

LOCAL AND OTHER MATTERS.

**Correction.**—Among the names of delegates published as having been called at the late Conference, was that of Thomas L. Leand, of Brigham. It should have been Thomas L. Land.

**Books, Stationery and Toys.**—On Saturday Mr. James Dwyer left for the East to purchase a mammoth stock of goods for his store. He returned only recently from a California trip on the same business.

**Progressing.**—We learn from W. W. Taylor, of Harmony, that his wife, the late wife, a few days ago, had a quantity of decayed bone taken from her leg by Drs. Anderson and Williamson, in progressing favorably, with a good prospect of speedy recovery.

**Mutual Improvement.**—Yesterday the regular quarterly conference of the Young Men's Mutual Improvement Association of Weber county was held at Ogden. At the usual business sessions were made. The afternoon meeting was addressed by Apostle Moses Thatcher and Elders Arthur Stagner and W. Jensen.

**Tragedy at Fetterman.**—On Thursday last at Fort Fetterman, J. H. Capp shot and killed R. R. Egan, a book-keeper in the employ of Bright Bros. He also dangerously wounded Michael Egan. Capp was taken to have been taken to Laramie for examination, but the citizens of Fetterman objected that necessity for hanging him. Capp and Egan were cowboys. The murder was a bloody affair.

**Convicted and Sentenced.**—The jury (Provo) says that the result of the trial of William Duffey in the First District Court, for the killing of Wm. Neugent, commonly known as California Bill, was a verdict of murder in the second degree. He will be remembered the killing occurred on Green River, Emery county, on the 21st of last January. Yesterday morning Duffey was brought before his Honor Judge Emerson and sentenced to ten years hard labor in the Penitentiary. He was brought up from Provo by a m. by Sheriff Turner and taken to the Penitentiary.

**Accidentally Killed.**—A U. P. trainman named I. F. Heller, while passing through the long snow shed at the top of Aspen Hill, on train No. 12, last Tuesday, fell from the top of a box car and was killed. The body was taken to Evanston, where a coroner's inquest was held, and afterwards, by order received from Asst. Gen. Manager Kimball, was shipped to Omaha for interment, where his parents reside. It was thought that he made a mis-step, in the darkness of the shed, while passing from one car to another.

**Theatrical Attraction.**—There will be a highly popular attraction at the Salt Lake Theatre on Thursday and will continue for the week. The Chicago Times says of it.

**Andrew's & Stockwell's Ideal** pantomime and Star Specialty Company achieved an unequivocal and thoroughly well deserved success at the Salt Lake Theatre on Thursday. They give a deeply and continuously interesting performance vastly different from ordinary pantomime companies. From the very first act to the close of the programme the attention of the audience was entirely given to the stage performance.

**Smallpox Report.**—Dr. Powers, Weber County quarantine physician, has written to the Ogden Herald:

"This is to inform you that I have, today, released Mr. Thomas Brown and family, of Haverhill, from quarantine restrictions, there being no more cases of smallpox in that vicinity. Mr. Morris' family, of Marquette, who had been released, and all cases have been released at Ogden. Up to the present time there have been no new cases reported in the county. From August 1st, 31 cases have been reported in the before-mentioned settlements, with six deaths.

**Interesting from St. George.**—Our St. George correspondent "Homespun," sends the following, under date of the 12th inst.:

"The other evening a report was circulated, by some person that the body of Brother Archibald Sullivan had been found dead in a wagon. The next day Brother Sullivan was out in his carriage, conducting the unfounded report, and saying to his friends that he did not intend to die for a long time to come. He could help it.

Brother Thomas Colman, the efficient gardener and tinsmith, who was charged of the Tabernacle and grounds, fell the other evening and cut a bad gash between his eyes. He is very sick in consequence of this accident, but it is hoped he will soon recover.

Yesterday, Sister Sarah Church's grandchild died from whooping cough. The mother of the child is in the north lying treated for a cancer of the tongue, but not one is very ill. The sympathies of the people are greatly with the afflicted family, and many would be glad to do something to relieve the heavy affliction. God is a sure comforter, and may he deal tenderly with them.

