

## PHONE LINEMEN IN BAD TANGLE

Unions Guessing as to Whereabouts of Man Who Called Recent Strike.

### NATIONAL OFFICIALS COMING.

Local Situation Remains Unchanged, While Committee is Checking Louis Lynn's Books.

The telephone linemen of the intermountain district are in a tangle all of their own, and it centers in a guessing contest as to the whereabouts of Louis Lynn, strike leader when the local unions went out two months ago, under the charge from the Bell telephone officials that they had done it in violation of their own pledged word, and contrary to the provisions of their constitution, which provided that no strike should be called until approved by the general officers.

At that time Louis Lynn gave out interviews reflecting on Grand Vice President Sullivan of San Francisco, who withheld his approval of the strike until Lynn called it anyhow. Now Sullivan is supposed to be coming here, although the local officials declare that they know nothing definite in regard to this, and the Bell company officials state that they do not know whether it is McNulty or Sullivan who is coming. McNulty being the "grand president" of the international union, with headquarters in New York, while Sullivan is vice president, with jurisdiction extending over the intermountain and coast districts.

### MAY REMOVE LYNN.

The local union at Salt Lake looks for Sullivan to take action on the case of Lynn by removing him from the position of district president. He was chosen for this place by an executive committee consisting of one delegate from each state in this district, but the constitution allows the grand vice president to declare a position vacant for cause, and to name a successor, pending the next election. By this action it is hoped to dispose of Lynn's case, unless he shows up suddenly from some unexpected quarter. Lynn also held the position of business agent of the Salt Lake local, and the local disposed of his power in this connection at the last meeting by declaring the position vacant.

### SITUATION UNCHANGED.

The strike as a whole continues to drift along at its usual pace, without any move being made by either side towards a settlement. The linemen cannot see how Mr. Murray of the Bell company would be willing to treat with Vice President Sullivan or President McNulty, when he refused to treat with Mr. Elmore who came here clothed with authority from both of them. They can neither affirm or deny the story that Sullivan or McNulty were here in the near future, and that when they come negotiations will be resumed.

Manager Murray said this afternoon that he had heard one of them was coming and expected a call from whom he should come, but that he had no way of telling which of the two would result in a settlement of the strike.

### BOOKS BEING CHECKED.

At the electrical workers' hall, Louis Lynn's books are being checked, and as no definite statement as to the union's financial condition can be arrived at from them, it has been decided to call in the due books of each member to ascertain how much he has paid in, nyehxvchrl S myralotlylsaw

### LIVELY STREET SCENE.

Man Meets Former Wife and Begins To Tear Her Hair.

There was a lively scene on Main and First South street shortly before noon today when Dan Campbell and his ex-wife met suddenly and the former proceeded to tear the woman's hair from her head. Campbell was arrested for drunkenness and lodged in the city jail. Mrs. Campbell said she would file a complaint against him this afternoon charging him with assault and battery.

The couple formerly lived at Brigham and some time ago Mrs. Campbell secured a divorce. When Campbell saw the woman this morning he tore her hair out, according to reports received at police headquarters, and Mrs. Campbell proceeded to scratch the man. Officer Burton was attracted by the commotion and placed the man under arrest. Campbell was intoxicated and will probably have to answer to the charges of drunkenness and assault and battery.

## NETHERLANDERS GO TO LAGOON

(Special to the "News.")

Ogden, July 10.—Today is the annual outing of the Hollanders, at Lagoon. The 9 o'clock train carried at least 1,000 persons to the Davis county resort, and during the day several hundred others joined in the celebration.

Few events are more interesting than the gatherings of the Utah representatives of the Dutch kingdom. Most of the Hollanders of this state reside in Ogden, but there are also many in Salt Lake and other places. The excursions undertaken by these people are invariably largely participated in by old and young, and a most enjoyable time of good cheer and fellowship is enjoyed.

Judge Howell yesterday rendered a decision in the case of Chris Flygare vs. Martin Cleary, in favor of plaintiff. The suit involved title to land in Ogden canyon, bought by Mrs. Flygare from "Billy" Wilson, and subsequently entered by Cleary. Judge Howell decided that the original survey was correct, and that Cleary's filing was without justification.

Sheriff Jones of Evanston will take back to Wyoming Charles Kaminsky, arrested by the local police yesterday, upon instructions received by telephone. Kaminsky is accused of having shot at two Greeks, discharged from work on the Aspen tunnel. They became angry at the German, so he alleges, and when they followed him, he fired to frighten his pursuers. Kaminsky made his escape and came to Ogden.

