**"Out of the frying-pan
into the fire." Take care that you don't get
that way, when you try to make your
washing easier. Better be sure of what
you're doing.
Get Pearlina, the original washing-
compound, the best-known, the fully-
proved. There are plenty of imitations
of it. But even if they're not dangerous
—and some are—they're not
economical.
Pearlina used properly, goes
farther, does more work, and
saves more wear, than anything else that's
safe to use.**
