COUNTY BOARD OF EDUCATION

Will Take Action Against Slaterville and Bandall Trustees for Transfer of Property.

WEBER STAKE ACADEMY NOTES

George Jefferson, the U. S. Marine, Buried With Military Honors—Affairs of City Schools.

Ogden, Utah, Oct. 7.—The Weber county board of education held a meeting yesterday afternoon, transacting considerable business.

The clerk reported that the former trustees of Slaterville and Bandall have refused to make deeds to the board of education transferring to them the school properties held by them belonging to the districts, and that they are expending the residents of the district to secure funds with which to fight in the courts the transfer of the properties, as they believe the law unconstitutional, causing the consolidation of the school districts of the county into one district under the supervision of a board of education. The matter was referred to the county attorney for his consideration, and it is expected suit will be commenced by him to compel the trustees to transfer the properties to the board of education.

The property belonging to the East Huntville precinct, was ordered transferred from that precinct to Bishop Johnson of the Middleton ward, the board having purchased it.

The board of education and the county commissioners as to who shall pay the county superintendent of schools' traveling expenses, was not taken up at the meeting but will be considered in the near future.

Supr. Peterson recommended that the charging of certain schools, as well as that of a number of pupils and geographies be purchased.

Bills amounting to \$134.39 were ordered paid and adjournment taken for one week.

WEBER STAKE ACADEMY.

Founding of the Conservatory of Music With Encouraging Outlook.

Mrs. Evans is petitioning for more room in which to accommodate her large drumming classes.

The gratitude of all who extended to the Weber Stake Academy, for the magnificent Kimball piano presented last Monday morning.

Prof. Bradford is still unable to meet his classes but is improving.

The office must be used for recitations and the teachers have no room to call their own. They will build with delight a new building in which they may have at least one corner for their own occupancy.

Thursday morning the student body elected the following officers for the coming year: President, Henry Jensen '06; vice president, Josephine West '07; secretary and treasurer, Albert Watson '07; drill master, Edvin Petersen '06; standard bearer, Mervin Olsen '06.

Among the week's visitors were Miss Vilde Eardley, lately returned from a summer stay in Denver, Mr. Paulsen, from Salt Lake, and our own James Eardley '03, who has spent the last two years doing missionary work in the northwestern states. The students extended a hearty "welcome home."

Nothing is now being centered on the coming election of the "Acorn" staff.

There is work in store for the students who assume the responsibility of maintaining the high standard already reached by the little paper.

The zoology class, numbering 30, paid Ogden river and neighboring fields a visit Wednesday afternoon in search of interesting specimens. A number of interesting specimens including insects, crawfish and fish were found. These specimens will later be studied in the laboratory.

CONSERVATORY OF MUSIC.

One of the most notable events in the history of the school was the founding of the conservatory of music last Monday morning. President L. W. Shurtliff, his counselors, C. F. Middleton and N. C. Flygare, and all members of the board of education except one were present. As they entered the newly built hall, with Prof. Joseph Ballard, John J. McClellan and William W. White, applauded the fathers of the institution and the state's best musical talent they were introducing.

The devotional exercises consisted of selection by the Academy choir, Lead Remarks, Light.

Prayer, Edwin Peterson, Prip, D. O. McKern, Violin and Piano Selection.

Prof. Weiss and McClellan Address. President L. W. Shurtliff Selection. Prof. Weiss and McClellan Address.

All present agreed that this was the most important ever listened to in devotion exercises, and were grateful for the opportunity thus afforded for the raising of their musical ideal.

Eighteen students registered in the conservatory on Monday and many others have applied during the week. The outlook for this part of the school is most encouraging and too much cannot be said in favor of the energy put forth by Prof. Joseph Ballard in establishing this department.

The Clayton Music company has contributed a new Kimball piano to the conservatory, and the board has purchased the efficient instructors, each one an artist in his line, the Weber stake Academy promises to be an important factor in the musical growth of the community. The number of pupils enrolled was highly satisfactory.

