REPUBLICANS FORM LEAGUE

New Organization for the Purpose of Securing State-Wide Prohibition for Utah.

Former Republican State Chairman Heads Executive Committee Selected at the Meeting.

Work Will Not Stop With the Present Legislature-Exterminate the Saloon, the Battle Cry,

The Republican Prohibition league is the name of a new organization that is sont to become an effective force in the politics of Utah. It is the practical form which the mass convention in the houter of last Wednesday evening is to take, so that its sentiment may become a fighting force for the attain-

The new league's first work is already out out for it. It is to start right here in Salt Lake with an organized demand that a new and substantial temperance reform measure be sansidered by this legislature. To one that this work is properly done. The league's executive committee has been selected, and this executive committee with task.

EXECUTIVE COMMITTEE. In its membership are Wesley K. Walton, formerly Republican state chairman; now state chairman of the Republican Prohibition league. Serving with him in the work arranged for next few weeks are Albert Reiser, Nephi L. Morris, of Salt Lake; Willis Johnson of Sevier; Thomas Haycock of Garfield, and James A. Kelley of stillard.

WAR OF EXTERMINATION.

Its battle cry will be a war of ex-termination on the saloon, and on all forces befriending the saloon, or ally-ing themselves with it for its proce-fion or their mutual benefit. The mem-iers of Wednesday evening's mass con-vention realized that the opposition to scattliffon would slove in what they prohibition would glory in what they might consider the disorganized state of the sentiment expressed by the constitution. To forestall the giving of the even temporary hope, the executive committee which Nephi L. Morris was authorized to appoint, and which has actually appointed afterwards on amendment, by each county convention being a constitution held a meeting Thursady.

Loaded Coal Cars From Winter Quarters Mine Catch Them in Cut-Through Snow Banks.

(Special to the "News,")

Scoffeld, Utah, Feb. 26.-For the pass ten days Mrs. Herman Rutzky, Mrs. Otto Pahlke and their four children have walked from Scofield to Winterquarters to wait upon a lady friend who was sick. This morning Mrs. Rutzky started alone, pulling her two small children on a hand sleigh along the railroad track which is banked on either side by about four feet of snow. She had gone but a short distance along the track when she and her two children were run down and instantly killed by two loaded railroad cars that ran away from the mine. Last month the Rutzky family lost another child which fell into a tub of

DAIRY COWS DISEASED

Nine of a Herd of Twenty-eight Found To Have Tubercus losts.

The veterinarians of the bureau of animal industry were called upon yesterday to examine the herd of a milk dairy located in this city by a prospoetive Montana purchaser of the dairyman's herd, as he wanted to make sure of their health before closing the deal and shipping the animals north, The veterinarians, to their surprise, found nine cows out of the 28 infected with tuberculosis. These were cut out of the herd, the remainder of which was accepted and ordered shipped to Montana,

Dr. Murray, the bureau chief, declined to make public the name of the dalryman-in fact, he said he didn't know his name. He also stated that under the present lack of statutes he was powerless to do anything with the diseased animals, and there is no state veterinarian to act in such matters. The infected cows, he says, ought to be taken to the slaughter house and killed at once, although Dr. Murray says there is no objection to the healthy parts of the animals being sold for food.

says there is no objection to the healthy parts of the animals being sold for food, as tuberculosis is local and does not necessarily affect the entire animals.

When asked if the owner of those diseased cows could be prevented from continuing to milk them, he said there is at present no legal obstacle to his doing this if he wants to do it. Dr. Murray further said there is every reason to believe tuberculosis obtains reason to believe tuberculosis obtains elsewhere among other dairies of the city, and thinks there should be general examination. However, the statutes are entirely devoid of laws, rules or regulations respecting such However,

GEN. HARRISON'S PIPE.

