NOT SLOW, YET SURE.

"It takes time," is the reply of the doctor, when his cough-consumptive patient complains that the medicine prescribed produces no effect. Now the great merit of Hale's Honey of Horehound and Tar is, that its curative influence is developed immediately after the first or second dose. The progress of the cure is rapid as well as certain. As a remedy for the ailments of the windpipe and and lungs it stands alone and unapproached. Sold by all druggists at 50 cents and $1. Great saving by buying large size.

HAGAN'S MAGNOLIA BALM

is an unfailing prescription for a beautiful complexion. Sallowness, roughness, sunburn, moth patches, freckles, discoloration, dark spots, unwholesome paleness, tan, pimples, eruptions, redness and every other kind of blemish disappear like magic by the use of Hagan's Magnolia Balm. A few applications applied with a soft linen cloth will leave the delicate hues of refined beauty and youthful bloom. Its application cannot be detected, and it is absolutely free from all possible harm, warranted purely a vegetable extract from the flowers of Southern France.

CONSUMPTIVES, TAKE NOTICE!

Every moment of delay makes your cure more hopeless, and much depends on the judicious choice of a remedy. The amount of testimony in favor of Dr. Schenck's Pulmonic Syrup, as a cure for Consumption, far exceeds all that can be brought to support the pretensions of any other medicine. See Dr. Schenck's Almanac, containing the certificates of many persons of the highest respectability, who have been restored to health, after being pronounced incurable by physicians of acknowledged ability. Schenck's Pulmonic Syrup alone has cured many, as these evidences will show; but the cure is often promoted by the employment of two other remedies, which Dr. Schenck provides for the purpose. These additional remedies are Schenck's Sea Weed Tonic and Mandrake Pills. By the timely use of these medicines, according to directions. Dr. Schenck certifies that most any case of Consumption may be cured.

Dr. Schenck is professionally at his principal office, Corner Sixth and Arch Sts., Philadelphia, every Monday, where all letters for advice must be addressed.

A WORD OF COUNSEL TO THE LATTER-DAY SAINTS, CONCERNING THE CONFERENCE AT ST. GEORGE.

As the time draws near for the holding of the April Conference at St. George, and as doubtless many of those living in distant parts of the Territory have an anxious desire to be present then and at the attendant dedication of the Temple, it will be well to bear a few facts in mind.

Our General Conferences have of late years been held in the New Tabernacle in Salt Lake City, and spacious accommodation has been afforded the people; but in the approaching Conference we contemplate assembling in the lower main room of the Temple in St. George, which, being without galleries, affords but about one-sixth of the seating to be found in the New Tabernacle in Salt Lake City.

There being no railroad in this part of the land, many horses and mules will necessarily be used to bring the brethren and sisters who come to Conference. As general information to those who have not been here, we state that the stock range in the vicinity of St. George is very limited and hay and grain are scarce.

The citizens of St. George will, no doubt, to the fullest extent, manifest the proverbial hospitality of the Latter-day Saints, but at the same time, as there are no empty houses, all they can do will be but to share their house room with the many who will come.

In view of the foregoing circumstances it is advised—

1. That too many from the northern settlements do not make the exertion to come to St. George to Conference.

2. That those coming to Conference either bring their own horse feed, or cause it to be brought from settlements where it is more plentiful. And,

3. When those coming have small tents and other conveniences for camping, that they bring these along, together with their own provisions and supplies, and use them if necessary to camp out in this beautiful climate.

Could the people at large be accommodated with room in the Temple, we should be very pleased to have them present to take part in the dedicatory proceedings, and to receive such information direct as the Spirit of the Lord may have for us. But as temples are made for ceremonial rather than for congregational purposes, the number present at any temple dedication will necessarily be limited.

So far as the dedication of a temple is concerned, we will say that the people of San Pete and vicinity, and of Cache County and vicinity, as well as of Salt Lake City and vicinity, will have opportunity afforded them of being present at such proceedings in the early future, on condition of their faithfulness in completing, respectively, the Manti, Logan, and Salt Lake City temples.

BRIGHAM YOUNG.
WILFORD WOODRUFF.
ERASTUS SNOW.

Appointed.—Elder Rodney C. Badger has been appointed Second Counsellor to Elder Junius F. Wells, President of the Central Committee of the Young Men's Mutual Improvement Associations.

Snow.—One or two inches of snow lay on the ground early yesterday morning, but did not lie long.

