

CZAREVITCH'S FLAG LOWERED.

is Now in Hands of German
Government at Tsing Tau
For Repairs.

CEREMONIES WERE IMPRESSIVE

Has Been Dismantled—Hardly Likely
That It and Others Will Take
Further Part in War.

Tsing Tau, Aug. 15.—The Russian battleship *Czarevitch* and three torpedo boat destroyers are now in the hands of the local German government for repairs, but it is impossible that these vessels will again fight in this war.

Capt. Truppel, chief of the military and civil administration of the protectorate of Kiau Chou, after having completed provision for the neutrality of the crews of the Russian warships during their stay here, proceeded to go on board the *Czarevitch*. The crew of the battleship were alarmed at the advent of Capt. Truppel's party and seized their weapons.

They were quickly quelled, however, and the commander of the *Czarevitch* was informed that it was necessary that the Russian flag be hauled down and remain down pending the completion of the repairs. The *Czarevitch's* flag was then lowered amid impressive formalities, after which Capt. Truppel visited each of the three destroyers, whose flags were also lowered.

It is thought here that if the Russians persist in repairing their ships, they will eventually have to dismantle them because of the vasty distance from outside the harbor. According to the regulations which govern situations such as the present, the Russian destroyers will not be permitted to leave in a body, but must go out at intervals of six hours.

It is believed here that the Russian cruisers *Pallada* and *Diana* have reached Vladivostok.

It is reported here from Port Dalry that the capture in the port of Chefoo of the Russian torpedo destroyer *Ryeshitleni* the Japanese lost one petty officer killed, four men seriously wounded and nine men slightly wounded.

THE CZAREVITCH DISMANTLED.
Tsing Tau, Aug. 15 (1 p. m.).—The Russian battleship *Czarevitch* and three torpedo boat destroyers now in the hands of the local German government for repairs, have been dismantled.

Fleet Kept Its Distance.
Chefoo, Aug. 15. (3 p. m.).—The Japanese fleet kept off some distance from the entrance to Port Arthur during the past night, fearing danger from torpedoes in the darkness. The battle it is now believed will drift into this vicinity.

Russian Casualties.
St. Petersburg, Aug. 15.—The official Messenger published a dispatch from Liao Yang which says that General Port Arthur announces the Russian casualties in the attacks on the fortress July 26, 27 and 28 as follows:

Killed, 20 officers and 248 men.
Wounded, 35 officers and 1,531 men.
Prisoners, one officer and 83 men, eight hospital assistants.
At the thanksgiving service for the birth of Alexis, held in Liao Yang on Sunday, the officers were invited to dine at headquarters by Gen. Kurapatkin.

Recurring to the Ryeshitleni affair, the Novos Voiny demands that the Askold, Grosovoir or any other Russian vessels now taking refuge in Chinese ports, shall not be dismantled but shall retain their armaments so they may be in readiness to repel Japanese attacks from which that paper declares, neutral Chinese waters afford no protection.

IN HONOR OF ALEXIS.
Army and Other Russian Officials Attend a Special Service.

Liao Yang, Aug. 15.—Army and other officials remaining here have attended a special service in the Russian cathedral in honor of the emperor's son, Alexis. Gen. Kurapatkin's review at Anshan yesterday in the rain, when the troops passed before the commander at staff through mud and growing Chinese corn, testified to the enthusiasm engendered in the ranks. Two days' festivities ended yesterday on the south front of the city.

The Twelfth Siberian regiment, which has been honored by a dispatch from the emperor appointing his son colonel in chief, is distinguished for its participation in the battle of Chien Cheng, and all the fights along the Pen-

Robs You.

Work, Worry, Trouble Waste Your Life Force, and Rob Your Heart.

Anything that uses up nervous vitality too fast in any one part of the body, robs and weakens the heart.

Thus overwork, worry, grief, fatigue, fevers and all sickness, tobacco, alcohol and other stimulants decrease the vitality of the heart and rob you of just so much of your life.

