

CABINET DISCUSSES CHINESE EXCLUSION

Situation is Considered Serious
Both by the President and His
Official Family.

TROUBLE OVER ENFORCING LAW

President is Determined That the
Chinese Shall Have Fair
Treatment.

Washington, June 23.—Chinese immigration to this country and the execution of the Chinese exclusion laws constituted the principal topic of discussion at today's meeting of the cabinet. It was the last meeting of the cabinet to be held before President Roosevelt shall leave Washington for the summer.

The situation is regarded both by the president and members of his cabinet as serious. As Secretary Taft phrased it, there seems to be more trouble over the administration of the law than in the law itself. In fact, he expressed the belief that too much time was spent in developing evidence against Chinese who, presumably, were entitled to enter the country.

The president made it clear at the meeting today that he was determined under the law whenever they applied for admission to this country at any port. He believed this was not only in the interest of American manufacturers and business men, but no more than just to the Chinese. While no definite action was reached at today's meeting, it was the generally expressed opinion, that the amicable diplomatic and trade relations which this country has always maintained with China should be continued if possible. To this end, Secretary Taft will take action on behalf of the country.

The report that the commercial guilds of China have entered into a hard and fast agreement to boycott the American made goods has had a disturbing effect on American producers interested in the Chinese trade. It will be the effort of this government to endeavor to correct any misapprehension that may exist in China as to the too harsh enforcement of the Chinese exclusion laws. There is no disposition to exclude from the country any of the classes of Chinese who are exempt from the operation of the exclusion law.

Secretary Taft, of the department of commerce and labor, who has direct supervision of the immigration bureau, does not believe that unnecessary harshness is used in the enforcement of the law, but is investigating the subject with a view to correcting any evils of administration that may be developed. He pointed out at the cabinet meeting today that the United States trade with China in cotton goods alone for the 10 months of the present fiscal year has aggregated \$21,000,000, as against \$3,000,000 for the previous fiscal year. He hoped this trade would not be disturbed through any misunderstanding and expressed the belief that it would not be.

All the members of the cabinet were present at the meeting. It was the last cabinet meeting probably which Secretary Taft will attend as he expects formally to sever his connection with the administration of the 30th instant. Tomorrow he will spend much of his time in New York attending to his new duties in connection with the Equitable Life Assurance society. He will be in Washington on the 30th instant to turn over the navy department to his successor, Charles J. Bonaparte.

DISMISSED FROM YALE.

Senior Cornelius E. Daly Let
Out for "Cribbing."

New Haven, Conn., June 23.—Cornelius Edward Daly, the Yale senior, who has been rowing in No. 2 seat in the "varsity" eight, and who was considered one of the best rowers in the crew, was today dropped from the college roll for "conduct improper in a member of the university." The action was taken by the faculty at a lengthy meeting this afternoon, at which the case was thoroughly discussed.

The particular charge against the rowman is based on his examination in psychology, in a course offered by Prof. George T. Ladd. Whether Daly, in his examination used notes of an improper character or otherwise violated the rules is a question about which differing opinions were held. By the verdict of the faculty he is dismissed from the university within a few days of the time when he would have received his degree.

Daly's place in the Yale eight is taken by Ott Meyer, who spent an expected season, though not as tall or as heavy as Daly.

AUSTRALIAN MAIL.

Postal Authorities Holding Ship
While it Races Across Continent.

Chicago, June 23.—In order to catch the steamship Etruria, which is held four hours overtime in New York at the request of the United States post-office department, 318 sealed sacks of mail originating in Australia are being carried across the continent, so as to make up two days lost through a delay in

TEA
American imports of tea
have increased but little in
forty years; so much poor
tea.

Your pocket is the place to keep it. If you don't like
Bullfinch's Tea.

The arrival of the Ventura at San Francisco.

There is no obligation on the part of the United States postal authorities of the railroads which carry the mail to make up these two days, and it is done, through the combined efforts of the two, only as a matter of pride, and because the Australian mail which crosses the continent every four weeks, has never been late.

It is not known what delayed the Ventura, but the steamship reached port two days late. The mail sacks, the seals of which are not broken from the time they leave Australia until they arrive in England, weigh 19,000 pounds. They left San Francisco a few hours after the vessel reached port, but it was found they could not make connection with the Burlington fast train at Council Bluffs.