Joseph Randall had an accident with a pistol, it having discharged while he held it, inflicting a wound in the hand, and grazing the nose and forehead in its upward flight.

Next night a meeting will be held in the Tabernacle, that we may hear the Conference news from Brother Egan, who has just returned.

The weather is delightful when it does not blow.

The busy work of the laborers in harvesting is very feeble compared to what it was six or eight years ago. Where one hundred gallons were made then, not one is made now. The grapes are harvested at least the most of them. Dried grapes, pickled grapes, grape juice and jelly, are at present the business of the chief class. Potatoes are very scarce, but the seed is tolerably well supplied with good meat.

Everybody is interested in the coming election, and watching quietly but earnestly, for "development."

ORDER OF THE COMMISSION.

IN RELATION TO MUNICIPAL ELECTIONS.

Ordered, That there shall be appointed three judges of election for each municipal corporation of the Territory of Utah in which municipal elections are to be held, one of whom shall be designated presiding judge; provided, That in municipal corporations in which there are more than one election precinct, there shall be appointed three additional judges for each of said precincts.

The presiding judge for each municipal election shall procure from the office of the clerk of the County Court at least thirty days before the day of election a certified copy of the registration lists of the precinct or precincts in which said municipality is located; and on the second Monday thereafter he shall proceed to erase therefrom the names of all persons not entitled from any cause to vote at said election, and add thereto the names which do not appear on said lists of all persons who are entitled to vote. The revision of the registration lists herein authorized shall be made in accordance with the requirements of rule two of the Rules and Regulations adopted for the revision of the registration lists for the election to be held on the Tuesday after the first Monday in November next.

Said judges are hereby constituted a board of canvassers for said election in their respective municipalities and shall make returns thereof to the Secretary of the Territory, who is hereby authorized and directed to issue certificates of election to the persons who appear by said returns to have been elected.

Provided, That in municipal corporations having more than one election precinct, the judges of one of said precincts will be designated to receive the canvass from all the others, and make returns thereof to the Secretary of the Territory, who shall issue certificates of election to the persons who appear by said returns to be elected as hereinbefore provided.

**A Historical Scrap.**—To-day, October 16th, is in just 30 years since the first company of Latter-day Saints from Scandinavia arrived in this valley. The main part of the company, consisting of 28 souls, left Copenhagen, Denmark, March 4th, 1852, in charge of Apostle Erastus Snow, who at that time started on his homeward journey after about 21 months of diligent and incessant labor in Denmark, during which time he, in connection with his co-laborers, had been instrumental in the hands of God in opening up the Gospel door to the people of Scandinavia. The small company embarked at Liverpool on the ship *Idyll*, March 11th, 1852, and arrived in New Orleans May 10, after a somewhat unpleasant passage. Continuing the journey up the Mississippi and Missouri Rivers, they arrived in Kansasville, Iowa, from which place it, together with a goodly number of British Saints, commenced the trip across the plains with oxen about the 1st of July, under the leadership of Eli B. Kelsey. At Green River the organization of the company was partly discontinued, but the majority of the Scandinavian Saints reached the Valley on October 16th. This little company was the forerunner of about 22,000 souls who since that time have left Denmark, Sweden and Norway for this Territory. Among those who constituted the company and who now are among us as faithful members of the Church could be mentioned, Fred. Petersen, of this city; Rasmus Petersen and wife, of Pleasant Grove; Ferdinand P. Hansen and Wm. Knudsen, of Brigham City; Hans Hansen, of Hyrum; and Edward Schvaneveldt, of Weston, Idaho. During the present season over 1,000 souls have emigrated from Scandinavia for Utah. A full history of the initiative company is in the September number of the "Morgensjernen," just out.

