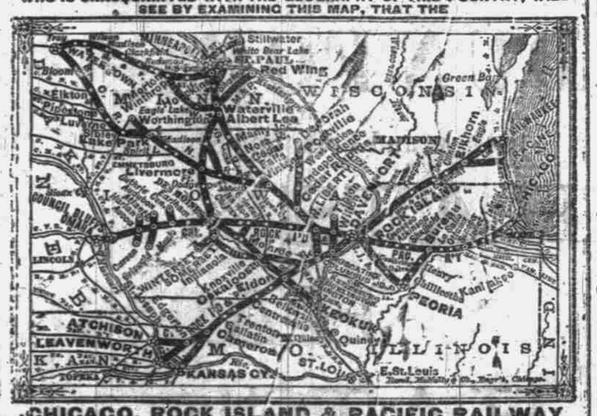
A MAN

WHO IS UNACQUAINTED WITH THE GEOGRAPHY OF THIS COUNTRY, WILL SEE BY EXAMINING THIS MAP, THAT THE



CHICAGO, ROCK ISLAND & PACIFIC RAILWAY

By reason of its central position and close relation to all principal lines East and West, pre-eminently deserves the title of the important mid-continental link in that system of through transportation which invites and facilitates travel and traffic between cities of the Atlantic and Pacific Coasts. It is also the favorite and best route to and from points East, Northeast and Southeast, and corresponding West, Northwest and Southwest.

The Rock Island system includes in its main line and branches, Chicago, Joliet, Ottawa, La Salle, Peoria, Geneseo, Moline and Rock Island, in Illinois; Davenport, Muscatine, Washington, Fairfield, Ottumwa, Oskaloosa, West Liberty, Iowa City, Des Moines, Indianola, Winterset, Atlantic, Knoxville, Audubon, Avoca, Guthrie Center, Council Bluffs, in Iowa; Galatin, Trenton, Cameron and Kansas City, in Missouri; Leavenworth and Atchison, in Kansas; Albert Lea, Minneapolis and St. Paul, in Minnesota; Watertown in Dakota, and hundreds of intermediate cities, towns, villages and stations.

THE GREAT ROCK ISLAND ROUTE

Guarantees its patrons that sense of personal security afforded by a solid, thoroughly ballasted road-bed; smooth tracks of continuous steel rail; substantially built culverts and bridges; rolling stock near perfection as human skill can make it; the safety appliances of patent buffers, platforms and air-brakes; and that exacting discipline which governs the practical operation of all its trains. Other specialties of this route are Transfers at all connecting points in Union Depots, and the unsurpassed comforts and luxuries of its Passenger Equipment.

The Fast Express Trains between Chicago and the Missouri River are composed of well ventilated, finely upholstered Day Coaches, Magnificent Pullman Palace Sleepers of the latest design, and sumptuous Dining Cars, in which elaborately cooked meals are leisurely eaten, "Good Digestion waiting on Appetite, and Health on both." Between Chicago and Kansas City and Atchison, are also run the Celebrated Reclining Chair Cars.

THE FAMOUS ALBERT LEA ROUTE

is the direct and favorite line between Chicago and Minneapolis and St. Paul. Close connections are made in Union Depots for all points in the Territories and British Provinces. Over this route, Fast Express Trains are run to the charming places, summer resorts, picturesque localities, and hunting and fishing grounds of Iowa and Minnesota. It is also the most desirable route to the rich wheat fields and pastoral lands of interior Dakota.

Still another DIRECT LINE, via Seneca and Kankakee, has been opened between Newport News, Richmond, Cincinnati, Indianapolis, and Lafayette and Council Bluffs, Kansas City, Minneapolis and St. Paul and intermediate points.

EVENING NEWS.

Thursday : April 1, 1886

THE SWISS AND GERMAN MISSION.

BERN, Switzerland.

Editor Deseret News:

Realizing that yourself, as well as a majority of the Saints, are ever interested in the spreading and the establishment of truth and righteousness in the earth, I take pleasure in communicating to you a few items of information concerning this part of the vineyard of the Lord.

