OGDEN, UTAH, - JULY 5, 1904.

## TRAGIC ENDING OF THE FOURTH.

Two Slain and Many Mangled by  
Explosion at Greenwood's  
Fireworks Display.

## BURST MORTAR'S DEADLY WORK

Daniel Shupe and Miss Charlotte Clark  
Instantly Killed—Sad Close of  
Celebration.

The pleasures of the Fourth of July ended most tragically last evening in Ogden, when one of the bombs used at the fireworks at Greenwood Park exploded in the mortar, killing Daniel Shupe, one of Ogden's best known and influential business men, and Miss Charlotte Clark, a well known young lady of Warren, Weber county; also injured four others.

The Greenwood Park management had arranged for an exhibition of fireworks to take place last evening on a pentagon out in the small lake in the grounds, and thousands of people had gathered to witness the exhibition and were standing around the shores of the lake. It was about 9 o'clock in the evening when the display commenced. Only a few rockets had been shot off when a bomb was placed in the mortar to be discharged, but it evidently exploded prematurely, going off in the mortar, which was blown to pieces with terrific effect. Pieces from it flew in all directions, carrying with it pieces of wood and other articles. Mr. Shupe, with his wife and two children, was standing on the west side of the lake, as also Miss Clark, who was about 15 feet from Mr. Shupe.

The pieces of debris flew through the air with great force, one piece striking Mr. Shupe on the left side of the neck, wounding him two inches long and one inch deep, severing the jugular vein. Another piece struck him on the left shoulder cutting a deep gash and shattering the shoulder blade. He fell to the ground in an instant without uttering a word, or even a groan. His wife saw him a moment before with their little girl in his arms, but he had just set her down, otherwise she would have been killed. He had only stood up when the missile struck the neck. His wife turned to see where he was when she saw him lying on the ground, the piece of wood sticking in his neck and the blood flowing from the wound. She screamed and ran to his side, but she was unable to do anything. Several close by came to her assistance and raised her husband up, but the blow was fatal. He died in a few moments, bleeding to death. His wife and children were carried away and placed in a stretcher and sent to the hospital. The body of Mr. Shupe was turned over to the coroner, who took it to the home of Mrs. Shupe's father, John Gay, 21 Adams avenue.

Miss Clark was struck about the same time as Mr. Shupe, the missile which severed an artery, penetrating her breast, passing by the side of her betrothed, Joseph Gibson of West Weber. The young man thought she had fainted but on observation, saw the piece of wood sticking out of her breast. He grabbed her up in his arms, when she said, "Joe, I am killed!" These were her last words she spoke, and in a few moments she expired in her lover's arms. Her remains were removed to Lindquist's undertaking parlors.

The injured are: Daniel Moran, 165 Twenty-sixth street, bruised about head and cut on forehead and nose.  
J. Fennell of Five Points, right arm shattered and terribly bruised about body.  
Mrs. T. M. Donley, badly bruised.  
Miss O'Farrell, slight bruises.

Physicians were telephoned for and quickly responded, rendering every aid possible to the injured, who were quickly brought into the city.

Captain of Police Brown, Sergeant Wilson and a number of the police force were on the grounds and rendered great assistance in quieting the crowd. Women fainted, children screamed and cried, and the thousands who stood around the lake rushed away falling over one another in their mad flight. It is a wonder not more were injured in the great excitement that followed.

The dead and injured are all well known in Ogden, and the entire city is enshrouded in gloom, on account of the distressing accident.

Daniel Shupe was the son of Mr. and Mrs. John Shupe. He was born in Ogden 20 years ago. He was married May 18, to Miss Etta Gay, one of Ogden's most prominent young ladies, who, with two children, a boy and girl, aged five and three years, survives him. He was one of Utah's most prominent and influential young business men, being the senior member of the Shupe-Williams candy manufacturing establishments in Ogden. He entered in the manufacture of William Williams eight years ago with able when he heard of the accident.

Mr. Shupe was a member of the Weber club, the Automobile club, and a number of social organizations. He was an exceptionally bright young business man, and respected by all who knew him because of his uprightness, honor and kindheartedness.

Prof. A. C. Lundberg, the orator of the day, delivered an address, in which he compared Washington, Cromwell and Napoleon and their accomplishments. The speaker took the ground that the fame of Washington rested most securely upon his patriotic and disinterested liberty-loving labors after the independence of the colonies was secured, and that the other great generals, Cromwell and Napoleon, failed because of a lack of these qualities.

Selection by the band.  
Prof. L. E. Eggersten read a number of patriotic poems and sentiments, contributed by the audience.