The best remedy is Dr. Miles' New Heart Cure. This restores to the nerves of the heart the vital strength of which they have been robbed, thus strengthening this vital organ.

By taking Dr. Miles' New Heart Cure before the heart is permanently affected, possible dangerous disease is ward off. Even after the disease is upon you, Dr. Miles' New Heart Cure will set by nearly sure to effect a permanent cure.

When eminent physicians have been unable to relieve heart trouble, Dr. Miles' New Heart Cure has restored the patient to perfect health.

I was taken with a very severe pain in and around my heart, accompanied by irregular heart action. I tried two doctors and received no permanent relief.

I then commenced taking Dr. Miles' New Heart Cure, which soon cured me, and I have since passed examination for old life insurance, and was recommended for it. I have had no return of the symptoms.

W. C. BOWEN, Newman, Ga.

It is the first bottle full to help the heart will give you back your money.

FREE Write to us for Free Trial Packages of Dr. Miles' Anti-Fatigue Pills, the New Scientific Remedy for Pain, Aches, and Stomach Trouble. Our specialists will diagnose your case, tell you what is wrong, and how to right it. Free, DR. MILES MEDICAL CO., LABORATORIES, ELKHART, IND.

wang Cheng road including that of July 31.

The Japanese are reported to be much nearer Anshan than the southeast than 12 miles, Lieut. Gen. Zassai's troops, who had a severe skirmish on the 12th, are now in daily touch with the enemy. The latter's advance guards, beginning a few miles south of Anshan, swing around the Sanchenste, occupy Laidinshan, Kuchitzu (about 20 miles southeast of Liao Yang), and the hills opposite Peshu on the Taitse river, about 45 miles east of Liao Yang.

General Duker's ship, which has been recalled to St. Petersburg, departs tonight.

RYESHITLENI CASE.

Russia Determined to Obtain Satisfaction for Affront.

St. Petersburg, Aug. 15.—The sending of a strongly worded Russian note to the Pekin government demanding an explanation of the Ryeshitleni incident, coupled with the demand for the restoration of the destroyer, as foreshadowed by the protest sent to Japan and the powers, shows that Russia is apparently determined to obtain satisfaction for the affront. It is believed here that the least Japan can do is to surrender the destroyer unless she wishes to place herself on record as defying the most categorical provisions of international law, with the possibilities of ultimate complications.

Russian, Japanese and Chinese versions all agree that the vessel was captured in a neutral harbor. The charge of cowardice and complicity brought against the Chinese admiral is based alike on his failure to protect an unarmed vessel and on his permitting the Japanese destroyers to enter the harbor.

It is pointed out that it was the admiral's duty to place a guard on board the *Ryeshitleni*, taking off the Russian crew.

LIEUT. McCULLY, U. S. N.
Russian Admiralty Has No Information of His Whereabouts.

St. Petersburg, Aug. 15.—The admiralty has no information as to whether Lieut. Newton L. McCully of the United States navy and Lieut. Decouville of the French navy, who on Saturday were attached at Port Arthur, joined Rear Admiral Witthoff's squadron when it left the port Wednesday morning last. Had they joined the squadron they could not have been on board the *Ryeshitleni*.

The absence of news as to their presence with Admiral Witthoff is taken to indicate that they remained on shore, and it is pointed out that it could be perfectly within the admiral's province to decline to take the attaches in case he considered the enterprise too hazardous and so as not to expose the representatives of neutral nations to danger.

It is reported that Viceroy Alexieff has left Mukden hurriedly for Vladivostok on receipt of news that the illness of Vice Admiral Rozhdestvensky had taken a serious turn, and that the admiral was not expected to recover.

The exact whereabouts of the Port Arthur battleships is still a mystery on which the Russian navy forbears in the far east. Telegrams reporting their back at Port Arthur have not been confirmed up to this hour.

Admiral Rozhdestvensky Ill.
St. Petersburg, Aug. 15.—Vice Admiral Rozhdestvensky is seriously ill at Vladivostok, from which port Viceroy Alexieff is now enroute.

