

of Cumberland is considered altogether hopeless.

BRUSSELS, 20.—The liberals are victorious in the elections here, at Antwerp, Ostend, Liege and 15 other towns. The clericals elected their candidates at Bruges, Nevelles and nine other places. This is an important triumph for the liberals, who consider that the education act has been condemned by the people. Janssen, Von Bumbek and Heynars are elected in this city. There was slight disorder here, and some arrests, but no serious disturbance, and troops were not required. Great excitement prevailed in all the towns and much animation was manifested. Crowds of people, preceded by bands and singing songs, marched through the streets.

LONDON, 20.—The Queen's speech, to be read at the opening of Parliament, has received the sanction of the Council at Balmoral. It is brief and refers to no home measures except the franchise bill. Vague allusions are made to the settlement of the Egyptian question, the Nile expedition and South African affairs.

The Conservatives will hold a meeting on Wednesday to prepare a line of opposition. Lord Randolph Churchill advocates continued obstruction to the franchise bill.

CONSTANTINOPLE, 20.—Further reinforcements are going to Yemen, West Arabia, where the revolt against the government still continues.

The Sultan's German proclivities are stronger than ever. He has made all the German Pashas imperial aide-de-camps, including Stricker Pasha, Naval Counselor of the Sultan. Stricker Pasha has also received an important decoration and has been especially directed to give his attention to the naval college and the reform of the fleet.

BERLIN, 20.—The Prussian court is ordered to wear mourning for the Duke of Brunswick for 48 (hours?) and the troops and inhabitants of Brunswick for two months. The King of Saxony, Grand Duke of Oldenburg, Duke of Cambridge, and Prince Albert of Prussia, representing Emperor William, will attend the funeral.

CAIRO, 21.—Three hundred and seventy-eight Canadian boatmen have arrived at Assuan.

ROME, 21.—During the past 24 hours there were 96 fresh cases of cholera in Italy and 45 deaths.

PARIS, 21.—The Chinese troops continue to pour into Tonquin. Great uneasiness is felt at Paris on this account.

The cabinet are divided as to what measures should be adopted to provide reinforcements.

Gen. Camponon, minister of war, declines to mobilize a corps d'armee without authority of the chamber.

Gen. De Lisle has not asked for reinforcements for Tonquin. If they are needed they will be drawn from the army in Africa without mobilizing a corps d'armee.

Gen. De Lisle, in reply to the request from Prime Minister Ferry for information in regard to the situation in Tonquin, states that the French forces there are sufficient to maintain a defensive attitude, but cannot undertake offensive operations.

Figaro says: The truth is, the troops are hemmed in on the delta under the protection of gunboats, and are obliged to limit their operations to repelling attacks of the enemy.

LONDON, 21.—Earl Granville has obtained the assent of the German and French governments to the proposal to limit the work of the Congo conference to the settlement of the Congo question. Earl Granville stipulates that the decision shall not be binding unless the votes of the delegates shall be unanimous.

The Lisbon Journal of Commerce says: The result of the negotiations of the conference will be the recognition of the principle of the sovereignty of Portugal on the river Congo, under a guarantee of equal trading rights to foreigners and Portuguese.

The Frankfurt Gazette predicts the failure of the conference unless English hostility ceases. It says: The American government has made Germany understand that it will not sustain the enterprise if directed against England. Portugal sides with England rather than risk her pretensions to possession of the mouth of the Congo. Holland distrusting Germany, is inclined to see in all the action against England a strategic movement, of which the final object is the annexation of Holland. Italy's colonial interests are opposed to those of the French, and she also supports England.

BRUSSELS, 21.—The members of the cabinet at a long sitting to-day, agreed to return their portfolios. Jacobs, minister of the interior, promised to prove that in the recent elections the Clericals had gained an increased number of States.

The Journal de Bruxelles, the government organ, in an article headed, "Liberal Infatuation," says: "The Liberals are marching straight to revolution, a motley crowd, obeying only the dictates of their passions. We raise the cry of alarm while there is yet time. If we succumb we shall be buried beneath the ruins of our country."

ST. PETERSBURG, 21.—The court-martial in the case of the prisoners who took part in the anti-Jewish riots at Kharvin in June has sentenced 11 to periods varying from 10 to 20 years, at hard labor for manslaughter. Twenty-seven to periods varying from one to three years for robbery, and 16 to shorter periods; one prisoner is banished to Siberia; 11 were acquitted.

NEW YORK, 21.—It was reported here late this afternoon that an enormous failure had occurred in the Liverpool

cotton trade, the liabilities being placed at over twelve millions. The name of the house cannot be ascertained. Great excitement was caused on the cotton Exchange, values falling very rapidly.

CAIRO, 21.—According to the latest reports which have reached Dongola, only merchants of Berber from Khartoum were on board the steamer which ran aground some days ago at Wady Garna, all of whom, taken captive by the natives, have since been set at liberty quite unharmed.

LONDON, 21.—The comet, recently discovered by Prof. Wolf, of Heidelberg, and Prof. Copeland, of England, is now visible to the naked eye at Alexandria. It appears as a nebulous body condensed at the centre and devoid of tail.

The iron and steel works of Crawshaw Bros., at Merthyr Tydvil in South Wales are about to close. The stagnation in the Welsh iron and steel trades is causing wide-spread dismay. Other suspensions are probable.

PARIS, 22.—The text of Admiral Millet's general orders before leaving Tonquin are made public. He states that he left because he was ill with vexation at the manner in which the Lang Son affair has been misrepresented.

The majority of the committee on Tonquin credits favor decisive action. They are willing to vote even larger credits to enable the government to bring the difficulty to a speedy conclusion.

