

INDICTMENTS AGAINST
RY. OFFICIAL DISMISSED.

New York, July 6.—Judge Holt in the United States circuit court, today handed down an opinion the effect of which is to dismiss the indictments against Nathan Gulford, vice president, and C. F. S. Pomeroy, traffic manager of the New York Central railroad, and C. G. Edgar and Edwin Earle, the latter sugar merchants of Detroit, charging them with conspiracy

to violate the provisions of the Elkins rebating act, punishable by imprisonment. The court, however, holds that the indictments against the New York Central road, Gulford and Pomeroy, found under the Elkins act are good, and sustains them so far as they are punishable by fine.

Holt further holds that the amendment to the Elkins act providing a punishment by imprisonment was not retroactive, and therefore could not include the men charged with conspiracy.

The American Sugar Refining company, jointly indicted with the New York Central, pleaded not guilty, but interposed no demurrer to the indictment, preferring evidently to stand trial under the indictments as returned.

Judge Holt, and we shall proceed to try the accused forthwith or as soon as possible. Judge Holt's decision only affects the form of punishment to be administered if the accused are found guilty.
