FRAGMENTS.

The Lake Park bathing resort will open about May 1st.

James Eardley is building a fine brick store in the Third Ward, on East Temple Street.

The Tenth Ward meeting commences at 6:30 to-morrow evening, instead of 6 o'clock, as formerly.

Tax nuisances are being cleared up, but the City Marshal and his aids still find plenty of work in this line.

The ministers held forth to a limited audience in the Theatre this afternoon, and will appear for the last time this evening.

The Young Brothers' Company have been making some changes in the interior of their building, and now have a nicely arranged office.

A tri-weekly stage will start on the 11th inst., between Provo and Park City, calling at Charleston and Heber City, Wasatch County.

Joseph Barker, the pioneer lock and gun smith, after a long and successful career in the all-famous metropolis—Park City—is again in his workshop here.

C. C. Andersen, who was sentenced to six months in the Penitentiary for passing counterfeit money, was released from imprisonment to-day, his term having expired.

The body of Edward King, who was killed in the Desert Mine, Stockton, on Wednesday last, by the premature discharge of a blast, was brought to this city last evening.

J. H. Gibbons and a companion, Allen, formerly employes on the D. & R. G., were brought back from Grand Junction, Colorado, last night to be tried for grand larceny.

The Corporation for April has just come to hand. It contains the usual array of entertaining matter tastefully served up and clearly illustrated with appropriate engravings.

Some "sports" from Payson, Utah County, went down to the town of Salem last Sunday, and tried to palm themselves off as deputy marshals. Their spree cost them \$6 each.

Our dispatches to-day contain an account of the destruction by fire of the Del Monte Hotel, Monterey, California. This was, perhaps, the finest summer and health resort in the country.

Mrs. Rebecca M. Studebaker, mother of the Studebaker Brothers, of South Bend, Ind., died last night at the advanced age of eighty years. The branch house in this city will be closed on Monday, the day of the funeral.

Held's concert band, assisted by a number of ladies and gentlemen, will give a concert in the Twentieth Ward schoolhouse on Friday evening, April 8th, on which occasion an interesting programme will be presented and reduced rates given.

The Woman's Exponent is furnishing its subscribers with a very fine engraved likeness of Lucy Smith, mother of the Prophet Joseph. It should be appropriately framed by those who possess it, that it may adorn the homes of the people as an appropriate memento of an honored woman.

We are requested to state that Rev. T. C. Hill will preach at the Methodist Church Sunday at 11 a.m. and 8 p.m. Morning subject: "The One Thing Needed;" evening subject: "Henry Ward Beecher." Seats free and everybody welcome. Strangers are cordially invited.

J. A. Goodhue, general western agent for the Geneva Nursery, has a new advertisement in to-day's paper calling attention to the immense variety of trees and shrubs in which he deals, a large quantity of which he has already disposed of this season. He has just received four car loads of trees, direct from the nursery, which are now ready for distribution.

Mr. David P. Anderson inserts in the News to-day a new advertisement, offering for sale his new cottage home, in the Eighteenth Ward. Having looked over the premises personally we are enabled to state that his description of it is correct. It is a neat, cosy, convenient residence, with a splendid situation, commanding one of the most enchanting views to be seen in this country.

J. H. Parry & Co. have in press, to be issued in a few days, a pamphlet entitled "Our Constitutional Rights and Congressional Privileges," containing the Declaration of Independence, the Constitution of the United States, Washington's farewell address and the full text of all the anti-"Mormon" laws passed by Congress, together with the instructions of the Utah Commission and the test oaths formulated by them, and other interesting political papers.

On Wednesday last Mr. B. S. Jones of this city narrowly escaped from a struggle with an angry brute, that might have been a serious one. He was walking past the premises of President David John, a cow having a young calf was standing on the walk and as he came up she bounded at him in furious earnest. Her horns fortunately caught his clothing in such a manner that by dextrous management he prevented her from going him, although she gave him a decidedly impolite charging against the fence and all but demolished his pants. He was about yesterday with his arm in a sling but appeared to be none the worse.

PRISTHOOD MEETING.

INTERESTING AND WELL ATTENDED.

