EVENING NEWS.

Monday, Aug ist 16, 1875.

Local and Other Matters.

THERMOMETER 90 degrees F in the shade at 1 p.m. to-day. Fine. Some clouds.

Tabernacle Meeting. — Elder Orson Pratt preached yesterday afternoon, on the "Pre-existence of Man."

Saratoga Regatta.—Before us are tickets complimentary to the International Amateur Regatta, Lake Saratoga, Aug. 24, 25, and 26. Should be happy to be there.

What no Corinnite Will Ever Say.—

Breathes there a man with soul so dead,
That never to himself hath said,
This is my own, my native town?

Utah Cadetship.—We understand that John Burton, son of Bishop Robert T. Burton, of the 15th Ward of this city, goes to West Point Military Academy, as the Utah Cadet.

Base Ball.—In the game of base ball, played on Saturday, between the Wasatch and Rough and Ready Clubs, the former were the victors, scoring twenty-four to the other's ten.

Dissolved.—We understand that the hitherto well known law firm of Sutherland & Bates of this city no longer exists, those gentlemen having dissolved partnership.

Sickly.—The excessive heat of the last two weeks has been doing its sickly work, and now complaints are heard on every hand of the ill effects, chiefly serious derangements of the stomach and viscera, with the consequent general debility in the entire corporeal system.

Bad Accident. — Yesterday a young man, a miner, whose name we have not obtained, in traveling from the Prince of Wales mine, Big Cottonwood, to Alta, noticed a small quantity of giant powder and a small piece of fuse on the ground, and, for amusement, undertook to touch off the powder, and now he is in St. Mark's Hospital, minus the larger portion of his left hand, which was blown off by the explosion. Giant powder is a dangerous plaything.

Don't Get Excited.—A gentleman stated this morning that he arrived from York last night and that he intended to request that a body of troops be immediately dispatched to that point, because he had observed an Indian, a squaw and two papooses lurking around there. A bystander quieted his fears and caused him to set aside his resolve by telling him that the four individuals referred to were probably fugitives from the battle scare of Corinne, fleeing from their waving grain fields, and that York, though small, was growing, and did not need troops and an Indian scare to help it.

A Deplorable Accident.—About four o'clock on Saturday afternoon the roof of a back kitchen in the south part of West Temple street, Fourth Ward, took fire. A young woman named Cornelia Rolly, niece of Mr. Theodore Curtis, who lived there, attempted to extinguish the flames, when her clothing caught fire, and before she could be rescued from her terrible position everything was burned from her person save a woollen shirt, and the whole of her body was fearfully scorched. Dr. Fowler was promptly called in and rendered all the medical aid possible under the circumstances; but her injuries were past repair from that source, and she lingered till yesterday morning about two o'clock, when she expired, and her remains were interred yesterday afternoon.

Land Patents.—The following has been made public:

U. S. LAND OFFICE,
SALT LAKE CITY, UTAH,
August 3, 1875.

The following "cash patents" have been received at this office and are ready for delivery to the following named persons, upon surrender of the Receiver's receipt, at the Land Office in Salt Lake City, Utah:

Phineas H Young, Wm Crawford, James McCormic, Joseph S Douglas, Charles Rigby, Joseph Hunter, John Edison, Joseph Saunders, James M Fenn, Thomas B King, Thomas Yeamans, John Lambert.

Agricultural College Script Patents have been received, and are now ready for delivery to the following named persons, upon surrender of the Receiver's receipt, at the Land Office in Salt Lake City, Utah:

Andrew Andur Andrus Anderson, Hans Gibson, Samuel Grange, William Douglas, Thomas Adamson.

Mineral Patent for William W. Chisholm and others, also ready for delivery.

OLIVER A. PATTON,
Register U. S. Land Office.

Don't, Pray Don't.—Don't laugh at them—the poor frightened Corinnites. It's not a laughing matter, they say. Well, we won't—we'll be magnanimous, and respect the worst of all fears, imaginary fears.

"Woman's Exponent for Aug. 15 contains "Kind Words," "Time is Precious," "R. S. Reports," "A Week Out of Town," "Our Time," "Letters from Abroad," "Pipsy Papers," "The Kindergarten," "Floral Hints," etc.

The Dishonesty of the Transaction.—Does not this driving of the Indians from their farm crops savor of absolute dishonesty? Is it not robbing them of their rights, of their property? Have they not a right to labor? Have they not also a right to enjoy the fruits of their labors?

Another Indian Scare.

The following was received this afternoon—

Corinne, 16.

