

BASEBALL OUTLOOK FOR NEXT YEAR.

Situation Will Be Thoroughly Discussed at P. N. League Meeting.

TO BE HELD NEXT TUESDAY.

Magnates Will Assemble at Spokane—Ogden Invited to Send Representative—New Circuit Expected.

The probabilities are that we will have better baseball during the season of 1904 than was known to local fans during the season now closed. The Pacific National league magnates realize that that is now the time to begin work and lay plans that will insure high class ball for next season, and for the purpose of discussing the outlook in all its details, President Ogden has called the magnates to assemble at Spokane next Tuesday, the 13th of October. The four clubs representing the league will have representatives on hand, and it is believed that the meeting will send someone along to take part in the meeting and secure a franchise in the Pacific coast league. The franchise has been secured in Tacoma and is in the lineup next season, and there are strong reasons for thinking that Ogden will secure a berth in the organization. That the "war" on the coast will be dropped there is no doubt. The battle is practically won now and there is little more that the P. N. organization could do. The officers there of know full well that it costs a small fortune to carry on the fight that was waged during the early spring and summer, and that the coast league had all the advantage in carrying on the fight. The prospects are now that the Pacific Coast league will be taken under National protection and the hatchet buried for all time.

Eastern Ball Games.

Chicago, Oct. 5.—The American league team won its second game of the series today by a convincing majority. Wicker for 4 hits and playing a perfect game in the field. The Nationals were unable to do much against Altrick's left-handed curves with men on bases. Score: Nationals 3, Americans 4. Batteries—Wicker and Kling; Altrick and Sullivan.

Americans Won.

Philadelphia, Oct. 5.—Score: R. H. E. Nationals 1 3 2. Americans 4 11 1. Batteries—Duggan and Roth; Plank and Powers.

Rain in Pittsburgh.

Pittsburg, Oct. 5.—The opening game in this city between the Pittsburgh and Boston baseball teams for the world's championship series was postponed today on account of rain and wet grounds. If the weather permits the first game will be played tomorrow.

Smathers Buying Horses.

Chicago, Oct. 5.—The Post says: It is reported that E. E. Smathers, the owner of the Chicago Cubs, is about to buy Dick Welles for \$40,000. Dick is quoted as neither confirming nor denying the probable sale.

McCormick Would't Fight.

Philadelphia, Oct. 5.—The six-round fight between Jack McCormick of Philadelphia, scheduled for the Washington meeting club tonight, did not come off because McCormick refused to fight, owing to the light attendance of spectators.

Football Team Home.

The University football team has returned from Colorado and each member appearing the worse for the trip and the whipping they received at the hands of the big Boulder eleven. The Colorado team weighed the "Varsity boys about 45 pounds to the man, and consequently they were greatly handicapped in the game. They put up a good hard fight, however, and made their opponents feel that there had been something doing.

The Fidler Identified.

New York, Oct. 5.—The Fidler, winner of the last race Saturday was today named in the paddock after the fifth race, when many well known horsemen were satisfied that he was The Fidler, and not McNamara, as had been reported.

LOOKS LIKE A "RINGER."

Bookmakers and Turf Patrons Are Now Brooding Over The Fidler's Wining. New York, Oct. 5.—Morris Park bookmakers are brooding over the result of the last race Saturday's program. The Fidler won, and if current reports are true, he resulted at all the bookmakers here in scores of poolroom proprietors.

CAUSE OF FALLING HAIR.

Dandruff, which is a Germ Disease—Kill the Germ. Falling hair is caused by dandruff, which is a germ disease. The germ in dandruff enters the root of the hair, where it destroys the vitality of the hair, causing the hair to fall out, and the cuticle in little scales, called dandruff or scurf. You can't stop the falling hair without curing the dandruff, and you can't cure the dandruff without killing the dandruff germ. Destroy the germ, you remove the cause. Newbro's Kerplague is the only hair preparation that kills the dandruff germ destroyer. Sold by leading druggists. Send 10c. in stamps for sample. The Kerplague Co., Detroit, Mich. For sale by Z. C. M. I. Drug Dept. 84

throughout the country with they never had heard of The Fidler. Odds of 2 to 1 were posted on the track against the gelding's chances because so far as known he had never shown form which should have made him at all prominent in the running. Small sums were placed judiciously about the betting ring so that the odds did not recede. Meanwhile, it is alleged that heavy wagers were placed in the poolroom about the horse. The bets were eagerly snapped up because telegraphic reports from the track showed a change in the odds, and the layers were not at all worried as to the possibility of The Fidler coming in first. Members of the Bookmakers' association estimate that more than half a million of dollars was cleared up on the result.

