

SAN FRANCISCO SCENE OF RIOTING

It Began the Moment Streetcar Company Attempted to Start Cars Running.

SCORE OR SO ARE SHOT.

Strike-breakers Fired Into Crowd—Gov. Gillett Will Call Out the Militia if it is Necessary.

San Francisco, May 7.—The strike of the 1,700 union motormen and conductors of the United Railroads developed this afternoon into a riot in which more than a score of persons were severely, some fatally, wounded, and others to a lesser extent. At 2:30 o'clock the company made its first attempt to resume the operation of its system by sending out seven passenger cars manned by between 30 and 40 strike-breakers wearing the uniform of car inspectors, and each carrying a .38-caliber revolver strapped around his waist outside of his coat. The start was made from the company's barns at Turk and Fillmore streets, where a crowd was estimated at from 5,000 to 5,500 men and boys was congregated.

That the bloody events of today's street car riots may be repeated tomorrow with even more tragic results, was the fear expressed tonight when it was made known that the United Railroads' program for Wednesday includes another attempt to resume the operation of its system. This attempt, according to Gen. Manager Mulhally, will be made some time in the forenoon. He declined to state at what hour or to discuss the company's plans in this respect.

Mr. Mulhally said that when attorneys for the United Railroads visited the central police station this evening to request the admittance to hall of the strike-breakers under arrest for shooting strikers and their sympathizers, Chief of Police Dinan said:

WILL ARM POLICE.
"Tomorrow I shall arm the police with rifles. If any strike-breakers start any shooting from the cars they will be shot in turn by the police."
"I can hardly credit this statement," added Mr. Mulhally, "but it comes to me direct and authentically."
Thirteen strike-breakers were arrested. Three of them were released on bail, and the remainder were held, awaiting developments.

James Walsh, one of the strike sympathizers, who was shot this afternoon from one of the attacked cars, died at the central emergency hospital tonight. No hope is held out for the recovery of Tom Buchanan, one of the strikers. He also is at the central emergency hospital. A bullet penetrated his abdomen and punctured the intestines 22 times.

President Calhoun, tonight at his home, stated that he has in view no appeal to the governor for state troops. "That," he said, "is not a task for me to perform."

STATEMENT BY CALHOUN.
Mr. Calhoun tonight issued a statement to the people of San Francisco, passing up to their verdict the merits of the controversy in its new and tragic developments of today. He issued also to the press a brief epitome of the day's events, calling attention pointedly to the fact that no shot was fired by the strike-breakers until after they had been repeatedly made the target of missiles thrown by the crowd.

In a letter to Mayor Schmitz, President Calhoun recites the fact and the acts of the mob, the failure of the police to disperse the mob, and requesting that the city's chief executive

CAUSE OF SKIN DISEASES

This is Little Understood, But Scientists Say That the Cure for Eczema Has at Last Been Found.

The cause of such diseases as psoriasis and eczema is little understood. Even physicians still wrangle about it, and some doctors who rank high in their profession have made but little study of these peculiar ailments. The most prominent specialists of Germany and France, however, as well as many leading physicians of this country are now willing to recognize the correctness of the theory of the eminent skin specialist, Dr. D. D. Remedy. The skin is curable through the skin alone, and where the patient suffers from no other ailments it is nonsense to dose the stomach.

External treatment with the proper vegetable compounds offers the only cure for eczema. Wonderful reports are coming in from all over the country of the infallibility of the prescription of Dr. D. D. Remedy, known as the D. D. Prescription. Here is a case: James S. Brakine, of Niagara Falls, N. Y., writes as follows:

"Dr. D. D. Remedy has done me more good than any other remedy I ever used in all my life. Have suffered since I was a very young babe. My folks can tell of that awful eczema trouble. It began, I believe, in my head, until it scattered all over my body. Doctored and doctored until I had a feeling of discouragement in every form."

We recommend that eczema sufferers use Dr. D. D. Soap in connection with Dr. D. D. Prescription gives instant relief. Apply a few drops of the Remedy and there is a cooling, soothing sensation that tortures eczema patient can hardly imagine beforehand. The Remedy may be had from Druehl & Franken, druggists, Corner Main and Third South St., Salt Lake City.

take steps to protect the company's property henceforth.

MUST PRESERVE PEACE.
To this letter Mayor Schmitz replied that he had notified the police that "peace must be preserved at any cost." A duplicate of Mr. Calhoun's letter to the mayor was sent to Sheriff O'Neil and he was informed by Schmitz that the latter had considered the police force competent to cope with the situation. The sheriff answered that he is not authorized to appoint special deputies, but that his office would hold itself in readiness to assist the police in any case.

