In the course of the recent thorough revision, the American edition was edited with the special view of supplying the wants of American readers. It also possesses a special attraction in containing a series of over seventy-five full-page engravings not contained in any other edition. d130.

AN EXPERT.—Dr. Price is well known as an expert in the study of Culinary Chemistry, and all of the manufacturers of Steele & Price are the result of his researches. One of these discoveries is the Cream Baking Powder, by the use of which light, sweet biscuits, cakes, &c., at all times are a certainty. The market is flooded with cheap inferior baking powders, and adulteration is so extensively practised, that the Cream Baking Powder does the work with two-thirds of the quantity required of any other kind. In view of such cheap impositions, the public are advised to ask for these pure and excellent articles, if they cannot be obtained of one grocer may be of another. The purer the articles that compose our daily food the better they are for health. Dr. Price's True Flavoring Extracts are really delicious.

R. V. PIERCE, Buffalo, N. Y.:
Dear Sir:—Your Favorite Prescription has done my wife a world of good. She has taken nearly two bottles and has felt better the past two weeks than at any time during the past two years. No more periodical pains; none of that aching back or dragging sensation in her stomach, she has been accustomed to for several years. I have so much confidence in it that I have been perfectly willing to warrant to certain customers of ours who would be glad to get hold of a relief at any expense. I have tried many Patent Medicines, but never had any occasion to extol one before.
Very truly yours,
GEORGE H. WHITING.
Mrs. E. R. DAVIS, Metropolis, Ill., writes:

"Dr. R. V. Pierce—My sister is using the Favorite Prescription with great benefit."
—MARY ANN PRISER, Lehman, Pa., writes:
"Dr. R. V. Pierce—What I have taken of your medicine has been of more benefit to me than all other and hundreds of doctors' bills."
Dr. Pierce's Favorite Prescription is sold by dealers in medicines generally.

IMPORTANT TO THE TRAVELING PUBLIC.
It is the duty of all persons before starting on a journey to ascertain by what route they can reach their destination with the least trouble, and if there are two or more roads leading to the same point, to decide which is the safest and most pleasant to travel.
We take pleasure in stating that the CHICAGO & NORTH-WESTERN RAILWAY is the oldest, and several times the shortest, route between Omaha and Chicago. Within the past two years the road has been put in admirable condition, and almost the entire line has been re-laid with steel rails.
The Depot in Chicago is centrally located, and as their trains arrive there thirty minutes in advance of all other lines, passengers can always be sure of making Eastern connections.
Close connections are made at Chicago with the Lake Shore & Michigan Southern, Michigan Central, Baltimore & Ohio, Pittsburgh, Fort Wayne & Chicago, Kanabos, Line and Pan Handle Routes, for all points EAST and SOUTH-EAST.
If you are going to Chicago, or East, you should, by all means, purchase your tickets by the Old Pioneer Route—
The Chicago and North-Western.
You will find on all through trains Pullman Sleepers, new and magnificent Day Coaches, and the best Smoking and Second Class Cars now on any road in the United States.
Particular information with maps, time tables, etc., may be had at any of the Ticket Offices in the West, or upon personal or written application to J. W. Irons, Ticket Agent, Salt Lake City; A. H. Earl, Ticket Agent at Ogden, or to J. H. Mountain, Western Traveling Agent, Omaha, Neb., or to W. H. Steinmetz, General Passenger Agent, Chicago. d54.

Local and Other Matters.
THERMOMETER 70 degrees F in the shade at 1 p.m. today. Fine.

Rain.—Didn't try to rain yesterday morning, and wasn't it a failure, like most of the attempts the last two or three weeks?

The Champion Speller is a little ten cent work of twenty-four pages (2,000 test words). By E. and D. M. Knevelton. A. Roman & Co., San Francisco.

Busy Streets.—The breaking of the railroad blockade has made the streets assume an unusually lively appearance. Wagons laden with all kinds of goods passing to and fro, boxes of merchandise piled up in front of the stores in the business part of the City and other indications make an agreeable change from the comparatively dull monotony that lately prevailed.