As the play at the track is abnormally heavy on Saturday and the half holiday season generally places much money on "long shots" it is quite possible that the estimated winnings in this city alone of \$100,000 may be somewhat near correct. Chicago poolrooms are said to have lost \$100,000; St. Louis, \$100,000; San Francisco, \$15,000; Louisville, \$10,000; and smaller sums elsewhere.

TODAY'S PROGRAM.

Calls for Contests Between Automobiles and Horse Races.

The program at the fair this afternoon ought to draw a big crowd. There will be horse races and automobile races—if it does not rain. Yesterday's rain spoiled the races and the program was postponed to this afternoon. In addition to those interesting events there will be three races between the fast automobiles of the "Varsity eleven and the Soldiers' team has been called off. The auto events will be as follows: First race, five miles, for cars under 1,000 pounds—Charles Wilkes, S. Duran, O. B. Meredith, Dr. Scott, H. V. Scoll, H. M. Crowder, Charles Wilkes. Second race, five miles, for cars under 1,200 pounds—J. L. Carter, G. W. Miller, A. B. Meredith, Dr. Scott, H. V. Scoll, H. M. Crowder, Charles Wilkes. Third race, 10-mile handicap for all weights—A. B. Meredith, Dr. Scott, H. V. Scoll, Charles Wilkes, F. G. Janney, H. V. Scoll, S. Duran, G. W. Miller, G. W. Miller, A. Beveridge, Dr. Scott, F. L. Carter.

NEW ATHLETIC CLUB.

One is Formed by Young Men of Taylorville—Will Have Football Team.

A number of budding athletes of Taylorville have organized an athletic club, and propose to make themselves seen, head and feet on the field of amateur sports this winter. They will have a football team and a track team. Fred Benson, president; James Dick, vice president; Samuel Fixton, secretary and treasurer.

No Game at Cincinnati.

Cincinnati, Oct. 5.—The game between the Cincinnati Reds and the Cleveland Indians for the championship of Ohio series was postponed today on account of wet grounds.

KINDLY TAKE NOTICE

that Ely's Liquid Cream is of great benefit to those sufferers from nasal catarrh who cannot inhale freely through the nose, but must treat themselves by spraying. Liquid Cream differs in form, but not medicinally from the Cream Balm that has stood for years at the head of remedies for catarrh. It may be used in any nasal atomizer. The price, including a spraying tube, is 75 cts. Sold by druggists and mailed by Ely Brothers, 54 Warren St., New York.

DIAMOND GOAL.

Sold only by Citizens' Coal company, 52 West Second South, Tel. 43.

All of the Mormon Church publications. We are the largest book concern of the state. DESERET NEWS BOOK STORE, 6 Main St., Salt Lake City.

THEODORE BEST

Receives Pupils for Guitar and Mandolin at Room 49, Lion House.

CIVIL SERVICE CHANCE.

Good Opportunities for American Teachers in the Philippines.

Under the head of "Teachers for the Philippines," the interior department has issued a circular, a copy of which has been received in this city, and which reads as follows: The civil service commission has just received a call from the Philippine government for 150 male teachers, with salaries as follows: 25 at \$1,200; 70 at \$1,000, and 55 at \$800 per annum. It is desired to secure these teachers without unnecessary delay, and an examination will be held on Oct. 19-20 in various cities. Peace has been established in the Philippines and the conditions of living are improving every month. This examination, therefore, affords an excellent opportunity for young men to enter an attractive service which offers excellent opportunities for promotion. Teachers appointed are eligible for promotion to the higher grades in the service, the salaries ranging from \$800 to \$2,000 for teachers and from \$1,500 to \$2,500 for division superintendents. The commission suggests that those who apply for this examination should be devoted to their profession and conscientious, energetic, and successful workers.

For application blanks and further information concerning the scope of the examination, transportation, conditions of employment, etc., applicants should apply to the United States civil service commission, Washington, D. C., or to the secretary of the civil service board at any postoffice where lettercarrier service has been established. Persons who are unable to file their formal applications in order to receive admission cards to the examination will be authorized to take the examination, if they will notify the commission by letter or telegram in sufficient time to ship examination papers and arrange for their examination.