LIST OF INJURED.
Following is the list of those injured in street car riots:
At central emergency hospital: Thomas White, lacerated scalp. Police Officer Harry Sauer, shot through shoulder.
P. Joy, laceration of cheek.
L. Krohn, shot in shoulder.
Willam Slattery, contusion of foot and head.
A. Arena, contusion of knee.
A. C. Jahn, shot in throat.
N. Leish, shot through chest.
N. Granville, laceration of face.
A. McNaughton, shot in forehead.
Tom Buchanan, shot in abdomen; will die.
C. W. Forrester, contusion of face.
J. J. Bell, shot in chest.
At Clara Barton hospital:
Al Pala, shot in neck; may die.
At Mount Zion hospital:
A. Krohn, shot in foot.
Twenty-seven policemen, five mounted officers and several sergeants, under the command of Capt. Mooney, were on patrol guard.

JEERS AND HOWLS.
The appearance of the cars in Fillmore street, from which they were switched into Turk street, was the signal for an immense outburst of jeers and howls. Before the cars had gone one block they were made the targets of showers of stones and bricks. In a few moments every pane of glass had been smashed and several of the armed representatives had been struck, cut and bruised. At Turk and Buchanan streets an especially fierce attack was made on the foremost car. A guard on the rear platform answered the attack with a pistol shot. The bullet struck one of the union sympathizers in the arm.

This happening transformed the crowds into a wild mob, and thence

forward for 12 blocks a pitched battle was fought, the strikers and their friends, aided by hundreds of youthful hoodlums, kept up a running shower of missiles; the guards on board the cars responded with fusillade after fusillade of pistol shots.

Eight men received bullet wounds some of which will prove fatal, among them a priest and a number of strikers. Finally a dozen or more of the guards were taken under arrest by squads of reserves from the central station and a union crowd boarded the foremost car and started it back to the barns. Arriving there, the strikers charged that revolver fire was opened on them from the barns. In this encounter several more men were killed and a non-union man threw the switch at the corner of Turk and Fillmore and the derailed car shot into the sidewalk, maiming two men whose names have not been learned. In the stampede that followed here, scores of women and children on the outskirts of the mob in Fillmore street were hurled to the pavement and trampled upon.

MOB ROUSED TO FRENZY.

The shooting of this man aroused the mob to a pitch of frenzy. Flying stones and other obstructions were cast on the track, and in that way the car was brought to a standstill a block further on. Hurling any missiles that came easiest to hand, cursing and screaming for the lives of the strike-breakers, hundreds of men and boys surrounded the car. In a moment a fusillade of shots rang out and the crowd fell back in fear. The obstructions were cleared away and the car proceeded, followed a block behind by two others. The sound of the shot appeared in the main crowd in the neighborhood of Fillmore and Webster streets that a battle was on, and more than 1,000 men and boys gathered around the car.

At Van Ness avenue a youth of perhaps 20 was shot through the lungs. He pitched forward into the street, whence he was lifted and thrown onto a mattress in a furniture van. He was hurried to the emergency hospital at Golden Gate and Bough street. Still there, he clung to life, but the rain of bullets, kept up a running pursuit of the slowly-moving cars, stoning them and cursing their guards.

DEMANDS BY MOB.

The mob called on the officers to arrest the dozen or more guards on the first three cars. Very few of the policemen drew their clubs. They tried to persuade the strikers and the mob to disperse, but without effect. One union man, who was loudest in the denunciation of the strike-breakers, created a double trouble for the officers. He threw off his coat, raised his arms, and wildly offered himself as a sacrifice to their bullets.

At Turk and Hyde streets, three blocks east of Van Ness avenue, the guards again turned loose their weapons on the following crowd. In the fusillade a policeman was shot in the back, presumably by accident. None of the strikers or their sympathizers exhibited a pistol or used weapons other than stones and bricks. Along the line of skirmish, from Webster street as far as Franklin, garbage cans were taken from the curb and their contents thrown at the guards.

The first two cars succeeded in getting as far as Market street, where officers from the central police station in Eddy street arrested the guards and took them to headquarters, where they were booked—under what charge the police refuse to say.

MAYOR SCHMITZ'S STATEMENT.

In a statement made to the Associated Press tonight Mayor Schmitz said: "The deplorable occurrences of this afternoon were a general riot, and there is no necessity for calling out troops. The police are amply able to handle the situation, and I shall see that they do so." He said that today between the strike-breakers and the striking carmen and their sympathizers was absolutely unexpected. On two previous occasions when the street carmen went on strike the situation was none was anticipated today. This time, however, the temper of the people seems to have been different and the conditions were different. I suppose it was to have been expected that the first attempt to run cars would cause some trouble, but no one anticipated anything like what happened today. I have ordered the chief of police to station in more officers if he finds it necessary. I have also ordered him to arrest any body carrying arms, concealed or otherwise. The men who are carrying the cars will not be permitted to carry weapons. That is the best way to maintain peace."

PROCLAMATION.

Mayor Schmitz tonight issued the following proclamation:
"On account of the industrial disturbances that exist in the city, all those who have no business on the streets are requested to remain at home. All persons having business necessitating their presence upon the streets are directed to keep moving about their business and not congregate. Those who are now out on strike are earnestly requested to maintain the dignity of labor by discontinuing any acts of violence on the part of their sympathizers. The peace must and will be preserved at any hazard. All fair-minded citizens are requested to aid in keeping the peace, which means so much to our community. Notice is hereby given that any acts of violence or any breaches of the peace will be severely dealt with."