A feature of the conservatory will be monthly recitals to which the public will be invited.

CITY BOARD OF EDUCATION. At the meeting of the Ogden City board of education a petition from 49 out of 42 pupils in one of the grades of the Mount Fort school was presented, asking that Miss Inez C. C. who was transferred a short time ago to the Deseret school be returned to her former work. The petition was referred to the teachers' committee. The finance committee reported \$1,422.49 overdraft. The sanitary committee reported a new case of scarlet fever and three diphtheria cases for the week ending Oct. 6. Leave of absence was granted to Miss Florence Bunt, until the second term because of illness. Bills aggregating \$435 were allowed.

WITH MILITARY HONORS. George Jefferson, the U. S. Marine, Victim of Heart Failure, Laid to Rest.

Geo. Jefferson, the deceased marine, was laid to his final rest yesterday afternoon in the G. A. R. burial plot in the Ogden city cemetery. Although he died a stranger in a strange land, his soldiers' comrades, and his fellow soldiers, with military honors, gave him a burial with military honors. The young man, full of life and hopes, just having been honorably released from faithful service for his country, in the navy, was en route to Ogden, Utah, when without moment's warning he dropped dead in this city Sept. 23. Every effort was made to locate his relatives and friends, but all to no avail, hence it was decided to bury him here, and impressive military funeral services over his remains were held at Larkin & Sons' undertaking parlors yesterday afternoon at 2 o'clock. Representatives of the G. A. R., Women's Relief Corps and the United States War Veterans attended the services. Lieutenant John A. Murphy conducted the services. He paid a beautiful, eloquent tribute to the soldier dead, closing his eulogy with the following thoughts: "We lay him away with military honor—the highest honor that can be paid to a citizen of this republic—and we consecrate ourselves over the soil which he holds in his remains that all we have and all that we are will be freely given and spent to maintain the glory and prestige and grandeur of the unsullied flag of our great republic."

THIRD DEATH FROM DIPHTHERIA. The third death from diphtheria since the spread of the dreaded disease in Ogden during the past few weeks occurred at 3 o'clock yesterday afternoon, when George A. Dineen, the four-year-old son of Mr. and Mrs. Benjamin Dineen, died at the family residence, West Seventeenth street, after a brief illness. The funeral will be private from the residence this afternoon. Intention was to take place at the Ogden city cemetery. During the past week a number of new cases of diphtheria have developed.

IGAR FACTORY CONTRACT. Bids were opened last evening by MAX Davidson for the construction of his large cigar factory, and the contract was awarded to George H. Whitteyer, his bid being the lowest, \$1,575. The factory is to be built on Twenty-fifth street just east of the Ogden Steam Laundry's building. It will be a brick structure two stories with basement.

FLORENCE ROBERTS PLAYS TWO NIGHTS. Miss Florence Roberts, supported by a very strong company, will be seen at the Grand Opera house tomorrow and Monday night in her latest, and perhaps best play, "Ann Lister," one of Paul Armstrong's plays. Miss Roberts opened her production in Ogden and rehearsed this season to crowded houses in Salt Lake City. The advertisement for the play opened this morning.

BRIEFS AND PERSONALS. Mrs. Andrew Goodall, of San Jose, Cal., who became demerit Thursday night, was sufficiently recovered by yesterday afternoon to be able to renew her journey homeward without an attendant.

In connection with the attitude assumed by the district attorney in regard to the eligibility of employees of corporations operating under franchises granted by the city, to hold municipal offices, the fact is pointed out that the law provides that in case a conviction is secured, the defendant shall pay the costs and the court has the discretion to impose a fine in any sum not exceeding \$500.

William Blufford left today for California on an extended business trip. Under the auspices of the W. C. T. U., Sunday, Mrs. Bullock will speak, and Tuesday evening Miss Belle Kearsy will speak at the Presbyterian church on temperance and kindred subjects. They are gifted lady orators and should be heard by large audiences.