Amusements

It was a rare concert program that Prof. Kent and his fellow artists arranged for the entertainment of a goodly audience at the Tabernacle last evening. There should have been even a larger turnout than there was, but with the sort of music our people are hearing nowadays without charge at the Tabernacle and elsewhere, and with the various counter attractions, it was probably as good a gathering as could have been expected. The program was dotted with gems. Mr. Kent himself sang several numbers, ranging from the dramatic "Torcedor" song from "Carmen," and the majestic "Lost Chord," down to the patriotic "Jingle." The meaning of the U. S. A., he was vociferously applauded for everything, and bearing a certain theatrical tendency in his manner, was admirable throughout the ovation of the night. He played upon a new violin of his own manufacture, and achieved astonishing results. His rendition of the Carmen selection was of the sort that made people hold their breath and stare at each other. Being encased, he rendered the divine "Trau-morale." Most admirably too, he was supported by Mr. Shepherd at the piano. Another ovation greeted Prof. Mc-Clellan, whose dainty "Gondoliers,"

DO YOU BELIEVE IN SIGNS?

A mark, note, token or symptom, indicates that by which anything may be known, that is, we are forewarned if evil is to befall us, or we have the pleasure of anticipation if the signs betoken a fortunate occurrence. Accidental occurrences all have their significance. People that believe in these signs and know that they are true from experience, can get immediate relief from a speedy cure by the use of Dr. Gunn's Improved Liver Pills. Sold by druggists for 25c. per box. Only one for a dose. For sale by Z. C. M. I. Drug Department.

LYON & CO.

Pushing a poor article is very hard work, and we don't propose to have anything to do with that class of business. We sell none but the very best goods, and nothing unworthy or uncertain ever comes into our store. Our stock of jewelry is always complete and up-to-date. It will surprise you how cheaply a good ring can be bought. 143 Main Street. Tel. 1072-2. DIAMONDS.

Hotel Belleclair

Broadway and 77th St. New York.

ABSOLUTELY FIREPROOF

THE HOTEL BELLECLAIRE appeals especially to what may be called semi-transient visitors: people who desire, for a week or a fortnight or a month, the comforts, conveniences and advantages of New York's great modern hotels, but who wish to avoid some of the noise, the bustle and the expense that are inevitable in an extended visit. For such people THE BELLECLAIRE has furnished suites of one, two or three rooms and bath, which may be occupied at reasonable rates for shorter or longer periods. It is an apartment house with the best features of a hotel. It is a hotel with the best features of an apartment house. And it is absolutely new and absolutely fireproof.

MILTON ROBLEE, Proprietor.

Broadway, at Seventy-seventh St. NEW YORK.

exquisite "Old Kentucky Home" brought down the house. In the last selection the stops he employed made some people almost ready to swear they could hear human voices articulating the words. The other selection, "Overture to Tannhauser" was nobly performed, but was somewhat long and severe for a popular concert. The choir did charming work in "The Sea Hath Its Pearls." The ladies as usual were superior to the other side and they showed it noticeably in the opening and closing numbers. Where, where, Mr. Stephens are the tenors and basses of yesterday? The concert was pushed through with snap and precision and Mr. Stephens, who conducted, deserves a special word of thanks for having his audience dismissed soon after 10 o'clock.

A certain caustic critic in writing of the shortcomings of a dramatic company, advised that they all be taken out and rehearsed vigorously, and then shot. We would hardly advise going to that length with the "Reuben in New York" organization. Possibly a mere reading and closing numbers, with a salutary warning and cause them to disperse without further offending the peace and dignity of our fair city. If no such disorders again tonight, Wednesday and Thursday.

Last night's audience jammed the theater from turret to foundation stone. Ninety per cent of the turnout was made up of out of town people and they were not inclined to be critical. They were out for a good time and they had it, for the evening was one long roar of laughter. Manager Pyper might justly shrug his shoulders and refer the critics to the applause that greeted "Reuben," and ask what better verdict was wanted than that—and the only answer must be silence. Reuben disorders again tonight, Wednesday and Thursday.

