

UNIVERSITY OF UTAH.

At the general meeting of the student body on Wednesday, Prof. Holmes on behalf of the Athletic Association, presented a resolution that the men who had won laurels on the football field with a new sweater, each sweater is marked with a large letter "U". None but these men will be allowed to wear it. The resolution was carried by a vote of 100 to 10. The new sweaters were purchased at a cost of \$100,000. The resolution was presented by Prof. Holmes, the father of athletics in the university, and the other was given to Assistant Manager of Athletics, Horace Whitney. Mr. Holmes called each man to the rostrum, gave him his sweater and told him to wear it, put it on and return. When the boys reappeared they were cheered by the students. In singing college songs, those who received sweaters were Prof. Cummings and Messrs. Wade, Carlson, Burmeister, Moore, Pitt, Lawrence, Russell, Peterson, Ray, Heiselt, Harris, Benson, Strobel and Whitney.

The Colorado football team left the city last night for Boulder, Colo. The game on Thanksgiving day was well attended. The university students occupied the northeast bleachers.

Last night the Chronicle staff gave a grand ball in the assembly hall of the museum building.

Next Wednesday the student body will again to elect a president. At the election last week the votes were divided among Elbert Thomas, Oscar W. Carlson and B. A. Perkins.

Mr. George Silver, foreman of the shops, has asked the regents to permit him to sever his connection with the university to accept the position of foreman of Silver Bros. iron works. He will probably be released if a suitable man can be found to take his place.

After three months' delay the new 100 horse-power generator for the dynamometer has arrived and will be set up at once. Some special electric machines, and switch board instruments also came with this shipment from the Westinghouse Electric company.

State Senator Harden Bennion visited the University on Wednesday.

At the Engineering society on Tuesday J. C. Brown read a paper on the sweater trouble in Butte and Will Mifflin discussed the Utah coal situation.

The freshman engineers will give a ball next Friday evening in the assembly room.

Next Friday evening, Dec. 4, the Varsity college women will entertain from 4 to 6 o'clock.

The members of the "Amici Philadelpia" of the university have purchased white sweaters. On each sweater is a circle of red silk inside of which are the large letters "A. F."

On Wednesday afternoon the training school gave a program on Thanksgiving in song and story with original illustrations.

There was no school on Thursday and Friday. The railway following Thanksgiving to those students who wished to spend Thanksgiving away from the city.

Prof. Wilson's students are now surveying the eastern part of the city and the western part of the city. The work is divided among the different sections. Each section is required to carefully plot its work. He has eight transits and three levels in use.

SALT LAKE CITY SCHOOLS.

Miss Pollock of the city schools lectured before the Brigham City teachers Saturday morning. The lady returned Sunday morning.

Supt. Christensen spent the week visiting schools.

A strong argument in favor of no schools on Friday following Thanksgiving can be advanced, owing to the fact that an appreciable absence occurred last Friday. Teachers find those who do present themselves for instruction so imbued with holiday spirit or so filled with "the good things of earth" that much effort on the part of the teachers is lost.

The meetings held last week were for beginners by Miss Pollock, first grade by Mr. Parratt, and second grade by Mr. Wetzel.

Next week the superintendent will send out a schedule of meetings to be held in December.

Principal D. A. Nelson accompanied the high school rosters to Ogden, then drove to the home of his father, Mayor Nelson of Huntsville, where he participated in the family Thanksgiving festivities.

The high school expresses itself as being thoroughly satisfied with the treatment accorded the boys by their Ogden friends last Thursday.

Teachers who availed themselves of the privilege to hear Dr. Boone in his lecture of last week speak very highly of the gentleman's ability to instruct, inspire and enthuse his audience.

Robert Knox, well known high school student, departs for California where he will continue his studies. He has distinguished himself while here by his persistence in study and great capacity for thinking.

The teachers' German class extends an invitation to all teachers to visit the class next Friday afternoon at 5 o'clock at the west side high school building.

L. D. S. UNIVERSITY.

Salt Lake City.—The vacation Thursday and Friday was greatly appreciated by the students, many of whom took advantage of the occasion to visit their homes in various parts of the state.

Through the courtesy of the various railroad lines of the city, single-fare rates for Thanksgiving days were made to all our students that desired to return home or to visit friends during holiday from Wednesday to Monday.

A telegram was received from Instructor Willard Bean this week stating that his wife, who has been ill, is on a fair way to recovery, and that he will be here next week to take charge of the classes in men's physical culture and general athletics.