A modified edition of the Wardlaw in the case of Alice Henderson against John C. Henderson, awarding the custody of the minor child to the mother. A R. G. W. freight car was broken into Thursday night and a quantity of shoes, shoe lacing and shirts were stolen. The police have been unable to either locate the goods or the thieves.

Dr. A. S. Gordon is in attendance at a meeting of the state board of medical examiners at Salt Lake City. George W. Larkin, Sr., went to Salt Lake today to visit for a few days and to attend conference.

WINTER QUARTERS. Farewell Social in Honor of J. M. Beattie and Family. Special Correspondence. Winter Quarters, Carbon Co., Oct. 2.—The leading social gathering of the season was the farewell party given in the Scott hall by the citizens of Winter Quarters and Scott for J. M. Beattie and family, who are moving to Salt Lake city. They were presented with an elegant gold watch and chain, and after appropriate expressions from old time friends, a few hours were spent in dining and all had a jolly good time. Notwithstanding a heavy snowfall, the leading citizens of both places fairly filled the hall.

Mr. and Mrs. Beattie had resided at Winter Quarters for the past 22 years and have a host of friends who regret their leaving but they felt compelled to do so, in order to give their children the advantages of high schools. Mr. Beattie has been in the management of the Washburn Store company, and accepted the offer of a Chicago wholesale house to represent them in Utah, Idaho and Wyoming.

Special Correspondence. Provo, Utah Co., Oct. 7.—The Provo Woolen Mills company has sold the wool it had on hand at the time of closing to the Buell Manufacturing company of St. Joseph, Mo., and it is now being shipped east. The quantity is about 300,000 pounds.

HOSMER PLEADS NOT GUILTY.

John Hosmer was arraigned before Judge Booth yesterday, charged with burglary. He entered a plea of not guilty. The case was set for the 10th. Attorney W. E. Rydahl was appointed to defend. Hosmer was caught in the act of burglarizing Kelly's drug store in Springville on the night of Aug. 17, and was shot in both legs by August.

John Hosmer, who made the arrest, Hosmer stated today that Hosmer is not his true name, but he preferred not to give his real name.

The case of William V. Price vs. Jacob Jensen has been dismissed at plaintiff's cost without prejudice.

GARLAND.

SUGAR CAMPAIGN.

Began Under Favorable Auspices—Promise of a Record-Breaking Run.

Special Correspondence. Garland, Boxelder Co., Oct. 4.—The 1905-6 campaign for the sugar factory of this place began Tuesday morning, Oct. 4, at 7 o'clock. It was thought it would begin Saturday the 30th inst., but owing to a heavy storm the digging and hauling was hindered. The weather has cleared up nicely, however, and the boats are rolling in to a tune of 1,200 tons per day and increasing daily. The factory is reported as running smoothly and Superintendent T. H. Edwards feels confident that the 1905-6 run will be a record breaker.

Messrs. James H. Gardner and M. W. Ingalls, general superintendent, and consulting engineer, respectively, for the plant at Garland, were up Wednesday to assist in getting the mill under way for the present run.

AMERICAN FORK.

PARENTS' MEETING.

Schools Flourishing—Successful Operation—Society Affiliated Family.

Special Correspondence. American Fork, Utah Co., Oct. 6.—A parents meeting held under the auspices of the district school faculty, was attended by a representative class of citizens last evening in Science hall. Principal Justesen instructed those present very ably on school issues. Miss McAllister, the beginner teacher, and Miss Armond, principal of Harrison school, spoke on the topics, "Relation of Parents and Teachers in School" and "Moral Training of Students" respectively. Principal Stewart of the Forbes building, urged the necessity of closer understanding between parent and teacher.

Parents meetings will be held in the district monthly.

A social banquet was given by the teachers last week, the occasion being the completion and furnishing of a teachers' room. Miss McAllister acted as toastmaster.

Schools were never so well attended. The high school has an enrollment of 15, all doing good work. The manual training class of boys is progressing nicely.