At the Grand a good conference audience sat through the hitherto, and it is to be hoped the critics to the applause, entitled "Our Wife." There was no very great amount of enthusiasm and while the piece amused some of the gallery sections, it cannot be said to have hit the fancy of the lower portion of the house to an extent that would strike fire. It will run tonight, tomorrow night and tomorrow afternoon, and will be succeeded on Thursday by the thrilling melo-drama entitled "Buried at Sea."

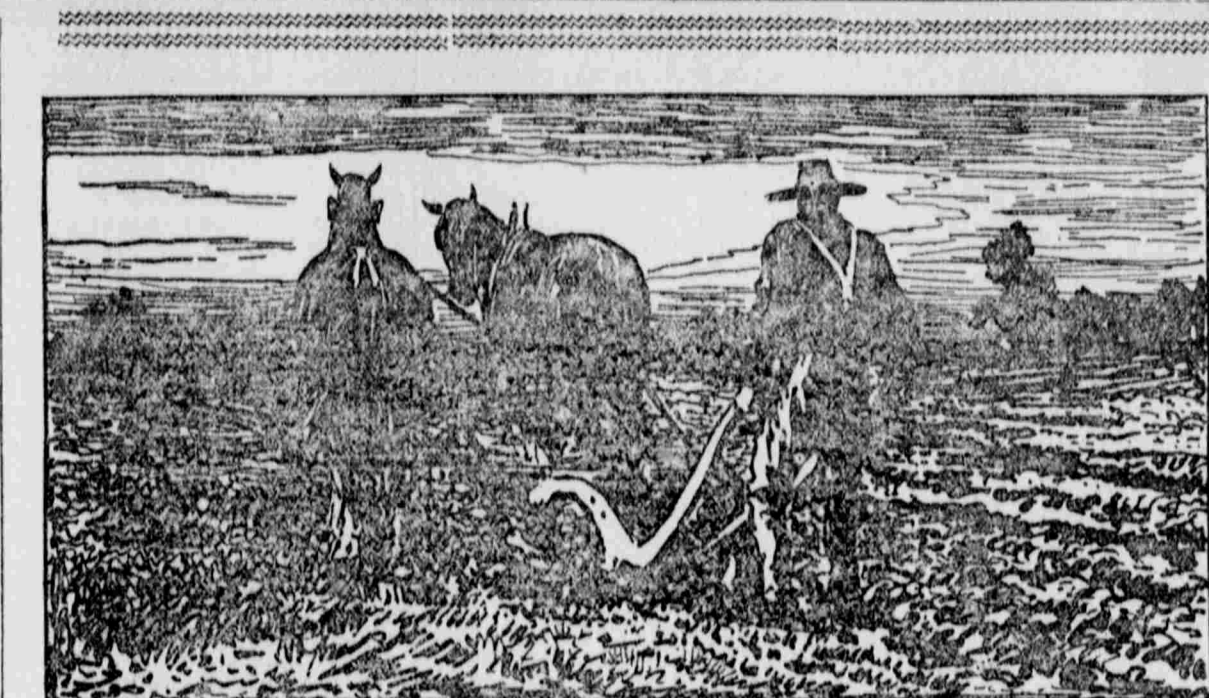

Mr. Sam Thall, well known in Salt Lake for the number of attractions he has brought here, is with us once more, this time in advance of the noted comic opera "The Chaperones," which visits us next week. The charming singer, Miss Mabel Hite, heads the company.

The advance sale for "The Texas Steer," which opens at the Theater Friday commences tomorrow evening.

At the Novelty Theater on West Second and South good crowds are in attendance afternoon and evening to see the vaudeville bill presented. The show is on the popular order and for the prices charged is something of a marvel.

The "Unique," on Main street, is getting its share of the Fair and Conference crowds. A first list of entertainments is arranged by the management for the current week.

Mr. Pyper has just received a telegram saying, "Nordica-Dusa" tour opened Baltimore today. Tremendous success. Receipts \$5,500. The advance sale opens here Thursday.

ON THE FARM.

HOW NATURE PROVIDES FOR US.

