EVENING NEWS.

Saturday, . . . June 12, 1880.

BY TELEGRAPH.

PER WESTERN UNION TELEGRAPH LINE.

FORTY-SIXTH CONGRESS

CONGRESSIONAL.

SENATE.

WASHINGTON, 11. — McDonald supported the resolutions unseating Kellogg.

Hill favored the resolutions, and criticized the action of the democrats opposing him.

Butler explained and sustained his position.

Hill, in a further speech, declared his own bravery during the war was not inferior to Hampton's, and he was brave enough now not to boast of his own achievements nor deprecate Hampton's. It required no war to make him a Union man; he had always been one. He needed, therefore, to make no sacrifices to show Northern people that he had been brought to a condition of submissive and subservient loyalty. He said Spofford's title was much clearer than Butler's.

Butler said his respect for Hill would not be increased if he understood Hill voted to admit him when he had doubts of his election. If he now had the slightest doubt of his election let him move to vacate the seat, and he would join him and ask an investigation. He was glad to learn that Hill was a Union man, but there were four years when he did no hear so much of it.

Eaton, from the committee on appropriations, reported with amendments, the general deficiency calendar.

Williams moved to postpone Kellogg's resolution and consider the Mexican and Indian war pension bill. Agreed to by a party vote.

Blaine gave notice of an amendment shutting out from pensions those who were not injured by war or who did not need pecuniary aid.

HOUSE.

WASHINGTON, 11.—The deputy marshal's bill was considered.

Kiefer characterized it as a sham intended to annul, not improve the election law.

The Senate amendments to the sundry civil bill was non-concurred in and a conference committee appointed.

AMERICAN.

A Talk to the Graduates.

WEST POINT, 11.—A portion of the address of the Secretary of War to the graduates to-day was considered significant, in view of the Whittaker case. It was as follows: It is pre-eminently the duty of the graduates of this academy who are the beneficiaries of our people, to symbolize their faith in the vital source of our nation's strength, the equality of manhood by recognizing the right of all persons of whatever condition to strive for the attainment of such position as their abilities and desires may warrant. It is an ignoble thing to be governed by imaginary superiority over any of our less fortunate fellow-citizens, and thrice ignoble to make active exhibition of so unworthy a sentiment by oppressing those we may deem beneath us. True manhood dictates the extending of a helping hand to lift up the lowly, and words of encouragement to those who are struggling to elevate themselves. I ask you my young friends to give some thought to these suggestions, and to cultivate not only a love of country, but as well a love for the sentiment of which our country was born.

The address was loudly applauded. As the diplomas were awarded, cadets, Late, Wilcox and Burnet were vociferously cheered by the corps when they advanced to take theirs. This was significant, because upon these cadets Whittaker had cast suspicion.

General Sherman's address was of a humorous character and created much merriment.

Locating the Utes.

WASHINGTON, 11.—The conference committee on the Indian bill agreed to report the amendment directing the Secretary of the Interior to locate the Uncompaghres and Southern Utes on agricultural lands in Colorado, provided sufficient agricultural lands can be obtained within the limits of the Ute reservation, in Colorado to accommodate them. In the event of the Secretary failing to find sufficient agricultural lands in the Colorado reservation to accommodate them all, he is directed by the amendment to locate those unprovided for in Colorado upon unoccupied agricultural lands in New Mexico in the vicinity of La Platte river, or in Utah, within the limits of the present Uintah reservation.

A $2,000,000 Fire.

BRADFORD, PA., 11.—This morning at 7 o'clock lightning struck a 20,000 barrel iron tank of oil, of the Tidioute Pipe Company, located on an eminence above Titusville. The oil immediately took fire, and later the fire communicated with another tank of the same size, owned by the same company. At 1 o'clock the burning oil overflowed and ran down the hill side. The Octave Refinery and Acme Oil Works, one of the largest refineries in the world, is now burning. The oil ran into Oil Creek and threatened the destruction of a large amount of property in the city. Persons residing in the neighborhood have left without their household goods and gone to places of safety. At five o'clock the fire was still increasing, having reached Franklin and Washington Streets, and threatened the destruction of the railroad bridge. The fire departments from Corry, Oil City and Warren are in the city in answer to telegrams from the mayor for aid, acting with the fire department of Titusville at 7 o'clock.

