COUNCIL FIXES CITY TAX LEVY

At 10 3-10 Mills—Municipal Light Plant Self Sustaining.

Special Correspondence.

Logan, Cache Co., July 19.—The Logan city council met in regular session last night, President G. W. Lindquist presiding. The council considered the report of the city marshal showing 29 arrests during the quarter. Most of the arrests were made for drunkenness.

Resolution creating water extension was adopted. The city marshal reported that it will cost \$150 to revise the city ordinances and a sufficient number of copies will be made of the city officials. The report of the city marshal showing 29 arrests during the quarter. Most of the arrests were made for drunkenness.

RICHFIELD.

PIONEER DAY PROGRAM.

Memory of Utah's Founders Will be Fittingly Honored.

Special Correspondence.

Richfield, Sevier Co., July 18.—Pioneer day will be fittingly celebrated in Richfield. The committee chosen has prepared the following program:

Service of pioneers at sunrise by the location of pioneer homes.

Hoisting of flag and salute of 2 guns, one for each county in the state.

Meeting at the tabernacle at 10 a. m. presided over by Master of Ceremonies, J. L. Stewart.

Selection of Utah airs—Band.

Prayer by the chaplain—Rev. J. H. Meyer.

Solo and chorus, "The Pioneers," by George M. Jones and tabernacle choir.

Toast, "The Utah Pioneers," response by Robert D. Young.

Chorus, "Utah, the Queen of the West."

Toast, "Utah as it was," response by Joseph S. Horne.

Overture, "The Diamond"—Orchestra.

Toast, "Brigham Young," response by William H. Seegmiller.

Selection by the band.

Benediction by the chaplain.

Prominent positions have been reserved upon the stand for the pioneers, Indian veterans and representatives of the leading churches. The program will be given a free dance in the afternoon while the older people will be amused with sports of various kinds.

Thomas Brown, the owner of the electric light plant here, contemplates the formation of a water power company in the near future, with an increase in capital, and it is proposed to proceed at once and erect the contemplated power plant at Glenwood. The site was purchased some time ago and the necessary appropriation of water has been made. The plant situated here is run by steam and only operates at night. The running expenses are somewhat high and the installation of the water power will materially reduce the same.

A corporation is being formed for the purpose of manufacturing lime. It owns a tract of land northward of the town containing the most valuable deposit of limestone in this part of the state. The new company is also contemplating the erection of a pressed brick plant of 10,000 or 15,000 capacity.

ORANGEVILLE.

DROWNED IN GREEN RIVER.

Sad Fate of Royal Reid, a Youth of Eighteen.

Special Correspondence.

Orangeville, Emery Co., July 18.—On Monday about 4 p. m. a young man by the name of Royal Reid, son of Mr. and Mrs. John K. Reid of this place, was drowned in the Green river, and the body not recovered. Mr. Reid was not at home at the time, but was expected to return to his home at Helper and he and a brother-in-law took the first train for Green river, and in less than two hours John K. Reid, another son and son-in-law, arrived at the scene of the accident. Yesterday another message came to say the body was not yet recovered and asking for more help, and about 3 p. m. seven other men left for the purpose of aiding in the search for the body.

Royal Reid was 18 years old the day before he met his death. Particulars are not fully reported, but as he was a learned Royal and an excellent swimmer, it is believed that he was not a novice in the water. He was a good student in the Emery academy last winter, was of a genial nature and a good singer.

Mr. Reid and his family, especially the mother, who is prostrated with grief, have the sympathy of the entire community here.

BEAVER CITY.

GALA DAY FOR THE 24TH.

Old Folds Guests of Honor—Poison in Canned Peaches.

Special Correspondence.

Beaver City, Utah, July 18.—The 24th of July will be made a special day for the old folks of the Beaver East and West wards. The committees of each ward have taken up the matter jointly, and have selected a number of enthusiastic sub-committees of the affair gives good promise of being a thorough success. A general program will be given in the forenoon and the rest of the day will be devoted to the aged veterans. The children will be looked after by the Sunday school officers.