At the general meeting last Wednesday, Mrs. Maggie Bassett favored the school with a beautiful solo, "September." President Paul then addressed the assembly on the text, "Whosoever shall a young man cleanse his way?"—Psalm 119: 9. The remarks were timely and inspiring in character, were

closely followed by the students, and endorsed by prolonged applause at the close.

Lunches in the diningroom have been extra good of late. Some of the dishes are particularly delicious, as well as new, and keep the guests wondering to the name of the viand, while the quality always speaks for itself. The latest improvement in the cooking room has been an increase in the size of the kitchen to accommodate the needs of the growing class, and it is thought that the work keeps pace with every new facility provided for the girls of this department.

BRIGHAM YOUNG UNIVERSITY.

Provo.—On Friday evening, Nov. 27, Prof. J. E. Hickman lectured under the auspices of the Onida Stake academy in Preston, Ida. His subject was "Robert G. Ingersoll."

The B. Y. U. girl is fast becoming a distinctive type of which neatness and daintiness are the characteristic features. Her costume is made up of a

Chipman of American Fork. Miss Lucille Young took occasion to explain the features in dress which the girls had decided should be typical of the B. Y. U. girl, and exhibited in illustration a neatly-executed drawing of the same. Miss Miriam Nelles' recitation, solos by Miss Edna Daniels, Miss Florence Jepperson, and Miss Pearl Boren, and an instrumental selection by Miss Peterson, were among the many pleasant features of the program. Professors Keeler and Nelson were present by invitation and were given an opportunity to express their admiration of the new building, equipped and occupied in the near future, and the fact that he himself promised to contribute \$50 is very good proof that he takes a great interest in the school.

BRIGHAM YOUNG COLLEGE.

Logan.—Last Friday the time of the day was taken up in devotion exercises by Supt. J. M. Tanner and President Joseph Morrell in talking to the students. Dr. Tanner spoke first and

day were somewhat changed, the language classes reciting during the theology hour, and the meeting occupying the remainder of the forenoon.

The students were delighted to have the opportunity of listening to the good instructions of our leaders in the Church, and so many of the students' parents, and other people of the town came out to the meeting as to crowd the building to its utmost capacity.

There were also in attendance, President Lewis Anderson of the South Stake, President C. S. Lund of the North Stake, and other prominent Church members. All seemed very much pleased with the work which was being done in the school, and words of praise were spoken in its behalf, especially of the musical talent, a portion of which was manifested on this occasion.

The new academy building, which is now nearing completion, was a source of much satisfaction and admiration to the students, and much comment by the different speakers at the meeting. The speakers exhorted the people to appreciate and take advantage of the educational opportunities they have, and to do their duty in contributing liberally to the new building, besides giving many valuable instructions on Church doctrine. President Smith very emphatically expressed his desire to see the new building completed, equipped and occupied in the near future, and the fact that he himself promised to contribute \$50 is very good proof that he takes a great interest in the school.

Many of the attendants have been heard to express themselves as having enjoyed the meeting very highly.

AGRICULTURAL COLLEGE.

Logan.—The sophomore class in hygiene is beginning the study of home nursing and the emergency work, using as a text a work by Dr. Hope, which book is supplemented by lectures and illustration lessons.

Mrs. Moeck came from Fairview, Ida., to spend Thursday with her son and daughter.

Mr. L. H. Boothe, recently called to St. Charles, Ida., by the death of his father, returned to the college last Monday.

The senior students in hydrographic engineering are preparing to make a complete survey and report on an irrigation system to be taken from the Logan river and to irrigate the south delta. The work is under the immediate supervision of Prof. J. W. Jensen.

The practice work of the second year girls in canning, preserving and pickling fruits closed last Tuesday, and is being followed by lecture work.

Prof. Ball and wife and Miss Norvall, Mrs. Cook, and Mr. and Mrs. Ostien were delightfully entertained by Professor and Mrs. Merrill on Thursday.

Professor Hutt received a large supply of the finest bulbs from the east, which he has had planted during the fine weather of the past week.

Director Whitson is now visiting experiment stations in the east.

The hemp raised on the college farm will soon be shipped to Chicago and Lincoln, Neb., to be worked up.

Professor Merrill left yesterday to inspect the dry farm in Juab county.

Miss Norvall left for her home in Ft. Collins, Colo., yesterday. She has spent the past several months here visiting with her sister, Mrs. Ball.

Professor and Mrs. Campbell entertained the bachelor members of the faculty at Thanksgiving dinner.

