

**LOCAL AND OTHER MATTERS.**

**Still It Comes.**—The rainy season is fairly inaugurated. Sprinkles, drizzles, showers and clouds since Thursday evening.

**Done on Contract.**—The mason-work on the Fifteenth Ward New Meeting-House was done on contract by the firm of Morris & Evans. The old meeting-house will henceforth be used exclusively for social purposes.

**For Richfield.**—Sisters E. R. Smith, M. L. Home and B. W. Smith will leave for Richfield on Wednesday morning next, for the purpose of attending the Ladies' State Conference, which convenes at that place on the 27th inst.

**Eleventh Ward Dramatics.**—A crowded house greeted the presentation of the "Chimney Corner" and "Brother Bill and Me," in the Eleventh Ward, last evening, and the performance was highly appreciated. Mr. Marzetti was very good as old "Pop," and Mr. Nelson and others also did very well.

**Sunday Services.**—The Sabbath services of the Church of Jesus Christ of Latter-day Saints will consist of the following: Sunday School in the various wards at 10 a.m.; general meeting in the Tabernacle at 2 p.m.; and Ward meetings as usual at night. Home missionaries will visit the country during the day.

**Excursion Postponed.**—It has been decided to postpone the Tabernacle excursion from Tuesday to a later date, it having been learned that such a change will better accommodate the people of American Fork, who wish to participate in the festivities and enjoyments of the excursion. They are now very busy in the harvest field. The excursion will come off on the 25th inst.

**The Parker Murder.**—From our excellent correspondent, D. Tyler, of Beaver, we learn that Jennings, the alleged accomplice of Jared Dalton in the murder of Mrs. Parker, was discharged from custody on the 15th, there being no evidence to corroborate Dalton's statement in respect to Jennings' complicity. Dalton entered a plea of not guilty. We have a letter on the way giving further particulars of the trial.

**Necessity the Mother.**—Salt Lake is excited over the electric light. The same city got excited, some time since, over a telephone service, and the excitement abated, and Ogden has the telephone first. Who knows but the same will be the case in the introduction of the electric light in this Territory?—*Junction.*

**The Shocks.**—The earthquake shock mentioned in last evening's News, appears was felt also in several of the surrounding towns and mining camps, as well as in places further south. Besides the 10 o'clock shock of Thursday night, there was another that followed about half an hour afterward. Although many persons felt the convulsions, and were even aroused from sleep by them, many more who were awake, and unalarmed, failed to experience the slightest sensation.

**Further Particulars.**—We have received further particulars of the accident near Sandy, by which Thomas Middleton, of Union, met his death. He was assisting at Joseph Merriott's threshing, pitching shovels to the machine, and when the stack was about half used, slid down for the purpose of getting a drink. The handle of the broken pitchfork, which was leaning against the stack just below, penetrated the body to a depth of eight inches. The unfortunate man was taken home and died in about half an hour.

**A Novel Idea.**—Sister Sarah M. Kimball, secretary of the Relief Society Territorial organization, is the author of the following interesting idea. It is to collect from her friends a variety of literary mementoes and specimens of home art and deposit them in a strong box, which is to be opened 50 years from now. The articles are to be addressed each to the oldest member among the family descendants of the one who places it in her keeping, and the box is to be opened by Sister Kimball's successor in office.

**Railroad and Coal Matters.**—Bishop John Sharp and J. T. Clark, Esq., superintendent of the Union Pacific Railroad, returned from their trip to the Pleasant Valley coal fields last evening. Negotiations are nearly completed for the sale of the Pleasant Valley railroad and mines to the U. P. R. R. The visit of the above named gentlemen, was for the purpose of inspecting the property previous to the transfer. It is said that during this winter coal will be sold somewhat cheaper than heretofore by the U. P. Five dollars per ton by the car load is to be the figure.

**The "Contributor" Bound.**—The first volume of the Contributor, newly bound in cloth and leather, is now for sale. It makes a handsome book of 250 pages of choice reading matter, elevated in tone and rich in variety. Its contents are indicated by a neatly arranged table, in which the various articles follow alphabetically, and are well known to all subscribers who have taken the numbers through the past year. To those who have not read the Contributor, we can recommend the bound volume as something worth perusing and possessing. To those who have perused it, it recommends itself. The book sells for \$2.50. A few copies remain undisposed of and may be had at the office of the editor and publisher, Main Street.

**Foreign Items.**—An interesting letter from Elder Francis Cope, in Liverpool, to Elder Joseph Bull, sen., of this city, has been kindly handed in by the latter for our perusal. We glean from it a number of good items:

The elders in the missionary field were very energetic, and a good work was being done in outdoor preaching. Baptisms were quite frequent. Elder Cope had recently baptized his brother, with the latter's wife and daughter, on the anniversary of the departure of himself from Birmingham for Utah, years ago, and through these conversions another brother and his family had been induced to attend the Saints' meetings, and would perhaps ere long, also join the Church.

