MOSS HELD FOR MANSLAUGHTER.

Coroner's Jury, However, Says He Killed W. E. Stone in Self-Defense.

HOME OF O. E. OHLSEN BURNED

Death of Christian Madsen—Bold Daylight Robbery—Albert Doxey Shoots Himself.

Notwithstanding the fact that the coroner's jury brought in a verdict in the death of William E. Stone, that he came to his death from injuries caused by a sharp instrument, and that it was Harry Moss, in self-defense, a complaint was issued against Moss by County Atty. Hulanski, and sworn to by Bernard S. Stone, uncle of the deceased, charging Harry Moss with manslaughter, and his bail was fixed at \$1,000, in default of which he was turned over to the custody of the sheriff.

The inquest was commenced before Judge Howell Saturday afternoon at 2 o'clock. Moss was present with his wife and Atty. Henderson and McMillan, who will defend him. The state was represented by County Atty. Hulanski, and Judge W. L. Magnuson represented the Stone family.

Drs. Baker and Gordon who attended Stone, testified to the wounds on the neck, which were fatal. The coroner's jury, however, after a deliberation of about an hour, returned a verdict that Harry Moss killed William E. Stone in self-defense.

W. A. Conley, Bert Slater and James Hancock testified that they saw Stone being taken up by Moss, who was trying to avoid a fight and repeatedly told the other man that he did not want to fight, as he was drunk. He did not see the beginning of the trouble.

All the testimony went to show that the friends of each combatant had scuffled one side against the other to prevent interference as the men were fighting. The trouble began at the hitching rail and was not at any time in the saloon. The men met by chance outside and had not been drinking together.

Robert L. Taylor and Walter S. Wilson, who had accompanied Stone to the canyon, testified that the quarrel had commenced from Moss throwing a rock at Stone and Stone hitting him with his fist and then in a clinch. While the two were fighting the parsons of each also got at it. Stone had Moss down and was beating him. He was pulled off by the bystanders and the fight ended with the dying man on top of the ground. None of them were hurt, the force of Stone's fall being broken by one of his companions, who held him in his arms. The accident, however, delayed them until Mr. and Mrs. Fisher, who were driving down the canyon, came along and let the young man take their rig to come to the house.

The search for the knife with which the stabbing was done was made yesterday under the direction of "Billy" Wilson. But it was not found. Wilson did not learn of the tragedy until this morning, as he had gone to bed when it happened.

A brother of the deceased was in California at the time of Williams' death and started home yesterday. It is expected he will arrive in Ogden Wednesday when the funeral will be held. The exact time will be announced later.

DISASTROUS FIRE.
The home of Oscar E. Ohlsen, the Southern Pacific engineer, situated near the corner of Jefferson and Twenty-sixth streets, was almost totally destroyed by fire yesterday afternoon. The damage amounted to about \$2,000. The house was situated in the rear part of the lot, the family was in the house, but were unable to say just how the fire originated. In a few minutes it was all ablaze. The fire department was called and made the fire, but did not arrive until the house was almost burned to the ground. A small amount of the furniture was saved, but the blaze became so intense that the rescuers could not get near it. The house was a two-story building, and the fire spread rapidly. The fire department arrived at 10:30 p.m. and worked until 1:30 a.m. when the fire was finally extinguished. The damage was estimated at \$2,000. The house was owned by Oscar E. Ohlsen, a well-known engineer on the Southern Pacific.

DEATH OF CHRISTIAN MADSEN.
Christian Madsen, one of the oldest

residents of Weber county, died at his home in Huntsville Saturday afternoon after a lingering illness from asthma. He was born in Denmark, where he joined the Church of Jesus Christ of Latter-day Saints, emigrating with his wife and son, who survive him, in 1873. He was, at the time of his death, aged 73 years, 5 months and 15 days.

BOLD DAYLIGHT ROBBERY.
A bold robbery took place yesterday afternoon about 4 o'clock when a man broke in the window of Stein's second hand store on lower Twenty-fifth street and stole a quantity of jewelry. The store had perhaps a dozen people in it when the burglar was broken out. One of the robbers stood watch and when he thought no one was close enough to catch them, he gave the signal. Soon after the burglar broke in the window, grabbed a half dozen watches and ran down the street. They were seen to run by several people who gave a good description of them to the police. The watches and other articles taken are valued at about \$150, some of the watches being gold fobs.

HAILE AND MURLEY GUILTY.
Thomas Haile and Joseph Murley, the two men who were given a hearing Saturday on charges of burglarizing Belter's jewelry store, were found guilty by the jury and will receive sentence tomorrow. The goods stolen were valued at \$1,000. The defendants admitted the charges and claimed that they were led into the trouble by Jack Halling whom they dubbed as a "stool pigeon" for the police.