Cruiser is Torpedoed.
Tokio, Aug. 15.—Admiral Togo reports that a vessel of the type of the protected cruiser *Pallada* was torpedoed and sunk in the engagement of Aug. 19.

Rurik Crew Rescued.
Tokio, Aug. 15.—Vice Admiral Kamimura rescued 600 men of the Russian cruiser *Rurik*, sunk by his squadron off Tsu island yesterday.

British Cruiser at Tangier.
Tangier, Morocco, Aug. 15.—The British cruiser *Minerva* arrived today in connection with the case of Hamed Ja'ya, the British subject arrested by order of the sultan.

GERMANS DEFEAT HEREROS.
Fighting Continued All Day Long August 12.

Berlin, Aug. 16.—Four columns of German troops attacked the Hereros near Hamakari, German Southwest Africa, on the night of Aug. 11. The fighting continued all day Aug. 12. The natives were defeated with heavy losses.

Five German officers, including Count Von Arnim, and 19 men were killed. Six officers, among them Baron Von Watter, and 52 men were wounded. Two are missing.

Thousands of cattle were captured. Gen. Von Trotha, dispatching the remainder of the battle from Hamakari, adds that his soldiers fought with the greatest bravery.

REFORM IN CHINA.
Empress Dowager Issues an Edict on Monetary Extravagance.

Washington, Aug. 15.—Minister Conger has sent to the state department a copy of a remarkable imperial edict issued by the Chinese empress dowager. The edict is in strong language and calls attention to the precarious financial condition of the country which makes it difficult to provide funds for drilling the troops. This condition is said to require the exercise of the strictest economy.

The habit of those between us and you to squander themselves and spend money extravagantly has become so strong and systematic that now there is no way it can be broken. The useless expenditures for these sinucures works a great injury in the whole country.

Holding that the imperial household should take the first step in economy, the empress dowager has given orders that there must be no diversion of funds of the revenue for household purposes, while the number of officials in the household must be reduced. The yamens and princes throughout the empire are directed to exercise similar economy and to rid themselves of sinecure holders.

GOV. VARDAMAN EXPLAINS.
It Was Not Mrs. Roosevelt but the President He Attacked.

Washington, Aug. 15.—Another chapter in the controversy as to whether the government is concerned, was added today to the case growing out of the refusal of the postoffice department to name a Mississippi postoffice after Gov. Vardaman of that state, by the pronouncement by Postmaster General Payne of a statement which gave without a comment a letter from Gov. Vardaman, published in the Charleston, S. C., News and Courier.

This letter, which is accepted by the postoffice department as confirming the authenticity of Gov. Vardaman's editorial some of the about the mother of President Roosevelt, is given in a newspaper publication as follows:

"Anderson, Aug. 8 (Special).—Several days ago the editor of the Anderson Daily Mail wrote to Gov. J. K. Vardaman of Mississippi and asked him about the truth of the assertion made by Postmaster General Payne that Gov. Vardaman had, while editor of a newspaper in Mississippi some years ago,

published an editorial making a disrespectful allusion to Mrs. Roosevelt, mother of the president. The following letter has been received in reply:

"Executive Department, Jackson, Miss., Aug. 6.
"My Dear Sir—Your very kind favor of the 4th instant has been received. If I had a copy of the Commonwealth you desire, I would take great pleasure in sending it to you, but the files of the old paper are 100 miles away. There was nothing in that editorial offensive to Mrs. Roosevelt or that reflected upon her in the least. I simply undertook, upon scientific grounds, an explanation of 'Teddy's degeneracy' and general coarseness, without holding his ancestors responsible for it. I thought I owed it to his ancestors. Really I should be ashamed to charge the devil himself with the responsibility of the infancy of that distinguished incident.

"Sincerely and cordially,
"J. K. VARDAMAN."

PARKER CONSTITUTION CLUB

Object is to Advance Cause of Constitutional Government.

