PEACE AND NO INTERVENTION.

All Classes Said to Show Disappointment Such is the Present Prospect.

Havana, Sept. 23.-All classes are now awaiting for the conditions under which tranquility will likely be restored in Cuba, and keen disappointment is expected on every side because of the likelihood of peace being brought about without armed American intervention. That the differences of the opposing factions could be reconciled was not generally believed to be possible until oday, when it was announced that the Liberals and the insurgents had em-

powered a committee to represent them before the American mediators. It is evident that the business interests of the island have no confidence in the ability of the Cubans to rule themselves and now, when at appears too late, they are openly favoring forcible intervention and possibly annexation.

Secy. of War Taft is cognizant of

this general opinion that peace cannot last unless it is enforced by an American army, but he considers that it is the duty of the United States to give the republic another chance, and be-lieves that it would be bad policy for the United States to keep a force in Cuba longer than was required to su-pervise the laying down of arms. He said today that if the Liberals and Modtrates harmonize their differences the United States must regard the compact as made in good faith.

That peace will come as the result of

the mediation of the United States is now believed by Cubans, regardless of party affiliation, but whether it will be on terms that will insure permanent tranquility is questioned.

Secy. Taft, and Asst. Secy. of State Bacon spent Sundty quietly, receiving few persons. Representatives of the made brief visits. Senator Alfredo Zeyas later met the mediators at the American legation and arranged for their first meeting with the insurgents' ind Liberals' committee tomorrov morning. All conferences hereafter will beheld at the legation on account of its accessibility since the most of the visitors to Messrs. Taft and Bacon reide in Havana. When the diplomatic representatives

f foreign powers visited Mr. Morgan's villa at Marianao today Mr. Taft sig-nificantly stated that he could give hem no definite assurances of peace or the reason that terms had not been put forward. This statement was sponse to an expression from Caytan Ayala, the Spanish minister, that the world expected the United States settle the turmoil on such generous but firm conditions as to maintain the integrity of the republic.

The members of the diplomatic corps were also received by Mr. Bacon, who sought their views on the situation, All of them asserted that their govern-ments desired the conflict to be ended with all possible dispatch in order to save commercial relations and credit between the island and their countries from ruin.

Among other callers at Marianao were Gens. Menocal and Agramonte, who congratulated Messrs. Taft and Bacon on their success in bringing the Moderate and Liberal leaders to a realization of the necessity of each making some concessions. The veterans evidenced sympathy with many of the principles for which the insurgents took They suggested that the first basis of the negotiations should be for revision of the Cuban constitution, alleging that it confers too much power and too little responsibility upon the members of the cabinet. "Cubans are too hot-blooded to be given unlimited powers," said Gen. Menocal. He de-clared that the present trouble resulted from the dissatisfaction of the present and former secretaries of the interior.

The insurgent camp near La Lisa,

just west of Marianao, was visited today by great crowds of Havanese. Encouraged by the reports that peace was imminent, the people for the first time dared to gratify their curlosity and to show their great sympathy with the revolutionary cause. Although it was raining this afternoon this did not dampen the arder of those who wished to visit the insurgents. Many extra rars were in operation, and every kind of conveyance was used by the crowd, but these were insufficient, and many walked the 12 miles from Havana to the camp. It is feared that the effect of this enthusiasm may be bad in the event the peace terms require the rebels to make decided concessions. In the rebel camps are thousands of neeasy and interesting as compared with the labor on plantations. Some of the more refined of the officers, however, admit that they will not be sorry to re-

Despite the armistice which is now to effect, a clash between government troops and Pino Guerra's force was troops and Pino Guerra's force was threatened today. Gen. Avalos with 400 cavalry and 300 infantry arrived at Gunajay at noon, having come by train from Pinar del Rio to Artemisa pre-pared to proceed to Camp Columbia, near Havana. This meant passing through the rebel camps. Gen. Guera sent a message to Gen. Avalor that this might lead to an encounter and that he would not be responsible for the outcome. Gen. Avalos declared his Intention to continue the march, but Gen. Rodriguez, by direction of Secy.
Taft, ordered him to take his force to
Mirianao, which will be done tomorrow.
There was considerable comment to-

day over the fact that a salute of 19 guns was given Secy. Taft when he visited the warships. Previously he had been given the usual 17 guns to the secretary of war is entitled. The two extra guns mean that he is recognized as an ambassafor extraordinary on a special miswith plenary powers from President Roosevelt. It is known that he has now been authorized to exercise

All of these symptoms are indications of an unhealthy dition of the female organs, and if not heeded the trouble may make headway until the penalty has to be paid by a dangerous operation, and a lifetime of impaired usefulness at best, while in many cases the results are fatal.