The regular monthly meeting of the Priesthood of the Salt Lake Stake of Zion was held in the Assembly Hall on Saturday 2, 1887, at 11 o'clock a.m., President A. M. Cannon presiding. There was a large attendance from the various quorums. All the Wards of the Stake were properly represented excepting the 12th and 14th Wards of the city.

President Angus M. Cannon addressed the meeting upon the subject of health and its preservation, and gave some excellent advice on the proper training of the young in matters of this kind. Parents and guardians should jealously watch their children, lest they fall into habits of a vicious and pernicious character before they were old enough to realize their harmful effects. If they were taught correct principles in youth, in mature years they could take care of themselves.

He recommended also upon the necessity of the wards furnishing correct statistical reports, as errors had been made of late, and some of the reports were not reliable. A new census should be taken. If need be, so that the statements furnished to the clerk of the Stake might be correct.

President Cannon remarked that the time expired yesterday in which the Seventies who had been more or less neglectful of their calling were required to get their Bishop's recommendations and reunite with their quorums. The names of those who had failed to do this would now no longer be retained upon the rolls. This did not take from them their Priesthood, however, and they could regain their standing in their quorums on making a proper showing and obeying the requirements made by the Presidency.

President A. M. Cannon urged the officers of the various wards to deal with their transgressors, but before taking action against them to preach the Gospel to them and try to save them. No man will dig up a tree in his garden after he has nourished it and cared for it until fully assured there is no life in it. The evils and misdoings were also dwelt upon, and the Saints counseled not to assemble promiscuously in dances, etc., with those who were disreputable or of doubtful character, or who ridiculed sacred things and were infidels and unbelievers.

The project of a free library and reading rooms for the Stake was commented on, and its assistance and encouragement recommended. Also the sustaining of the Salt Lake Stake Academy and schools of a similar character, designed for religious as well as secular instruction, the teaching of the principles of the Gospel and the preparing of young men and women for usefulness in life.

President Cannon read a portion of the revelation through President John Taylor, given October 19th, 1887, and the spirit and instructions of the same were enjoined upon the assembly. Elders William Griffin and William B. Douglass also addressed the meeting, the former upon the question of printing 1,000 copies of the said revelation for distribution throughout the Stake, and the latter upon the subject of the Salt Lake Stake Academy. He read a communication to the Deseret News, written by him and published in this paper some time ago, in relation to that school, and reiterated the sentiments expressed in the letter as those held by him at present.

The meeting adjourned to the first Saturday in May, 1887.

BRICK POMEROY.

A REPRESENTATIVE OF HIS "DEMOCRAT" IN TOWN.

This morning we were pleased to receive a fraternal call from Edward W. DeKnight, Esq., who is on his way to Alaska. He will stop in Salt Lake at least a week, and take observations and transact business in the interest of Brick Pomeroy's Democrat. As a representative of that journal we bid him a cordial welcome, and commend him to the consideration of our people. Mr. Pomeroy is one of the most honest and fearless journalists America has produced, and this peculiarity leads him not infrequently to fight on the unpopular side of a question, having the courage to uphold his convictions. This admirable trait has been repeatedly evinced in his defense of our people when their enemies have endeavored to rob them of their rights and trample them underfoot. He is a most decided believer in "Mormonism," but is a sturdy advocate of fair play and equality of rights, and thus far has planted his feet on the rock of honest conviction, and fought a good fight from that central point. We have occasionally reprised some of the articles from the Democrat, and our readers are aware that they have given out no uncertain ring. Besides the sound position Mr. Pomeroy has taken on questions relating to the oppressed people of Utah, his paper is one of general interest, and we recommend our people to subscribe for it.

The Minstrels.—All things considered, Baird's Minstrels are entitled to rank close to if not alongside of any we have had here, and that means the best in the land. Here and there a joke rendered venerable by reason of mature years and severe service, but this is of course inevitable, since everything cannot be absolutely new. The specialty acts were in the main only fair, and the singing, except that of Ellsworth Cook as a female soprano, was not up to the standard. The dancing was good, but not better than we have had, while the matter of end men Baird's company leads the list; Lew Benedict has no equal traveling, and Goodyear is as good as the majority. The former's "lecture" was the best thing of the evening, there being nothing old or borrowed in it.