New York, Aug. 15.—The Parker Constitution club, composed of members of the bar of New York City has been formed here with these officers:

President, James C. Carter; vice president, Wheeler H. Packman; John E. Parsons, Joseph E. Laroque and John G. Carlisle; secretary, William H. Church Osborne; treasurer, William H. Curtis; executive committee, William H. Hornblower, Francis H. Lynde, Jr., John G. Milburn, Howard Taylor and James W. Gerard.

In a statement the following are given as the objects of the club: "The object of the club is to advance the cause of constitutional government, civic freedom and adherence to law, through the election of Alton B. Parker to the presidency of the United States."

The statement also criticizes President Roosevelt, saying that he has "set up a policy of autocratic force and has shown that a president who has the will to usurp legislative functions, to exalt the power of the executive above the Constitution and commit our nation to violations of international justice easily finds a way."

Father of Japanese Army Dead.
London, Aug. 15.—The Tokyo correspondent of the Times says that Count Kawamura is dead. He was regarded as the father of the Japanese army.

K. of P. Biennial Conclave.
Louisville, Aug. 15.—The formal triennial of the K. of P. is being held at the local executive committee which had placed it in readiness to the Knights of Pythias for whom it was prepared, marked the formal opening of this organization's biennial conclave.

The exercises occurred in the afternoon in the presence of about 10,000 persons. Gen. James B. Carnahan of Indianapolis, commanding the uniform rank, officially received the camp.

Hyde-Diamond Case Arguments.
San Francisco, Aug. 15.—Arguments on a motion of the attorney of Frederick A. Hyde and Henry P. Diamond, charged with defrauding the United States government in connection with land transactions, to dismiss the charges were made this morning before United States District Judge De Haven.

The proposal to remove the accused to Washington was combatted on the ground that no conspiracy had been proven, and that practically all of the alleged offenses were committed in California and Oregon.

Crowd Overawed with Hammer.
New York, Aug. 15.—A blacksmith armed with a sledge hammer defied a crowd of sympathizers who were administering a violent beating to Patrick Malone, an anti-union man, this afternoon, and so overawed the crowd that Malone was allowed to slip away.

Bishop Earl Cranston Coming.
Portland, Or., Aug. 15.—Bishop Earl Cranston, one of the M. E. missionary bishops in this country who, at the last general conference in Los Angeles, was assigned to Washington, D. C., will leave Portland this evening to attend the Utah mission. Later he will go east. Bishop Cranston's departure is deeply regretted, as many friends have in this city among people of all denominations. Bishop David Hastings Moore, the new resident M. E. bishop of Portland, who is to take the place of Bishop Earl Cranston, arrived today from Cincinnati.

Cheers for Parker.
Esopus, N. Y., Aug. 15.—Judge Parker arrived at Rosemont from Winnisnook lodge at 6 o'clock tonight, with Mrs. Parker and his brother, Fred H. Parker. Along the mile drive in the club drivers to Big Indian he was respectfully cheered. On the train the candidate was the center of interest, many of the passengers introducing themselves. In spite of the effort to prevent any suggestion of a political character, the young people at Winnisnook made it "Parker day." The Kingston Point band was brought over and headed a parade of all the Winnisnook folk, who marched in review before Judge and Mrs. Parker.

EDEN WRECK VICTIMS.
Four More Bodies Recovered and All Identified.

Pueblo, Colo., Aug. 15.—Four bodies of victims of the Eden wreck were recovered today and all identified. Among the four are three children. All of the eighty-eight bodies recovered to date have been identified. Those recovered today are:

Mrs. Minnie Huddleston (colored), Pueblo.
Joseph, two-year-old son of James Keating, Pueblo.
Mamie Miller, aged two, Pueblo.
Robert Garfield, two and a half years old, Denver.

The remains of the colored woman were so decomposed that they were at once taken to the cemetery for burial. The bodies were found about eight miles down the river.

The coroner's jury examined a number of witnesses today and have a number summoned for tomorrow. A verdict will probably not be rendered before the end of the week.

Miss Emma Belle Zellars of Grantville, Ga., who was reported as having lost her life in the wreck, was a passenger of the Pullman section of the train, which remained on the track, and continued her journey along with the other passengers who escaped.

