"Streets of New York" at the Theatre on Monday, for the benefit of Pioneer Fire Engine Company, No. 1.

HACK, HACK! COUGH, COUGH!—Cough is a symptom by which various diseased conditions of the throat, bronchial tubes and lungs manifest themselves. But whether it arises from the irritation produced in the throat and larynx by taking cold, from an attack of Bronchitis, from incipient Consumption, or from various other causes, nothing will allay it more speedily nor cure it more permanently than Dr. Pierce's Golden Medical Discovery. It does not matter whether it be a recent attack, or a lingering cough, the Discovery is in either case equally well adapted for its relief and permanent cure. In fact, it will cure a cough in one-half the time necessary to cure it with any other medicine, and it does it, not by drying it up, but by removing the cause, subduing the irritation, and healing the affected parts. No time should be lost in commencing the use of the proper medicine for the relief of a Cough, for unless this course is pursued, serious and dangerous disease of the lungs is liable to result.

DOCTORS SOON LEARN ITS VALUE.

Buffalo, N. Y., Dec. 13, 1870.
DR. PIERCE — For the past six months I have used your Golden Medical Discovery in my practice, and in the time I have tested its merits in severe coughs, both acute and chronic, in chronic disease of the throat, severe cases of bronchitis, general derangement of the system, constipated condition of the bowels, and wherever a thorough alterative has been indicated. In all cases I have found it to act gently yet thoroughly and effectually in removing the various diseased conditions, and bringing about a healthy action throughout the system. Yours fraternally,
H. L. HALE, M. D.

HAVING secured the agency of the Old Allen Mine Weber Coal, I am prepared to supply my old patrons and friends with this coal, which I can recommend and guarantee to give satisfaction. Only $3.00 per ton at Depot. Special rates by the car load. Leave orders at Dunford & Sons, Knowlden's Grain Store and Smith's Boot and Shoe Store.

JAMES SHELMERDINE,
d70 1m eod Sole Agent.

NOTICE TO CORRESPONDENTS.—Persons sending communications to the offices of the DESERET NEWS and *Juvenile Instructor*, are requested to write to the offices separately, to avoid confusion and insure attention to their orders. All letters to the latter office should be directed "*Editor Juvenile Instructor.*"

Old Constitution Buildings.
d41 tf

GENERAL Agent wanted for U. S. Business Directory. See advt.

LOCAL AND OTHER MATTERS.

THERMOMETER 40 degrees F. in the shade, at 1 p. m. to-day. Fine day.

Meetings.—Religious services at all the Ward meeting-houses tomorrow at two and six o'clock p.m. Fourteenth Ward at two and half-past six.

The Cold at Pioche.—The Pioche *Record* of Feb. 22 says—"Yesterday was the coldest morning of the season. At 7:15 o'clock the mercury stood at 16° below the freezing point."

Ruling.—To-day we were shown some very cleverly executed specimens of paper ruling, by Mr. Albert Kelly. The different lines were straight, undulating and circular.

Preaching.—Elder Albert Carrington will preach at the 13th Ward Assembly Rooms at two o'clock to-morrow afternoon and Elder George G. Bywater at half past six in the evening.

Notice. — Superintendents and Teachers of Sunday schools will hold their usual monthly meeting on Tuesday evening next at 7 o'clock at the City Hall. A punctual and general attendance is requested.

Will Preach.—Elder Orson Pratt will preach at the 16th Ward meeting house, to-morrow, Sunday, afternoon; services commence at two o'clock.

Elder John Taylor will preach in the 14th Ward Assembly Rooms at 2 o'clock to-morrow afternoon.

Prize Medal.—To-day we saw a neat bronze medal, inclosed in a neat casket, awarded to the Deseret Agricultural and Manufacturing Society by the American Pomological Society, for fine collection of plums. This latter society was established in 1848. The medal was received yesterday, from Boston, Mass.

Very Economically Disposed.—Major Maginnis, delegate from Montana to Congress, in a letter to Hon. John Rogers, according to the *Avant Courier*, says—

"The financial panic and the fact that the Government is paying its current expenses with borrowed money, has produced a very economical temper in the House, and all bills making appropriations, and especially those benefitting the Territories, are looked on with distaste. Still, I hope to successfully press many of our bills through."