At 10 o'clock sharp the parade began, the line-up being as follows: Mounted police, mounted flagbearer, marshal and his aides, Park City Military band, Grand Army of the Republic, Spanish-American veterans, city council, car of state, followed by various floats, citizens in carriages and on horseback, the Park City drum corps, secret orders and unions, Park City fire department, horsemasters and school children. On no former occasion have there been so many in line, nor did the parade ever present a better appearance. A feature of the parade was the number of children in the line of march. The committee advertised that to each child taking part in the parade a ticket good for candy at any store in town would be given and in this way something near 1,500 children were in line.

The line of march started up Park avenue to the head of Main street, down Main street to Heber avenue, and counter-march on Main street to the band stand, where the following exercises were held:

Music—Park City Military band.  
Song—Quartet.  
The Declaration of Independence—James M. Lockhart.  
Oration—Dan B. Shields.  
Song—Quartet.  
Music—Park City Military band.

In the afternoon various sports and contests were held on Main street. These consisted of foot races, sack races, egg races, jumping and many others to make the small boys as well as the older ones happy. The most exciting contest was the race between the two horse companies for a prize of \$500. The company from the First ward won the prize. The race of 200 yards, attaching the house and having a stream of water playing all in one minute and six seconds.

Four teams entered the drilling contest for \$75 first prize and \$50 second prize. The first prize was won by Kelly and Leroy, 18½ inches, 10 minutes. The second prize was won by McClelland and Fuller, 17½ inches, 10 minutes.

In the evening the city was illuminated by a display of fireworks from Mount Masie, and the festivities were closed by a ball at Maple hall.

William Pickert, salesman in the M. S. Ashburn clothing company, met with a painful accident last afternoon. A companion of Pickert's lit a cannon cracker and threw it toward the middle of the street. Instead of going into the street it fell upon the sidewalk and failed to explode. Pickert then picked it up and just as he did it exploded, blowing the first finger off his right hand at the second joint and otherwise lacerating his hand. It also blew a great hole in his clothing and burned his abdomen quite severely. The injured man was taken to the office of Dr. Ward, where his wounds were dressed by Drs. Ward, Hofner and Le. It is thought that aside from the loss of a finger, no further permanent injury will result.

Doctors said He would not Live.  
Peter Fry, Woodruff, Pa., writes: "After doctoring for two years with the best physicians in Waynesburg, and still getting worse, I doctor advised me to get rid of my business to attend to it had better attend to it at once, as I could not possibly live and another thing, there was no cure for me. Foley's Kidney Cure was recommended to me by a friend, and I immediately sent my son to the store for it and after taking three bottles I began to get better and continued to improve until I was entirely well." F. J. Hill Drug Co.

CURED OF BRIGHT'S DISEASE.  
Mr. Robert O. Burke, Elmore, N. Y., writes: "Before I started to use Foley's Kidney Cure I had to get up from twelve to twenty times a night, and I was all coated up with drops, and my eyesight was so impaired I could scarcely see one of my family across the room. I had given up hope when a friend recommended Foley's Kidney Cure. One 2-cent bottle worked wonders and before I had taken the third bottle the drops had gone, as well as all other symptoms of Bright's disease." F. J. Hill Drug Co.

PARK CITY.  
HONORS THE FOURTH.  
Best Celebration Ever Witnessed in the Park—Painful Accident.  
Park City, Summit Co., July 5.—It is the general opinion that the celebration yesterday was the best this city has witnessed. The celebration was held in the town, says the Tribune, was one continuous mass of red, white and blue, and nine-tenths of the residences also were profusely yet tastefully decorated with the national colors, while the American flag floated from nearly every business house and private home in the city. The stores were closed and every mine shut down for two or three days, and there was nothing to do but to make the most of the holiday.

Few persons left the camp to celebrate elsewhere, and the streets were thronged from early morning. Notwithstanding the crowds, the best of order prevailed.

At 10 o'clock sharp the parade began, the line-up being as follows: Mounted police, mounted flagbearer, marshal and his aides, Park City Military band, Grand Army of the Republic, Spanish-American veterans, city council, car of state, followed by various floats, citizens in carriages and on horseback, the Park City drum corps, secret orders and unions, Park City fire department, horsemasters and school children. On no former occasion have there been so many in line, nor did the parade ever present a better appearance. A feature of the parade was the number of children in the line of march. The committee advertised that to each child taking part in the parade a ticket good for candy at any store in town would be given and in this way something near 1,500 children were in line.

