TALK OF THE TOWN.

A little cloudy this morning.

The Patterson divorce case is ended.

Judge P. H. Emerson is in the city.

The emigrants are expected at Ogden to-morrow.

Fast meeting will be held in the various wards to-morrow.

The City Hall and Fire Department are to have the telephone.

Chicken stealing going on in the First Ward. Four hens robbed of the other night.

The remaining detachment of eastern excursionists will arrive here Friday night.

Kate Claxton, the noted fire escape actress, passed through Ogden on Monday, going West.

The disease known as "Black leg" is committing ravages among the cattle in Beaver County.

The second company of emigrants from Liverpool to Utah will embark on Saturday, the 21st inst.

The extraordinary building "boom" now in progress is making workmen and building material very scarce.

The Utah and Northern refuses to take freight until further notice. Its operations are limited by the floods in Idaho.

David O. Calder, Esq., left for the East this morning. He will go as far as New York and Boston, and will be gone about five weeks.

Judge S. P. Twiss went south this morning to open the Second District Court, at Beaver. The new term should have commenced on Monday.

The Utah Vinegar Works in Ogden, which burned down several days ago, are to be rebuilt. The new structure will be of rock and brick, with a metal roof. Mr. H. J. Grant, of this city, is largely interested therein.

Samuel Stone, who was arrested for bigamy (not polygamy) a short time ago, and subsequently indicted by the grand jury, plead guilty today and received sentence. One year in the Detroit House of Correction and \$250 fine.

Sheriff Combs, of Beaver County, last Saturday arrested a soldier of Fort Cameron for the unlawful killing of an animal on the military reservation. The military authorities acquiesced in his being tried for the offense by a civil magistrate.

LOCAL AND OTHER MATTERS.

The Immigrants.—The company of Saints now en route for this city will not reach Ogden till to-morrow. At noon to-day they had not reached Green River.

Information Wanted.—John Baldwin would like to know of the whereabouts of Jacob Baldwin who left Wales about 1878 or 1879; his sister, Elizabeth, whose name is now Elizabeth Williams, resides in Coahuila. He may write to his sister who will inform John Baldwin.

The "Pirates".—A slim audience greeted the third performance of the "Pirates of Penzance" by the Snyth juvenile company last evening. The pieces went off better than ever, and certainly deserved more generous patronage. Inferior entertainments, filled with blood and thunder sensation often get crowded houses, while that which is really of some merit is suffered to languish for due encouragement.

Surprise Party.—A very pleasant party took place last evening at the residence of Mr. Henry Wagner, 15th Ward, in honor of the 15th anniversary of his daughter, Miss Maggie Wagner. The Camp band was in attendance on the lawn, where a dance was given, and there was also music on the piano and other inside the house. A splendid supper was partaken of about midnight. The affair was a surprise, and was kept up until about 2 a. m. About 50 or 75 guests were present, and all had a most excellent time.

Woman's Exponent.—The Exponent for May is handed in to-day. Its contents are in prose: "The Victorian Era," Hannah T. King; "Life Incidents," Helen Mar Whitney; "Life of Amanda Smith;" "Arvandale;" "Visit to Morgan," editorial; "Journey to Tibberias," Clara J. Brooke; "Jesse Burns," continued. The poetical contributions are "Comfort in Sorrow," by L. M. Hewlings, and "Somewhere" by Emilie. It is fully up to the excellent standard of the Exponent.

The Soldene Opera Troupe.—As we have seen elsewhere, we are to be treated to a performance of comic opera, shortly. The Soldene troupe, a talented combination, said to excel the Melvilles, are en route from the West, and intend playing here on the 11th, 12th, 13th and 14th of this month. Their repertoire for these nights is as follows: "Olivette," "Billie Taylor," "Genevieve de Brabant," and "Chilperic." For a matinee on Saturday, the 14th, they will produce "La Fille de Madame Angot." The company includes Emily Soldene, prima donna; Rose Stella, and twenty other ladies; Messrs. Campbell, Marshall, Appleby, Allen, Herse and Quinton. Reserved seats are now selling at \$1.25.