IN PROVIDED THE WORK CAN BE DONE BY SPECIAL TAX WITHOUT COST TO THE CITY.

CITY TAX LEVY.

A resolution was passed fixing the city tax levy for the year at 10 3-10 mills, distributed as follows: Five mills for maintaining expenses, 2 mills for street improvement, 3-10 mill for sinking fund and 2 mills for water-works construction. The levy made last year for electric light maintenance was omitted, as the plant had been able to maintain itself at the price of one mill per month, and the levy was not needed.

An ordinance creating water extension district No. 19 was passed. This improvement will cost \$8,000. The district is located in the Seventh ward. The attorney reported that the ordinance creating the office of city engineer did not provide for any assistants, but it was his opinion that needful help should be employed.

SCHOOL CENSUS ENUMERATORS.

The city board of education has appointed census enumerators as follows:

First district, C. S. Jensen; second district, Inez Thaw; third district, Vincent Cardon; fourth district, Mary Maughan; fifth district, Nora Egbert.

WEDDING PERMITS.

Permits to wed were issued yesterday to the following couples:

James W. Lowe of Cardston, Canada, and Elizabeth A. Hamp of Logan.

Alvin J. Haskins of Wellesville and Lizzie Hemmingsway of Logan.

ON A PLEASURE TRIP SOME DAYS AGO.

The two young ladies referred to ate some canned peaches and the result is a very bad case of ptomaine poisoning in both cases. While the girls are both in a serious condition, strong hopes are entertained for their recovery.

The water still continues to rise in the cellar, and in several cases good streams are running out of the wells. The first crop of lucern has been cut, with a meager output. The second crop looks fine and if nothing happens to arrest its growth, will give a heavy yield.

TABOR, CANADA.

LINDSAY-LABRUM NUPTIALS.

Newsy Notes From Alberta's Past Growing Cool Town.

Special Correspondence.

Tabor, Alberta, Canada, July 14.—Tabor is growing steadily and holding its own. All crops are doing well. The coal output is of much importance as the mines furnish labor for many when not employed on their farms.

Home-seekers arrive here daily and are shown over the prairie lands by the real estate agents. Most of the visitors are from North Dakota, and all are pleased with what they see. People securing lands here get none of the coal or other minerals which are being mined in the west.

The Mormon Pioneer day will be observed here. Efficient committees have been appointed to arrange a good program.

Yesterday the L. D. S. Church was well filled with a goodly number of worshippers. The sermon was among the best ever delivered here at Tabor.

The Tabor ward is in excellent condition. All the various organizations are well attended. The regular Friday evening dances are quite free from the rowdy element, and are improving. The Tabor brass band is coming to the front here in southern Alberta, and is considered to be one of the best in western Canada.

The "Eastern Township Bank" is established and doing an excellent business. A new opera house has just been finished. A force of men are engaged erecting a large new C. P. R. station. The government has a company employed driving for artesian water at the head of Park and Johnson streets. Mr. Headmark and his gang are busy building a ferry across the Bow river, one mile north of town. This ferry will be used largely by the Iowa colonists, who are laying out a town on the opposite shore.

LINDSAY-LABRUM NUPTIALS.

Wm. Labrum and Sarah Lindsay were married last Wednesday evening at the home of Miss Lindsay, Bishop Van Orman performing the ceremony. The young couple are preparing to go to Utah for a short visit.

The late spring rains have made the country a most fertile and green. The grain fields and prairie grass, rain-hued flash in the sunlight as the billows of air go over the vast acres. Girls and women turn brown here, they spend so much of the time in the gardens and among the flowers.

This section is experiencing the warmest spell of weather that has struck this section of the country at this season of the year, since the first home-coming of the snow-capped mountains surrounding us to relieve the situation.

Many a Bostonian matron has discontinued baking the Pork and Beans since the MOUNT came into vogue.

IN MEMORIAM.