The House was well filled, and doubtless will be again to-night, when the company make their last appearance. Declared insane.—This morning an official statement was made by Drs. J. S. and H. J. Richards, to ascertain the mental condition of Major W. W. Trumbo, who figured in the shooting scrape with his brother a few days ago. The evidence adduced showed conclusively that the young man was not in a condition to be permitted at large. He is a victim of the most absurd delusions, and from their nature and his actions, it is extremely probable that unless he is taken care of he will commit some shocking crime. After considering all the features of the case, the physicians gave their conclusions, which were, of course, to the effect that the young man was insane, and should be sent to the Territorial Insane Asylum. In accordance with this action he will be forwarded to that institution at an early date.

Sunday School Union.—The monthly meeting of the Sunday School Union of this Stake will be held in the Social Hall on Monday evening, April 4th, at half-past seven. The Twentieth Ward School will furnish part of the exercises. J. H. Parry, Sec'y.

A TOWN RANSACKED.

THE MIDNIGHT RAID ON FORT HERRIMAN.

Last night the inhabitants of the quiet town of Fort Herriman, Salt Lake County passed through an experience that caused them to forget that they were living in the "land of the free and the home of the brave." United States Marshal Dyer had left his city, taking with him a force of 18 or 20 men, and somewhere about midnight arrived at Herriman. About 2 o'clock

THE RAID BEGAN, and it was soon learned that the town was completely enveloped by deputies, guards being placed on all the roads, and the houses were surrounded by the infuriated portion effectually barricaded. The marshals proceeded to the work of searching houses where they claimed persons wanted for unlawful cohabitation were to be found. Some people going along the road were intercepted and informed that they could proceed no farther. When they inquired the reason for this they were informed that it was the Marshal's orders. Such proceedings being unusual and alarming, the town was aroused. The deputies continued their searching of houses and out-buildings. Men, women and children were

AROUSED FROM THEIR SLUMBERS, at this unseemly hour, and the scene for a time beggars description. There was a feeling of indignation among the people at the invasion of their peaceful homes, but when they learned what was going on they quickly submitted, and no resistance was offered to the officers. It is stated that

EVERY HOUSE WAS SEARCHED, and that the raiding did not cease until 5 a.m. When the news reached this city, about 11 a.m., the Marshal's office was visited, but all the information that could be obtained was that the Marshal and all "the boys" were out of town.

A Sound Position.—From a paper published at Grandville, Idaho, entitled the Free Press, we copy the following:

"The president allowed the Edmunds-Tucker bill to become a law by limitation. We knew that a democratic president would never consent to sign such an un-American and unconstitutional law, and it is a pity that he had not the moral courage to veto it. The law clothes the U. S. marshal with power to make arrests without warrant of law, confiscates the property of the Mormon church, and deprives those people of the right of self-government. If an attempt were made to enforce a similar law in any other state or territory than Utah, or on any other denomination than the Mormons, there would be bloodshed from the start."

Dastardly Assassination.—An Officer's Wife.—A correspondent writing from Price, Emery County, March 31st, says that on the evening previous a courier arrived there from Fort DuChesne with the news of a detestable outrage that had occurred at that place a few days previous. A colored soldier named Watson Freeman went to the residence of one of his officers, entered it, and, seizing the officer's wife, attempted to outrage her person. In this he was not successful, and abandoning his devilish purpose, he fled from the post. He remained away only a day or two, when he returned and surrendered himself. It is said that the lowest penalty for this crime is fifteen years imprisonment. The lady is said to be a niece of Col. Beuten, late commander at the post. She was not seriously injured.

Accident to Mr. Snell.—Mr. Jno. W. Snell's nose presents the appearance of having been struck by a crooked stick of lightning, but it hasn't. It seems that Donnan runs a milk wagon, which stood in front of Mr. Snell's place of business at the time that the horses had determined on a run down the street. Insulting by sentiments of humanity, Mr. Snell observing their intention, threw himself toward the wagon, at the same time grasping the reins, but before he could turn the matter over in his mind, the front wheel of the wagon turned him over and jumped on him several times, the hind wheel following suit. He says he doesn't know exactly how it all occurred, but he was hit pretty hard in several places. Mr. Snell was a man full of the milk of human kindness and generous impulses. He says he still has all the milk he wants, but has lost several of his generous impulses. Any one finding them will be suitably rewarded by the city of Salt Lake. The wagon and horses are doing as well as can be expected under the circumstances, and Mr. Snell will be as handsome as ever in a few days.