A Wise Step.

The determination of the City Council to have the City Hall and Fire Department included in the telephone system, is a wise and commendable movement. There are no places in the city where this invention can accomplish more good. It will expedite matters in relation to arrest and fire, and be of great convenience and advantage in carrying on the business of the municipality. If a drunken man or other rowdy is making himself disagreeable on the street, if a brawl is in progress, or anything going on which demands the presence of the police, word may be dispatched in a twinkling to the Hall, and the officers summoned to the scene. Again, if a fire breaks out, it will not be necessary, as heretofore, for a messenger to run or ride to the Hall to give the alarm and have the bell started, but merely to gain access to the nearest telephone, and the thing is done. It is often that the firemen are at a loss to know even the general location of a blaze. They never do know its exact location from the fire bell, being roused out of sleep and unable to catch the preliminary signals, and are as often in ignorance as to what kind of machinery to take to the scene of the burning property. All this uncertainty can be dispelled by the use of the telephone. The 20th Ward branch of the department often bring their engine down town, when it cannot be used, and are forced to hire teams to return it to the place. The cost thus incurred in a year, Chief Engineer Ottinger states, would purchase three or four telephones. So it will be seen that both time and money can be saved, and labor lessened and accelerated by the adoption of the talking instrument.

Electric Experience.

Several evenings ago a cash boy in Cohn's store had an amusing experience with the electric lamp which is suspended from the ceiling of that establishment. Some pieces of dress goods were hanging upon a frame near the lamp, and the boy got upon a stool for the purpose of taking them down. While there he commenced to examine the lamp, and in some way his ear came in contact with one of the brass fixtures of the illuminator. The next instant he was sprawling upon the floor in one direction and the stool in another. He was not hurt at all, but thinks he has been almost as near to an electric lamp as he ever came in his life. Some say he was knocked down by the force of the electric current, others that he was merely frightened by the sensation and fell afterwards.

Killed with a Neck-Yoke.

A man named Charles Rickard was killed on the 27th of last month, in Emery County, by another man named Jacob Ivie. We have received no other particulars than are contained in the following verdict, rendered at the corner's inquest upon the body of the deceased:

Territory of Utah, Ferron Precinct, Emery County.

An inquisition holden at Bishop Taylor's, in Ferron Precinct, Emery County, on the 27th of April, A. D. 1904, before the justice of the peace in Ferron Precinct, in said county, upon the body of Charles Rickard, lying dead, by the jurors whose names are hereunto subscribed. The said jurors upon their oath do say, that the said Charles Rickard came to his death on the 27th of April, by being struck with a neck-yoke in the hands of one Jacob Ivie; and from the evidence we have, said Ivie acted in self defense.

In testimony whereof the said jurors have hereunto set their hands the day and year first said.

J. W. TAYLOR, JR., J. S. THORNTON, Jurors.

Witness my hand, M. W. Moien, Justice of the Peace for Ferron Precinct, Emery County, U. S.

Serious Mishap.

On Monday the Eleventh Ward school, under the charge of Mr. Kendall and Mrs. Bliss, preceptors, went up Red Butte Canyon to spend May day. They had an excellent time generally, but an accident occurred during the day which considerably marred the pleasure of the occasion. A young boy named Robert Morris, a lad of about 11 or 12 years, of the Counselor Robert Morris, of the Eleventh Ward, climbed up a steep mountain side and missing his footing, fell and rolled in a coil, for about a block. In his rapid descent he struck upon some rocks of a quarry in the vicinity. The back of his skull was split, and an ugly looking scalp wound inflicted. He arose, however, after the accident, and was taken to a ditch near by and his head washed. Some gravel remained in the wound. He has been sick about since being brought home, and today a physician was summoned to attend him.

Returned.

David James, Esq., one of our prominent and respected citizens, who departed on a trip to Great Britain several months ago, returned home last evening, safe and sound, after accomplishing successfully the business which called him from our midst. While in England, he visited a number of old friends and relatives, and brought one of the latter home with him. The rest will come in September. He passed the emigrant train on Sunday night at Shelton. We bid him a hearty welcome home and congratulate him on his safe and prosperous journey to and from the old world.