Reports from the various conferences throughout Great Britain were very encouraging. President Budge had been absent on an extended visit to the continent, but was expected back soon.

Since the Saints were shut out of Waverley Park, they had held meetings in what was known as "Shiel Park," where they had good, attentive congregations, until the Sunday previous to writing, when a set of religious fanatics, and their adherents, broke up the meeting. The elders were not dismayed, though, but intended going again and again until the people drove them away.

The *Star*, under the practical and successful editorship of Elder John Nicholson, was much appreciated by the saints and a number of strangers who subscribed for it. Of late there had been some heavy floods and other disasters, which were awakening the people to a sense of their situation; testimonies more powerful than the humble pleadings of the elders, to convince the masses of the controversy which God has with the nations.

**Another Ward Concert.**—A vocal and instrumental entertainment will be given by the Eleventh Ward Quorum of Elders, assisted by some of the best local talent, in the 21st Ward meeting house on Tuesday evening, Sept. 21st. The proceeds will be devoted to ward purposes. The programme is in two parts, the first a pleasing variety of overtures, songs, solos, recitations, etc., and the next a similar arrangement with the laughable extravaganza entitled "The Stupid Servant." W. P. A. Flick is manager; J. M. Chamberlain and C. Y. Taggart, pianists. The orchestra is the 21st Ward band. Admission 25 cents, children 10 cts. Concert to commence at 8 o'clock.

**Tooele Items.**—The county convention of Tooele County, at which delegates are to be elected to attend the Territorial Convention on the 7th prox., will be held on the 27th of this month in Tooele City.

**The Relief Society at Batesville.**—An organization of the 11th inst. by the presiding authority of that ward, assisted by Sister E. R. Snow. The president is Sister Charlotte Hillstead.

**Diphtheria.**—A family named Bell, in the 21st Ward, is sorely afflicted with this terrible disease. One child died this morning, and four others are prostrate. The funeral of the dead child was held today. It was a very interesting little creature, 12 years of age. The mother is a widow, and she, as well as the others, is attacked by the deadly malady. Her oldest is a boy, 19 years old, who is said to be at the point of death.

**The Registration.**—To-day completes the labors of the County Assessor and his assistants, in registering voters for the November election. The officers have been kept pretty busy all the week enrolling names, and to-day the office has been thronged. It will remain open to-night as long as any one puts in an appearance to get registered.

**Sugar Making.**—Arthur Stayner, Esq., of Farmington, is erecting furnaces and putting up machinery with the design of experimenting in sugar making this fall. That's right. There is a standing premium of \$2,000 for the best 7,000 lbs. of home-made sugar manufactured in Utah, offered by the Territorial Legislature.

**Convalescent.**—Stephen, a little 12-year-old son of Counselor D. H. Wells, who was badly scalded by accident about a fortnight ago, is convalescent. The little fellow has had a hard siege of suffering, but will doubtless be entirely well in a short time.

**Dr. Clinton.**—Dr. Jeter Clinton has up in business for himself on Main Street. His office is in the Hunter Building, just north of Zion's Savings Bank. He makes a specialty of treating the various ills that flesh is heir to, and electric shocks and baths are given at his establishment.

**An Indian Burial.**—A squaw died at an Indian camp on the west side of Jordan River, last night. This morning, after sewing the remains up in a blanket, the members of the camp took the body up among the hills to dispose of it according to the customs of the race.

**Neutralized.**—An honest yeoman was asked at the Assessor's office, the other day, on applying for registration, if he was naturalized. "Yes, sir," he replied, "I have been naturalized over three years."

**Street Grading.**—The work of grading on the street going past this office is rapidly proceeding. The street is gradually assuming a fine appearance.

**SPECIAL BUSINESS NOTICES.**

**IT IS TRULY WONDERFUL.** TO SEE what improvements now exist as compared with railway travel a few years ago. To be come convinced of this, one has only to select for his route the popular and well-known CHICAGO & NORTHWESTERN RAILWAY.

You are landed by the Union Pacific R.R. in the Union Depot at Council Bluffs, where stands the C. and N.W. Palace train, composed of Pullman Hotel Cars, Pullman Sleeping Cars, elegant Day Coaches, Smoking Baggage, Postal Cars, etc., ready to convey its passengers through Iowa and Illinois, and into Chicago. Gliding smoothly along over the superb track of steel rail through thriving cities and villages, comfortably seated in this train, one scarcely discovers the high rate of speed which he is riding. Trains of this road are always on time, connections sure, and passengers seeking pleasure, comfort, safety and ease in traveling, will find the "North-Western" in excess of all expectations, and the greatest of all routes to Chicago and the East.

Ticket Agents selling you Tickets "via this road," agents sell them. Examine your Tickets, and refuse to buy if they do not read over this Road. If you wish the best Traveling Accommodations, you will buy your Tickets by this Route, AND WILL TAKE NO OTHER. d21w
