# ECZEMA SKIN DEEP—NOT IN THE BLOOD.

Skin Diseases Can Be Cured Only By Treating the Skin.

It is useless to try to cure skin disease by pouring vile, poisonous drugs into the stomach—this has been proved by years of study and experimenting by the world's greatest scientists and specialists in cutaneous diseases. When it was proved that skin disease was in the skin only and not in the blood, attention was immediately given to discovering a remedy that would cure the disease by external application.

Years were spent in study and experimenting, but finally Dr. E. B. Dewar, a skin specialist of wide reputation, compounded a remedy consisting of purely vegetable ingredients and as clean and pleasant to use as pure water. This instantly gave relief and quickly cured the worst cases of skin disease.

This remarkable remedy is called Dr. E. B. Dewar's Skin Cure, and it is the only remedy that will cure skin disease by external application. It is the only remedy that will cure skin disease by external application.

# S.S.S. CURES A SAFE HOME TREATMENT

In S. S. S. nature has provided a certain, safe, home cure for Contagious Blood Poison. It is a medicine made entirely of roots and herbs of recognized blood-purifying value, and is the one medicine which is able to get down to the root of the trouble and remove every particle of the virus, and at the same time benefit and build up the system and general health. No harmful effects ever follow its use, as is so often the case when strong mineral medicines are used. As soon as the system gets under the influence of S. S. S. the disease begins to improve, and when the remedy has thoroughly purified the blood and driven out every trace of the poison, no signs of the trouble are ever seen again. The general manifestations of Contagious Blood Poison such as falling hair, copper-colored spots, ulcerated mouth and throat, sores and ulcers, etc., are merely symptoms of the poisoned condition of the blood, and in most cases respond quickly to local treatment, while S. S. S. is doing the necessary work of cleansing the blood. Our "Home Treatment" book is of great assistance along this line. It is a complete guide for treating the trouble, containing instructions for the different stages of the disease, and also valuable suggestions about the local treatment, that will be most helpful in effecting a cure. We will be glad to send a copy of this book, free of charge, to any who desire it, and if special medical advice is wanted our physicians will take pleasure in supplying it without cost to the patient. If you are suffering with Contagious Blood Poison you can cure yourself in the privacy of your own home by the use of S. S. S., an absolutely safe remedy.
