

MINORITY SEEKS TO DELAY ACTION

Councilmen Endeavor to Create
Trouble and Object to the
Pumping Plant.

WATER BOND FIGHT NOW ON.

Martin Proposes Reform by Barring
News Girls and Young Boys from
Selling Papers.

The water question and the bond issue were again discussed at the meeting of the city council last evening and another attempt was made to delay matters, but it was unsuccessful as the resolution which caused the discussion was finally passed by a vote of 12 to 1. Hobday voted in the negative and Black and A. J. Davis were absent when the final vote was taken. The resolution which was the bone of contention was introduced by Fernstrom and authorized Mayor Morris to expend not to exceed \$500 to publish in pamphlet form the statement issued on the water question by the special water committee and the committee of five prominent citizens who framed it and to distribute the pamphlets among the places of business and residences of all the citizens of this city so that they may be thoroughly posted on the proposed plan.

Wood moved that the resolution be referred to the committee of the whole to meet on Wednesday evening to discuss the matter. He said that he wanted more information concerning the proposition as a number of questions had been asked him about it by business men which he could not answer. He thought that every councilman should be thoroughly posted so that he could answer such questions and for that reason every councilman should be present at the committee meeting. Wells said that the proposition introduced by Fernstrom argued that there was no reason for delay as the statement had been published in all the papers and every councilman had had an opportunity to thoroughly understand the proposition if they so desired. Wells said that the proposition to delay had come from the minority of the council which had opposed the movement from the start. Black took exception to such a statement, saying in reply that no councilman had a right to impugn his motives in opposing any proposition which he thought was for the good of the city. He proposed to reserve his right to oppose any measure and he allowed other councilmen the same privilege. He also favored referring the resolution to the committee of the whole. Hobday, Martin and Neuhausen voted in the affirmative. The motion to refer was lost by the vote of 5 to 3.

THE PUMPING PLANT.

Hobday then raised the point that the statement issued by the joint committee was not the same as the official report of the special water committee which was adopted by the city council. He said that the report contained some reference to the Spring creek water, but that the statement had cut that out entirely. He objected to the expenditure of \$40,000 for the pumping plant in Parley's canyon for the reason that if the Spring creek water is not going to be purchased there will be no need of that plant, and the city could save that amount of money. He moved that that item be stricken from the statement. He was assisted in his effort to have the \$40,000 stricken out by Black, Martin, Wood and Neuhausen.

It was explained by Wells, Fernstrom, Tuddenham and Hartenstein that the pumping plant would still be necessary to pump the sewer in connection with the sewer improvements. It was also explained that every item expended out of the bond issue would again have to be passed upon by the council before the money is spent, and that the councilmen could then object to the expenditure of any of the money they wanted to. With that explanation all of the minority except Hobday voted in favor of the passage of the Fernstrom resolution. Black left the council chamber before the roll call, and hence did not vote on the matter. The statement will become a part of the minutes of the council and will be printed and distributed under the authority of Mayor Morris and the council.

A resolution was passed authorizing the three councilmen to secure six polling places for the special election in each of the First, Second, and Third precincts and not less than five of each in the Fourth and Fifth precincts.

THISTLE ASPHALTUM CLAIM.

A report was received from Henry Hives Ellis, the expert, who examined the Hobson asphalt claim, near Thistle, which the council proposes to buy. The report states that there is 23,077 tons of asphalt in sight, and that the vein is from 2 to 8 1/2 feet in thickness. There is also an iron vein on the property, but it has not been developed. It was understood by some of the councilmen that a report was to be made on both

"Mr. Golden Gate," said the speaker, "I drink to you—the coffee that holds first place at the breakfast, dinner and banquet table."

Nothing does with GOLDEN GATE COFFEE but satisfaction. No price—no coupons—no crockery. 1 and 2 lb. aroma-tight tins. Never sold in bulk.

San Francisco

A MATTER OF HEALTH

of the asphalt propositions to be purchased by the city. But as there was a report on only the one matter was referred back to the special asphalt committee which will report next Monday night.

