ting a deep gash in his right leg. Mr. Wade was at work helping to put this roof on the addition to the Southern Pacific shops. He was sawing a board when the saw slipped and struck him near the ankle of his right leg. It was very sharp and cut through his trousers into the leg, making a gash right to the bone, also severing an artery. He was assisted down from the building, and the ambulance was sent for, which took him to the Ogden General hospital, where Dr. Perkins attended him. He had lost so much blood that he was very weak by the time the doctor got to work dressing the wound. He tied the artery and stopped the flow of blood and it required several stitches to close up the wound. Wade is about 28 years of age, and has a family living on Twelfth street.

FUNERAL OF CONRAD BOHN.
Funeral services were held privately yesterday afternoon at 2 o'clock at the home of C. E. Bohn, 204 Twenty-third street, over the remains of his father, Conrad Bohn, who died so unexpectedly Tuesday from apoplexy. The services were short but impressively conducted by Rev. Noble Elderkin of the Congregational church, who eulogized the many noble characteristics and virtues of the deceased, and comforted the grief-stricken family in the hope of a glorious reunion beyond the grave. The remains were taken to the depot and shipped to Winona, Minn., the former home of the deceased, where they will be laid to rest Saturday afternoon. Mrs. Bohn, C. E. Bohn and Mrs. G. L. Becker accompanied the remains on the Over-

TEACHERS TOURING THE COUNTRY.

William J. Hancock has had as his guests during the past few days Miss Jessie Parkman and Miss Julia Farney, two popular young lady school teachers of San Jose, Cal., who are making a tour of the United States from California to New York City, returning to their home town by the northern route. Miss Parkman, who is a prepossessing young lady, is traveling at the expense of the San Jose Mercury and Herald, she having won the trip in an educational contest conducted by that newspaper, having received the highest number of votes for the most popular teacher, her vote being 1,080.71. She is the daughter of George Parkman, who was a resident of Ogden for a number of years and led the first uniformed brass band in Ogden. They left Ogden today for a two days' visit at Salt Lake City.

DEATH'S HARVEST.

Fatal Haying Accident at Ephraim—Garden City Notes.

Special Correspondence.

Provo, July 20.—Mrs. Mary Ann Robinson of Kanab died yesterday at the state mental hospital. The deceased was 62 years of age, and a native of England, but has been in Utah about 20 years. She has been a patient at the hospital since 1901. The remains will be taken to Kanab for interment.

DEATH OF ANDREW PETERSON.

Prof. and Mrs. A. C. Lund went to Ephraim yesterday to attend the funeral of Prof. Lund's cousin, Andrew Peterson, who was accidentally killed Wednesday while operating a hay fork. Mr. Peterson was a young man lately married. The details of the accident are not known here.

GARDEN CITY NOTES.

Prof. J. H. Paul was in the city yesterday, said to be in the interest of the consolidation of the university and the Agricultural college.

Fires in the grass and timber on the north of Rock canyon made a fine pyrotechnic display last evening; but it is regrettable that the already scant growth of timber is being destroyed.

William Sumson was over from Springville yesterday.

The time of the preliminary hearing in the case of Henry Stockman, charged with obtaining money under false pretenses in connection with the sale of town lots in the town of Stockmoor on the reservation, has been set for the 27th.

The difference of opinion as to telephone charges between the Provo Butchers & Grocers' association and the Bell Telephone company does not appear to be nearing a settlement. The members of the association have ordered their phones out by July 25 unless the company meets the price of the independent company, which is \$36 a year. The Bell company is charging \$48.

MURDERED ON EAST SIDE.

Buffalo, N. Y., July 20.—Joseph Vargo, 22 years old, a foreigner, was murdered at an East Side resort last night. William Flemington of Joliet, Ill., a waiter, has been arrested, but no charge has been lodged against him. Samuel Price, a bartender, has also been detained as a witness. Vargo went to Lewis Weber's saloon with a woman. When about to leave at midnight there was

an argument over the payment of a bill. Vargo left the place, and was walking down the street when a shot was fired from the doorway of the saloon. The bullet entered Vargo's right breast, killing him instantly.

AMERICAN MEATS.

Germany Will Make More Stringent Regulations for Them.

New York, July 20.—The Herald's correspondent at Berlin cables the following:

Notwithstanding President Roosevelt's official assurance that the new inspection law will guarantee the purity of American meat exports, I am informed that Germany will enforce new and more stringent regulations after Sept. 15 against imports from American packinghouses.

Meat inspectors at various German ports have been instructed that beginning on the date named they are to scrutinize glands of all imported meat cuts for tuberculosis and if symptoms are discovered the meat is not to be permitted to enter.

This constitutes a direct blow at what remains of the American meat import trade in Germany as the meat comes with the glands removed before shipment, packers being unable to leave in the glands without spoiling other cuts not destined for export. So the pieces in question will be practically excluded from Germany after the new regulations go into force.