Traffic Manager Eakin of the Burlington agreed to run a special train for the mail sacks. They have left Chicago on their way east.

PILGRIMS SOCIETY DINES AMBASSADOR REID.

London, June 23.—Whiteley Reid, the American ambassador, who has been officially received by King Edward and the members of the cabinet and entertained socially by royalty and the leaders of English society, made his first public appearance as American ambassador tonight at a dinner given in his honor by the Pilgrims society of London. The gathering included many of England's most famous men, with a sprinkling of American residents of London, all of whom gave the heartiest welcome to the American representative.

Field Marshal Lord Roberts presided, and several hundred guests were present. Lord Roberts in proposing a toast to King Edward and President Roosevelt, coincided with a reference to President Roosevelt's effort to end the war, which was received with cheers.

To Premier Balfour fell the task of proposing the toast to the guest of the evening.

Ambassador Reid, who was personally known to most of those present, received an enthusiastic reception, rising to reply, the company singing "America" and "He's a Jolly Good Fellow."

Sir Henry Irving read a poem written for the occasion by Alfred Austin, the poet laureate. It is in five stanzas, the third of which follows:

"Now once again our Western kindred
Send
One whom grave thought and virile
speech adorn;
Not for whose sake alone we hail him
friend,
But for the manly land where he was
born."

Field Marshal Sir George White, governor of Gibraltar, proposed the toast of "The Pilgrims."

Gen. Stewart L. Woodford, former American minister to Spain, replied for the American Pilgrims, and Dr. Conan Doyle for the British Pilgrims.

Sir Henry Campbell-Bannerman, in proposing the health of Lord Roberts, briefly referred to Mr. Reid's former visits to England and spoke of how glad England was to welcome him back.

DENVER'S NEW CHARTER.

Colorado Supreme Court Renders
A Decision on It.

Denver, Colo., June 23.—The supreme court today handed down a decision holding invalid any portion of the new charter of the city and county of Denver which conflicts with the constitution and laws of the state regulating counties, and also that a county government must be maintained by Denver separate and distinct from the municipal government.

The county officers elected by the Democrats at the May election a year ago are ousted, and the Republicans elected elected at the fall election, by nullifying the returns from a number of precincts because of fraud, are seated. The charter provision for a second county judgeship is held invalid, and the incumbent, Henry V. Johnson, declared a usurper. The effect on the many decisions rendered by Judge Johnson during the past year is problematical.

WHY ALEXIS RESIGNED.

He Was Under Sentence by the
Terrorists.

St. Petersburg, June 23.—A story is current in the city that the day before Grand Duke Alexis resigned the post of high admiral, he received formal warning from the terrorists informing him that unless he retired within 25 hours a sentence on him would be passed and executed.

After the labor disturbances of January 22, which resulted in much bloodshed in St. Petersburg, it was reported that Grand Duke Alexis had been condemned to death by the terrorists. It was further asserted that for a long time after the murder of Grand Duke Sergius, Feb. 17, Alexis did not sleep, and he had again been notified that the terrorists had placed his name on the list of those who were to be executed.

SSS FOR THE BLOOD

"S. S. S. for the blood" has grown to be a household saying. When the blood is out of order, or needs treatment from any cause, this great remedy is the first thought of and used by thousands of people all over the country, because it is superior to all other blood purifiers. It is a purely vegetable remedy, and while it penetrates the circulation and forces out all poison and morbid matter, it also builds up the entire system by its fine tonic effect. During the winter months the natural avenues of bodily waste have become dull and weak and failed to perform their full duty, the blood has been sluggish and an extra amount of poisons and waste matters have accumulated in the system and been absorbed by it. With the coming of Spring and warm weather the blood is aroused and stirred to quicker action and in its effort to throw off these acids and poisons the skin suffers. Boils, pimples, blotches, rashes and eruptions break out and continue until the blood is cleansed and made pure. S. S. S. is the ideal remedy for this condition; it clears the blood of all impurities, makes it rich and strong and these skin troubles pass away. Rheumatism, Catarrh, Chronic Sores and Ulcers, Scrofula, Contagious Blood Poison and all other diseases of the blood are cured by S. S. S. Book on the blood and any advice desired, free of charge.