Very successful farmers' institutes were held last Monday evening at Hyrum, Paradise and Mendon.

The enrollment of the commercial department has already passed the hundred mark, and from present indications the enrollment for the year will be the largest since the creation of the business department at the Agricultural College of Utah.

Now that the business offices are in place the junior commercials have organized themselves into different committees to handle the business under the following titles: The Jenkins company, limited, general jobbers; Adams, Corbun & Co., department store; Fredrickson & McCausland, general contractors; Kerr & Rich, real estate, insurance and loans; college postoffice, inter-communication Railroad company, College Banking company.

The Commercial club is at last the proud possessor of an elegant silk flag, and upon a raised diagonal surface of red is the inscription "School of Commerce" worked in white.

The "Phi Delta Nu" held its regular meeting on Tuesday, W. H. Kerr gave an interesting paper on account of the Thackeray recess, and next Saturday at 2:30 the regular meeting will be held. The name of the speaker will be announced later.

Mr. George Hobson, as former Commercial student, but who is now engaged in mining in Tucuman, Nev., has returned to the college after a long absence, and will be glad to hear of his good fortune.

R. W. Jones, one of our former students, was a caller several days ago.

There was no meeting of the Commercial club today on account of the Thackeray recess, but next Saturday at 2:30 the regular meeting will be held. The name of the speaker will be announced later.

Mr. George Hobson, as former Commercial student, but who is now engaged in mining in Tucuman, Nev., has returned to the college after a long absence, and will be glad to hear of his good fortune.

Max D. Cohn, an old friend of the college, was among those who witnessed the football game Saturday, and later participated in the festivities in the gymnasium in the evening.

Prof. Stutter is beginning with color work in his first year classes. He is also developing a cartoonist in the person of Herbert Stoops. Some very creditable work from the pen of Mr. Stoops appeared in the last issue of Student Life.

Misses Egbert and Caine served an elegant six course dinner at the college dining room, to seven invited guests. This is part of the work for the seniors in domestic science.

The University of Wyoming football team was untied in the prize fight before the game last Saturday.

Quite a number of the students from the valley spent the Thanksgiving recess at their homes.

HOME TREATMENT.

We have a medicine for such troubles as: Headache, dizziness, nausea, vomiting, dyspepsia, sick-headache and general weakness, that will put the organs of digestion in first class working condition. Eat wholesome food, have it properly digested, and you have taken away the cause of more than half the ills of life. This medicine is called Dr. Gunn's Improved Liver Pills. Sold by all druggists for five cents per box. It is a safe, reliable, and effective remedy for a dose. They do not digest the food you eat, but do the very best possible thing, put the stomach in condition so that the food you eat is turned into a fine, healthy, and effective remedy for a dose. They do not digest the food you eat, but do the very best possible thing, put the stomach in condition so that the food you eat is turned into a fine, healthy, and effective remedy for a dose.

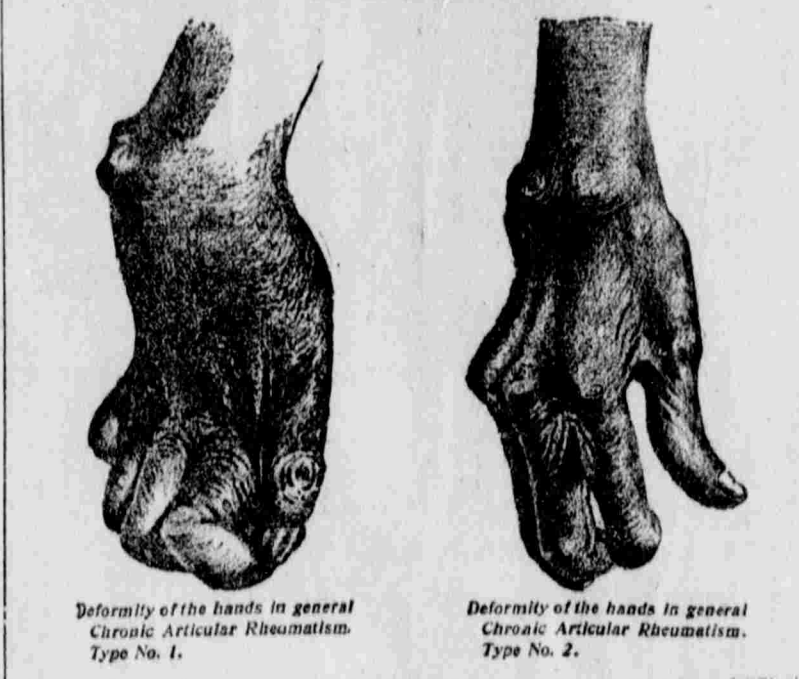

SNOW ACADEMY.