Reports which have reached here to-day state that the Indians recently expelled from this valley for an attempted raid upon Corinne have not returned to their reservation, as ordered by government officers. Reliable parties returning from Cache Valley say that Pocatello, with his entire band, and several smaller companies of Indians are encamped near Logan, about twenty miles from here. They are at least 1,500 in number, and are being supported entirely by "Mormons" and are under the control of the "Mormon" Church. Considerable apprehension is felt by the people of this city, that another attack will be made. The citizens have been furnished with needle guns and other arms belonging to the government, and pickets are stationed around the city every night.

A Novelty.—There was a novelty on the streets of this city to-day—a lady peregrinating in male attire. Dr. Mary Walker, of Washington, D. C., is in town.

IF you want to know how utterly without foundation was the recent disgraceful, so-called Indian scare at Corinne, see account, in another part of the paper, of an interview between a reporter of the Ogden *Junction* and Mr. Hill, overseer of the Indians in their farming and harvesting operations.

Sickness.—There is at present a remarkable amount of sickness among young children in this City, summer complaint being prevalent in a large number of families. Up till a couple or three weeks ago the season had been remarkably healthy for the little ones. Parents should observe that their children do not eat food that is difficult of digestion, especially unripe fruit.

The Corinne Conspiracy. — The Corinne excitement is only one more adroit scheme for imposing upon the credulity and prejudices of the people of this country in regard to the Mormons. The charge that Mormons have sought to influence Indians, or that Indians have intended to slay and slaughter "Gentile" citizens of Corinne, is a preposterous slander upon both Mormons and Indians, and will be so proven. The authors of the latest conspiracy to disturb the peace and injure the interests of Utah ought to go to prison—every last one of them ought to go to the penitentiary.—*Omaha Herald*, Aug. 13.

Theatre.—On Saturday evening there was an excellent performance, and a well satisfied audience to witness it. The two comedies that constituted the programme were presented with much ability. Mr. Burnett is an excellent high comedian, and Miss Lee is perfectly at home on the stage. Miss Walters, Mr. Graham, Mr. Lindsay, and other members of the company acquitted themselves with their well known ability.

This evening Robertson's beautiful comedy of "Caste" will be presented, with Miss Lee as "Polly," Miss Walters as "Esther," Mrs. Douglas as "Marquise de St. Maur," Mrs Burnett as "Captain Hautree," Mr. Lindsay as "George D'Alroy," Mr. P. Margetts as "Eccles," and Mr. Graham as "Sam Gerridge."

On Tuesday evening a fine programme on the occasion of the benefit of Miss Jennie Lee.

If it is a Fair Question.—How many dollars did Corinne make out of her fright farce? It is to be hoped enough to satisfy her, because she can't play that trick very often. It does not pay to cry "Wolf! Wolf!" without cause on too many occasions. Versatile inventive genius must be exercised in the business of obtaining money under false pretences, and a new artful dodge will be frequently necessary if the business is to be largely indulged in.

Daly's Fifth Avenue Company.—On Friday evening, Saturday afternoon, and Saturday evening, the lovers of the drama in this city will have the privilege of seeing Mr. Augustin Daly's company of accomplished artists from the 5th Avenue Theatre, New York, in "Saratoga," "Rough Diamond," "Big Bonanza," and "Divorce." This will be sufficient to attract all who admire good acting and good plays presented in the highest style of the art.

Ordered to Leave the Country.

NEW YORK, 14.

The following is taken from a letter written in July by an American resident at Costa Rica: "A number of Jesuits entered the Republic of Costa Rica from Guatemala, whence they were expelled. When they arrived within ten miles of the capital they were ordered to stop. Congress met the same day and 2,000 Masons went in a body to the Congress hall and petitioned for the Jesuits' removal as mischievous members of society. The president, who is a Mason, and several members prominent in debate and influence made able speeches on the subject, overruling those favoring a charitable collection for the Jesuits. Congress finally voted them $15,000 for their immediate wants, and ordered them to leave the country."

TO-DAY'S DISPATCHES.

EASTERN.

Decision to be Re-opened—The New National Bank Currency.

CHICAGO, 16.—A Washington special says that the second comptroller of the Treasury has rendered a decision, which practically nullifies the terms of the surrender of the Kiowas and Comanches. By their surrender the ponies of the Indians were to be sold and the proceeds invested in cattle and articles for domestic uses, but the comptroller has decided that the money must be paid into the Treasury, as it belongs to it. The War Department and the Secretary of the Interior have united in a requisition to the comptroller to re-open his decision, as it places them in a position of violating faith with these Indians. The war department makes the point that the money does not belong to the U. S., but was only received by it in trust for a certain purpose. The comptroller has agreed to re-open the case.

