It's foolishness to let it go on and trust to luck to get over it, when Ballard's Horehound Syrup will stop the cough and heal the lungs. Price, 25c. See and tell your doctor. Sold by C. C. M. I. Drug Store, 113 and 114 South Main St.

ENCAMPMENT DISCUSSED.

Senate and G. A. R. Committees Talk Of Needed Appropriations.

At the Commercial club last night members of the appropriations and claims committees of the Utah state senate were guests of honor at an elaborate banquet arranged by Hon. Fred J. Kiesel, chairman of the legislative sub-committee on legislative appropriation of the Grand Army finance committee. There were present Senators W. N. Williams, Herschel Bullen Jr., John Seely, J. B. Wilson, E. T. Hulaniski and Albert E. Miller. From the Commercial club's committee, those attending were Fisher Harris, President Halloran, Col. F. R. Streett, Fred J. Kiesel, J. E. Caino, Dr. Fred Stauffer, Col. Geo. D. Squires, and R. W. Young. Short speeches at the close of the dinner were made by many of those present, outlining the needs for an ample state appropriation. Shortly before the close of the Orpheum the party adjourned to that theater to witness the final numbers of the program.

A bespectacled hubby once was he. His wife didn't like his company. But now they're lovable as can be. Both take Hollister's Rocky Mountain Tea. Godbe Pitts Drug Co.

CONFERENCE POSTPONED.

The Teton stake conference, advertised to be held 13th and 14th inst., has been postponed indefinitely, on account of smallpox prevalent in several of the wards of the state.

JOSEPH F. SMITH.

REA, IDAHO, POSTMASTER.

(Special to the "News.")