Both sides of Breed Street were burned with about 100,000 barrels of oil. The loss so far is estimated at about $2,000,000. Great excitement prevails in the city. The business portion at this hour is believed to be safe, being mostly composed of brick buildings.

Vigilantes' Proclamation.

LEADVILLE, 11. — The citizens organized 3,000 strong this morning to protect working miners. They issued a proclamation stating that they are fully determined that work on the mines shall be resumed, there being to their certain knowledge men enough in the camp willing to work for the wages offered provided the intimidation now practiced under the auspices of the Miner's Union are stopped! The proclamation further states that on the first step taken by any one to interfere with, or intimidate the miners, the leaders of the mob will be lynched.

New Mexicans Demand Hatch's Removal.

SAN FRANCISCO, 11. — A Tucson dispatch says: A mass meeting was held by the citizens of Grant County, New Mexico, Monday night, at Silver City, at which 500 prominent citizens were present. A resolution was unanimously passed severely censuring Gen. Hatch, and his command, and demanding his removal, and the appointment of an efficient commander and force. Captain Parker, chief of scouts, the San Carlos Reserves, and Captain Madden were eulogized for their services in the field. The resolutions are to be sent to the President of the United States, the Commanding General of the Army, Department Commander, Governor of New Mexico, and copies forwarded to the Eastern and Pacific press.

IMPORTANT AND INTERESTING STATEMENTS.

READ, MARK AND INWARDLY DIGEST SOMETHING FOR EVERYBODY.

PURITY OF FAMILY MEDICINES.

Among the many specifics introduced to the public for the cure of dyspepsia, indigestion, derangements of various kinds, and a general weakness of the human system, within a few years, decoction of vegetable bitters have held a considerable place. Some of these have for a time had a considerable sale, but with doubtfully good effects and much injury. Such should never be taken into the human body. Often bitters have been made highly popular for a time by being largely charged with whisky and other spirits, thus ministering to a depraved appetite. In this way the medicinal purpose for which they were avowedly offered to the public has been missed, and sale to which they attained before their true character was thoroughly known has completely fallen away. The writer in his visit to Rochester has had the pleasure of meeting with "Hop Bitters," an entirely different compound from those alluded to. It is five years since their merits were brought before the public, and they have steadily increased in favor until they are, without question, the most popular and valuable medicine known. The exceeding intrinsic value of their leading components is in no way destroyed or lessened by the deleterious quality of any other ingredient. They contain, along with the purest hops, buchu, mandrake and dandelion, other medicines recognized as possessing the most effective curative properties. They are especially beneficial to clergymen, lawyers, literary men and all those subjected to the strain of mental labor. They cure almost every disease of the stomach, liver, kidneys and urinary organs. For nervousness and all its attendant ailments they are a never-failing remedy, giving tone to all the organs where formerly there was feebleness and an all-prevailing feeling of weakness. They have attained to an immense sale, which is the surest proof of their successfully meeting the wants of the people. We have seen letters from old established chemists testifying to this, and others from private individuals, stating that after they had had the services of the most distinguished medical men without any benefit, they experienced perfect relief from their bad complaints by the use of these invaluable bitters. They discharge their curative powers without any of the evil effects of other bitters.—*N. Y. Mercantile Review.*

A Voice from the Press.

I take this opportunity to bear testimony to the efficacy of your "Hop Bitters." Expecting to find them nauseous and bitter and composed of bad whisky, we were agreeably surprised at their mild taste just like a cup of tea. A Mrs. Cresswell and a Mrs. Connor, friends, have likewise tried, and pronounced them the best medicine they have ever taken for building up strength and toning up the system. I was troubled with costiveness, headache and a want of appetite. The two former ailments are gone, and the latter greatly improved. I have a yearly contract with a doctor to look after the health of myself and family, but I need him not now.
S. GILLILAND,
Peoples' Advocate, Pittsburg, Pa.
July 25, 1878.