Badly Burned.

The Ogden Herald of Tuesday says: "Last week, Mr. Hodson, an employee of Wm. Pearce's foundry in this town, while working at the machine, had some of the molten metal run into his shoes, burning him so severely as to render him unfit for work for several days. On this occasion we will also state that at the place mentioned the biggest piece of casting ever produced in Ogden was turned out. Their casting, last week, amounted to 1,700 pounds."

District Court.

Proceedings in the Third District Court, Wednesday, May 4, 1904. Chief Justice Hunter presiding:

Tucker and Wallace, vs. Equitable T. and M. Co.; default entered. Judgment as prayed. Referred to clerk to compute.

United States vs. Samuel Stone, bigamy; defendant brought before the court for sentence. Sentence: that he be confined in the Detroit House of Correction for one year, and pay a fine of \$250.

Hannah Lapish vs. B. C. & C. F. R., jury trial in progress.

Railroad Rumors.

It is rumored that the Utah Eastern is to be pushed this way, so as to reach this city by November next. Another report is that the same road will be extended from Kimball's eastward as far as Denver, thus making the route between Denver and Salt Lake shorter by 300 miles than by any other railroad. The alleged purchase of property in the Eleventh Ward for depot purposes lends color to the first rumor. We have reason to believe both the former are well founded.

The Utah and Nevada.

Once bore the name of the Utah Western, it is to be pushed ahead into Nevada as far as Eureka, and doubtless farther eventually. Surveyors will go out within a few days to do the preliminary work.

Keene the Tragedian.

Remember that T. W. Keene, the noted tragedian plays "Rochester" to-morrow night. It is one of his most successful impersonations. Concerning it a Chicago Journal says: "The performance revealed an admirable conception of the part, and we record our belief that the robustness of the interpretation has disappeared it will be one of Mr. Keene's strongest parts. In the third act he exhibited a wonderful amount of power. The scenes with Baradas and Julie in the fourth act were admirably managed, and the course scene was electric enough to make the audience insist upon his appearance twice on the fall of the curtain. The performance was well received by the house, and the repeated evidence of encouraging approbation should warm the heart of the actor."

The Patterson Divorce Suit.

The suit of Emma S. Patterson vs. A. S. Patterson, for divorce, which has been occupying the attention of Associate Justice Twiss for several days, in chambers of the Third District Court, together with the counter suit instituted by the defendant against the plaintiff in the above action, terminated last evening. The decision was altogether in favor of the plaintiff. The decree of divorce was granted, and it was ordered that the mother retain the custody of her child, and that the defendant pay an annual sum of \$500 for its support. As to the alimony, the amount has not yet been decided upon, or if decided upon, has not yet been made known. A shrewd guess places it at \$700 per annum. It was doubtless determined last night, as Judge Twiss left the city by the morning train. The decision meets with almost universal approval.

SPECIAL BUSINESS NOTICES.

GENTS, call and see the new styles of Ventilated Hats, just received by express at DUNFORD'S.

HAIR RESTORATIVE.

HAIR RESTORATIVE is a scientific combination of some of the most powerful restorative agents in the vegetable kingdom. It restores gray hair to its original color. It makes the scalp white and clean. It cures dandruff and humors, and falling out of the hair. It furnishes the nutritive principle by which the hair is nourished and supported. It makes the hair moist, soft and glossy, and is unsurpassed as a hair dressing. It is the most complete preparation ever offered to the public, as its effects remain a long time, making only an occasional application necessary. It is recommended by eminent medical men, and officially endorsed by the State Assayer of Massachusetts. The popularity of Hall's Restorer has increased with the test of many years, both in this country and in foreign lands, and it is now known and used in all the civilized countries of the world.

The Most Eminent Man on Earth.