Pocket Book.—The person who lost a small pocket book, containing a small sum of money, can get it at this office.

Not Found.—The search for the body of the late Mr. Thomas Heath was prosecuted all day yesterday and resumed to-day, in the Jordan River, but, so far as we can learn, still without success.

Theatre.—Miss A. A. Adams is announced to appear at the Theatre on Friday and Saturday evenings, the first time these three years past. She will appear in the popular drama of the "Two Orphans."

One Side.—By way of a gentle hint to correspondents, we mention the fact that not a few of them fail to observe the rule to write whatever is intended for publication on one side of the paper only.

Earthquake.—The following comes from Kanab, Utah, March 5th—

"There was a slight shock of earthquake felt here about two o'clock this morning."

Lecture.—We are requested to state that Mr. W. C. Lemon will deliver a lecture, at 7 o'clock this evening, under the auspices of the 16th Ward Y. M. M. I. A., at the School-house, on "Travels and Personal Reminiscences." The public are invited.

"Language."—This is the subject of a lecture to be delivered under the auspices of the 20th Ward Institute, at the School-house, by Professor Theo. B. Lewis, to-morrow evening, commencing at half-past 7. Admission free.

Information Wanted.—George Miller, of Santaquin, Utah County, is desirous of obtaining information of the whereabouts of Seaton Blyth, who emigrated to this Territory, from Red Row, in the Edinburgh (Scotland) Conference, about twenty years ago.

Seventies.—The Seventies' Council will hold its regular session at the Council House on Wednesday, the 7th inst., at 7 o'clock p. m., when a punctual attendance is expected. By order of the First Presidents of Seventies.

ROBERT CAMPBELL, Clerk.
Salt Lake City, March 5, 1877.

Mrs. Emerson Departed.—We understand that Mrs. Mary C. Emerson, wife of Judge P. H. Emerson, departed this life at Provo, on Saturday night. The remains will be brought to this city to-morrow, and will be interred in Camp Douglas Cemetery. The lady had been in delicate health for a considerable time previous to her demise.

Fatal Accident.—The following comes from St. George, Utah, March 3—

"This evening, W. G. McMullen's team ran away and threw the wagon off the dugway on Black Ridge, between here and Middleton, throwing McMullen and three ladies from the wagon. Mary Jane Liston was instantly killed by a large rock falling on her. Her grandmother, Mrs. Liston, it is feared is fatally injured. McMullen and daughter are badly hurt."

Shirt Pattern.—Mr. T. Godfrey is canvassing the city for the Improved Durkee Common Sense Shirt Pattern, by obtaining which families can make their own shirts after an easy fitting and economical style, without gores or gathers, the patterns including three varieties of cuffs, two of fronts, two of sleeves, two of neckbands, and two of collars, with printed instructions for making, and receipt for silver gloss starch.

Rejoicings.—To-day the Republicans of Salt Lake City have been celebrating the inauguration of Mr. R. B. Hayes as President of the United States. A squad of soldiers from Camp Douglas, having been posted on Arsenal Hill, overlooking the City from the north, with three pieces of artillery, fired a salute of one hundred guns, beginning at noon, and subsequently fired three volleys, making one hundred and nine shots in all. The men and guns remained at their station, on the Hill, to perform the concluding portion of the celebration programme, to fire a national salute at sundown.

Bees.—Samuel McKay, of this city, writes, March 2—

"Knowing that you are interested in home industry, and as honey is one of our home products, I take the liberty to write a few lines to beekeepers. As there are a great many bees in this country and there is every prospect of grasshoppers this Summer, it will be to the interest of their owners to keep them as strong as possible. A great many colonies are affected with foul brood, and a great many have died the past season. It would be to the interest of beekeepers generally to buy second-hand hives, as hives having the scent of the disease will give it to every new swarm put into them, unless well scalded with hot water. It is best to buy new hives, if you have to pay a little more for them. Feed your bees rye meal dry. It will start them breeding. Guard against robbery as much as possible."

Missionary News.—By a letter from Joseph McRae, of the D. W. Jones missionary party, to a relative in this city, written at Poplar Valley, and dated Feb. 21st, we learn that the company were encamped at that place, recuperating their animals, before crossing the desert, a distance of 110 miles. They were all well, nothing having occurred on their journey of an unpleasant character. They expected to locate their settlement about 260 miles south-east from their present encampment, and anticipated resuming their journey in a few days. Deer and turkeys were abundant in that region of country, and corn could be bought at five cents per pound.