In crossing an improvised bridge constructed to enable the passengers who escaped to reach the train on the opposite side of the flooded stream, a card

on which Miss Zellars had written her name and address dropped into the water. In some manner the card became entangled in the clothing of one of the victims of the wreck, and when the body was found it was naturally concluded that the name and address on the card was that of the person on whose body it was found.

Mrs. H. A. Camp of Denver, a sister of Miss Zellars, has been notified of the latter's escape from the wreck, however.

Strike Leader Sent to Jail.
Wellington, Kan., Aug. 15.—Thomas Wilson, who is in charge of the strike machinists on the Atchison, Topeka & Santa Fe railway, has been arrested here on a state warrant charging him with disturbing the peace and placed in jail. The warrant was sworn out by Thomas Zell, a non-union machinist, who charges that Wilson assaulted him without provocation. Wilson was released on bond.

MUST NOT PICKET.
Federal Judge Refuses to Dissolve Injunction Against It.

Springfield, Ill., Aug. 15.—Judge Humphrey in the federal court today overruled the motion of the striking miners and officers of miners' unions to dissolve the temporary injunction which he had issued restricting the strikers or officers of miners' unions from picketing the Zeigler Coal company's property, or in any manner interfering with the operation of the mine.

"But that want to work have a perfect right to do so, and I will see that they are protected in that right in this district," Judge Humphrey said. "No work has no right to interfere with the man who owns the property has a perfect right to manage it in any way that he sees fit."

"A workman has the right to sell his labor or withdraw it, but he must not interfere with other men who want to work."

A REIGN OF CRIME.
It Exists in New Town of Sparks, Nevada.

Reno, Nev., Aug. 15.—Bert Richardson and E. Lewis were made victims of five highwaymen at Sparks last night. The men were held up separately; each time the robbers relieved their victims of their valuables and then beat them. Richardson was so badly beaten that he was unconscious for three hours and when found was nearly dead. Later Lewis succeeded in identifying two of his assailants as a man named "Tex," and another man, named Oscar Bridges. By this time the people of Sparks were thoroughly aroused and were organizing a party to lynch the men when the officers spirited them to the county jail at Reno.

There has been a reign of crime in the new town for the past few weeks, and the men who are blamed for the deeds.

ent of the Associated Press describing the blowing up by Chinese bandits last night of a portion of the railroad 10 miles south of Liao Yang, says the villages and farmhouses of the region where the explosion occurred are hidden by a dense high growth of Chinese corn. The neighborhood is a stronghold of swarms of Chinese bandits, who assume the guise of farmers and countrymen in the daytime and by night keep the railway guards busy by their repeated efforts to damage the line. The scattered farmhouses are miniature forts, many of them being loopholed for musketry. Near one of them the Russians unearthed a large number of mountain guns, which had been carefully buried.

On the night of Aug. 13 near the railroad bridge over the Shalivier the line was blown up for some distance, two bombs having been employed to accomplish the wreck. Three other bombs were found nearby. There had no exploded, owing to the defective fuses. The bombs were typical of Japanese manufacture, and were charged with pyroxyline.

The railway line was repaired by the troops.

The new light guns from Russia are decidedly superior to the Japanese artillery of the same caliber, but the batteries need more explosive shells, as many of the bandits' strongholds must be cleared out and shrapnel is useless for breaching purposes.

STATUES OF ROMAN EMPERORS.

The German emperor recently visited Homburg for the purpose of witnessing an automobile race, and while at that famous resort he unveiled two colossal statues of Roman emperors—Severus

and Hadrian.

Alexander and Hadrian—which have been erected at the Saalburg. The Saalburg is an old Roman castle which for many years has been undergoing restoration. The Kaiser is a liberal patron of every effort made to reproduce the heroic features of the Roman conquest. His architectural tastes are decidedly for the classic, and the physical perfection of the Roman warriors appeals to his military instinct.

Work of Chinese Bandits.
St. Petersburg, Aug. 15.—A correspond-
