

Today's Ogden News

FIINGS IN THE DISTRICT COURT

O. & N. Ry. Linemen Object to Non-Union Workman and Go Out On Strike.

STRIKE OF BOILERMAKERS.

Boy Kicked By a Horse—Youngster Has Narrow Escape from Drowning—News Notes.

Ogden, Aug. 12.—An action has been brought against the Commercial National bank of Ogden by Herman Mundt, to compel that corporation to issue 10 shares of the capital stock of the concern. It is alleged that on May 12, of this year, the bank issued a certificate for that number of shares to George Dawson, and that later, for a valuable consideration, Mundt purchased the same and filed the certificate with the officers of the bank, requesting that the endorsement of Dawson be noted and the proper transfer made on the books of the company. It is further alleged that the original certificate was certified to by Abbott R. Haywood, president and O. M. Runyon, cashier, but they have refused to make the transfer on the books and have not delivered a certificate to Mundt as demanded.

SHOLL DIVORCE SUIT.

Leta M. Sholl has brought suit for divorce in the district court against Melvin Sholl on the charges of profligacy, dissipation and failure to provide for herself and their two children, ages 10 and three years old. She asks for temporary and permanent alimony, the costs of the suit, and other relief. The couple were married on May 9, 1901.

O. & N. RAILWAY LINEMEN STRIKE.

Ogden, Aug. 12.—A strike of the linemen employed on the electrifying of the Ogden & Northern railway occurred Saturday afternoon. The trouble arose over the employing of a non-union man by the company. The men would not join the union and the company would not discharge him at the request of the linemen and trouble resulted. However, the company is going right along with the work and it will be completed as rapidly as possible.

NARROW ESCAPE FROM DROWNING.

Ogden, Aug. 12.—Charles Garrison, age six years, who is visiting with his uncle F. S. Garrison, the real estate dealer, residing at 1417 Washington avenue, had a very narrow escape from drowning Saturday afternoon. The boy with his cousin Roy, were playing on a fence next to a creek running alongside the house when a post suddenly gave way, throwing them into three feet of swiftly running water. Roy made a grab for his little cousin, but before he could get out of the stream they had both been washed down a distance of about 40 feet. Had the accident occurred as it might have

done, when no one was near, little Charles Garrison would probably have lost his life.

BUILDING WITHOUT PERMIT.

Ogden, Aug. 12.—Two complaints have been filed by W. F. John building inspector in the office of City Engineer Parker, against two persons of the regulations of the building and fire ordinances of this city. E. A. Ensign is charged with erecting a building without having first obtained a building permit, and he will have to answer to the municipal court for this breach of the law, and also pay for and take out a permit.

The other complaint is against Dorothy and W. N. Little and charges them with having erected a frame structure within the fire limits, contrary to the law and ordinance. The building will have to be removed and the defendants taken before Judge Gideon of the municipal court for a hearing.

KICKED BY A HORSE.

Ogden, Aug. 12.—About 7 o'clock Saturday evening, little Forester Powers, the 12-year-old son of Sanitary Inspector Powers, was kicked on the leg by a horse and knocked to the pavement with such

UNIFORMITY IN HIGH SCHOOLS.

District Court Business—Divorce and Other Cases—News Briefs.

Special Correspondence.
Provo, Aug. 12.—Meetings of the high school supervisors with Supt. Egerton were held here Saturday. It was decided to conduct all the high schools in the county on a uniform basis, and under one organization. Four high school meetings for the year were arranged for. The following text books for the high schools were adopted: Algebra—Hall and Knight; English—Lockwood and Emerson. Latin—Collar and Daniel. History—Myer's, Channing's, Patterson's, Cheney's.

Physical Geography—Daniels. Inductive Bookkeeping Geometry—Wentworth's Plane and Solid. Barclay's Elementary Agriculture. Pike's Clives. Physics—Chate and Clute's. German—Elective.
Supt. Egerton also held a meeting with the trustees and supervisors of the graded schools, at which it was decided to conduct kindergarten departments during the spring and summer months, and to open the schools Sept. 9, and close May 22, with a vacation from Dec. 20 to Jan. 6.
Prof. E. H. Eastmond was engaged to take charge of art and manual training instructions in the six larger districts.

force that he was stunned for a few moments. After being picked up he soon recovered. Luckily for him the horse was a small one and had no shoes. Young Powers was in the act of picking up his hat from the pavement when the accident occurred.

BOILERMAKERS' STRIKE.