Miss Luella Adams, of Seattle, Wash.,

Dear Mrs. Pinkham :-

Dear Mrs. Pinkham:

"About two years ago I was a great sufferer from a severe female trouble, pains and
headaches. The doctor prescribed for me and
finally told me that I had a tumor and must
undergo an operation if I wanted to get well.
I felt that this was my death warrant, but I
spent hundreds of dollars for medical help,
but the tumor kept growing. Fortunately I
corresponded with an aunt in the New England
States and she advised me to take Lydia E. States, and she advised me to take Lydia E. Pinkhan's Vegetable Compound, as it was said to cure tumors. I did so and immediately began to improve in health, and I was entirely cured, the tumor disappearing entirely, with-out an operation. I wish every suffering woman would try this great preparation."

Just as surely as Miss Adams was cured of the troubles enumerated in her letter, just so surely will Lydia E. Pinkham's Vegetable Compound cure other women who suffer from female troubles, inflammation, kidney troubles, nervous excitability or nervous prostration.

Concerning the reported prepara-tions Saturday night for the trans-portation of marines and bluefackets by rail to Camp Columbia, Secy. Taft

The United States forces are under my orders. I have given no or-ders for them to land, and not a man shall land until I give such an order."

It now appears that Acting Secy.
of the Interior Montalvo ordered the
trains prepared in anticipation of the

possible landing of a supply of quar-termaster's stores at the wharf. The captain of the port gave color to the report that they had been placed there in readiness for the landing of men. The stores consisted of tent floorings, poles, pegs, water barrels and 150,000 rounds of ammunition. Capt. Couden, commander of the squadron, today explained that the stores were hurriedly placed aboard the cruiser Newark when she sailed nen she sailed Cuba, and that they so encumbered her deck as to interfere with ventilation, and that it was necessary to hire space ashore where they might be stored. Capt. Couden also said that if no occasion arose for the use of these stores they would be placed aboard the supply ship Celtic when

she arrives.

Lieut, Commander Chapin, in command of a brigade of bluejackets, teday completed a thorough examina-tion of the fortifications of Havana and reported that in the event of a future occupation of the island the city could be fully protected.

President Palma spent the quietest day he has passed since the outbreak of the revolution, remaining with his family in the residence portion of the palace nearly the entire day. Among the flood of rumors current was one that the family of President Palma had embacked on a vessel bound for New York, which is untrue,

Nothing noteworthy took place his government ricles today. All the officials are awaiting the outcome of the peace negotiations. There still are occasional desertions of government troops to the rebel ranks.

GENERAL FUNSTON LEAVES FOR CUBA.

Jacksonville, Fla., 8 pt. 22.—Brig-Gen. Frederick Funston passed through Jacksenville this afternoon, en route to Port Tampa, where he will board the steamer Olivette tonight for Havana. Gen. Funston said positively that he had no other order than the original or-der from Secy. of War Taft to re-port to him in Hanava as soon as pos-sible.

sible, "It is possible," said Gen. Punston, "that Secy. Taft wishes to send me out to confer with some of the insufgent leaders, as he is aware that I am well acquainted with a large number of Cubans who were prominent during the last Cuban revolution against Spanisn authority. I cannot now recall meeting the insurgent leaders whose hames have been mentioned in the press dispatches. When I was with the Cuban revolutionists I was principally in the eastern end of the island and not with any insurgents in the western provinces. I do not know Gen. Mexico City, Sept. 23.-An official of the Mexican government today denied that an uprising or disturbance of any kind had occurred in the southern part of the republic. He said that the dispatch printed by La Reforma of El Paso, said to be a revolutionary organ, stating that an uprising against President Diaz had occurred in the towns of Minilian, Suchil, San Juan, Exqui-mala and San Geronima was untrue.

TWENTY-FIVE OR THIRTY DEAD

Mob Pulled Them From Street Cars. Beating Them With Clubs, Bricks And Stones.