Missionary Appointments for Salt Lake Co., Sunday, May 9th:—
South Cottonwood—Elders S. A. Woolley and S. Neale.
Mill Creek—Elders John Van Cott and George Swan.
Neff's District—Elders R. E. Neale and C. F. Wilken.
Sugar House—Elders D. James and C. W. Stagner.
West Jordan, (Mill District)—Elders G. G. Bywater and Geo. Teasdale.

Another Spanish Class.—Mr. Dan Jones will organize another class for learning Spanish, at the 16th Ward school house, to-morrow evening at 8 past 7 o'clock. People from the adjoining wards are invited to attend; and any parties desirous of joining the class in the Seventies' Hall can do so at any time, as the Professor will give them private lessons until they are sufficiently advanced to take their place in the class.

Seize the Flippers.—Yesterday some one among the flipper huns that play so many disagreeable pranks flipped a pebble through the front window of Mr. Claude Olive's establishment, First South Street, and was gone with him that the police officers should take peremptory possession of every flipper found in the hands of boys. Those little implements are the means of a great deal of broken glass and many runaways.

Nashian Lecture at the Theatre.—To-morrow, Tuesday, evening that pretty well known individual, Mr. Petroleum V. Nashby, Postmaster, Confederate X Roads, will deliver a humorous, sarcastic, and comical lecture, entitled, "Bucks Without Straw." The lecture is a voluntary one, and is for the benefit of St. Mark's Hospital, a truly benevolent purpose. From the renown of the lecturer and the subject and object of the lecture a full house and enjoyable evening may be anticipated.

News From England.—Elder Henry C. Fowler, now laboring in the London (England) Conference, by letter, dated at Chichester, on the 13th of April, writes encouragingly as to the prospects in that part of the vineyard. Seven persons were baptized in the North London branch on Sunday the 7th of March, and more have given in their names for baptism. There have been more baptisms in that conference than the number emigrated last year, and the country branches are increasing. Elder Fowler is baptizing in Hampshire, and expects to continue so doing in the future.

Portsmouth branch. Many are enquiring earnestly respecting the principles of the gospel, and the servants of the Lord are rejoicing in their labors.

Bad Accident.—Yesterday morning a five year old son of Edward Middleman, 6th Ward, let a dog loose that he might frolic around the premises with him. While indulging in some antics the rope that was attached to the dog got entangled around the boy's leg, which caused him to be thrown over and dragged so that his thigh was broken.

Dr. Anderson was sent for and set the injured limb.

Theatre.—Mr. Graham had an audience flattering as to numbers on Saturday evening, at his benefit. The performance was entertaining, and caused plenty of amusement among the audience. Mr. Graham, as "Billy Lackaday," had a part suited to him, and he made much of it. Mesdames Stevenson and Douglas and Miss Clawson, and Messrs. Marden, Forster and Wilton also played with ability.

Mr. Connolly recited "Shamus O'Brien," and the comedy of "Fish Out of Water." Mr. Graham as "Sam Savory," concluded a pleasant evening's entertainment.

From Dixie.—We had a call this morning from Brother B. F. Pendleton, of St. George, who reached this City last evening. He left St. George on the 20th of April, and reports that the prospects for fruit, the coming season, in the Utah Dixie are not very flattering, late frosts having entirely killed the peaches, apricots, plums and almonds. The grapes and apples were looking promising when he left. He also informed us that the brethren, under the direction of Bishop R. Gardner, are busily engaged at Mt. Trumbull, in getting timber and making lumber for the temple roof, and it is now expected that all that is needed will be ready in time. The prospects of the Grand Gulch Mining Company are excellent; they have one furnace up and two more in course of erection, and in a short time they expect to be freighted by the railway terminus. They calculate to get out twenty-five tons of bullion per day, and it is the opinion of experienced miners that the ore now in sight will require five years to extract.