On June 30, 1906, Sister Marion Nielsen Schow, wife of Hans Schow, died at the residence of her daughter, Mrs. P. L. Orth, in Middleton ward, near Huntsville, Weber county, Utah. Sister Schow was born in Denmark, March 23, 1858, and on June 18, 1880, she married Hans Schow. She and her husband embraced the gospel in 1885 and emigrated to Utah in 1887, crossing the plains in a handcart train consisting of about 60 Saints with 60 hand-carts and one four-mule team. Elder Christian Christensen, captain of the train, died in Salt Lake City, Sept. 15, 1887. She lived in the Sixteenth ward until 1891 when she moved to Huntsville, where she has resided ever since. She was the mother of eight children, six of whom have preceded her. She leaves a husband and two daughters (Mrs. William H. Eccles and Mrs. Philip L. Orth), and a number of grand and great-grandchildren. Sister Schow was an earnest worker in the church and was faithful to the end. She was a member of the Relief society and held the office of trustee at the time of her death. She was charitable to the needy and was ever mindful of the needs of the poor, and they lose a good and true friend. She was buried in the Huntsville cemetery, Sunday, July 1, 1906. The funeral services were held in the Huntsville meetinghouse, Bishop A. P. Rensstrom presiding. Elder Christian F. Schade, Patriarch David McKay and President Charles F. Middleton spoke, enjoining her many good deeds and her faithful work in the church. The funeral services were held in the Huntsville meetinghouse, Bishop A. P. Rensstrom presiding. Elder Christian F. BIG FIRE IN KANSAS CITY.

Kansas City, July 19.—The six-story building at the corner of Tenth street and Broadway, owned and occupied by the Franklin Park Wholesale Millinery company, was partially destroyed by fire this afternoon. The entire stock of millinery was destroyed. Loss, \$200,000; insurance, \$100,000.

The fire started in the sixth story, which was struck by lightning. Seventy-five girls at work on the fifth floor left the building by way of the fire escapes. None was injured.

The Coates house, one of Kansas City's leading hotels, located on the corner of the street, was for a time in danger. There was some excitement among the guests, but no damage was done to the hotel building.

WILL HOLD AQUATIC MEET AT LAGOON

Considerable Interest is Being Manifested Over First Annual State Contest.

UNDER AUSPICES OF Y. M. C. A.

Aside From a Tiling Tournament All The Events Will be Straight-Away Swimming Races.

Special Correspondence.

Considerable interest is being manifested over the first annual state aquatic meet which is scheduled to be held at Lagoon tomorrow afternoon. While Lagoon is not the most ideal place for such an event it is, however, the best and latest body of water available.

The meet is fostered by the Y. M. C. A. of this city, and it is the intention to make it an annual affair which in time will attract some of the best swimmers of the west. With this object in view special invitations are extended to any amateur swimmer outside of the Y. M. C. A. to participate.

The meet is arranged in practically a straight swimming affair devoid of fancy stunts that are always calculated to make a hit with the public and draw attention, something that would give the sport a flip as far as outside interest is concerned.

Such stunts as a game of water polo, water basketball played from raft and the batman swimming to bases, walking the greased pole and other "funny" events will be still favored by the public but will not be scheduled between the straight-away races.

High diving, "dip-dip" retrieving articles from the bottom of the pool, and one event included. However, there will be one event calculated to raise some enthusiasm and witty remarks from the bleachers. This will be a tiling contest. The two knights will have for lance poles padded at the end with burlap. Standing up in their boat, each will be rowed toward each other. The victor will be the man who succeeds in prodding the hull of the other boat with his lance. The contest will be a public affair and the joy of the occasion and should both boats be exploded, of course, spectators will be still further delighted. Still there will be no tie race.

Bronze medals will be given for first, second and third place. The officials of the day will be Dr. C. O. Plummer, F. B. Stephens, Dr. Fred Meakin, Hugh Rippey, Bill Rishell, Rex Russell and Elmer B. Smith.

The order of events is as follows:

25-yard swim for juniors.

50-yard swim, 2-100-yard swim.

100-yard swim, 2-200-yard swim.

200-yard swim, 2-400-yard swim.

400-yard swim, 2-800-yard swim.

800-yard swim, 2-1,600-yard swim.

1,600-yard swim, 2-3,200-yard swim.