OUR LONG ANTICIPATED CONFERENCE

has taken place, and I believe, judging from general remarks and feelings expressed by members who have resided here for at least 17 years, surpassed any gathering of the kind held since the establishment of the mission here, so far as numbers is concerned. On the afternoon of the second day, the Emmenthaler Hof, the name of the hall in which the conference was held, was so crowded that every available space was occupied, while the passage leading to the hall was also well filled and in a small ante-chamber opening into the room, they were standing on chairs, tables and benches eagerly directing eyes and ears to catch the words that fell from the speaker's lips; and the most interesting point was that notwithstanding the uncomfortable state of things, occasioned by the lack of room, not the least disturbance or noise could be observed while the Elder, called upon to speak, delivered a discourse occupying about an hour and fifteen minutes. Friends and strangers gave the strictest and most undivided attention. And still more marvelous when the officers of the Church were presented, a unanimous vote was given in favor of each member named, even those not of us joining with uplifted hands. The reports given by the presidents of branches at the first meeting showed that a good spirit prevailed among the members, and that a steady growth in purity is taking place. Special incentive has been given to this influence by the example set by the Elders laboring here at the present time. Of them I now upon missions here, I question if there is a single one who does not observe the

WORD OF WISDOM.

To my own personal knowledge, the best of wines and liquors have been generously offered and even urged upon Elders, but in every instance courteously declined, the refusal, notwithstanding the fact that it had been given in the most polite manner, being regarded as an offense; still nothing could induce these Elders to violate laws which they knew would prove injurious to their systems and weaken the virtuous resolutions of their brethren.

The instructions given by the twelve Elders present were replete with sound doctrines and valuable information, prompted by the Spirit of the Lord, as was plainly indicated by the excellent attention given and the good spirit which prevailed at the close of the meeting. The points touched upon were, in the main, the first principles of the Gospel and exhortations to live pure and virtuous lives so as to avoid the terrible consequences of drunkenness and whoredom, the curse of the world at the present time. The singing, for which the Swiss people are specially noted, was particularly grand on this occasion, and the reluctance of the audience to leave at the close of the last meeting, in consequence of the special contributions by the choir, showed how much the efforts of these sweet singers were appreciated. For at least one hour did the hall present a happy scene of friends chatting with each other, while others were eagerly listening to the beautiful songs of Zion so feelingly rendered, and still others were lingering at the door, reluctantly giving the farewell token of brotherly and sisterly love.

As is usual at conferences held here, one meeting is devoted to the benefit of the

RELIEF SOCIETY

of Bern. The attendance, as at the other meetings, was large, considering the time it was held, and the sisters spoke with an excellent spirit, bearing good, faithful testimonies. The reports showed that 160 francs had been expended in various ways for the assistance of the poor and afflicted. Their meetings were reported to consist of three classes, viz., testimony meetings, Bible classes and working meetings; at the latter they knit various kinds of wolen ware, or from purchased material make chemise, shirts, aprons, drawers, etc., all of which are either sold and the money given to the poor, or else the articles themselves, when needed, are distributed among them. The meetings for this purpose occur monthly, and the sight of seeing so many busy hands providing comfort for the needy, touches the tender chords of all who have a spark of humanity left for their fellow beings.

Sister Friedly, a woman of large heart and noble character, has the honor to preside over this society; she is one of the many of God's noble women in our Church.

One week afterwards, another conference was held at Winterthur, which, like the former, was also largely attended by friends and strangers. Here, however, instead of continuing two days and holding six meetings as at the first, but one day was occupied and but three meetings were held. All passed off pleasantly, and the instructions and the general spirit were but an echo of the first.

Thus do our enemies aid us in spreading the truth of the Gospel; a year ago the work appeared to be drawing to a close, none seemed to exhibit any desire to hear the word of God from our Elders, but now the report comes from all quarters that there is more of

A SPIRIT OF INQUIRY

at present than there has been for years in the past; more additions are also being made than there was at this time last year, and in every particular the prospects are brighter than when this unallowed persecution commenced. Our enemies would do well to profit by the words of Gamaliel, for they are just as true to-day as they were in the Apostolic age.

On Christmas we had a pleasant surprise prepared for our Sunday school. The children of the school, numbering about thirty, had been invited by their superintendent, A. Ramseyer, to meet in the evening at about 8 o'clock, at their usual place of gathering. On assembling they found a calico curtain stretched across the front part of the room, and many were the questions as to what was hidden behind that mysterious veil from their view. At a given signal, the lamps were turned down and the veil was taken from their eyes and lo! and behold! a Christmas tree laden with sweetmeats, apples, nuts, etc., burst under the brilliancy of about a hundred dancing jets of sparkling flame, upon their dazzled eyes, at the sight of which an exclamation of oh! oh! echoed simultaneously from all parts of the room; the dazzling light of the candles found their equal in the bright sparkling eyes of the little ones, and surely

"JOY REIGNED SUPREME."