"E. E. SCHMITZ, Mayor." Copies of the proclamation will be distributed throughout the city tonight by the police, and it will be published in the morning papers.

Patrick Calhoun, president of the United Railroads, tonight issued the following:
"To the People of San Francisco: The time has arrived for the enforcement of law and order. The humblest citizen in this community has a right to work. The issue has been squarely raised. Shall striking ex-employees, their friends and sympathizers paralyze by force and violence our street railway service? Shall mob violence rule, or shall law be enforced? Shall individual liberty be preserved?"

"When the United Railroads attempted to resume the operation of its cars today its employees were assailed by a fierce and violent mob; dangerous rioting ensued; many men were injured. I appeal tonight to preserve the peace. My company will spare no effort to resume lawfully and peaceably the operation of its cars, but it will not be driven to compromise with wrong and it will fearlessly defend its rights. The issue rests with you."

GOV. GILLETTE'S POSITION.

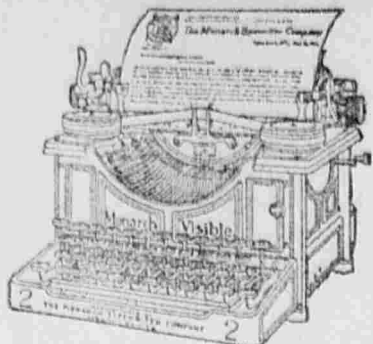

Los Angeles, May 7.—"I will not call out the state militia to quell the riots in San Francisco until the civil authorities have asked me to do so for I am satisfied from my own investigations that there is no other way to handle the situation," said Gov. James N. Gillette tonight. "I am watching the situation closely and will act the moment I believe it necessary."

"I am now waiting for advice from Adj. Gen. Louck, but so far have received nothing from him as to the seriousness of the situation. The press dispatches state that the strike-breakers so far have done the shooting. The best

way to stop the shooting is for the mob to quit throwing bricks and stones. Then the shooting will cease. "Everything is in readiness for the calling out of the troops. These arrangements were made several days ago at my direction. I will not say what troops will be called out, but they will be on the ground shortly after I take the action."

The governor was asked what he would do in the event the rioting continued and the civil authorities of San Francisco did not see fit to call upon him for troops. He replied: "I will order the militia out any way, and whenever I become satisfied that the situation is beyond their control, I will send in a request for federal troops. Representations from the best element of San Francisco that troops were desired there would be sufficient for me to act without waiting for the word of the officials. I shall keep in close touch with Adj. Gen. Louck, and may conclude

to go to San Francisco in person should I deem it wise to do so. I shall hold myself in readiness to act on a moment's notice."

EXCAVATING AT PANAMA.

During April 987,527 Cubic Yards of Dirt Were Removed.

Washington, May 7.—Nearest yet to the goal of 1,000,000 cubic yards of excavation per month in the digging of the Panama canal was the accomplishment of Col. Goethals' management in April, according to a cable report from the engineer in charge, received at the office of the isthmian canal commission today. It states that during April the excavation in Colón cut amounted to 979,527 cubic yards, and at the Gatun lock site to 108,000 cubic yards.

Lost Vigor Restored

We treat MEN only and our experience in the past assures our patients straightforward and satisfactory treatment for the future. Many a MAN has lost his grip through brooding over his condition because he imagines he cannot be cured. To such we say investigate our methods of treatment and place yourself under our care and your weakness will disappear and confidence will be restored for the future. Our treatment has proved to be the best yet devised for restoring LOST VIGOR and that physical and mental incapacity which has made a wreck of so many. Our treatment for NEURASTHENIA does not stand temporarily. It stops every drain of VIGOR and builds up the muscular and nervous system—restores the spirits—brightens the intellect and above all restores the WASTED POWERS. Sometimes organic weakness and LOSS OF VIGOR arises from VARICOCELE and STRICTURE in such case we have to get rid of the cause before we can obtain good effects. Too often these causes are overlooked and so in spite of any and every treatment the case does not progress and the patient often goes into physical and mental decline through want of success in curing his LOST VIGOR.

We take no case we cannot benefit or cure so you run no risks.

DR. COOK, Founder Cook Medical Co.

COOK MEDICAL CO. 116 S. Main.

Married Women

Every woman covets a shapely, pretty figure, and many of them deplore the loss of their girlish forms after marriage. The bearing of children is often destructive to the mother's shapeliness. All of this can be avoided, however, by the use of Mother's Friend before baby comes, as this great liniment always prepares the body for the strain upon it, and preserves the symmetry of her form. Mother's Friend overcomes all the danger of child-birth, and carries the expectant mother safely through this critical period without pain. It is woman's greatest blessing. Thousands gratefully tell of the benefit and relief derived from the use of this wonderful remedy. Sold by all druggists at \$1.00 per bottle. Our little book, telling all about this liniment, will be sent free.
