STUDENTS' SIDE OF STORY.

The following has been handed the "News" with a request for publication: "Editor 'News': We are grieved to know that an attempt has been made upon the reputation of the students of the Weber State academy. From the minutes of the last meeting of the city council we see that the members of the Art club were indicted by the action of the students last Monday afternoon. Permit us to state the facts and then let the public judge whether the lady charged with the long hair has reasons for being so angry as she did. The city council has permitted the Weber State academy to use the park in the Lester park as a gymnasium last Monday after school. The boys of the academy went there to play their game of basketball. Finding the door already open they entered and commenced playing. They had hardly begun when a member of the Art club entered and told them that the club had the use of the pavilion at that time and that their instructor would have a lecture. She asked the boys to stop playing and invited them to listen to the lecture. The boys thinking that the school had the right to the building, had not received any notice to the contrary, considered among themselves a few minutes before replying, on being told that the lecture would not last over half an hour, they withdrew to the grounds adjoining the building, surrendering the pavilion to the ladies of the Art club. The lecture commenced at 4:30 and 4:40. About this time, members of the ladies' basketball team came into the pavilion to practice, and one of them threw the ball into the basket. They were then told by a lady of the

club how gentlemanly the boys had been and were asked if they, too, would wait for half an hour before commencing their game. The ladies of the school also withdrew and left the pavilion to the club undisturbed, until 5:20, at which time some of the students began to toss the ball gently from one to the other. In the meantime some of the students had laid their grievances before Prof. Nelson, chairman of the committee on amusements. This instructor, surmising at once that the pavilion had been given to the Art league, and knowing that the students should, therefore, suspend the privilege of using it, courteously explained to the members of the league the cause of the misunderstanding. They accepted his explanation and exonerated the students.

Just before 5:30 o'clock the boys' eagerness to play betrayed their impatience at the prolonged lecture, and perhaps showed signs of disapproval. We regret exceedingly that this has occurred, because we fully appreciate the kindness of the instructor in granting the use of the pavilion. If the students interfered with the Art club, we express our regrets, and wish to say that such interference was wholly unintentional.

The case will be heard in Judge Howell's court.

Lehi, Utah, Oct. 16.—The long looked-for M. I. A. fair was opened in the city pavilion last evening at 9 o'clock in pomp and splendor by her majesty the queen, Miss May Whipple, who was beautifully attired. She was escorted to the throne by her prime minister, Mr. Robert Evans, and was accompanied by her maids of honor, Misses Adelia Groat, Violet Leach, Annie Sherrill and Jessie Evans. Above the throne was the word "Welcome" in electric lights. As soon as the queen arrived Elder A. R. Anderson opened by prayer. Bishop C. R. Cutler then read a few remarks, after which the queen in a well chosen speech declared the fair to be open and enjoined all to have a good time. The pavilion was lit with electric lights and seven electric fans were kept constantly going to keep the place fresh and cool.

The exhibits are better than any shown in previous fairs. Among the best displayed are the following: Bear River Water company, fruit, grain, seeds, etc.; Utah County Light & Power company; People's Canning company; Ince's; Broad-bent & Sons, millinery; Wm. Asher, and Howarth, photographs. The town people have contributed beautiful dolls, quilts, and kind of fancy work. Pictures, flowers, fruits and vegetables which completely filled the

building. Mr. Cedarstrom also had a lovely display of oxen.

For music a piano and phonograph were constantly going. There were about 350 people present last evening and as the fair will continue all the week it promises to be a huge success. Nearly all things in the fair will be sold and all money taken in above expenses is to go to the new meetinghouse fund there is no doubt that a large sum will be realized.

DEATH OF TWO VETERANS.

This city has been called upon to mourn the loss of two of its oldest and most respected citizens in the persons of Andrew Peter Trane and his wife Johanna. Trane was born Feb. 21, 1822, in Rostebro, Denmark, and was 80 years, 7 months, and 22 days old at the time of his death. He was a High Priest of long standing. Sister Trane was born the 25th of July, 1825, in Ringsted, Sore, Denmark. Brother and Sister Trane joined the Church of Jesus Christ of Latter-day Saints in July, 1850, and were married the same day. They were among the first converts in Copenhagen, where for many years Brother Trane was book agent for all the Church works. In their home for months lived such brothers as Erasmus Snow, Willard Snow, John Van Cott, H. C. Haight and their house was always filled with Elders from Zion and also local Elders. They emigrated to America in 1851, crossing the plains in Brother John R. Murdock's company and arrived in Salt Lake City in September of the same year. They settled at West Jordan, then moved to Big Cottonwood and in 1876 moved to Lehi, where they have lived ever since. They leave two sons, T. E. Trane and C. C. Trane, both of whom are in the military service. Brother Trane's funeral was held at 2 p. m. today.

COALVILLE.

COUNTY SEAT REMOVAL.

Leading Issue of Campaign—Court Business in Abeyance—Weddings.

Special Correspondence. Coalville, Summit Co., Oct. 14.—Judge Morse came out yesterday to transact court business. The jurors summoned on the special venire were examined on their statutory qualifications and were then excused until the 16th. The cases that were set for yesterday and today were continued. The judge waited until 12 o'clock, but as no attorneys appeared he adjourned court until the 16th. On account of the political campaign now being on the attorneys have

not time to attend to court matters. There was quite a large calendar for the week ending today, but the court have most all gone over, and it now looks like there will not be much business done this term.

WEDDING CHIMES.

The following marriage licenses were issued this week to Park City couples: David S. Estey, 55, Mrs. Eliza Matthy, 40.

John McRae, 28, and Mrs. Jennie Johnson, 28.

The Republicans hold their primaries tonight to appoint delegates to the county convention to be held at Park City on the 16th. The Democrats will hold their primaries tomorrow night and the county convention here on the 17th.

COUNTY SEAT REMOVAL.

There will be but a short campaign in this county this election. The removal of the county seat seems to be the main issue now. The Park City people are doing desperate fight for its removal, and are leaving nothing undone that they can do. Those that are opposed to its removal are just being asked to support the question and that which is for the best interest of the taxpayers than upon the question of the removal of the seat. If the question was going to be left to the taxpayers to decide there would be no fears in the least about the county seat being removed, there are so many non-taxpayers in Park City who have just as much say in the matter as those who pay taxes.