John Oates, administrator of the estate of George Utape, yesterday settled for \$900 the \$5,000 damage case against the Southern Pacific. Utape was working in the company's yards last November, and was killed by being crushed by cars.

### BRIDEGROOM ROBBED.

Joel Nibley Relieved of \$240 in the Ogden Union Depot.

After successfully eluding a large party of friends who gathered at the O. S. L. depot to speed their parting, Mr. and Mrs. Joel Nibley, who were married yesterday at noon, came to grief at the hands of pickpockets in the Ogden Union depot yesterday afternoon.

Mr. Nibley received his education at Stanford university, where a favorite diversion of marrying couples is to ride away from all pursuers either by bicycle, poor automobile, or carriage, by steaming out in the fastest automobile of the coast. The Nystrom furnished the automobile yesterday and the bride party got away for Farmington, while the fond friends gathered with bags full of kisses at the depot and waited in vain.

The friends were much disappointed for it seemed that Nibley had effected a successful escape, and they vowed revenge on his return from a tour of Europe, including the Jamestown exposition en route to New York.

From Ogden, however, came hot telegraph messages to Mr. Nibley senior, appealing for ready cash quick, while Teasdale received one asking him to look in his auto, for a wallet containing \$240. Hope from this source left the young groom, however, as the discovery of his loss in the Ogden Union depot was quickly followed by the discovery that four other people were missing wallets, and the depot police commenced a fruitless search to discover the clever pickpockets who were operating.

### PRESIDENT LUND IMPROVING.

Venerable Church Leader Confined to His Bed With Hemorrhage.

President Anthony H. Lund, who has been confined to his bed since Friday evening with a serious hemorrhage of the stomach, is today reported to be improving. It is given out at the residence that President Lund is out of danger, except from a return attack, and unless this occurs it is expected that he will be well again within a week.

## JUVENILE COURT LABOR AGENCY

Admirable Plan Proposed for Furnishing Employment to Boys Who Wish to Work.

### BUREAU TO BE ESTABLISHED.

Many Youngsters Would Be Glad to Engage Themselves Only Had They the Opportunity.

Guardelle Brown, chief probation officer of the juvenile court has an admirable plan in connection with the court. It is the institution of a labor agency for boys who desire to work during the summer. The court will establish a bureau where boys and girls will be furnished with information regarding places where they can secure employment.

"We will furnish boys for persons in this city," said Mr. Brown this morning. "There are a number of young boys that would do excellent work if they only had the chance and we are taking this means of caring for them. Should anybody desire a boy in a store, to run errands and other odd jobs they should apply to the juvenile court. Of course this is in the nature of a courtesy but we have every reason to believe that we can make it a great move in favor of the boys."

### AT THE RESORTS

Nebo Stake at Wandamere—Tuesday was Nebo stake day at Wandamere, and a special train brought in a large delegation early in the morning. The day was spent in games, informal amusements of various kinds and a dance in the evening before leaving for home at 10 p. m.

Republican Club at Saltair—The Young Men's Republican club will hold its annual summer outing at Saltair July 22, and tickets are being distributed by the following committee, which also has general charge of the day's program: J. J. Greenwald, Mrs. H. A. King, H. S. Joseph, J. U. Eldredge, Mrs. J. U. Eldredge, W. Hanson, Mrs. J. B. Stanford, Parley Jensen, J. Riley, J. A. Eisman, J. A. Houghton, A. Callister, A. V. Nash, W. H. Farnsworth, Mrs. Joseph Swenson.

Big Cowboy Races—There are over 50 horses entered for the country races today at Wandamere track. The big cowboy race, in which riders from the east side of Jordan will compete against those of the west side is stirring up a lot of interest among horsemen. Each rider is to have 10 horses, and will change animals every half mile. There are to be three harness events and a half mile dash aside from the big race.

At Lagoon—Today the sixteenth ward of this city is holding its annual outing. From Ogden and Salt Lake special trains of Hollanders have made the Davis county resort its headquarters, there being a large number of people from the northern counties enjoying a reunion. Tomorrow the Box Elder county people will come to Ogden for an outing under the auspices of the Brigham City firemen, and the Murray lodges of Woodmen of the World will head an excursion of that order.

Chicago, July 10.—The wheat market today opened weak because of the liquidation of sales which were based largely upon the expectation of a harvest government crop report.