Sudden Death.—Brother John A. Halvorsen, of the Fourth Ward, died, yesterday morning, apparently in his usual health, and went outside to milk his cow and attend to other necessary chores before going to his daily labor as a machinist. Returning to the house shortly afterwards, he complained to his family of feeling ill, lay down upon a bed and began vomiting. He appeared to be in great pain, soon lost the power to articulate distinctly, his eyes opened, seeming to gradually become paralyzed and in the course of a few hours lapsed into unconsciousness. Everything was done for him that affection and sympathy could suggest, but all without avail. He grew easier after a while and appeared to be sleeping naturally except that he could not be aroused, and remained unconscious up to the time of his death, which occurred at two o'clock this morning.

Brother Halvorsen was born in Norway, August 3, 1843; was baptized March 30, 1866, and for four years thereafter served as a Traveling Elder in Scandinavia, at the end of which time he migrated to Utah. He made his home in this city, where he has since resided, except during two years which he spent upon a mission to his native land. He was a man of much more than ordinary intelligence, but very modest, and a more faithful Latter-day Saint is perhaps not living to-day than he was. He was a useful man in the ward, and his death was greatly respected by all who knew him. He leaves two wives and four children, besides his aged mother who resided with him, to cherish his memory and emulate the noble qualities that characterized his life. The funeral service over his remains will be held in the Fourth Ward meeting-house at 11 a.m. to-morrow.

Looking for Prest. Morgan.—At 1 o'clock a.m. yesterday Mrs. John Morgan, of the Fourteenth Ward, who had remained up late, was seated at a table reading, a knock was heard at the door. She inquired who was there and was answered, "United States Marshals." She asked who they were looking for, the reply being "John Morgan." "I guess Mr. Morgan will do," remarked the lady, as she opened the door, and met Deputy Greenman, Pratt and Franks. The trio entered and searched the house throughout, but went away empty-handed.

A SOUTH JORDAN RAID.

TWO ARRESTS ARE MADE, AND SEVERAL HOUSES SEARCHED.

About 6 o'clock this morning, on the return from Herriman, the U. S. Marshal and his army of deputies called at South Jordan, sixteen miles from this city, and made a descent on that village. The house of Alexander Bills was one of those visited, and that gentleman was arrested on a charge of unlawful cohabitation, and made a descent on that village. The house of Alexander Bills was one of those visited, and that gentleman was arrested on a charge of unlawful cohabitation, and made a descent on that village.

The two arrested, with eight witnesses, were brought to this city, and arraigned before Commissioner McKay. The complaints against them charged unlawful cohabitation, and the defendant, Henry Beckstead and Alex. Bills, stated that the ladies named in the documents were their wives and they had lived in that relationship during the dates named, April 1, 1884, to March 1, 1887.

The bonds were fixed at \$1,500 each, and were given. The witnesses also gave sureties in the sum of \$200 each to appear before the grand jury.

THE GILMORE CASE.

COMMISSIONER MCKAY DISMISSES THE COMPLAINT.

The defense in the above case occupied most of yesterday afternoon in a presentation of their side of the trouble under investigation, and after they concluded, Commissioner McKay took the whole matter under advisement until this morning at 11 o'clock, when rendered the following ruling, completely dismissing the plaintiff's case:

In the United States Commissioner's Court, City and County of Salt Lake, before Wm. McKay, Esq., Commissioner.

Gilmore } Action for damages.

Sears. The motion of defendant's attorney to dismiss plaintiff's complaint, because it appears upon the face thereof that plaintiff failed and neglected to get two disinterested persons of his respect to appraise the damages alleged to have been sustained herein, to give said plaintiff a certificate thereof in writing, under their hands, within 10 days after the time the alleged trespass was committed, and because said plaintiff failed and neglected to have such certificate, if any were made, accompany the complaint herein as part thereof, as required by Sec. 17 Chap. 8 Laws of 1886, is allowed. This on the authority of the ruling by Henderson, A. J., upon a similar question raised in the state case in the First District Court at Ogden. Wm. McKay, Commissioner.