Is the sufferer from indigestion? Those who know its horrors who have felt them, will be glad to know that there is a cure. To such is offered not only a ray of hope, but a certainty of relief and cure, in the use of BROWN'S PAINOCERA. This wonderful remedy cures without faith, when taken as directed. For sale by Z. C. M. L., Godbe, Pitts & Co., Moore, Allen & Co., Salt Lake.

Oh, What a Cough!

Will you heed the warning? The signal perhaps of the sure approach of that more terrible disease, Consumption. Ask yourselves if you can afford for the sake of saving 60 cents, to run the risk and do nothing for it. We know from experience that Shiloh's Cure will cure your Cough. It never fails. This exclusive remedy more than a million bottles were sold the past year. It relieves Croup, and whooping Cough at once. Mothers do not be without it. For Jane Back, Slide or Chest, use Shiloh's Porous Plaster. Sold by Moore, Allen & Co.

BURNETT'S COCAINE.

Has Received Universal Endorsement.

No other preparation possesses such remarkable properties for embellishing and strengthening the hair and rendering it dark and glossy. It cures baldness and eradicates dandruff. Burnett's Flavoring Extracts are the best. Put them out as w.

RESERVED FROM DEATH.

The following statement of Wm. J. Coughlin, of Somerville, Mass., is so remarkable that we beg to ask for its attention of our readers. He says: "In the fall of 1878 I was taken with a violent BLEEDING OF THE LUNGS followed by a severe cough. I soon began to lose my appetite and strength. I was weak at one time that I could not leave my bed. In the summer of 1877 I was admitted to the City Hospital. While there the doctors said I had a hole in my left lung as big as a half dollar. I expended over a hundred dollars in doctors and medicines. I was as far gone at one time as a report gave up hope. But a friend told me of DR. WM. HALL'S BALSA FOR THE LUNGS. I laughed at my friends, thinking that my case was incurable, but I got a bottle to satisfy them, when to my surprise and gratification, I commenced to get better. My hope once dead, began to revive, and to-day I feel in better spirits than I have the past three years."

"I write this hoping you will publish it, so that every one afflicted with Diseased Lungs will be induced to take DR. WM. HALL'S BALSA FOR THE LUNGS, and be convinced that CONSUMPTION CAN BE CURED. I have taken two bottles and can positively say that it has done more good than all other medicines I have taken since my sickness. My cough has almost entirely disappeared and I shall soon be able to go to work. Sold by all druggists."

DIED.

In Huntington, Emery County, April 18, 1904, of worm fever, CATHERINE MARIA, daughter of Anthony and Maria Nelson, aged 2 years, 3 months and 1 day.

In Helper City, April 23d, 1904, MARY MARANDA, daughter of Robert R. and Anna H. Nelson, aged 10 months and 6 days.

The deceased had no illness of seven months. She was a faithful Latter-day Saint, having confidence in the principles of the gospel. The funeral services were conducted by the Young Ladies' and Young Men's Associations.

PERFECTION BAKING POWDER.

We respectfully call the attention of the Public to the following analysis:

Laboratory of the Health Department, Chicago, Aug. 3, 1903.

Dear Sir:—I have made a very careful and elaborate chemical analysis of twenty-seven samples of baking powder received from the hands of Mr. Marshall, your clerk, and have the honor to report the following table of figures:

	Soluble Ash	Insoluble Ash	Total Ash
PERFECTION, BAKING POWDER	29.00	0.00	29.00
ROYAL	20.10	0.10	20.20

A known and weighed quantity of baking powder was introduced in a silver crucible and only a grey residue was left. This is the total ash. It was carefully removed to a glass vessel and added upon by hydrochloric acid and distilled water as the baking powder is dissolved in that mixture has been called soluble ash, and that which did not dissolve, a residue, is called insoluble ash.

We have the honor to be, sir, yours very respectfully, H. G. PATON, Chemist of the Health Department.

We have always claimed that the Perfection is the highest grade of baking powder that can be produced from cream tartar and soda.

Respectfully, FRANKLIN WALKER & GILWOLD, CHICAGO.

Agents: Z. C. M. L. Drug Department.