Mr. Hood Alston.—This gentleman will give one of his interesting entertainments, at the 14th Ward Assembly Rooms on Monday evening, commencing at half past seven. He will recite a number of his own poetic effusions, which show considerable ability, as well as some selected pieces. The lovers of poetry may expect a treat.

Periodicals.—We have received the following from Dwyer's book and periodical depot, East Temple St.: "Crofut's Western World", for February, "St. Nicholas," and "Scribner's Monthly," both beautiful, for March, "Harper's Weekly" and "Frank Leslie's Illustrated," for Feb. 28, and "The "Chimney Corner" for March 7.

Stirpiculture.—The word "stirpiculture" is a new one, compounded of the common and well understood word "culture," and the almost obsolete word "stirp." According to Webster, "stirp" signifies "stock; race; family." According to Worcester, "stirp" signifies "race; family; generation," and he gives, as an illustration, the passage from Bacon, "*Stirps* of nobles."

Stirpiculture, therefore, means culture of the stock, the race, the family, the generation.

Theatrical Benefit.—Next Monday night, March 2, "Pioneer Fire Company No. 1" will have a benefit at the Salt Lake Theatre, the object of which is to obtain means to aid in the purchase of additional hose and other apparatus, that they may be fully equipped and prepared for every emergency of fire. Members of the Company have tickets for sale, and it is probable the benefit will be a bumper. We believe that such benefits are not infrequent in other cities. The proceeds will be devoted to the object alluded to, with the exception of the expenses of the house. A good bill has been provided for the occasion, consisting of the "Streets of New York," in which an improved fire scene will be introduced and the firemen will appear; a fancy clog dance, by Mr. Ainsworth; the whole to conclude with the farce of "Turn Him Out."

"Solar Spectrum and Electricity."—Mr. C. R. Savage's lecture on this subject, at the 20th Ward Schoolhouse, last night, was listened to by a large audience, the building being crowded. The lecturer treated his subject in a lively, entertaining and instructive manner, and was frequently applauded. After explaining the nature and effects of the solar spectrum, giving some well executed experiments, showing the different colored rays of the sun, and describing the process of decomposition and recomposition of light, he struck out on the other part of his subject—electricity. Some very beautiful experiments were made in this department, conspicuous among which was the electric light. We believe this was the first time this most beautiful light has been produced here in public. That alone was worth traveling some distance to witness.

Considerable credit is due Mr. Savage for the great pains taken by him in preparing the experiments connected with his lecture; also to A. M. Musser, Esq., who kindly furnished the electric apparatus; to Mr. Cox, electrician for the Deseret Telegraph Company, who prepared and manipulated the electrical experiments, and to Mr. Lewis, who assisted him.

The next lecturer, under the auspices of the 20th Ward Institute, is Prof. Karl G. Maeser, who, on next Friday evening, will treat upon "The Footsteps of Providence."

P., D., and S. L. R. R.—In the U. S. Senate, Feb. 20, Mr. Mitchell said, "I presented a memorial yesterday in relation to the Portland, Dalles, and Salt Lake Railroad, which was inadvertently referred to the Committee on Public Lands, when it should have been referred to the Committee on Railroads. I move that the Committee on Public Lands be discharged from its further consideration, and that it be referred to the Committee on Railroads." The motion was agreed to.

Traveling Westward.—The drinking saloon, psalm singing style of temperance movement has been traveling westward. It appears to have slighted Salt Lake, as the dispatches inform us that it will be inaugurated in San Francisco on Monday. This holding of prayer meetings and singing of religious hymns in whisky shops may suit some flighty kind of people very well, by way of novelty and passing excitement, but to expect that much permanent good will be effected in such an out of the way manner would scarcely be reasonable. Stable reformation is not to be effected by jumps and spurts, but must be of steady and natural growth.

Dr. DioLewis is tolerably sensible on some points, but, to say the least, he is something of an extremest.