Atlanta, Ga., Sept. 23, 1:30 a. m .-Reports are being received from the outskirts of the town of rioting, and negroes being killed and driven from their homes. Rumors have it that at least 25 to 30 or more negroes have been killed here tonight, but it is impossible at this time to confirm these

All is quiet in the central portion of the city at present, but knots of people are standing on the street corners, apparently awaiting developments.

Four attempts at asault on white women by negroes within or near the limits of the city wrought white citizens here to a high pitch of excite-ment tonight. The assaults of the day followed two others of a similar nature within the week and at least half a dozen others within the last two months, and brought a climax tonight. At midnight Gov. Terrell issued at

order calling out eight companies of the Fifth infantry and one battery of light artillery. This order was not issued until three negroes had been killed and 15 taken to the hospitals. killed and 1s taken to these include five of whom will die. The mob began its work early in the evening, pulling negroes from street cars and beating them with clubs, bricks and stones. Negro men and women riding to their homes after the work of the day were ruthlessly torn from the cars or attacked on the streets. In a few cases negroes re-tallated during the early part of the night, but after 10 o'clock they were scarce in public places. The fire department was called out to disperse the mob on Decatur street, a street most frequented by negroes, and for a time seemed to hold the crowd at

The police reserves were called out and will hold the situation until troops can be mobilized. The mob seemed leadership, and this doubt-

The distrubance here has taken the form of an active and bitter race war. The incidents of the day which were papers early this evening added im mensely to the usual Saturday night crowds on the streets. A negro walking along Whitehall street, the principal shopping section, was attacked about 7 o'clock, beaten and escaped with few clothes. The news of this attack spread rapidly, and within a few moments the appearance of a ne. gro was the signal for a riot. The negroes scattered from the streets, go. ing to their homes by back alleys, or flocked to Decatur street, the home of part of the negro element,

Soon street cars were attacked, and negroes going to their homes were taken from the cars and beaten, stamped upon and in several cases fatally hurt. The barber shops where negroes were employed next became objects of attack. One of the hardest fights of the night took place about the postoffice. A negro barber shop across the street was the object of atand in less time than it takes to tell it the shop was wrecked and the begroes were beaten one to death, the other proprietors escaping by the aid of the police. NEW YORK STATE DEMOCRATIC CONVENTION.

Buffalo, N. Y., Sept. 23.-Many delegates to the Democratic state conven-tion, which will be held here Tuesday next, have already arrived. Among those expected later are 165 delegates Trom New York county generally temed Tammany delegates. On the outcome of the caucus of the delegation depends, much as to the situation in the convention. The day seemed to be devoted for the most part to a measuring of the strength of W. R. Hearst, the nominee of the Independence league, and whose name will be presented to the convention with the greatest number of pledged votes of candidate. J. M. Conners, an Erie county dele-

gate, whose proposal to the Independence league that its nominations be de-ferred until after the Buffalo convention was voted down, declared today that Mr. Hearst has 175 delegates. The entire number of delegates is 450 with 226 necessary for a nomination. Mr. Conners went down to Rochester

today and joined Charles F. Murphy, the leader of Tammany Hall, who was en route to this city. On their arrival neither would discuss what conclusion

had been arrived at.
Mr. Murphy has been quoted a number of times as saying that he had found plenty of sentiment in Tammany

Hall for Congressman Hearst, Dist.-Atty. of New York, one of Jerome's staunch-est supporters, arrived tonight.

The supporters of Mayor J. W. Adams of Buffalo, for the nomination as gov-ernor, were quite conspicuous. Each wore a badge with Mayor Adams' picture stamped upon it.
The advocates of Congressman Wil-

liam Sulzer were also active and Sulzer badges were numerously displayed.

Many other names in connection with the nomination are heard but apparently the most organized campaigns among the delegates are being waged in favor of Jerome, Hearst, Adams and Sulzer. Justice William Gaynor of Brooklyn is often spoken of. If none of the avowed candidates show enough strength on the first few ballots to win, however, there is no telling just where a compromise might occur.

Portland, Or., Sept. 23 .- A particularly sad accident resulting in the death of 2-year-old Andrew Beakey and ulti-mately in the death of his grandmother, Mrs. Elizabeth Beakey, occurred here today. Little Andrew, accompanied his brother to the stable and the older boy pushed the door off its track, causing it to fall on little Andrew, crushing his head so that he died shortily afterward. The grandmother was attracted by the screams of the elder boy, and rushed to the spot. She picked the little fellow up and carried him into the house and there fainted, dying half an hour later.