**To Much for Them.**—A few nights ago the prisoners in Green River jail, numbering five, made an attempt to escape. Sheriff McPhie was absent, having gone to Illinois to place a criminal in the prison at Joliet. The prisoners succeeded in cutting the bars of the cage, thereby gaining access to the corridor. They then commenced operations on the iron door opening to the outside. They had so nearly battered it down that a few minutes more would have given them their liberty. But just at that time they concluded that the door was too solid for them, and went back to the cells, where they were found in the morning. Mr. McPhie heard the disturbance, but was afraid to move; while the jailer slept soundly within six feet of where the heavy pounding on the iron door was going on.

**Railroad Smash.**—On Saturday, a switch on the U. C. R. R. was inadvertently left open at Sandy. The view being intercepted at the point, it was not seen by the engineer of a gravel train of fifteen cars coming from the south. As soon as the open switch was observed the brakes were put down, but it was too late. The engine jumped the track and landed in a culvert, followed by several cars which piled on top of it. In two box cars next the engine were thirty workmen. The cars were badly smashed, but the men miraculously escaped without injury. The engineer and fireman escaped by jumping before the engine ran off the track.

**Municipal Elections.**—We publish to-day an order from the Commissioners in reference to municipal elections. We learn from the Secretary that the Commission is not informed in regard to the times when the various municipal elections take place. This can be learned from the territorial statutes, but it would be as well for the City Records to communicate with Secretary Thomas forthwith, and give the date of the elections under their respective charters.

**Seventies General Meeting.**—The Seventies will please take notice that their meeting will be held on Wednesday, the 18th inst., at 7 p.m., at the Council House.

**Robert Campbell,** Clerk of 1st Council of Seventies.

SALT LAKE CITY, October 16th, 1892.

**A Noisy Fellow.**—On Saturday night, S. Noyes made a noise in the White House. The bartender ordered him out, when he showed fight. The police arrested them, but didn't come off first best. He was put in jail.

**Larceny Case.**—This morning Wm. McLaughlin, a painter, was fined 100 days' labor by Justice Spiers, for stealing clothing. He is the same fellow who, a short time ago, in a fit of temporary insanity, tried to dash his brains out against the walls of the city jail.

**Beaver Mandamus Cases.**—The *Utahian* says:

It is rumored that upon the sitting of the District Court next Tuesday, application will be made for writs of alternative mandamus on behalf of the gubernatorial appointees for the offices of Probate Judge, County Clerk, and possibly other positions in our county government. The necessary papers have already been drawn up, and as soon as the *de facto* incumbents return from their present visit to the metropolis, formal demand for relinquishment will be made, to be followed by the application as above stated.

**Provo Primary Fair.**—Sisters E. R. Smith and Z. D. H. Young, returned this morning from their visit to the Provo Primary Fair. Five wards were represented, each having an apartment. The collection of articles exhibited was very large, embracing art, manufactures, agricultural products, mechanics, household products, etc. All the specimens were the result of the industry and ingenuity of the little folks, and were highly creditable.

Apostles E. Snow and F. L. Lyman, President A. O. Smoot, Prof. Maeser and other leading brethren visited the fair and pronounced it the best of the kind they had yet witnessed. The proceeds derived from the entrance money will be used for the purchase of instruments for a juvenile martial band.

**Determined to Kill Himself.**—The Evanston *Chief* says that, on Tuesday last a German supposed to be insane, or partially so at least, who was a passenger on the eastward bound emigrant train, at a point west of that city attempted suicide by cutting a deep and ugly gash in his neck with a pocket knife but missed the fatal spot. He was taken off the car there, and placed in jail, and a surgeon called, who carefully dressed his wound. On Wednesday he appeared to be much better, and was taken from the jail to the Evanston House, where he is being cared for. On Thursday noon he again attempted suicide by cutting two large gashes in his left arm; which act was discovered in time to prevent his bleeding to death, and the surgeon again fixed him up. He says he will kill himself; but he is now being closely watched. Aside from his desire to suicide, he does not appear irrational; though he is not communicative, and does not give much account of himself. He is a man rather under medium size, with light colored moustache, and a pale, care-worn countenance, and appears to be about thirty-five years of age. From some of his expressions, it is believed he has a wife and children in San Francisco.
