LOCAL BRIEFS.

Look out for A Wounded Name.

Axel L. Lindh, a native of Sweden, has been admitted to citizenship.

A branch grocery in the old home of David S. Truman has come to Salt Lake to practice his profession.

A marriage license was issued today to William R. McNeil, 28, and Elizabeth White, 24, both of Bountiful.

The name of the Utah Title Insurance and Trust company has been changed to the Utah Savings and Trust company.

It is announced that Katherine A. Tingley, representative of the Universal Brotherhood, will arrive in this city on Sunday night, when it is proposed to hold a series of public meetings.

The funeral of Edward Cunham, the late stock broker and mining man took place from the undertaking establishment of S. H. Evans. Interment was in the Jewish cemetery.

A. J. Goodwin of this city has received word from Colorado Springs of the death of his brother-in-law, James O'Neill, from injuries received in a runaway. Mr. O'Neill was 32 years of age and about to be married.

Denver News: Samuel James of Salt Lake City, formerly connected with the Omaha and Grant smelter in Denver in the capacity of a metallurgist, has returned to this city to take a position with the trust.

The friends of Miss Ester Lloyd, sister of Dr. R. T. Lloyd, will be pleased to learn that she promises to speedily recover from the effects of the surgical operation to which she submitted at St. Mary's hospital yesterday.

On Friday at 4:30 p. m. in the High school building, the alumni of that institution will hold a meeting relative to important business of their organization. All High school graduates are invited to be present.

The City Council will meet in special session tonight and take action on the resolution granting a franchise to the Salt Lake City Railroad company on Thirteenth East street. The one hundred dollar ordinance and one or two other matters laid over from Tuesday night.

The crush on the advertising columns of the Saturday "News" is such that it is imperative that all orders for advertising be handed in not later than Friday evening. This will especially be the case on the coming Saturday, when the "News" will issue a special edition in honor of the visit of Admiral Schley and the approach of Decoration Day.

It is probable that Mr. A. W. McCune and friends—Messrs. Harris, Van Cott, and Ellerbeck—will reach home within the next ten days. They landed in New York yesterday and will spend a few days in the great metropolis before coming home. It is thought the party will leave New York until after that Messrs. McCune and Van Cott will reach Salt Lake in advance of Mr. Harris.

Justice Nielsen does not like people to abuse the horses of their memories to look especially when they are hollitched to appear to the court and fail to do so, as was the case yesterday when Dr. F. F. Reed arrested for cutting off a colt. It seems that Dr. Reed was called to operate on the animal in a confidentiary proceedings in the case of S. L. Dooling vs. F. F. Reed. He failed to appear and the court is making the court's citation, hence his arrest. The doctor was released on his own recognizance until further hearing.

The ladies who will organize a Greek letter society met yesterday at Howland Hall. Five societies were represented as follows: Mrs. J. C. B. King, Della Gemma; Miss Clara B. Colburn, Miss Lambert; Miss Duffy and Mrs. H. L. Hobbs, Kappa Alpha Phete; Mrs. Officer, Mrs. Glen Miller and Miss Ethel Paul, Pi Beta Phi. Mrs. King acted as chairman and Miss Paul as secretary. No definite action will be taken until next week's meeting, which will take place shortly.

The Salt Lake friends of Corporal J. Tillon Donnellan regret very much that he is to be transferred from Manila to Iowa here and so to New York, where he will remain not in business on his own account. The promotion made as a result of merit secured while performing volunteer military service in the Philippines and the people of this city would like very much to have him remain among them. However they will be glad to see his undertakings in the Empire city.

The G. A. R. memorial day committee has announced its program of exercises for next Tuesday, by which time the customary program at Mount Olivet, preceded by a parade of not every large size, will be completed. The usual decoration posts their most sombre members of the police force, band, mayor and city and county officials, national guard members, returned soldiers from the Philippines, Sons of Veterans, Knights of Pythias and other secret societies.

It is strange but nevertheless true that a number of people who are addicted to the habit of chewing gum, tobacco or cheroots leave their street manners along the curb and then walk home half a square before they have any more sense than they have done quite a couple of days later. The police are often taken to task for not arresting people for this offense, but the fact remains that are not standing out in the cool until the wee sma' hours of the morning, and the following afternoon found a man Thomas Reynolds outside Kiser's drug store and promptly took in custody for the offense. The city and others in the corner can claim it.

DROWNED AT MURRAY.

Little Henry Olander Falls from a Raft with Fatal Effect.

Little Henry Olander, the nine-year-old son of Mr. and Mrs. August Olander was drowned in the Horn silver pond at Murray shortly after 4 o'clock yesterday afternoon.

The boy and companions had with two other boys had been pushing about the surface of the pond for some time on a raft. As it neared the shore the other two boys jumped off while Henry in some manner lost his balance and fell into the water and sank beneath it. He was drowned almost immediately in plain sight of his companions who were unable to offer him any assistance. When the body was recovered strong efforts at resuscitation were made but without avail. The nervous shock of the lad was greatly overcome at the shock sustained by his death.

The ancients believed that rheumatism was the work of a demon within a man, and that the only way to get rid of it was to drive it out. The lack of astute or inflammatory rheumatism will agree that the definition is a good one. Chamberlain's Pain Balm would cast out demons, for it has relieved one hundred and one hundred and fifty hundred testimony to the truth of this statement. One application relieves the pain, and this quick relief when it is all it affords is alone worth many times it cost.