The most independent man on earth is the farmer, for he makes the earth yield him almost everything needed for life. He knows that as he sows so will he reap. He usually keeps strong and healthy from constant strife with nature—in sunshine and in pure air. At sundown, when work is done, he finds most refreshing sleep in bed, such as only a tired man knows. In the same way that the earth yields food for man, so does it provide remedies for human ills. Thousands of households throughout the farming districts of the United States know the value of Dr. Pierce's Golden Medical Discovery. It is nature's most valuable and health-giving agent—made without the use of alcohol. It contains roots, herbs and barks, and is the concentration of nature's vitality as found in the fields and woods. This remedy has a history which speaks well for it because it was given to the public by Dr. R. V. Pierce, founder of the Invalids' Hotel and Surgical Institute, at Buffalo, N. Y., nearly forty years ago, and has since been sold by druggists in ever increasing quantities. Some medicines, tonics or compounds, enjoy a large sale for a few years, then disappear from the public attention, but Doctor Pierce's Golden Medical Discovery has proved such a reliable blood remedy and tonic that it often enjoys the confidence of several generations in a family, and its increased sales year by year coming from the recommendations of those who have tried it, prove its lasting merit, so that every bottle bears the stamp of public approval. Every other well-known blood-maker and tonic for the stomach that we know of contains alcohol, but Dr. Pierce guarantees that no alcohol is contained in his "Medical Discovery." This remedy works in the natural way,

for it corrects the irregularities of the stomach by promoting digestion and assimilation. The blood is cleansed and fed on proper nourishment, the nerves get rich red blood, and in consequence nervous troubles disappear, for they are often due to improper nourishment. Neuralgia is the cry of the starved nerves for food. Feed the nerves on pure rich blood and nervous symptoms will disappear. The result of indigestion and dyspepsia is that the person's blood becomes thin and watery because it is not fed on that nourishment which it should take from the food, and the person becomes nervous and sleepless. All such persons we advise taking the "Golden Medical Discovery" three times a day. Modern science is teaching us that those things which appeal to the appetite the most are the most easily digested. Not all digestions are alike, and "what is one man's meat is another man's poison." Any food which you crave and long for will be easily digested if you do not think about it and do not permit others to dissuade you from it. On the appearance of any food which you have a longing for the secretion of saliva and the gastric juices will be increased and the stomach will take care of the rest. Don't make meals of bread or some unwholesome "mush," but take some highly nutritious food such as rare beef, and give the digestive apparatus something to work upon. The stomach becomes weakened if given no exercise, just as the muscles of the other parts of the body. For those suffering from indigestion, Dr. Pierce's "Medical Discovery" gives a healthy tone to the stomach, liver, blood and heart. Drink plenty of water between meals—hot water on arising in the morning, and three doses of "Discovery" per day, and we guarantee that you will be able to eat anything you like after a month or two. At the same time, you are putting your body in such a healthful condition that you are capable of warding off the attack of any germ disease. With proper food for the stomach, pure air for the lungs,

exercise and cleanliness at all times, one gets proper nourishment for nerves, lungs, heart and liver, and by stimulating the organs into activity with Dr. Pierce's Golden Medical Discovery when necessary, you can laugh at disease.

"This is to certify that I have used Dr. Pierce's Golden Medical Discovery and think it's the grandest medicine in the world," writes Mrs. V. M. Young, of Weir, W. Va. "I took down sick and called in our physician and he gave me medicine but I grew worse. He said I had dyspepsia in its worst form. I decided to try your medicine and began to improve. I used five bottles of the 'Golden Medical Discovery' and three of 'Favorite Prescription,' and now am doing my own housework. A number of my lady friends also are using Dr. Pierce's medicine and they recommend it highly. May God bless and prosper you in your grand work."

Mrs. Robt. Lambden, of Havans, N. Dak., Box 94, writes: "No one can tell how much I suffered with my leg. It was so bad for a year I could hardly walk around to do my work, and at times couldn't even bear the weight of a sheet over me at night, but your medicines cured me. My leg is quite well again. After I had taken two bottles of Dr. Pierce's Golden Medical Discovery, I began to feel very different, and kept getting better. Took nine bottles of 'Golden Medical Discovery,' also used Dr. Pierce's All-Healing Salve, and now my leg is as well as it ever was. Am willing every one should know what good your medicines have done, and would advise any one suffering as I did to try the same treatment. I think and feel sure it will help them."

DO YOU KNOW YOUR OWN SYSTEM? A complete medical book and physiology of the body, is Dr. Pierce's Common Sense Medical Advisor, which can be had for the price of postage, at one-cent stamps for the cloth-bound book, or 21 stamps for the paper-bound volume of 100 pages. Address Dr. R. V. Pierce, Buffalo, N. Y.