No new developments have materialized in the boilermakers' strike except that the strikers here in Ogden were directly affected by the ultimatum which was issued by H. J. Small, superintendent of motive power on the coast division of the Southern Pacific. The crisis of the strike in Los Angeles is expected to arrive next week, for on that date, C. H. Powers, vice president of the boilermakers at Los Angeles must return to work under the old regime or forfeit the right of re-employment. These terms will probably affect all sympathetic strikers.

Helpers in the boiler department of the local Southern Pacific shops are not doing repair work and have not been asked to, is the statement of one of the helpers. In explanation of the fact that they are in no way involved in the present strike the helpers, instead of doing any work, are simply employed on scrap.

BRIEFS AND PERSONALS.

Clerk David Jensen of the municipal court presented himself at the court Saturday afternoon with a box of cigars under his arm, which he distributed around among the boys in home on 11-which baby girl, which had been presented to him by his wife.

Charles Van Der Vlies has returned from Cedar valley points, where he collected 250 pounds of fish and a seine. Marriage licenses have been issued by the county clerk of Boxelder county to C. H. Prentiss and Miss Nellie Thomas, both of Ogden, and to Lewis Bartholomew of Ogden and Miss Maude Harris of Brigham City.

County Attorney N. J. Harris has gone up to the Yellowstone country on a ten day hunting and fishing trip.

State St. Hardware for lawn mowers, hose and poultry netting 252 State.

fees and \$15 a month alimony from filing of the complaint.

SUIT TO QUIET TITLE.

Suit has been commenced by Charles L. Shelly against the Commercial National bank of Salt Lake and others to quiet title to 30 acres of land situated in township 10 south, range 1 west, Salt Lake meridian.

LEONARD MIDGLEY HELD.

Leonard Midgley, the Salt Lake boy who is charged with burglarizing the D. & R. G. railway depot at Payson of \$60, has been held to the district court in \$500 bonds. Emil Michanbrack, the other boy who was with Midgley, has been turned over to the juvenile court for associating with Midgley, knowing him to be a bad boy.

THRASHING MACHINE CO.

The Iron Clad Thrashing Machine company to operate thrashing machines and to other affiliated business, with Pleasant Grove as the principal place of business, has filed articles of incorporation with the county clerk. The capital stock is \$10,000, divided into shares of the par value of \$1 each. The directors and officers are: Otto Paulsen, vice president; C. A. Fagan, secretary and treasurer; J. H. Wright, John Johnson and Martin Peterson. Deputy Sheriff Judd has gone after four 12-year-old boys, who borrowed an

LOGAN DEPARTMENT.

DISTRICT COURT BUSINESS.

Gun Accident in Logan Canyon—Moses Olsen Operated On.

Special Correspondence.
Logan, Cache Co., Aug. 11.—An operation was performed on Moses Olsen, a young man of College ward, on Friday afternoon for appendicitis. He rallied nicely and the physicians think he will soon be able to be out again.

Emery Young, a boy living in the Sixth ward, had his little finger so badly crushed in a washing machine the other day that amputation became necessary.

On Friday afternoon, a young man from Franklin was accidentally shot while in Logan canyon on a pleasure trip on Thursday. The gun was a 22 caliber rifle and was thought to be a .30. It seems that young Butterworth was riding in the front part of the wagon, where the gun was accidentally discharged, the bullet after passing through some bedding struck the young man in the side, hitting one of his ribs, the course of the ball was

old buggy from one neighbor and a horse from another and started on a fishing trip to Strawberry valley.

Miss Florence Jepperson, who has been spending the vacation at her home here, will return to Boston on the 18th to continue her musical studies. Miss Jepperson sang in the tabernacle Sunday.

GARDEN CITY NOTES.

The funeral of Miss Ethel Decker will be held here Sunday. Services will be at the First ward meetinghouse beginning at 12:30 o'clock.

Walter Davidson, Jr., has been charged in Justice Morris' court, with failure to comply with the law in the matter of dipping his sheep, which are running in Spanish Fork canyon.

The Knight, Maingum, Whitney Brokerage company is remodeling the building north of the Knight block, formerly occupied as a grocery store by A. J. Southwick, for offices for the firm.

SARATOGA SPRINGS RESORT.

Officials of the Salt Lake Route and party of Salt Lake capitalists spent Friday at the Saratoga Springs resort, southwest of Lehi, now owned by the Utah-Idaho Sugar Co. The parties were most favorably impressed with the resort, and it is proposed, if the railroad people will do so, to run a spur to the resort and make of it one of the largest pleasure resorts of the state. In addition to the hot mineral water, there is the beautiful Utah Lake below, with large lawns sloping down from the dance hall and boat house. Not very many improvements would have to be made to make of this the most beautiful and pleasant resorts in the state.

ALPINE STAKE AT WANDAMERE.