SPECTACULAR SHOOTING.
Albert Doxey, a young man from Ogden, was the principal in a rather spectacular shooting yesterday. He went to Willard in the afternoon with a young man named Lee Walker. They had both been drinking and drove to the residence of Mrs. M. J. Taylor, whom Doxey had been keeping company. He invited her to go riding with him. She saw his condition and refused. He pleaded for mercy, but the young woman declared she would not accompany him. Her positive refusal perturbed and disconcerted him and he went away declaring that he would kill himself. He drew a revolver and said he would "finish the business" right there. Before he could inflict any injury upon himself, Walker intervened and grabbed the gun, but not getting the pistol, he fled. Doxey had for the time being at least. They had traveled but a short distance farther, however, when Doxey jumped from the vehicle and quickly placed the revolver to his head pulled the trigger. Apparently he had killed himself. He was unconscious and the wound bled profusely. At the very moment when he was attending to the patient just opposite from where the shooting occurred and was soon at the young man's side. He was removed to a nearby house and given further treatment. He is now in a critical condition and his chances for recovery are fair.

OBITUARY.
MR. CAROLINE P. WINSLOW, who died in Ogden City, Utah, June 1, 1904, at the residence of her son, Mr. W. L. Winslow, was one of Utah's early pioneers and most highly respected ladies. Her deceased husband, Mr. W. L. Winslow, was a well-known citizen of Ogden, where he died in 1898. Mrs. Winslow was born in Lewis, Mo., and came to Ogden in 1850. She was the daughter of William Marchant and Catherine Pappas. In the year 1850, she married Mr. W. L. Winslow, who was a well-known citizen of Ogden. They had two sons and six grand-children. She was a devoted mother and a kind friend. Her death was a great loss to her family and to the community. The funeral services were held at the home of her son, Mr. W. L. Winslow, on Wednesday evening, June 9, 1904. The burial took place in the Ogden City cemetery.

CHANGE IN BISHOPRIC.
Elder Walter Scott, of the Second ward was sustained last evening as counselor to Bishop Nelson of the Second ward in place of Elder William F. Taylor who has removed to Vineyard.

FOURTH DISTRICT COURT.
Judge Booth has rendered a decision in the case of Pleasant Grove vs. Artemus Holman, finding for plaintiff in the amount of \$1,000, plus costs for the year 1902, \$7; for the year 1903, \$4; costs to follow judgment. And that the whole irrigation system is one and that it is not practicable to separate it under the several sources of supply, and that plaintiff has a right to control of the system. The defendant gets a benefit, directly or indirectly, from each source of the water supply, and Holman as a tenant in common should be consulted before large expenditures are made, that he may have a voice therein, as to its necessity and the costs.

The Lake Bottom Canal company has commenced suit against E. V. Vincent for \$25 damages, alleged to have been sustained by reason of defendant filling up plaintiff's waste ditch.

Springville Banking company vs. R. Thurnman; demurrer overruled by court, and defendant given ten days in which to file answer.

NEW TABERNACLE ORGAN.
A committee of public spirited citizens has taken in hand the matter of raising money for the purchase of a new organ for the new tabernacle. It is intended to purchase an instrument to cost from \$12,000 to \$15,000, one that will be appropriate for the new building in which it is to be used. The committee consists of Lafayette Holbrook, chairman; J. R. Twelves, Hugh Clayton, R. L. Taylor, L. Nelson, E. H. Holt and J. T. Frisby.

FOR A PUBLIC LIBRARY.
Dr. F. W. Taylor and other citizens interested in the public welfare are circulating a petition asking the county commissioners to levy a tax under section 1360 of the Revised Statutes for the maintenance of a public library. As the petition is being readily signed by taxpayers and more than \$1,000 have been obtained, Provo may soon have the benefits of a place where the people can profitably spend their evenings and other spare time. The extra tax which will be required for this purpose is so trivial compared with the good that may be accomplished, that it is believed that it will be accepted. The petition is being circulated in the city of Provo, and it is hoped that it will be signed by a large number of citizens. The petition is being signed by Dr. F. W. Taylor, J. R. Twelves, Hugh Clayton, R. L. Taylor, L. Nelson, E. H. Holt and J. T. Frisby.

PROMISING CROP PROSPECTS.
The crop prospects in Cache county were never more promising than at the present time. The fall grain on the dry farm land is just beginning to head out and promises an extra heavy yield. The prospects for sugar beets is not so good, for some reason the plants did not come up in many places, and the yield will be less. The hay crop will be very heavy. The first alfalfa crop is now being cut.