After songs and speeches, which were, as was naturally expected, very tame, for the hearts of the little ones were pinned to the Christmas tree, the superintendent commenced distributing prizes; about 40 francs' worth of books, generously donated by President Schoenfeld and consisting of Doctrine and Covenants, Voice of Warning, Pearl of Great Price, Catechism and song books were given as presents. This was followed by the President of the Relief Society handing each child a parcel a carefully wrapped up and labeled; on inquiry we were informed that thirteen pairs of socks, nine chemise, seven little boy's shirts and two aprons had been distributed as presents from the society. Next came the sweetmeats, apples and nuts, etc., each boy and girl receiving all that two pockets would hold; and the sight of seeing them march off with pockets full, and parcels under their arms, and books in their hands, together with hearts full of joy and gratitude and eyes beaming with delight, was a sight which would cause many an artist's fingers to twitch to reproduce.

It appears that

THE SPIRIT OF CLEANSING,

advocated at the last fall Conference at Logan, has been felt and carried out in our field of labor on this side of the ocean, refuting the lying charge preferred against us by our enemies that the "Mormons" foster crime. As an example, the number cut off from this Church, this year, for whoredom and unchristianlike conduct, was 106. Thus, while other churches scarcely ever think of dealing with crime, retaining the guilty parties and thereby fellowshipping foul acts of all shades and character, the "Mormon" Church, believing the words of Paul, that neither fornicators, nor idolators, nor adulterers, nor the effeminate, nor abusers of themselves with mankind, nor thieves, nor covetous, nor drunkards, nor revelers, nor extortioners, shall inherit the Kingdom of Heaven, they cleanse the Church from such evil doers. Every apostate who has been cut off for his misdeeds is a living testimony that we do not fellowship wickedness; and what greater proof can there be that we are a pure people than the fact that such persons are not permitted to retain their standing in our Church? To counterbalance this number of apostates, we have baptized 143; the number emigrated is 104, and the total number of members in the mission is 915. The brethren, the missionaries, feel hopeful and cheerful, buoyed up with the bright prospects for a better future. President Schoenfeld also feels well, notwithstanding the fact that his time of missionary labors has been extended beyond the ordinary limit, and the brethren, his colaborers, all look upon him as a kind father to them in a strange land.

I remain, very respectfully, your brother in the covenant of peace and righteousness,

L. F. MONCH,
Secretary of Swiss and German Mission.

Cassell's Family Magazine for April.

The readers of *Cassell's Family Magazine* for April, will gladly acknowledge that this is an uncommonly attractive number. There seems to be a brightness and a variety about its contents, exceptional even for this admirable publication. The Serial, "A Wilful Young Woman," opens the number, and has reached a point where Cupid plays an important part. A short paper, "Will it Rain To-morrow," comes appropriately, with a similar paper by John Burroughs and one by Prof. Abbott discussing weather wisdom in animals and birds. This is followed by a description of "How Kid Gloves are Made," and this again by a short story, "Rotha Chester's Honey Moon," which won the prize in Cassell's Short Story Competion. A practical paper on gardening for the month is given, followed by one equally practical from the pen of "The Family Doctor." Then we have still another practical paper, this time on "Co-operative Housekeeping." "Life in an American Boarding House" is next described and with much truth. There is an interesting interview with Henry M Stanley reported, accompanied by a new portrait of the explorer, in which he has much to say of the new state of the Congo. In the matter of dress we have two letters this week, one from Paris, the other from London. Both are filled with timely hints. A paper "On the Decoration of a Bed-room," has also some good advice, and so has a chapter on "The Art of Singing an English Ballad." Fiction, poetry and pictures enliven this number, which it will be seen by the foregoing is one of varied interest.—*Cassell & Co., New York, 15 cents a copy, $1.50 a year in advance.*

THE DESERET HOSPITAL, UNDER the most favorable auspices, is now open for the reception of patients, having removed to that large and commodious building lately occupied by the Deseret University. The appointments are new and of the first order. The halls and rooms are thoroughly ventilated, and warmed by a furnace and steam heating apparatus extending through the whole building. Good and capable nurses are supplied, and every attention paid to the comfort and welfare of its inmates. The medical department comprises a fine stock of drugs, and a line of some of the most valuable and elegant surgical instruments and appliances ever imported into the Territory. Arrangements have been made to secure the first medical talent the city affords for the benefit of patients. A specialty is made of the diseases of women, and correspondence is solicited from the afflicted.
