

FAMILY RECORDS.

WE ARE NOW PREPARED to receive orders for FAMILY RECORDS of an approved form.

Each book is divided into four forms.

The first form is that of a "FAMILY RECORD," with ruled and printed spaces for births, marriages, and deaths, in each family, also for names, dates, and places, one page accommodating one family.

The second form is a "CHURCH RECORD," with spaces for baptisms, confirmations, ordinations, endowments, and patriarchal blessings and various particulars of the same.

The third form is a "SEALING RECORD," with spaces for name of person sealed, birth, death, time, place, etc.

The fourth form is a "BAPTISM FOR THE DEAD RECORD," with spaces for names, dates, birth, death, baptism, confirmation, etc.

Each book is furnished with a title page, on which the person owning the record can enter his or her name. An explanation of the forms, or instructions how to keep the record is also printed in each book, and its pages are numbered.

These Records are well printed and ruled on good ledger paper, substantially bound in full sheep, English roan, or buck. We can furnish them of any size, from one to five quires, or larger, but probably five quires is as large as will be desired. We can also furnish the various forms in a record, proportioned to each other to order.

Earthquake Shock.

NEW YORK, 4.—Dispatches from Ogdensburg, Plattsburg, Schenectady, and other places along that line, report quite an earthquake shock at two o'clock this morning. Buildings were shaken, inhabitants aroused, and crockery broken.

The Resumption Repeal Bill—The Fillibustering.

WASHINGTON, 4.—There is very little doubt that the House will, tomorrow, by a two-thirds vote, re-adopt the resolution removing the resumption repeal bill from the morning hour, and providing for a direct and final vote upon it some day next week. Aside from the consideration, that after securing a full opportunity for discussion and amendment of the bill the minority will have no right to continue fillibustering, thus obstructing other business, and also depriving the majority of its constitutional power, there will be another incentive to agreeing to the proposed arrangement, namely, an intimation that if the repeal bill is kept in its present situation its friends will retaliate by similar fillibustering against the appropriation and prevent its passing until the House has acted upon the repeal bill. The present intention of the appropriation committee is to put the army bill promptly through the House this week, and they expect to have the navy deficiency bill ready for report and action immediately afterwards.

General Frisbie and the Mexican Railroad.

General Frisbie appears to have secured a concession from the Mexican Government to build a railroad from the City of Mexico to Cuernavaca, distant about forty miles. He expresses the opinion that the project is well managed, and in Mexico, might be made to pay enormously, and gives a glowing account of the richness and resources of the country through which he travels. The General also says President Diaz favors emigration, and is doing all he can to induce settlers to make homes in the republic. He does not advise the United States to compete with the cheap Indian labor of the country; but skilled workmen and capitalists, large or small, are giving assurances of success.

Superintendent's Report.

The annual report of the superintendent of the Ogden and Salt Lake City road for the past year shows that during the past year 543 persons were arrested for offenses against the postal laws, 104 in excess of the preceding year. The number of complaints of loss of mail matter was 3,239, aggregate value \$54,410. The percentage of actual losses compared with the number of letters registered is about 1.50th of one per cent, or one in every 5,000. The receipt of the Patent Office for October, from all sources, are \$55,134, against \$53,147 for the corresponding month of last year.

\$40,000 Fire.

HARRISBURG, Pa., 4.—An incendiary fire destroyed the lumber yard of W. B. Wiser & Sons, burning over 2,000,000 feet of lumber; loss \$40,000, insured \$25,000.

The Remains of Senator Morton—Immense Crowds View the Body.

INDIANAPOLIS, Ind., 4.—At 10 o'clock this morning Senator Morton's remains were escorted to the house by the High Infantry, pall bearers, the infantry forming around the horse, and the pall bearers, and a few friends on foot, some of whom carried floral tributes. The horse was handsomely covered with flags.

The arrangements at the Court House have been admirable, and the immense crowd was handled with but little confusion. The corpse was exposed in the centre of the main hall, midway between the grand stairways and an elevator, on either side of which a continual flow of people have passed all day and evening. At least 50,000, some say more, have viewed the remains. The decorations of the galleries and main floor were neat and appropriate, being composed of black drapery with evergreen wreaths. (Contributions of flowers are in great profusion, some of them coming from Washington, St. Louis, and elsewhere. Stands of colors, composed of the Indiana regimental flags, are placed about the floor, two of the most handsomely arranged being just behind the single guards, who stand, arms at rest, at the head and foot of the casket.