I also learn that the government has stopped the shipment of American canned goods to troops in Southwest Africa, although a supply until October was contracted for via the free port of Hamburg.

OHIO DEM. CONVENTION.

Columbus, O., July 19.—The Democratic state central committee met here today and decided that the state convention shall be held in Columbus on Aug. 21 and 22. There will be 536 delegates, making the largest Democratic convention that has been held for a number of years. Judge B. F. McClann will be the temporary chairman. Mayor Johnson of Cleveland, who held the proxy of Secy. Madigan, wanted the convention held on Sept. 15 and 19. He also proposed the name of Mayor Dempsey of Cincinnati for temporary chairman.

DR. DEVINE'S SUCCESSOR.

Chicago, July 20.—Ernest P. Bicknell, head of the Chicago bureau of charities, is considered the probable successor of Dr. Devine in the relief work at San Francisco. The appointment rests with the National Red Cross.

REFUNDS TO TEL. SUBSCRIBERS.

Chicago, July 19.—Refunds of \$50 each to telephone subscribers who pay the maximum rate with the exception of those who keep up litigation, will be given by the Chicago Telephone company. The amount of refunds probably will reach \$400,000, and those who have been paying \$175 a year for the maximum service, with or without contracts, will be able to get the rebate as far back as January, 1902, when Judge Tukey gave a decision that only \$125 could be charged under the terms of the ordinance of 1893.

The news of this big concession came yesterday in a letter written by President Arthur D. Wheeler to the general counsel for the company, John Barton Payne, in response to a letter from Mayor Dunne, asking that maximum subscribers even without contracts be allowed rebates and that the ordinance of 1893 be obeyed.

LAND FRAUD CONSPIRATOR LAYS BARE WHOLE SCHEME

Portland, July 19.—In the trial of Martin G. Hoge today for conspiracy in connection with the land fraud operations in this state, Henry W. Miller laid bare the details of the alleged unlawful scheme by which he, Frank E. Kincart, Martin G. Hoge and Charles Nickell are charged with having conspired to induce numerous residents of Placer and Mendocino to commit perjury in making applications for land under the timber and stone act.

Miller described how he entered into the conspiracy with Kincart, how they agreed upon a course, connected the bogus Emmetsburg of the New Zealand company and started out to inveigle the unsuspecting to give up their money to be swindled.

Next came the entrance of Martin W. Hoge into the scheme with the details of how he became the legal adviser of the trio and later became a hunter for victims at so much each. According to Miller's testimony, Hoge so zealously entered into the spirit of the thing that he was made a special proposition whereby he was to receive \$5 a head for victims as soon as they applied and \$10 on final proof. Miller told how Hoge even went to the point of having him sign a bogus receipt, showing that he (Hoge) had filed on a piece of land and paid his location fees, when the arrangement was that for and in consideration of his rustling victims his location was to be made free of charge.

ZOLA'S MEMORY HONORED.

Paris, July 19.—There was a demonstration today at the tomb of Emile Zola, commemorative of the acquittal of Dreyfus. The latter sent a wreath of roses and orchids bearing his card.

"Doing Things"

The way to do a thing these days is to do it—quick and right.

We've been working along serious lines of late trying to get you to see some of the crying needs of the day and how they can be met, and we've put into the struggle every pound of nerve and force we have. And now that midsummer is here, when everybody "lets down" and wants lighter reading, we have put the same nerve and force into a special fiction number.

For August, we have undertaken to get together the liveliest and best collection of stories ever seen in a magazine—not just as good, or only a little better, but 'way ahead the best.

We have interested in our plan such writers as Jack London, Lloyd Osbourne, O. Henry, Arthur McFarlane, William Bulfin, Roy Norton, and such artists as Philip Goodwin, George Gibbs, Dan Smith, Martin Justice, Will Crawford and Karl Anderson. They have caught the spirit most superbly, and have given us nine mighty good stories, any one of six (five anyway) good enough to be the "star" story of any fiction number ever published.

Just get this August fiction number of *Everybody's* and see what we mean by "doing things."

No; we haven't forgotten our serious work—we never lose sight of that. We are living for that. There's "Soldiers of the Common Good," Russell's fact-story on Japan, the Mystery Nation—the new force let loose upon the rest of the world, the great dominating trust-fighting and trust-absorbing government, so full of suggestions to us Americans. We hope you are reading Russell's series. Then there's Teague showing the inner workings of the Bucket Shop game with a terrible arraignment of the foul sneak-thieves who steal a hundred million dollars a year from those whom they profess to advise. Mr. Lawson varies his usual instalment with a humorous but deep-underneath earnest talk on "Muck and Muck Rakers."

Everybody's for August—the great fiction magazine of the year. Always the great fact-story magazine. Get it.