Theatre.—Miss Moore was honored with an exceedingly large house last evening, on the occasion of her benefit. The new play, "A California Girl," was not very lengthy, nor did it excite so much applause as the new play, "Struck Oil," by the same author. Prof. O'Reardon appeared and gave a performance upon the piano and the musical glasses, which greatly pleased the audience and elicited repeated encores. The performance concluded with recitations by Mr. Williamson, songs and dances by Miss Moore, and songs and dances by Mr. Crosbie, all of which were received by the audience with manifest delight, and each of the three actors was gratified with more than one hearty encore.

This evening the fun-abounding Pennsylvania Dutch comic four act drama of "Struck Oil" will be presented, with Mr. Williamson as "John Stoffel," the Dutch shoemaker—soldier, and Miss Moore as "Lizzie Stoffel." Prof. O'Reardon will give his beautiful musical glass entertainment. The performance will conclude with the farce of "Paddy's Mischief," in which Mr. Williamson will appear.

On Monday evening, for the benefit of Pioneer Engine Company No. 1, the "Streets of New York."

On Tuesday evening first appearance of Mr. J. T. Raymond.

The Reduction of the Army.

A Government that will not protect any and all its citizens is unworthy the confidence of free people. But in the management and disposition of the army, as in every thing else, corruption and maladministration exist. A single circumstance will demonstrate this. In the Territory of Utah, at Salt Lake and Beaver, there are now stationed twelve companies of infantry and one of cavalry, each of which is full, viz.:

Eight companies of the 13th infantry, 486 strong, and; one company of cavalry, 60 men, at Salt Lake, and at Beaver four companies of the 8th regiment, 240 men, making a force of over 600 men in that Territory alone, an army larger than the entire military force between Omaha and San Francisco, outside of Utah. Moreover, these troops were not placed in Utah by order of the Secretary of War, or General Sherman, but by special order of President Grant, who has been deceived by Dr. Newman and his satellites, and mace to believe that such an army is needed to enforce the laws against the Mormons, the most peaceful and quiet law-abiding people in the Union. Troops are no more needed in Utah than in Omaha to enforce the laws, and the Indians in Utah have always kept the peace with the Mormons.

Millions of money are thus spent each year, to keep up this grand army among the Mormons, and that people get the benefit of its expenditures while Arizona and Wyoming and the territories North of us are constantly exposed to Indian frights and alarms.—*Omaha Herald, Feb.* 25.

Will return

TEN PER CENT.

TO

CASH CUSTOMERS.

A RARE CHANCE!

As their Goods are already marked down

As Low as any House in Town!

SPECIAL NOTICE.

AS THE BOTTOM FOR DRY Goods and Groceries has unquestionably been touched, and a sharp advance is liable at any moment to take place, we advise Country Merchants who intend replenishing their stocks for late Winter sales, to send along their orders, or inspect the market for themselves as early as possible.

Having availed ourselves of the recent depression in the Blanket and Flannel market by making large purchases for cash, we are prepared to offer extraordinary bargains.

Zion's Co-operative Mercantile Institution.

INGERSOLL
STEAM AND COMPRESSED AIR
ROCK DRILL.

UNEQUALLED FOR BOOKWORK where Powder is used, and especially adapted for Drilling Hard Rock. It is more simple in its construction than any other, consequently liable to get out of order. It is the only Rock-Powder known, and will accomplish 25 per cent. more work than any other drill using the same steam power. Is in successful use by the Pilot Knob Iron Co. and the Iron Mountain Iron Co. of Missouri.

THE CHALLENGE
REVERSIBLE HOISTING ENGINE

Is being used by the St. Louis Tunnel Co., and where once used speaks for itself. But one lever is necessary to start ahead, reverse the engine or hold the load. The most economical Hoisting engine made.

Groesbeck Block

TO EVERYBODY.

We desire to call the attention of the public to our full and complete stock of Dry and Winter Clothing, consisting of the latest styles and patterns, all of our own manufacture. The immense facilities we have enables us to sell them from 15 to 20 per cent. less than any other house in this city. The trade we will supply at New York wholesale rates.

Manufactory, 24 Leonard St., New York. } L. Gutmann & Co., Main St., S. L. City.