I was suffering from impure blood and a general run-down condition of the system. I had no appetite, was losing flesh, and an all-gone tired feeling made me miserable. I began the use of S. S. S. and my blood was restored to its normal, healthy condition. My appetite returned, I increased in weight, that "tired feeling" left and I was again myself.

EVIDENCE AGAINST SENATOR MITCHELL

All Day Long Prosecution Was
Introducing Document After
Document.

MONOTONY BROKEN BUT ONCE.

Was When Court Ruled it Was Proper
To Show That Defendant Had Ac-
cepted Fees in Similar Cases.

Portland, Ore., June 23.—Judge Albert H. Tanner, chief witness for the prosecution in the case of the United States against United States Senator Mitchell, occupied the witness-stand all of today. The direct examination was concluded late this afternoon, after which court was adjourned till tomorrow, when the defense will begin its cross-examination.

Only once today did anything occur to break the monotonous piling up of documentary evidence by the prosecution. This was when the court ruled that it was proper to introduce evidence tending to show that Senator Mitchell had knowingly accepted fees in other but similar cases to the one at issue, for the purpose of proving a lack of probability that an acceptance of a fee in the case at issue had been by inadvertence or carelessness.

The disagreement arose over the offer of a letter and testimony from Judge Tanner showing that Tanner and Mitchell had made an agreement with the Kribs to expedite certain claims in December, 1902. The defense objected on the ground that the agreement came outside of those alleged in the indictment. If such evidence was admitted, the defense argued, it would force Senator Mitchell without notice to disprove allegations not set forth in the indictment on which he was being tried, in other words by trying him for misdeeds of which he is not accused.

Mr. Heney contended that the rules of evidence admitted such testimony in certain cases as tending to prove knowledge and intent where its lack was set out as a defense, as in this case. One offense, continued Mr. Heney, might perhaps be an accident, an inadvertence, but with the increase of similar offenses, said the district attorney, the probability of lack of knowledge decreased. The court held with Mr. Heney, and as a result the testimony of Judge Tanner was admitted in relation to the work done for Benson and Hyde of California, W. E. Burke of eastern Oregon, and Lee Sue, a Portland Chinaman, as well as other transactions before the department of commerce and labor, in all of which it was contended that Mr. Mitchell had received his share of the fees paid.

The introduction and identification by Judge Tanner of documentary evidence continued throughout the entire day. Letter after letter, and telegram after telegram, which had passed between Senator Mitchell and Judge Tanner were offered in evidence despite the efforts of the defense to stem this flood. All, according to the government, related to transactions alleged to have been carried on in part by Senator Mitchell in Washington mainly before the general land office in relation to the Kribs claims. They comprised instructions and suggestions sent by Judge Tanner, lists of lands, references to the fees to be received and deposit slips sent by Tanner to Mitchell.

In some of the letters the senator asked if his name had been used in filing the papers, warning the judge that he could not appear as an attorney before any of the government departments. In others, Tanner referred to the matter, stating that he had not allowed the senator's name to be placed to any papers. A letter from Tanner to his partner told of a conversation had with Benson, who was then in Portland, in which he had cautioned Benson that the senator could not be known in any of the transactions. At half-past 4 the seemingly endless supply of documents came to an end, and Mr. Heney announced that the government had finished with its case. After court had adjourned Mr. Heney said that he expected the government would complete its case late Monday afternoon.

TWO STANFORD PROFESSORS.

One in New York and One in
Pittsburg Go Crazy.

New York, June 23.—M. M. Ramsey, professor of languages of Stanford university, California; a graduate of Columbia; a fellow of the John Hopkins university; member of the American Philosophical association, and the Modern Language association, and who is ranked in a magazine's court here today on a charge of "vagabondage," which was changed to insanity.

Ramsey was taken to Bellevue hospital to await the arrival of two physicians from Baltimore, who were interested in discovering his whereabouts in New York. The only reference Ramsey made to his plight was to remark: "This is all a farce; all a force."

Ramsey left California three months ago. Since then his friends lost all trace of him. His wife, Mrs. Agnes Emily Crail, chief translator of the international American conference, whom he married in 1899. He had a little money when he reached New York, since he has been here he has worked in various small restaurants and cafes on the east side as a waiter.

Pittsburg, June 23.—Prof. C. C. Rice, a former associate professor at Stanford university, who has been confined in St. Francis hospital under guard as a demented victim of the heat, left the city tonight for his home at Lincoln, Neb., in charge of his father, Prof. Rice's condition is still serious.