Ephraim, Utah, Nov. 25.—The Snow academy was very fortunate in securing the consent of President Joseph P. Smith, his wife, and President Anthony H. Lund to stop off at Ephraim and hold a meeting in the academy building before returning to their homes after attending the conference at Mant.

The usual school exercises for Monday

Have You Got Rheumatism?

25,000 Boxes Given Away To All Who Apply.
John A. Smith and His Remarkable Cure
For Rheumatism and Gout.

It is now possible to be cured of any form of rheumatism without having your stomach turned upside down or being half choked to death and made to vomit, and every sufferer from rheumatism should welcome this new and marvelous discovery with open arms and give it an honest trial. This new remedy was discovered by John A. Smith, a Kansas man, who is a generous enough to send a trial free to every sufferer who writes at once. It is a home remedy, and will not keep you from your work.

As you know, if you've tried them every so-called rheumatism remedy on the market today, except this genuine cure, will cause you violent stomach pains, and some of them are so dangerous they will cause heart trouble. And the worst of it is they never cure. When a person has rheumatism the constitution is so run down that he should be very careful what he puts into his stomach.

It therefore gives me pleasure to present a remedy that will cure every form and variety of rheumatism without one single unpleasant feeling. That remedy is "GLORIA TONIC."

Before I decided to tell the world about the discovery of "Gloria Tonic" I had it tried on hospital patients, also on old and infirm persons, with perfect success. But some people never will believe anything until they know it from experience. So the best and quickest way is for you to write me that you want to be cured.

And I will send you a trial box of "Gloria Tonic" free of cost. No matter what your form of rheumatism is—acute, chronic, muscular, inflammatory, deformed, sciatic, neuralgic, gout, lumbago, etc., "Gloria Tonic" will surely cure you. Do not mind if other remedies have failed you nor mind if doctors say you are incurable. "Mind no one but write me to-day sure. "Gloria Tonic" will stop those aches and pains, those inflammations and deformities, and cure you so that life will again be worth living. This offer is not for curiously seekers, but is made to rheumatists only. To them I will send a trial box of "Gloria Tonic" free.

Never before has a remedy been so highly endorsed as "Gloria Tonic" has been endorsed by such world-famous men as Dr. Quintero of the University of Venezuela, Hon. E. H. Plummer, United States Consul, Miraculous Prof. Macdonald of Surgeons' Hall, Edinburgh, the famous magazine "Health," London, and a column of others.

If you are a sufferer send your name today and by return mail you will receive a trial box of "Gloria Tonic" and the most elaborate book ever written on the subject of rheumatism, absolutely free. This book contains many drawings from actual life and will tell you all about your case. You get "Gloria Tonic" and this wonderful book at the same time, both free, so let me hear from you at once and soon you will be cured. Address, John A. Smith, 371 Germania Bldg., Milwaukee, Wis., U. S. A.

A Poor Man's Library.

When you consider that 20,000 new books come from the presses every year in the United States alone, it's rather absurd for us to talk about keeping up with what we call "Current Literature."

What shall be the poor man's library? Manifestly he cannot buy a great many books, it would seem wise, therefore, to have those he buys of general character except it be, perhaps, a few special books, technical books, on the lines which produce his daily bread.

Many families own several hundred volumes and do not possess a good encyclopedia, yet an encyclopedia would have more educational value, if used, than several hundred miscellaneous volumes.

The best authorities insist that every family should have a Bible, a dictionary, and an encyclopedia; that these are the most important books in the world cannot be denied. They are necessities.

Isn't this, then, the poor man's library, with such addition as may be made.

The newspapers of this country have exerted a great influence in the last decade by bringing within the reach of families of limited means, books of this character.

The Deseret News is now forming a club of encyclopaedia buyers who will be enabled to save 40 per cent on the usual cost by joining now. The complete set will be delivered on receipt of \$1.00, the balance being payable at the rate of 10 cents a day.

Surely no family can afford to go without an encyclopedia when such an offer is open. Come and investigate.

"Let the GOLD DUST TWINS do your work"

Any fair-minded person will tell you that Gold Dust does the work better than anything else can.

GENERAL USES FOR GOLD DUST: Removing woodwork, oilcloth, silverware and linens, painting, ironing, removing hair, room, pipe, etc., and making the finest soap.