Dated April 20, 1887.

HON. LORIN FARR.

HIS CONDITION STILL UNCHANGED.

The Ogden Herald of last evening has the following concerning Hon. Lorin Farr, who was brought home last evening:

The following special was received at noon: "Lorin Farr, a gentleman of high social position, and a man of great personal and moral worth, died at his residence on the corner of First and Main streets, at 11 o'clock this morning. He was a native of Vermont, and had resided in Utah for many years. He was a member of the Utah Central Railway, and was a prominent citizen. He was a man of great personal and moral worth, and his death is a great loss to the community. He was a native of Vermont, and had resided in Utah for many years. He was a member of the Utah Central Railway, and was a prominent citizen. He was a man of great personal and moral worth, and his death is a great loss to the community."

From the car at the depot the form of Mr. Farr was lifted tenderly and placed in a hearse. He was then carried to his residence on the corner of First and Main streets. His face was highly scratched and pained. With the exception of a slight groan or two from the patient the house was reached without incident and there was an affecting scene. Mr. Farr's family and friends gathered on the porch and the ladies were weeping bitterly. It is found impossible to get in at the front door and a march around to the back door was made. As the hearse was being lowered into the porch, Mr. Farr gave a slight convulsion and the weeping family to calm themselves; that all would be well. As the hearse was laid on the bed, he continued his in-junctions to keep quiet.

It appears that the accident occurred about 9 p.m., and as stated in dispatches to the Ogden Herald happened through stepping off a platform. Hon. Lorin Farr missed the steps in the platform and fell. He was not hurt at the time, but he was unable to get up. It is probable he would have had there all night. He struck his left cheek bone and it is slightly fractured. Concussion of the brain was the result. Beyond this, the doctor can find no injuries. Mr. Farr received the best of attention from Mr. and Mrs. West and other friends at Pocatello. In addition to the particulars given above, it is stated that Mr. Farr offered a light on leaving the depot, and Mr. West but he refused, saying it was all right. He fell five and a half feet. Dr. Caranahan says that everything that could be done for him was done, that he received the best of attention. The doctor does not fear any immediate danger. He says Mr. Farr may remain in his present condition three or four days and the only thing to be guarded against is inflammation of the lungs. On the way down he drank half a glass of milk and yesterday he drank a little beef tea. This is the only nourishment he has taken. At 4 p.m. he was unable to get up. Mr. Farr was in a state of unconsciousness. He lay pale and motionless, surrounded by his family and a number of his most intimate friends.

A Big Undertaking.—Pitts, Watson & Co., of this city, have taken a contract to build a dam in Bear River, one and a half miles above Hampton's bridge, and expect to go to work at once. The dam will supply an immense amount of water to the ditch that will lead from it, and thus make arable a great tract of land in itself but hitherto practically valueless. The dam, with its adjacent reservoir, will cost from \$50,000 to \$100,000, and be composed mostly of rock. The contract was signed this afternoon, and an interview with the chief contractor shows that he is confident of performing the work in first style and within the prescribed time.

"History of the Earth."—On Tuesday evening next, at 7:30 p.m., Prof. James E. Talmage, of Provo, will lecture in the Fourteenth Ward Assembly Rooms, on the "History of the Earth." The subject will be illustrated with colored views. The public are invited.

CONFERENCE RATES.

COMMENCING APRIL 28 AND UNTIL MAY 1, 1887, the Utah Central Railway will sell Return Tickets from all stations on its line to Salt Lake City, and from Salt Lake City to all stations on its line, at the following rates:

THE PUTNAM NAIL. PUTNAM NAIL CO., NEPONSET, BOSTON, MASS.

No nail is so perfect, so strong, so durable, so cheap, as the Putnam Nail. It is made of the best material, and is so constructed that it will hold fast, and will not rust. It is the only nail that is so perfect, so strong, so durable, so cheap, as the Putnam Nail.

When the foot becomes injured or diseased, the foot's usefulness is diminished, or his services altogether lost. Poor nails used in shoeing often cause the ruin of many a horse.

The illustration below was taken from a photograph of a horse shoe, which was made for the Putnam Nail Co. by the Putnam Nail Co. It shows the Putnam Nail in its proper position, and the way it is made.