Arrangements have been about completed for printing the new national bank currency, to take the place of that now in circulation. The new currency will be printed on new government fibre paper, such as is used for the greenbacks, and half of the back of the note will show the fibre.

Coming to the Pacific.

Lieut. Gen. Sheridan left this a. m. for a visit to the Pacific Coast; he will probable arrive at San Francisco about the 23d instant.

Arrived.

BUFFALO, 16.—President Grant and party arrived here last night from Fairpoint, and left this morning for Rhode Island, where he will be the guest of Senator Burnside. The President expressed himself much satisfied with his visit to Fairpoint.

Died Suddenly.

CLEVELAND, O., 16.—Charles G. Finney, for many years president of Oberlin college, died very suddenly this morning, of heart disease, at his residence in Oberlin.

A Disaster.

KNOXVILLE, Tenn., 16. — The steamer *Hugh Martin* exploded her boiler at Washington Landing, Tennessee river, on Saturday, completely wrecking the boat. Captain Jake Pope, one passenger, and one engineer from the Cincinnati South R. R., name unknown, and a boy and man standing on the bank were killed. Benson, the pilot, and Hood, the mate, were badly hurt; Henry Fritz, a clerk, was slightly hurt, and several deck hands and deck passengers, names unknown, were hurt. The *Martin* was a light sternwheel boat, built for a passenger and freight train between here and Chattanooga.

Killed.

COLUMBUS, O., 16.—Wm. Norris, night yard master for the B. and O. Road, was thrown from a car by a defective brake this a.m., and run over and killed.

The Late G. H. Mumford—Celebrations in Europe.

NEW YORK, 16.—A special train conveys, this a.m., the body of the late Geo. H. Mumford, who was Vice-President, Secretary and General Superintendent of the Western Union Telegraph Co., to Rochester. President Orton and other officers of the Company will accompany the train.

A telegram from Detwold, Germany, states that the Hermann Monument Festival commenced this morning, with the reception of Kaiser Wilhelm, the Crown Prince of Germany, and Prince Carl of Prussia, who were attended by a numerous suite. During the day there also arrived the Duke of Saxe Meiningen and Prince Frederic Gueather of Schwarzburg Rudalstadt. Representatives bearing the colors of all the German States, and many bands of music were present. There was a grand military display, and the people lined the road from the railway station at Scheider. There was a great procession all day. The visitors are so numerous that fifty thousand people are without beds, and will have to sleep as best they may. The streets are beautifully draped with flags and evergreens. European dispatches also state that over eighty thousand visitors yesterday celebrated the fete of Napoleon, by attending high mass in his memory at the St. Augstin church.

Stock Market.

In the stock market, to-day, business has been mostly in three stocks—Western Union, Erie and Pacific Mail. The first has been stronger, Erie alternately weak and strong, and Pacific Mail continuously weak by reason of the report that the *City of Pekina* has been, or will soon be, condemned as unseaworthy, and that $250,000 will be needed to repair her; there are other stories circulated to lower the stock. There is a talk of another gold squeeze. There was no regular stock call at one, owing to the funeral of the late Samuel F. Lockwood.

A Steamer Wrecked.

NEW ORLEANS, 16.—The U. S. steamer *Rio Bravo*, from New Orleans, for Rio Grande, encountered a southerly gale fifteen miles off Sabine light, on the night of the 13th, and was driven ashore, ten miles east of Sabine light; no lives were lost, and everything was saved but the vessel, which is reported badly wrecked, but may be saved if the weather abates.

More Official Stealing.

WASHINGTON, 16.—The *Chronicle* publishes a long article to-day on the marine corps, the details of which are principally charges of swindling the marines by officers of the corps, and charges against Quartermaster Slack for serious abuses in the matter of purchasing clothing, etc., with other wholesale charges against the entire corps, so far as the officers are concerned. Inquiry at the fourth auditor's office sustains the charges of fraud upon the government in the purchase of clothing. Officers of the Treasury also say that Major Selack is entirely innocent of any complicity, and that the offence lies between the contractors and parties who, in their official or clerical capacity, are entrusted with the inspection of the clothing sent them for that purpose by the contractors. The Solicitor of the Treasury has begun a suit in New York against the bail of the contractors, one of whom recently died, and the other was missed from a Providence steamer. The evidences of frauds in the purchase of clothing are clear, but there are no charges made by the government against the officers of the corps charged with inspection duties.

FOREIGN.

A Notification to Turkey.

The eastern governments have notified Turkey of the necessity of more energetic measures for the suppression of the insurrection in Herzegovina.