THE NEWS GIRL PROBLEM.

Martin introduced an ordinance which has for its purpose the exclusion of news girls under the age of 18 from the streets entirely and prohibiting news boys under the age of 15 years from selling papers between the hours of 9 a. m. and 4 p. m. when they should be in school. The ordinance makes it a misdemeanor for any girl under the age of 18 to sell newspapers or vend merchandise on the streets of this city and also for boys under the age of 15 to sell papers between the hours stated above. The ordinance was referred to the committee on municipal laws with the city attorney associated.

HORSE FEED BILL VETOED.

Mayor Morris vetoed the resolution of Hobday allowing \$25 per month for horse feed for the city. The resolution was passed by a vote of 9 to 5.

H. H. Davis introduced a resolution allowing \$25 per month for the street department \$25 per month for horse feed. In support of the resolution he said that the council had allowed the health commissioner \$25 per month for feed for his horse and he only gives him an hour a day to the city. He thought that the poor man who works for the city all day long should certainly be allowed the same amount. The resolution was ordered filed by a vote of 9 to 5.

NO ASSISTANT FOR WILCOX.

The adoption of the report of the committee recommending that Health Commissioner Wilcox be authorized to employ an assistant at \$50 per month, was lost by a vote of 6 to 4. The report involves the expenditure of money hence required a majority vote to adopt it and as only five voted in favor of it it was not adopted.

The White Cross Sanitarium company submitted a proposition to establish an emergency hospital in the city provided the city's patients would be taken there for treatment. The matter was referred to a committee.

RENTED TO LEGISLATURE.

The committee on control recommended that the legislative hall and council chamber be rented to the state for the coming session of the Legislature for the sum of \$1,000. The report was amended to read \$1,200 and was then adopted.

OTHER BUSINESS.

The claims committee recommended the payment of \$25 to Georgia C. Foote, who was injured by falling into an excavation on Canyon road. The report of the committee was adopted.

Upon recommendation of the committee on improvements, electric arc lights will be placed at the following locations throughout the city: Somerby street; Second South, half way between Second and Third East streets; Seventh West and Rio Grande avenue; Lincoln avenue between Tenth South and Spruce; Ninth East and Belmont avenue; First and K; First West and Fern; Fourth South between First and Second West.

The Retail Butchers and Grocers' association of Salt Lake presented a petition asking that a tax be imposed on all trading stamp companies doing business in the city and also on all firms giving or handling trading stamps. The tax to be not less than \$1,000 on trading stamp companies and \$100 on firms or individuals giving stamps. The matter was referred to the license and municipal laws committee.

BLACK INTRODUCED THE FOLLOWING RESOLUTION, WHICH WAS REFERRED TO THE POLICE AND PRISON COMMITTEE:

Be it resolved by the city council of Salt Lake City, Utah: That the sum of \$400, and the same hereby is appropriated to the credit of the chief of police for the purpose of having a cover put on the police patrol wagon; and said chief of police is hereby directed to procure said wagon to be properly covered at an expense not to exceed \$400.

THE FOLLOWING RESOLUTION BY E. H. DAVIS WAS PASSED:

Be it resolved by the city council of Salt Lake City, Utah: That \$200, or so much thereof as may be necessary, be appropriated to the credit of the chief of the fire department for the work of furnishing the new dormitory in the fire department headquarters.

The Oregon Short Line Railroad company was instructed to remove the obstruction on Goodwin street in North Salt Lake in compliance with the petition of property owners.

J. E. LANGFORD SUBMITTED A PROPOSITION TO INSTALL HIS PATENT SMOKE CONSUMER IN THE NEW CITY JAIL FURNACE WITHOUT COST TO THE CITY.

TWO KILLED IN CAVE-IN.

Five Men Caught in the Highland Boy Mine Yesterday.

By a cave-in in the Highland Boy mine at Bingham yesterday, two men were killed and three others badly injured. The dead are Mat Louis, a native of Sweden, aged 27, and Louis Kotto, an Italian, aged 32.