Brother Pendleton returned from this city to St. George last June, and during his trip hither, just completed, he says he noticed many new fields fenced and under cultivation, indicating that much more grain than usual will be raised the coming season. Stock generally, looks poor, and the condition of the animals north of Dixie is much inferior to the stock there. The health of the settlers there is also good, and taking all things together, Brother Pendleton says, Dixie for ever!

An Attempted Escape of Prisoners.—Yesterday a young fellow named Robert Charles was the only person in the shape of a guard at the County Jail. He felt rather sick yesterday, or, to use his own words, he felt very strange. In the afternoon he took off his boots, went outside of the Court House and sat upon a window sill on the west side of the building. He had been there but a short time when he heard a peculiar sound, as if somebody was scratching and digging into the wall of the jail underneath, then he saw a hand protrude through a small opening.

Without waiting for further developments he started off for assistance. He went to the house of Mr. N. V. Jones, who lives near by, and that gentleman seized his revolver and ran to the Court House, and was joined on the way by Mr. Samuel Russell, who was supplied by Charles with a shot gun. Charles was then sent off to bring the Sheriff, while Messrs. Jones and Russell stood guard, the one at the North-west corner of the building. (Shortly afterwards the regular jailor arrived, and finally the hole that was being made by the prisoners was large enough to admit of the body of a man passing through, and the notorious "Bob" McCausland emerged from it. When he had got fairly out the gentlemen already named stepped into sight and Mr. Jones said, "Crawl back," and, without more ado, McCausland crawled back.

While Mr. Russell stood guard over the hole the others went down stairs into the jail and removed the prisoners from the day cell, from which they had attempted to break, and placed them in the night cell, and while this was being done one of them was exceedingly abusive, especially to Mr. Jones.

Another Suicide.—About four o'clock yesterday afternoon Mrs. Fisher, wife of Thomas Fisher, of the 6th Ward, committed suicide by taking strychnine. It appears that she had been predisposed to that kind of thing, having attempted to destroy herself in a similar manner once before, in Swansea, Wales. Some time since her husband discovered that she had a bottle of strychnine by her and he managed to get it away from her, but she had hid another away in the closet.

When she took the poison yesterday afternoon, she did so in the presence of another woman, who, being lame, however, could not get along fast enough to bring timely assistance. Some of the neighbors entered the house, and on hearing what had happened went immediately to Dr. Davis, who soon arrived, but was too late to render any assistance, and Mrs. Fisher expired in a little over half an hour after taking the poison. She retained her senses almost to the last, although, as is always the effect of strychnine, she was afflicted with severe spasms.

Deceased had been heavily afflicted, we might say bedridden, with rheumatism for the past ten years, and had been a great sufferer also from a catarrhal affection. She was 57 years of age and was a native of Devonshire, England.

Since the foregoing was written we learn that Coroner Taylor and a jury held an inquest over the body. The evidence given showed that after she took the poison she appeared anxious to recover, and took readily whatever was given her by Dr. Davis, but the poison had diffused itself through her system before his arrival.

The verdict was to the effect that she died from the effects of strychnine, self-administered, while she was laboring under temporary insanity.

Third District Court.—The regular May term of the Third District Court opened at eleven o'clock today, Hon. David P. Lowe, C. J., presiding; William Carey, U. S. District Attorney; A. K. Smith, Dep. U. S. Marshal; Ed. B. McKean, Clerk; Bowman Cannon, L. Sprague, and J. P. Cross, Bailiffs; R. C. Dennison, Crier.

The venire for a petit jury was returned by the Marshal, all who had been served answering to their names excepting three, and three others had not been served.

A nolle prosequi was entered in the case of the U. S. vs. Elizabeth Gordon, indicted for illegal voting. James Dunn indicted jointly with John Began, for larceny from the person, was arraigned and pleaded not guilty, and J. C. Hemingway was appointed as counsel for him. Subsequently after consulting with his attorney, he withdrew the plea of not guilty and pleaded guilty and the court sentenced him to imprisonment in the Territorial penitentiary for one year, and to pay the costs of the prosecution.