One He Gave Delawares in 1814 Goes To National Museum,

Washington, Feb. 26.-The silver pipe which Maj.-Gen. Harrison presented to the Delaware tribe of Indians in 1814, and a silver tomahawk inscribed with a new moon and seven stars and the rising sun "with eyes in it" are among valuable historical relics which Richard C. Adams of this city, a leader of the Delawares, has deposited with the national museum. The relics which are claimed to be among the most valuable at the museum are subject to return

to Adams or his heirs on dsmand. The tomahawk bears engravings of a rifle crossed with a tomahawk and powder horn and a string bow crossed with an arrow. The moon and the sun are on opposite side of the tomahawk. The relies include a war club with silver plate, which Capt. Swannock, Delawar war chief, carried through the Florida war and Capt. Secondia, Dela-ware war chief, carried on his two jourware war chief, carried on his two journeys with Fremont across the Rocki and also in the Mexican war. The war club was also carried through the Civil war, always on behalf of the United States and was presented by the Delaware Indians in 1892 to Mr. Adams. Other relics presented are a cedar flute used when the Dolawares lived near Fort Pitt and presented to Adams by his people in 1800, and a wampun beit and a war bonnet which the Delawares claim has the same buffulo horns that were on the war bonnet worn by the head chief of the Delawares at the eigning of the treaty by William Penn signing of the treaty by William Penn in 1682.

Washington, Feb. 26. Senator Pillman today introduced a resolution instructing the senate committe on postoffices to inquire and report whether the recent message of the president forwarding to Congress the report of building in joint assaion the home commission should not be exproper for transmission.

APPRECIATES THE

On behalf of my associates and for myself, I desire to express my appreciation of the able and noble assistance of the Descret News in our battle for statewide prohibition. It has had the interests of the community at heart, has opened its columns freely to a full discussion of this question, has taken a decided stand for what we know to be right, regardless alike of threats and promises.

Every true friend of prohibition in the state will honor the "News" for its position and applaud its atterances in this campaign for principle and morality.

This was evidenced at the mass convention at the Theater Wednesday night by the applause which greeted the resolution of endorsement. And any utterance of such a convention-composed of serious, intelligent voters, meeting with calmness and acting with deliberation, unaffected by campaign excitement or personal ambitions, with no ticket to name and interested only in right and in the welfare of the party and the state-any declaration from such a body of citizens carries more weight than do the statements of mere polificians. Gaines of Tennessee Told Taymey He Would Stand His "Snarles and Howls" "but Little Longer,"

Washington, Feb. 26,-All records to the Sixtieth Congress were broken by the house session, which ended at 3:21 o'clock this morning, having extended over a period of 16% hours,

Efforts of the house leaders to rush through all the important appropriation bills in the closing 'tours of the session, which terminates next Thursday at noon, logether with the obstructions placed in their way by the Democrats. probably will necessitate long night sessions on every one of the five remaining days. When the house met today at 11

celock Chairman Tawney of the appropriation committee renewed his attempt to secure the passage of the sundry civil appropriation bill, which he had hoped to get through before recess was taken early this morning. The Democratic filibuster inaugurated last night greatly irritated Mr. Tawney and the result was frequent clashes between him and members on the opposite side of the chamber.

As the hours dragged on the tired lawmakers lost some of their self restraint and bitter personalities were indulged in. When Mr. Tawney's temper was referred to by Mr. Beal of Texas, Mr. Mann of Illinois auggested that Mr. Tawney's temper might be improved if the "gentleman from Texas yould improve his manners

"To copy those of the gentleman from lillnois," was the hot retort, "would make of myself a clown."

Mr. Gains of Tennessee also took offense at Mr. Tawney and announced that he would stand the "snark and howels" of the gentleman but little longer. A sharp passage occurred late in the night between Mr. Tawney and John Sharp Williams of Mississippi, former minority leader, when the former declared that he was not trying to prevent the gentleman from making a speech but an exhibition of himself. Mr. Williams responded in kind, stating that if he were making as great an Mr. Williams responded in kind, stating that if he were making as great an exhibition of himself as the gentleman from Minnesota normally and naturally does of himself, he would feel safer for himself than he did for him.