Le Temps and Le Paris urge the government to blockade the port of Pakhoi, through which the Chinese who are invading Tonquin obtain their supplies.

The Telegraph affirms the report that at the council yesterday the cabinet decided to send to Tonquin the reinforcements which Briere de Lisle requires.

BRUSSELS, 22.—The political ferment continues to develop serious outbreaks. At Courtrai, at Hasselt and other places, collisions have occurred between the Clericals and Liberals, and rioting has been the consequence. Shots were fired in a crowd near Malines, which took deadly effect. One person was killed outright and four others were wounded.

The Etoile Belge declares that the Conservatives are seeking to bring back the sinister times of 1789.

The King this morning gave audience to Prime Minister Malon, and the Cabinet were summoned to meet immediately.

BERLIN, 22.—Representatives of Austria, Russia and Italy will attend the approaching Congo Conference upon the same footing as the representatives of other powers. Belgium will probably advocate the interests of the African International Association, of which King Leopold is president. Bismarck is here at the capital making preparations for the conference.

ST. PETERSBURG, 22.—The police seized a secret printing press on the 19th inst. They discovered documents with the press which showed that arrangements were being perfected to make an attempt on the Czar's life. There were many arrests.

LONDON, 22.—The canoe "Neptune," 20 feet long, which started from Norway some time ago for New York and recently put into Falmouth, has arrived at Penzance and is preparing to start for America. Capt. Johnson commands the whole crew.

LONDON, 22.—A dispatch from Sydney, N. S. W., states that the British man-of-war Nelson, had arrived in Orangerie Bay and proclaimed a British protectorate over the southeast coast of New Guinea.

The last of the Invincibles, eight in number, were last evening removed from Chatham to another prison.

LONDON, 23.—Parliament reassembled to-day. The following is the Queen's speech at the opening session: "My Lords and Gentlemen: I have brought you together to enable you further to consider the great subject of the representation of the people. I continue to maintain relations of amity with all foreign powers. Information from the Sudan includes painful uncertainty, but energy, courage and the resources, conspicuously displayed by General Gordon in the successful defense of Khartoum deserve my warm recognition. The advance of my troops to Dongola has for its object the rescue and security of that gallant officer and of those who have so faithfully co-operated with him. I am using my best endeavors in Egypt to promote further improvement of affairs there. I have given my support to the Egyptian Government in the difficult financial position in which it was left through the failure of the recent conference in the observance of the convention. Gentlemen of the House of Commons, operations in the Sudan render it necessary to ask of you further pecuniary provisions. My Lords and Gentlemen, a bill for the extension of the parliamentary franchise will be at once introduced. May the blessing of God attend your labors."

Evening. Apostle F. M. Lyman delivered an interesting discourse, occupying the whole evening, during which he said that no one should pride himself because he had obeyed any one principle of the gospel. We should labor earnestly to obey every principle, if we want to dwell with God.

Counties who are supposed to be polygamists. Expect lively times. Election matters red hot. The republicans, apostates and soreheads have combined under the styles of the 'Anti-Mormon Party,' held their convention, adopted strong anti-Mormon resolutions and nominated a county ticket. I attacked their platform, principles, frauds and deceptions to a crowded house in the Court House last night, followed by Judges Heed and Hart. We dished the gentlemen up in good style and their doings. The people well pleased. The anties have called a meeting in the same place to-night to reply. We expect their mouths will leak badly, but we do not expect them to answer our arguments. We were particular not to attack them only as we proved up and showed their principles and election rascality in the past."

THE JUAB STAKE QUARTERLY CONFERENCE.

Commenced on Saturday morning, Oct. 17th, at 10 a. m.

On the stand were George Teasdale, of the Quorum of the Twelve; Prest, Wm. Paxman and Counselors; Bishops of the several Wards of the Stake, and members of the High Council. Opening exercises.

Apostle George Teasdale occupied about 30 minutes in speaking upon the blessings and privileges those enjoy who live their religion.

The afternoon was occupied by Apostles Wilford Woodruff and F. M. Lyman, who arrived from Salt Lake City by the morning train, but too late to attend the morning meeting. The former portrayed the steady improvements made by the Saints since the year 1847, when he reached here, and the pleasure it gave him in living to see them. Also the fulfillment of the prophecies uttered in his hearing by the Prophet Joseph Smith.

The latter speaker dwelt upon the continued improvements that should be effected in every man in his surroundings, and congratulated the Saints upon the great advancement they had made in their meeting house, and hoped they would live long to enjoy it.

A priesthood meeting was held in the evening, at which a goodly number of those holding the Priesthood were present. All three of the Apostles present spoke very plainly upon the duties required of the brethren, showing that those, and those only, who obey the gospel in its fullness can obtain a fullness of glory in the celestial kingdom of God.

On Sunday morning a Sabbath school Stake Conference was held, attended by a large number of the children, and quite a fair representation of the superintendents and teachers from the several schools of the Stake. Good reports were made of the improvements and attendance of the children and teachers. The Apostles present made short speeches, calculated to encourage both teachers and children.

In the afternoon the additions and improvements upon our meeting-house were dedicated.

Prest. Woodruff offered the dedicatory prayer, after which he delivered a most excellent discourse upon the state of the world when the Gospel was revealed through the Prophet Joseph Smith, of the many who were seeking after the truth, himself among the number, but would not find it until they heard those who were sent of God to preach it. He said if this work was not of God the world would not oppose and lie about it, and that this Territory would be a barren waste to-day if it had not been for the Saints.

Evening. Apostle F. M. Lyman delivered an interesting discourse, occupying the whole evening, during which he said that no one should pride himself because he had obeyed any one principle of the gospel. We should labor earnestly to obey every principle, if we want to dwell with God.