The line of march started up Park avenue to the head of Main street, down Main street to Heber avenue, and counter-march on Main street to the band stand, where the following exercises were held:

Music—Park City Military band.  
Song—Quartet.

Few persons left the camp to celebrate elsewhere, and the streets were thronged from early morning. Notwithstanding the crowds, the best of order prevailed.

At 10 o'clock sharp the parade began, the line-up being as follows: Mounted police, mounted flagbearer, marshal and his aides, Park City Military band, Grand Army of the Republic, Spanish-American veterans, city council, car of state, followed by various floats, citizens in carriages and on horseback, the Park City drum corps, secret orders and unions, Park City fire department, horsemasters and school children. On no former occasion have there been so many in line, nor did the parade ever present a better appearance. A feature of the parade was the number of children in the line of march. The committee advertised that to each child taking part in the parade a ticket good for candy at any store in town would be given and in this way something near 1,500 children were in line.

The line of march started up Park avenue to the head of Main street, down Main street to Heber avenue, and counter-march on Main street to the band stand, where the following exercises were held:

Music—Park City Military band.  
Song—Quartet.  
The Declaration of Independence—James M. Lockhart.  
Oration—Dan B. Shields.  
Song—Quartet.  
Music—Park City Military band.

In the afternoon various sports and contests were held on Main street. These consisted of foot races, sack races, egg races, jumping and many others to make the small boys as well as the older ones happy. The most exciting contest was the race between the two horse companies for a prize of \$500. The company from the First ward won the prize. The race of 200 yards, attaching the house and having a stream of water playing all in one minute and six seconds.

Four teams entered the drilling contest for \$75 first prize and \$50 second prize. The first prize was won by Kelly and Leroy, 18½ inches, 10 minutes. The second prize was won by McClelland and Fuller, 17½ inches, 10 minutes.

In the evening the city was illuminated by a display of fireworks from Mount Masie, and the festivities were closed by a ball at Maple hall.

William Pickert, salesman in the M. S. Ashburn clothing company, met with a painful accident last afternoon. A companion of Pickert's lit a cannon cracker and threw it toward the middle of the street. Instead of going into the street it fell upon the sidewalk and failed to explode. Pickert then picked it up and just as he did it exploded, blowing the first finger off his right hand at the second joint and otherwise lacerating his hand. It also blew a great hole in his clothing and burned his abdomen quite severely. The injured man was taken to the office of Dr. Ward, where his wounds were dressed by Drs. Ward, Hofner and Le. It is thought that aside from the loss of a finger, no further permanent injury will result.

Doctors said He would not Live.  
Peter Fry, Woodruff, Pa., writes: "After doctoring for two years with the best physicians in Waynesburg, and still getting worse, I doctor advised me to get rid of my business to attend to it had better attend to it at once, as I could not possibly live and another thing, there was no cure for me. Foley's Kidney Cure was recommended to me by a friend, and I immediately sent my son to the store for it and after taking three bottles I began to get better and continued to improve until I was entirely well." F. J. Hill Drug Co.

CURED OF BRIGHT'S DISEASE.  
Mr. Robert O. Burke, Elmore, N. Y., writes: "Before I started to use Foley's Kidney Cure I had to get up from twelve to twenty times a night, and I was all coated up with drops, and my eyesight was so impaired I could scarcely see one of my family across the room. I had given up hope when a friend recommended Foley's Kidney Cure. One 2-cent bottle worked wonders and before I had taken the third bottle the drops had gone, as well as all other symptoms of Bright's disease." F. J. Hill Drug Co.

PARK CITY.  
HONORS THE FOURTH.  
Best Celebration Ever Witnessed in the Park—Painful Accident.  
Park City, Summit Co., July 5.—It is the general opinion that the celebration yesterday was the best this city has witnessed. The celebration was held in the town, says the Tribune, was one continuous mass of red, white and blue, and nine-tenths of the residences also were profusely yet tastefully decorated with the national colors, while the American flag floated from nearly every business house and private home in the city. The stores were closed and every mine shut down for two or three days, and there was nothing to do but to make the most of the holiday.

Few persons left the camp to celebrate elsewhere, and the streets were thronged from early morning. Notwithstanding the crowds, the best of order prevailed.

At 10 o'clock sharp the parade began, the line-up being as follows: Mounted police, mounted flagbearer, marshal and his aides, Park City Military band, Grand Army of the Republic, Spanish-American veterans, city council, car of state, followed by various floats, citizens in carriages and on horseback, the Park City drum corps, secret orders and unions, Park City fire department, horsemasters and school children. On no former occasion have there