Gold from Nome.

Seattle, June 23.—The steamer Oregon arrived at 4 o'clock tonight from Nome, the trip being made in six days, 20 hours. The Oregon brought treasure valued at \$177,000. She had also 77 passengers including a number of federal prisoners bound for McNellis island and several insane people, with the treasure brought by the steamer Jefferson earlier today the receipts in gold for the past 24 hours foot up to \$437,000. The Ohio, which left ahead of the Oregon, has not yet been reported. The steamer Dolphin arrived here this morning with \$250,000 in gold. The gold came from the Klondike and was consigned to the assay office here.

State's Claim Outlawed.

St. Paul, June 23.—In the case of the state against Congressman C. E. Buckman to recover \$76,000 for alleged illegal timber cutting, the supreme court has decided against the state, ruling that the state's claim has been outlawed.

You get new Strength at once!

When you feel "used up," when you tire easily, these are signs that your nerves need attention. They protest against neglect and overwork.

The nerves control every organ of the body. "A good constitution" means simply sound, strong nerves. Every kind of weakness or sickness is due to a lack of the strong nerve force which keeps the organs working properly.

When the nerve system is not strong and well-nourished, one is easily "run down"—easily overworked. Then the nerves need new power—they must be nourished to restore their strength, and they won't do their work in the right way until they are fed.

Paine's Celery Compound is a tonic—a food for your nerves. It will build your nerves back to a healthy condition. It will give them strength and vitality.

For 18 years Paine's Celery Compound has been the standard nerve tonic and vitality.

Paine's Celery Compound is the prescription of Prof. E. E. Phelps, the great physician of Dartmouth University. All physicians know the famous formula, and it is constantly prescribed by them.

Felt Five Years Younger

"I have suffered for the past two years with debility and general weakness coupled with extreme nervousness manifested especially in severe backache and headache and indigestion. The doctor prescribed for me, but as his medicine did not do me any good and having heard so much of the value of Paine's Celery Compound, I began taking it and found that it helped my appetite and helped me digest my food properly. Before the second bottle was used up my aches and pains were gone and I felt five years younger. For the past four months I have enjoyed splendid health, all due to Paine's Celery Compound, which I most heartily recommend. Very sincerely yours—Miss Cora Bassett, Vendome Hotel, Seattle, Wash. (Vice-Chairman Working Women's Friendly Aid Society.)"

Try one bottle—see how much better you feel

PAINE'S CELERY COMPOUND

The celebrated nerve vitalizer and tonic

A druggist who wanted to retain his customers would not give them counterfeit money in change—but some druggists do not seem to know that it is just as dishonest and just as bad business to sell you a counterfeit of the genuine Paine's Celery Compound.

There are no genuine Celery Compounds except Paine's Celery Compound—all others are counterfeits and are unsafe, fraudulent, unknown imitations. See that your druggist treats you honestly. The honest druggist are just as anxious as you to give and receive honest treatment.

Any Time Is Furniture Buying Time

BUT THERE IS no better time than now—no better place than here to buy what is necessary to modernize and complete your home's appointments. Your time is our time for we are prepared at all times to give you what your household furnishing needs require. If it's anything not carried in stock regularly, we will make it or have it made for you, giving you the designs you want, of satisfactory qualities at satisfactory prices. We are Modern House Outfitters in all that the term applies. Modern Goods, a Modern Store and Modern Methods of doing business.

New Ideas In Carpets and Rugs

Surely you know our Carpet Department. If not you should for your own sake and now is a splendid time to get acquainted. Now that a thoroughly new line of late creations in both Carpets and Rugs is being shown. A visit will prove interesting as well as profitable.

Ice-Saving Refrigerators.

Though inexpensive in the first cost, the real economical feature of our new Refrigerators, is their capacity for keeping things cold and wholesome with the use of very little ice. You can make a good selection from \$8.50 upward.

60c Tabourette Special.

A very slightly and useful bit of Mission style furniture, suitable for seat, flower stand or stool. Your choice of three finishes weathered oak, fumed oak or waxed oak. Sixty cents.

Roman Stool Special 95c

Golden Oak or Mahogany Roman Stool with shaped legs, seat upholstered in fancy colored velours. A very pretty seat. Be sure you get one this week. Ninety-five cents.