Alpine Stake day at Wandamere next Thursday promises to be a big affair. Three special trains will be run on the San Pedro, and the sugar factory and all business houses in this stake will be closed. There will be a big ball game, concerts by the bands, and many other attractions have been arranged for to make this the most pleasant excursion of the year.

STUCK BY LIGHTNING.

A few days ago an electrical storm did a great deal of damage here. The home of J. N. Butt and Wm. Cavanaugh were struck by lightning, and quite an amount of damage was done. At Mr. Butt's home his two little daughters were struck and lay unconscious for some time.

Mrs. L. E. Adams underwent a surgical operation last week and she is now doing nicely.

HEBER.

NO COAL TO BE HAD.

Organized Effort Made to Get Fuel From Nearby Mines.

Special Correspondence.
Heber City, Wasatch Co., Aug. 10.—The baseball game between Park and Midway teams was rather a tame affair. The score stood at the close of the ninth inning 24 to 5 in favor of Midway.

BONANZA BEET CROP.

The beet crop through the district growing for the Lehi factory is looking fine and a bounteous crop is expected. Sampling of beets will commence about the last of the month or sooner, and it is expected the factory will start about Sept. 15 or 20. A large number of men are now employed at the factory rushing repairs and building operations for the big run. A new line is being installed and many other improvements made that will facilitate the handling of the large crop.

NEW PUMPS INSTALLED.

Engineer Kelsey of the canal companies and other representatives were down to the pumps the first of the week inspecting them and accepting

the two new pumps that have been installed by the Fairbanks-Morse people. These pumps will not be needed, however, this season, as the lake is much higher than it was expected it would be, yet it is falling fast, most of it being due to evaporation. These gentlemen were also up American Fork canyon last week investigating a site on Deer creek, owned by Messrs. C. W. Earl and J. H. Wootton, on which they propose to erect a plant to furnish their own power for the pumps, which they claim will be much more economical than buying from the Utah County Light & Power Co.

POSTMASTERS MEET.

On the 22nd the Utah County Postmasters' association will hold a session at Lehi, at the Saratoga Springs resort, where they will be the guests of Postmaster S. W. Ross and wife. In addition to two sessions, bathing, boating, dancing and partaking of tasty refreshments to be provided will be the order of the day.

GRASS BURNED.

A freight train near the Point of the Mountain Friday set the grass on fire and a large area of country was cleared of vegetation, and hundreds of acres of winter pasturage was destroyed. The fire spread down toward the alfalfa and grain farms there, and the farmers had to make a vigorous fight to save their crops.

made to get coal from there. By the way, the club rooms are now finished and it is expected that the club will move into its new quarters within a very short time.

The Heber Mercantile company is now moving into its new and commodious quarters. There are but very few stores south of Salt Lake that can compare with this new building, both as to size and convenience of arrangement. All the latest improved methods of business will be employed here.

CANNONVILLE.

Enterprising Community Preparing to Build New Church and Schoolhouse.

Special Correspondence.
Cannonville, Garfield Co., Aug. 4.—In southern Utah is a very pretty little place called Cannonville, where live about 40 families (all Latter-day Saints), or about 150 or 175 souls. The people are thrifty and prosperous. They have a good meetinghouse, but contemplate building a new one that would be a credit to any village of 1,000 to 1,500 people. A new schoolhouse will also be built.

Cannonville lies in a very beautiful little valley, which is from about a half to three miles wide and about eight miles long, surrounded by beautiful wooded hills, which affords bountiful grazing for stock which abounds in vast numbers.

CAINEVILLE.

Missionary Benefit—Good Crop Prospects—Half a Crop of Fruit.

Special Correspondence.
Caineville, Wayne Co., Aug. 6.—Prospects for crops in this place are good. Alfalfa seed especially will far exceed that of last year in this section. There will be about half a crop of fruit.

Elder Postman Pectol of this ward left for the Sandwich Islands to fill a mission on Aug. 1. A party was given for his benefit in which \$22.50 was raised to help him on the way. The recent heavy rains have caused the river to raise above its banks and do some damage to the canals.

RETURNED MISSIONARIES.

Have you a friend or acquaintance in your former field of labor, to whom you would like to send a copy of the Semi-Weekly News? If so, take advantage of our special offer, made to aid the great missionary work. We send the paper one year to any point in the United States, Canada or Mexico at half price, \$1.00. This does not apply to points where there are regular wards or stakes. Foreign postage extra.

A Whisk Broom For a Quarter!

And a real whisk broom. Of course we have them in larger sizes at higher prices, but we particularly recommend the one we are offering at 25 cents. It is a strong, durable broom, nicely made of straw of excellent quality. Just another little economy we are suggesting to you.
