EVENING NEWS.

Wednesday. January 5, 1877.

Correspondence.

Washington — Meeting House — The Temple — Tabernacle — Pleasant Weather.

ST. GEORGE, Dec. 23, 1876.

Editor Deseret News:

A short time ago your correspondent visited Washington, which lies five miles east of here. It is nicely located on slightly rising ground, and is well supplied with Cottonwood shade trees, but though it is some years older than St. George, it is far behind it in improvements of all kinds. Washington has many natural advantages. One is the large cotton and woolen factory, which employs a great number of the young ladies, as well as many men and women. Water privileges are good, and the Washington field, which lies south of the city some two miles, is one of the best fields in this Territory, if it was properly and extensively cultivated. Fruits of all kinds can be purchased, and the addition of a few "live" permanent settlers would be of great benefit to the settlement, as they would give strength to the town, and assist in the development of its vast resources of wealth, which only needs the "bone" and the "sinew" to produce it.

The brethren there have at last commenced to build a fine large meeting-house. When it is built they will not be under the necessity of meeting in the "Relief hall," built by the sisters, which, by the by, is a fine hall, about 18 x 40 feet, neatly finished, and was built by the energetic, amiable sisters residing in Washington. It speaks well for their progressive and enterprising spirit.

In Washington they have a good Sunday School under the direction of brother Gould, who does all he can to instruct and bless the children. John W. Freeman is Bishop, and is considered a very reliable man, and he no doubt will have an eye to the future growth of our sister city.

A large cistern is being built near the Temple in this city, under the supervision of E. L. Parry, our leading mason. On Saturdays the work of grading still goes on. The fence around the Temple block will be soon completed. Father Edson Barney, an old Kirtland Mormon, is building it, with some help.

Our New Tabernacle and grounds are now placed in the care of Thos. Cottam, and it is impossible to write one's name in the dust on the benches, as can be done in the churches of some other towns in the United States.

Judge Boreman visited our town and remained over one night. He came in quietness and departed in peace, no rejoicing, no tears, not even a sigh or a moan that he was going to leave us. The society of mining camps is no doubt more congenial to his honor than the shadows of a holy Temple, reared to the name of God.

The streets are dusty, no rain, no snow, all sunshine, and nearly Christmas. When you wish to recuperate your exhausted energies, instead of going to San Francisco, take a ride over the rocks in the Southern Stage line, spend a month here and you will be prepared for a Summer's work, that is, if the stage line and the rocks dont kill you.

Hard Times at the Mines — The Country—Little Pasture—Timber Plentiful—The Mines and Prospects—Price of Provisions, Etc.

DEADWOOD, D. T.,
December 17, 1876.

Editor Deseret News:

Seeing a great many good reports in the newspapers about these parts, I thought I would try my fortune, but, alas! I can not see any chance here—out of money, out of employment, and out of provisions, and I may safely say that at the present time there are one thousand men on this creek in the same fix.

Claims are all laid over until the 5th of May, on account of cold weather. Snow, about one foot at present, fell four inches last night.

I arrived in the Hills on the 10th of November. I did not see a hostile Indian on the whole trip, and every thing is quiet here.

Farming and grazing country is very scarce. On the foothills there is some, but very little. There is timber in abundance, including pine, spruce, cottonwood, quaking-aspen, oak, and birch. Every hill well timbered. The largest valleys are something like Parley's Canon. The main parts of the Hills are nothing but hills and hollows.

There are stampedes every day and in all directions, but very little dust comes back. The prospects are very good for quartz mines. Two mills are running at present, and one nearly completed; but the country has not been very well prospected for quartz on account of Indians being bad in the summer. The best quartz I have seen assays $1,100, with a thirty foot vein. But there is nothing here to justify the boys in Utah coming here. I would willingly change places with them if I could, but it takes money to travel, and if any of them think of coming the best way would be for all to throw in and send one man to see, and then I think they would stay at home.

Flour is $16 per hd., bacon 35 cts. per lb., beef 15 to 25 cts., dried fruit 35 cts., and everything else accordingly.

Your brother in the Gospel,
JACOB END.

P.S.—There are very few men here from Utah. J. E.

TO CALIFORNIA.

We don't give this for *un fait accomplis*, but it is very strongly rumored that Cedar Rapids is to be the *half-way* station between Chicago and Council Bluffs.

If this is to be, and some experiments have been made to that end, we suppose it is on account of the superior condition of the road. A trip on the steel railed and well ballasted road, is not any more now, if as much, wear and, tear on the employes and machinery to a train, from Chicago to Cedar Rapids, 218 miles, as it was on the iron rails from Chicago to Clinton, 138 miles, in the olden time.

It is not necessary for us to say that the C. & N. W. R'y is a first-class road in every particular, that it rides as easy as sitting in a "rocking chair," that its coaches are parlors, that its employes are the most polite and affable gentlemen the traveling public can meet or will meet in a lifetime of travel—the *esprit de corps* of the employes, if we may so say, is at a high standard; we say we need not say this in a newspaper, it is self-evident to every traveler on the road. *But in the future these are to be increased; we suppose the speed will be increased; if possible, the superb train will be more superb; there is to be no train more complete, either for comfort or safety, leave the world's commercial metropolis for the* GOLDEN GATE, THAN THE GREAT TRAINS ON THE CHICAGO & NORTH-WESTERN RAILWAY—THE ONLY COMPANY RUNNING OUT OF CHICAGO THAT HAS A ROAD SO RELIABLE THAT THEY ARE NOT AFRAID TO RUN AT ANY SPEED CAPABLE OF BEING ATTAINED BY ENGINES OF THE MOST IMPROVED CONSTRUCTION, RUN WITH THE HAND OF IRON NERVE, AND A HEAD OF BRAINS, WITHOUT ANY FEAR OF ACCIDENT OR INCONVENIENCE.

Every employe on the road feels a personal interest in the North-Western Railway; it's the "clipper" road in the West, and so far as anything he can do it will continue so to be.

THIS IS THE TRANS-CONTINENTAL LINK FROM THE GREAT LAKES TO THE GREAT MISSOURI RIVER.

The old time traveler speaks in high glee of the "ease and comfort" of these days of steel in contrast with the pioneer days of this pioneer road in the days of iron. *The comforts of travel on the North-Western Railway are in every traveler's mouth from the Atlantic to the Pacific.* It must be a proud compliment to the efficient management, and that is the reason every officer or employe feels so happy and obliging.

It is with pride we mention these things, and join the general shout along the line, Hurrah for the "OLD RELIABLE."—*Cedar Rapids Republican, Aug. 14, 1876.*