Bay City, Mich., Feb 3, 1880.
HOP BITTERS COMPANY:
I think it my duty to send you a recommend for the benefit of any person wishing to know whether Hop Bitters are good or not. I know they are good for general debility and indigestion; strengthen the nervous system and make new life. I recommend my patients to use them.
DR. A. PRATT,
Treater of Chronic Diseases.

Superior, Wis., Jan., 1880.
I heard in my neighborhood that your Hop Bitters was doing such a great deal of good among the sick and afflicted with most every kind of disease, and as I had been troubled for 15 years with neuralgia and all kinds of rheumatic complaints and kidney trouble, I took one bottle according to directions. It at once did me a great deal of good, and I used another bottle. I am an old man, but am now as well as I can wish. There are seven or eight families in our place using Hop Bitters as their family medicine, and are so well satisfied with it they will not use any other. One lady here had been bedridden for years, is well and doing her work from the use of three bottles.
LEONARD WHITBECK.

Battle Creek, Mich., Jan. 31, 1879.
HOP BITTERS CO.:
Gentlemen—Having been afflicted for a number of years with indigestion and general debility I used Hop Bitters by the advice of my doctor, and must say they afforded me almost instant relief. I am glad to be able to testify in their behalf.
THOS. G. KNOX.

Lndington, Mich., Feb. 2, 1880.
I have sold Hop Bitters for four years, and there is no medicine that surpasses them for bilious attacks, kidney complaints and many diseases incident to this malarial climate.
H. T. ALEXANDER.

Paulding, Ohio, Jan. 2, 1880.
HOP BITTERS COMPANY:
I have used your Bitters, and must say they helped me materially.
JOHN FIELD,
Infirmary Director.

Ashburnham, Mass., Jan. 14, 1880.
I have been very sick for over two years. They all gave me up as past cure. I tried the most skillful physicians, but they did not reach the worst part. The lungs and heart would fill up every night and distress me, and my throat was very bad. I told my children I never should die in peace until I had tried Hop Bitters. I have taken two bottles. They have helped me very much indeed. I shall take two more; by that time I shall be well. There was a lot of sick folks here who have seen how they helped me, and they use them and are cured, and feel as thankful as I do that there is so valuable a medicine made.
Yours,
MRS. JULIA G. CUSHING.

Battle Creek, Mich., Jan. 31, 1880.
I have used seven bottles of Hop Bitters, which have cured me of a severe chronic difficulty of the kidneys and have had a pleasant effect on my system.
RODNEY PEARSON.

Walhend, Kansas, Dec. 8, 1879.
I write to inform you what great relief I got from taking your Hop Bitters. I was suffering with neuralgia and dyspepsia, and a few bottles have entirely cured me, and I am truly thankful for so good a medicine.
MRS. MATTIE COOPER.

INVALIDS
AND OTHERS SEEKING
HEALTH,
STRENGTH AND ENERGY,
WITHOUT THE USE OF DRUGS, ARE REQUESTED TO SEND FOR THE ELECTRIC REVIEW, AN ILLUSTRATED JOURNAL, WHICH IS PUBLISHED FOR FREE DISTRIBUTION.
IT TREATS UPON HEALTH, HYGIENE, and Physical Culture, and is a complete encyclopedia of information for invalids and those who suffer from Nervous, Exhausting and Painful Diseases. Every subject that bears upon health and human happiness, receives attention in its pages: and the many questions asked by suffering invalids, who have despaired of a cure, are answered, and valuable information is volunteered to all who are in need of medical advice.
The subject of Electric Belts *versus* Medicine, and the hundred and one questions of importance to suffering humanity, are duly considered and explained.
The ELECTRIC REVIEW exposes the unmitigated frauds practiced by quacks and medical imposters who profess to "practice medicine," and points out the only safe, simple, and effective road to Health, Vigor, and Bodily Energy.
Send your address on postal card for a copy, and information worth thousands will be sent you.