NEW SCHOOL SUPERINTENDENT.
At a meeting tonight the Logan city board of education elected Prof. Daniel C. Jensen superintendent of the city schools, at a salary of \$1,000 per annum. Prof. Jensen is a native of the Bright Young college and Prof. Willard S. Langton of the Agricultural college were elected associate members of the city board of education.

The usual claims were allowed and some needed improvements for next year were ordered.

Prof. Jensen, the new superintendent, is a native of Utah, born at Ephraim, June 10, 1869. He received his education in the public schools of his native town, the Snow academy, the University of Utah, and the Brigham Young college, where the degree of bachelor of arts was conferred in 1902. He began work in his chosen profession at the University of Utah, where he was supervisor of the Mt. Pleasant schools, during which time he fostered an excellent system of public education. His attractive personality and his devotion to the cause of education, and his position in the training school of that institution. One year later he was secured by the Brigham Young college as principal of the training school in that institution, which position he held for three years, when he was placed at the head of the department of geology and biology in the college proper, which position he held at the time of his election to the superintendency.

Mr. Jensen has been very successful throughout his educational career and enters upon his new duties under favorable circumstances. His policy will be one of progression and advancement, endeavoring to maintain the present high standard of our public schools.

EUREKA.
HAPPY WEDDING BELLS.

New Democratic Paper—Big Runaway—Death of Granny Butler.

Special Correspondence.

Eureka, June 10.—Mr. Bert Thurmond and Miss Lola Dennis of this city will be united in marriage at the L. D. S. Temple at Salt Lake City on the 13th inst. The ceremony the young couple will go to Provo, where a reception will be tendered them by the parents of the groom.

Miss Dennis is the daughter of Mr. and Mrs. William Dennis, and is very popular with the people of this city. Mr. Thurmond is the genial manager of the grocery department of the Bullion-Brook store, and has made many friends who wish him every joy that comes to a young bride.

M. B. Parks, a well known young business man of Eureka, and Miss Laura Nebeker of Salt Lake, were quietly married at the latter city yesterday. Before returning to Eureka the couple will visit Mr. Parks' parents at Peru, Indiana.

BIG RUNAWAY.
A big runaway took place this morning on Main street. The team, attached to a spring wagon, got frightened and ran down the street, setting the wagon, and starting three other teams to running. Two boys who were riding on the springer (Robert Brown and John Wright) were thrown to the ground and considerably bruised about the body. Fortunately few people were on the street at the time, or several serious accidents might have occurred.

NEW DEMOCRATIC PAPER.
The defunct Tintle Miner is to be resurrected next week. A new company has been formed, who will take charge of the old plant and issue a weekly in their interest of the Democratic party.

Mrs. Emma Butler, better known as "Granny" Butler, died at her home at Mammoth last night of heart failure. Deceased was an old resident of Tintle and was the wife of John Butler, who was killed in a railway accident. She was 80 years of age.

Three specters that threaten baby's life. Cholera, infantum, dysentery, diarrhea. Dr. Fowler's Extract of Wild Raspberry never fails to conquer them.

Growing Old.
Ought not to mean growing weak and feeble. It does not mean weakness or feebleness for those who eat with good appetite and sound digestion. It is of the utmost importance that old people should retain the power to digest and assimilate food which is the sole source of physical strength. When age brings feebleness it is generally because of the failure to assimilate the nutrition contained in food.

Dr. Pierce's Golden Medical Discovery cures diseases of the stomach and other organs of digestion and enables the perfect digestion and assimilation of food. It invigorates the liver and promotes general physical well being.

"It is with gratitude we acknowledge what Dr. Pierce's medicine has done for grandmother's health. She has been suffering for years with indigestion, and has been unable to eat. She has taken only three bottles of Golden Medical Discovery and is entirely well. She has gained weight and her health is now as good as ever. I will gladly answer all letters of inquiry."—Mrs. Caroline Jensen, her age is 72 years.

Sick people are invited to consult Dr. R. V. Pierce by letter, free. All correspondence is held as strictly private and strictly confidential.

Dr. Pierce's Pleasant Pellets regulate the bowels.

shorter by two miles than the former. The Wellsville people oppose the change and make a counter claim for their route.

The contention arises over the prospect of measures being taken by the county and state to make a good permanent road between Logan and Brigham. The commissioners have taken the question under advisement.

The county commissioners sat as a board of equalization yesterday and today.

There was a slight frost throughout the county last night, but so far as can be learned but little damage was done.