Quite a number of the children of American Fork valley are in town, and the loads of flour, vegetables, etc., they are carrying to their wagon's bespeak a kindly feeling by their white brothers.

SUCCESSFUL OPERA.

The opera put on the stage under the direction of Mrs. Percy Smith, Chinese, by the school children drew three large houses last week. And more than likely the same place "The Witch of the Woods," with some additions, will again be presented.

Politics will quiet, some candidates are being suggested for various offices on both tickets.

INCREDIBLE BRUTALITY.

It would have been incredible brutality if Chas. F. Lemberger, of Syracuse, N. Y., had not done the best he could for his suffering son. "My boy," he says, "cut a fearful gash over his eye, so I applied Bucklen's Arnica Salve, which quickly healed it and saved his eye. Good for burns and ulcers too. Only 25c at Z. C. M. I. Drug Dept.

VERNAL.

POLITICAL CONVENTION.

Mass Meeting Has Lively Time Nominating Municipal Candidates.

Special Correspondence. Vernal, Uintah Co., Oct. 4.—There was a mass convention held at the court house last night for the nomination of a city ticket to be elected next month. There was a large turnout, and the proceedings were at times quite lively.

Lycurgus Johnson received the nomination for mayor, J. K. Bullock was nominated for first assistant term in the council, and Wm. W. W. Henderson and John W. Pope for the short term. Miss Eula Webber for recorder, Geo. A. Davis for treasurer, and Lyle Richardson for marshal.

The feature of the proceedings was the contest for marshal, because of the candidacy of a woman for the position. Mrs. Kate Jean Boan, who was placed in nomination by Charles De Moly, registrar of the local and county, after a heated debate over the eligibility of a new arrival named Carpenter to run for the office, in which Mrs. Boan took an active part. The nomination of the lady seemed to strike a popular feeling among the assembled electors, for when the ballots were counted, it was found that Mrs. Boan had received 54 to Richardson's 67. The lady took the matter quite seriously, and there are those who believe that if she had been nominated and elected, she would have discharged the duties of the office fully as well as a great many men.

There is quite a spirited contest on for the position of postmaster at Vernal office to fill the vacancy that will exist when the resignation of the present incumbent, S. P. Dillman, is accepted. E. J. Young, Jr., who is now employed in the office as assistant, and E. H. Belcher are aspiring for the position. Mr. Belcher claims to have the endorsement of Congressman Hovey, through the chairman and secretary of the county committee, while Mr. Young has the endorsement of the balance of the county committee, and many other influential people, including the present incumbent of the office.

Fillings in the land office continue at the rate of about 10 a day, 899 having responded thus far to the call.

It is expected that there will be an early crowd in town when the Myton town lots are sold on the 11th of this month.

MOUNT PLEASANT.

MISSIONARY FAREWELL.

Dismissal of Mrs. Dorthen Rasmussen, a Veteran of 78.

Special Correspondence. Mt. Pleasant, Sanpete Co., Oct. 5.—One of the best missionary farewell parties ever held here was given in Elder Abraham McIntosh last evening.

The 1900 Ball Bearing Washing Machine is certainly an excellent contrivance for cleaning clothes.

It is said to "save women's lives" and if women are to operate the machine to be used it certainly will, by reducing the labor required.

It is said to clean clothes in six minutes if used according to directions and can be operated by a boy of ten. It will no doubt do as guaranteed, and as the purchaser has the privilege of returning the machine without expense to himself after 30 days trial and get his money refunded in full, people take no risk in buying a 1900 washer.

It certainly looks good to the observer.

BENNING REUNION.

The descendants of the two Benning brothers numbering about 250, met in the Taylorville ward house Thursday, Oct. 3, 1905. A bounteous spread had been prepared, to which 200 persons sat down, after which an opera was presented by the musical members of the family, which was appreciated by all present. The affair was a grand success.

Taylorville is keeping pace with her neighbors. She is soon to be divided into two wards.

VICTIM OF TYPHOID-PNEUMONIA.