This evening an impressive scene took place in the hall. The hall was cleared and further ingress stopped for the time, to admit the relatives and near personal friends of the senator. They numbered perhaps fifty, and moved slowly around the casket two or three times, the orchestra, in a remote gallery, playing an appropriate selection while they remained.

The committees of the House and Senate arrived to-day, and during the afternoon viewed the remains in company with Gov. Williams.

The drapery and decorations of the chamber in which the body lies, were done under the supervision of Gen. James A. Ekin, Assistant Quartermaster, who had brought from the post, at Jeffersonville, flags and assistants for the purpose.

Representatives of the President's cabinet will arrive at 11 o'clock to-night.

Special trains have been run, to-day, bringing in large numbers of the President's cabinet.

A General and Senatorial

Michael O'Hara, a supporter of John Morrissy for the senate, and Alexander McLean, partisan of Richard Schell, his opponent, quarrelled last night, and McLean, after a few words, striking O'Hara down, fled, leaving O'Hara bleeding.

A fire in the rear of the building 120 William Street to-night, caused a damage of \$30,000. Gifford, Sherman & Lewis, druggists, \$20,000, insured.

LOUISVILLE, 4.—The Courier Journal's Glasgow, Ky., special says: About 2 o'clock this morning a fire broke out in the grocery store of J. H. Hickey and spread over the entire block from Main and Green Street to Main and Green Street. Loss covered by insurance.

NEW ORLEANS, 4.—The steamer Frankfort, from Bremen, with 270 emigrants, mostly for Texas, has arrived. Captain Reginald, of the Frankfort, reports that on Oct. 15th, he rescued the captain and seven of the crew of the water-gate steamer "Edinburgh," off the coast of Norway, and brought them to this port.

Boston, 4.—An earthquake was felt about 2 o'clock this morning in northern New Hampshire, Vermont, and western Massachusetts. At Lebanon, N. H., buildings were shaken, and a number of people were injured. At Montpelier, Vt., people were

awakened by successive shocks, lasting some fifteen minutes.

At Northampton, Mass., glass was shaken, furniture shaken, and the people awakened. The shock was also experienced in Hartford and adjoining towns.

FOREIGN.

GREAT BRITAIN.

LONDON, 4.—A Vienna correspondent writes: There is much discontent in Roumania concerning the war. There is hardly a family in Moldavia which has not lost relatives. The full strength of the Roumanian army was sent into the field at the beginning of the war, and immediately afterwards, only one officer, and as there are no reserve officers, the army is disorganized. After the engagement of the 19th, the Roumanians threatened to lead to lead them to certain death. The Roumanian Chamber will be convoked at the latest possible date, and immediately afterwards, thus all chance of Roumania's retiring from the war seems to have vanished.

Large bodies of troops are being massed at Tirnova, and the reinforcements which are constantly arriving, are being colonized on Siatova, Biela, and Tirnova line.

BRITISH AMERICA.

Violent Earthquake Shocks.

MONTREAL, 4.—There were two very heavy shocks of earthquake here at 2 o'clock this morning. Violent shocks were also felt at the same time at Ottawa, Cornwall, and other places.

St. Johns, 4.—At five minutes to two o'clock this morning, several shocks of earthquake were felt here, lasting about ten seconds. They began with a low rumbling sound, and ending with a heavy jar, shaking buildings and upsetting furniture. Distinct shocks were felt in this city and all along the Central and Ulica and Black River roads.

RUSSIA.

Probable End of the War.

ST. PETERSBURG, 4.—The idea is rapidly gaining ground here that perhaps the war may be finished this year. Certainly a great effort will be made. It is generally believed that, in the event of success, Russia will demand a free passage of the straits and the autonomy of Northern Bulgaria, under some German prince, with a guarantee of the Great Powers.

TURKEY.

Reinforcement—Compelled to Retire

CONSTANTINOPLE, 4.—A reinforcement of twenty-six battalions has been sent to Greece. The Russians advancing from Olt to Erzerum were compelled to retire in consequence of a snow storm.

SPAIN.

Arrest and Seizure.

MADRID, 4.—Investigation into the recent attempt to ferment disturbances, has resulted in the arrest of twelve republicans and the seizure of compromising papers.