Other business, mostly *ex parte*, was also disposed of during the day.

Conference at Nottingham.—According to the *Millennial Star*, a conference was held at Nottingham, England, on Saturday and Sunday, April 3 and 4, Elder F. M. Lyman presiding, and Elder John H. Burrows acting as clerk.

The Priesthood met in the Meeting-room, Shakespear Street, on the Saturday evening, at which there were present on the stand, Joseph F. Smith, President of the European Mission; Elders F. M. Lyman, John Squires, Geo. L. Farrell, H. S. Gowan and B. H. Watts, also Elder John H. Burrows, from the *Millennial Star* office.

The Saints generally met on the Sunday morning, afternoon and evening, at the Co-operative Hall, Grey Friar Gate, and were addressed by most of the above Elders. Singing by the Nottingham and Mansfield choirs.

Prest Lyman read the statistical and financial reports of the Conference for the year ending Dec. 31, 1874.

"Statistical,"—19 Branches, 95 Elders, 23 Priests, 13 Teachers, 17 Deacons, 435 Members; Total 584. 78 baptized, 8 cut off, 7 died, 7 removed, and 64 emigrated.

"Financial,"—Receipts: Tithing, Books, Individual Emigration, Poor and Public Collections, £489 9s. 4d.; Expended in the Conference, for Hall and House Rent, Fuel, Food and Travelling Expenses of Elders, Stationery, Postage, and other Conference Expenses; and I. E. money returned to individuals, £190 5s. 7d.

"Sent to Liverpool Office: Individual Emigration, Book-money and Tithing, £284 8s. 1d., leaving a balance in the hands of the Conference of £29 8s. 7d.

"There are 209 Tithing-payers; 220 *Millennial Stars* and 128 *Journals of Discourses* are taken in the Conference."

The British Mission.—Elder Peter Barton writes to the *Millennial Star* from Sheffield, April 8:—

"Since we held our district meeting, and the course of lectures were delivered by Elder John Squires, the newspapers have inserted several articles about the 'Mormons in Sheffield,' written by our opponents. In presenting your letter for publication, which contained a statement of facts, and refuted many of the statements made by 'A Gentle,' the editor promised to publish it if divided into three parts. The first part was published March 27th.

"My faith is that there are yet some honest hearted people in Sheffield; we have had a goodly number of strangers at our meetings of late.

Elder Squires left here March 23d, and I accompanied him to Killamash to visit brother Wm. Hill and family. The evening being fine we had an outdoor meeting; stood against the church yard gate; very attentive congregation no interruption. Elder Squires and myself each spoke for about thirty minutes, thanked them for their kind attention, and returned to brother Hill's and stayed there that night. Next morning Elder Squires left for Nottingham. I concluded to stay and have another meeting.

About 6 p.m., I went along the street near the church, accompanied by Brother Hill, and invited the people to come and hear us. On our return to the church, we saw a minister and congregation singing in the street. They passed us and went up the street opposite the church, and commenced to sing. I was informed that they would have returned on their way to chapel. When they had finished singing, the Spirit prompted me to commence meeting. I read aloud a hymn, and before I finished the minister and congregation came along and stayed by us. I and Brother Hill sang, and after offering prayer, I called on Brother Hill, who spoke and told us some of the truth. I then spoke for about fifty minutes, and was truly blessed with the Spirit of God. I spoke a little of the first principles of the Gospel, the gifts and blessings enjoyed by the Church of Christ, and the necessity of those who officiated as Priests, Elders, etc., to be called of God, etc."

Elder Barton goes on to say that he had a very attentive congregation, and before the close of the meeting he and the minister were discussing for nearly two hours, and parted friends.

Next morning the street was crowded with people, and the topic of meeting was the general topic of conversation the next day throughout the town and down in the coal mines.

David Deady Field says that until he made his recent trip around the world he had no idea of the name of God in the Christian Register to remark that Mr. Field, in all his travels, never met a man who was a Christian, and he must have visited unknown regions.