The accident occurred in a drift on the fifth level, and was caused by a large section of the roof falling and completely burying them. The men who were killed were directly under the falling roof and were covered with hundreds of tons of earth and rocks. So great was the cave-in in fact that it was something like eight hours after the accident before their bodies were recovered.

The names of the injured men were not learned. It is understood, however, that they were working on the outer edge of the cave-in, and this accounts for their having escaped a similar fate. As soon as word of the accident had

been received, Manager R. H. Channing went out to the mine and directed the work of recovering the bodies and looking after the wants of the injured. A similar accident occurred in the Highland Boy several weeks ago.

PIRATING FOLEY'S MONEY AND TAR.

Foley & Co., Chicago, originated Money and Tar as a throat and lung remedy, and on account of the great merit and popularity of Foley's Money and Tar many imitations are offered for the genuine. Ask for Foley's Money and Tar and refuse any substitute offered as no other preparation will give the same satisfaction. It is mildly laxative. It contains no opiates and is safe for children and delicate persons. F. J. Hill Drug Co.

NEW PHYSICAL DIRECTOR.

R. D. Burtner Arrives to Take Charge of Y. M. C. A. Gymnasium.

Reed, Cox of the Y. M. C. A. is introducing Physical Director R. D. Burtner about town, and entertained him at lunch this noon, at the Commercial club. Mr. Burtner will superintend the fitting up of the gymnasium in the new building, and remain from now on in active charge of his department. He is a graduate of Eastern College, Penn., class of 1900, and has spent four years in the Y. M. C. A. training school at Chicago. As this course includes three years of medical study in the Northwestern university, the school's graduates are almost qualified to practice medicine—in fact, could do so with one year more of study. That Mr. Burtner is an athlete is evident from the iron firmness with which he grips a man's hand when he shakes it.

MARRIED AT SIXTY.

Bachelor Concludes to Take Unto Himself Helpmate of Same Age.

After remaining single for 60 years, during which time he accumulated what he deemed sufficient means with which to marry, Robert M. Zuch, accompanied by Mrs. Ellen Olsen, a widow of the same age as himself, applied at the county clerk's office yesterday afternoon for a marriage license. They were married in one of the private offices by Deputy Clerk David A. Smith. Mr. Zuch has worked on the railroad for a number of years, and has been saving from his wages and a pension until he has quite a neat little sum laid up. He and his bride will take a trip east, after which they will live with the bride's son.

CANVASSING THE VOTE.

School Board Met Yesterday and Officially Announced Election Results.

At a special meeting of the board of education at noon yesterday the returns of the recent school board election were canvassed, and results announced as follows:

First Ward—
Total number votes cast 3,251
Charles S. Martin 1,829
J. J. Corum 1,420
B. F. Redman 1

Second Ward—
Total number votes cast 3,282
Arnold G. Glaque 2,187
B. F. Redman 1,095

Third Ward—
Total 1,329
Oscar W. Moyle 1,119
J. D. Hagman 209
Arnold G. Glaque 1

Fourth Ward—
Total, long term 2,131
Mathonhah Thomas 1,273
E. O. Howard 858

Total, short term 2,129
Harry E. Edwards 1,290
A. Mont Perry 823

Fifth Ward—
Total 1,827
Dr. G. B. Ploutz 882
Joseph Oberndorfer 944
B. F. Redman 1

The board declared the following candidates elected:
Charles S. Martin, four years from Jan. 1, 1905, First municipal ward.
Arnold G. Glaque, four years from Jan. 1, 1905, Second municipal ward.
Oscar W. Moyle, four years from Jan. 1, 1905, Third municipal ward.

Mathonhah Thomas, four years from Jan. 1, 1905, Fourth municipal ward.
Harry E. Edwards, the unexpired term of two years from Jan. 1, 1905, Fourth municipal ward.
Joseph Oberndorfer, four years from Jan. 1, 1905, Fifth municipal ward.
