CONGRESSIONAL.

SENATE.

WASHINGTON, 6.—Matthews sub-

mitted the following concurrent

resolution in regard to the pay-

ment of bonds in silver, and at his

request, it was ordered to lie on the

table and be printed:

Whereas, By an act entitled an

act to strengthen the public credit,

approved March 18, 1869, it was

provided and declared that the

faith of the United States was there-

by solemnly pledged to the pay-

ment in coin or its equivalent of

all interest-bearing obligations of

the United States, except in cases

where the law authorized the issue

of such obligations in interest-bearing

provided that the same might be

paid in lawful money or other cur-

rency than gold and silver; and

Whereas, All bonds of the United

States, authorized by the act above

entitled an act to authorize the re-

funding of the national debt, approved

July 14, 1870, by the terms of said

act, declared redeemable in coin

of the then present standard

value, bearing interest payable

semi-annually in such coin; and

Whereas, It is desired to provide

for the redemption of the bonds of

the United States, described in said

act of Congress, approved July 14, 1870,

and entitled an act to authorize the

refunding of the national debt, and

Whereas, At the date of the pas-

sage of said act last aforesaid, the

coin of the United States was

silver dollars of that date includ-

ed silver dollars of the weight of

412 3/4 grains each, as declared by

an act approved July 18, 1837, en-

acted supplementary to an act en-

acted to provide for the redemption

of the bonds of the United States,

and regulating the coin of the

United States, to be legal tender of

payment according to their nomi-

nal value, for any sums whatever;

Therefore, Be it enacted by the

Senate and House of Representa-

tives, that all the bonds of the

United States, described in said

act of Congress, approved July 14,

1870, shall be legal tender of pay-

ment according to their nominal

value, for any sums whatever, and

that the same shall be so declared

by the President of the United

States, by and with the advice and

consent of the Senate, and he shall

publish the same in the official

Gazette of the United States, and

that he shall cause to be printed

and published in the same, a copy

of the act, and that he shall cause

to be printed and published in the

same, a copy of the act, and that

he shall cause to be printed and

published in the same, a copy of

the act, and that he shall cause

to be printed and published in the

same, a copy of the act, and that

he shall cause to be printed and

published in the same, a copy of

the act, and that he shall cause

to be printed and published in the

same, a copy of the act, and that

he shall cause to be printed and

published in the same, a copy of

the act, and that he shall cause

to be printed and published in the

same, a copy of the act, and that

he shall cause to be printed and

published in the same, a copy of

the act, and that he shall cause

to be printed and published in the

same, a copy of the act, and that

he shall cause to be printed and

published in the same, a copy of

appointment to that office for the

regular term of four years, in place

of himself (Debate the person nomi-

nated to the extra session), instead

of in the place of Dowling suspended.

The opinion of the Senate was

practically unanimous that such

nomination was not in accordance

with the usage and requirements of

law.

Marquette Telephone.

COLUMBUS, O., 6.—During a lec-

ture to-night, by Professor Barker,

of the University of Pennsylvania,

before a full assembly, the mar-

que telephone, transmitted from

Chicago, over a circuit of 375 miles

by means of Gray's harmonic tele-

phone, was heard by the audience,

but the particular time could not

be recognized. This, it is claimed,

is the longest distance this instru-

ment has yet been successfully

worked.

Mental Treatment.

ELIZABETH, N. J., 6.—Mrs. John

Riley, wife of a prominent citizen

in the outskirts of the city, who

has frequently brutally beaten an

orphan girl in her employ, this af-

ternoon, in a fit of rage, poured a

pailful of scalding water over the

girl, from the effects of which she

will probably die.

Struck to Death.

POCONATOLLA, La., 6.—A school

teacher named Varney was arrest-

ed and lodged in jail on a charge

of drunkenness and assault. The

girl was set on fire and Varney

was burned to death.

The Election in Georgia.

ATLANTA, 6.—Further returns

to-day indicate Atlanta as the cap-

ital by 40,000 majority. The new

constitution was adopted by nearly

the same vote. The home state act

of 1877 is adopted by a small ma-

jority.

Bowie's Growing Weaker.

SPRINGFIELD, MASS., 6.—Mr.

Bowie is emaciating rapidly, from

failure of assimilation of food, and

grows perceptibly weaker.

A Stage Coach Breaks Through the

Ice—An Indian Corps—Murder

and Suicide.

DEADWOOD, D. T., 6.—There will

probably be a lively contest be-

tween the old and newly elected

county officers. The old board of

commissioners having failed to

qualify the officers elected in No-

vember, the new board organized to-

day and qualified them.

Passengers arriving on to-day's

Bismarck coach report that while

coming from Bismarck, the coach

and horse broke through the ice;

the four horses drowned, but the

driver and passengers escaped.

A man named Spiegel, who for-

merly lived in this city, and who

was shot by Indians a short time

since, rode up to Mayer's ranch yester-

day, six miles from Crook City,

with an Indian corps, dragging at

the end of a line of the old coach,

which was fastened to the point of

his saddle. He reports having en-

gaged in a running fight with

three Indians, two of whom he

wounded and the third and last he

killed. He also reported that he

had killed a man named Spiegel,

who was shot by Indians a short

time since, and who was riding up

to Mayer's ranch yesterday, six

miles from Crook City, with an

Indian corps, dragging at the end

of a line of the old coach, which

was fastened to the point of his

saddle. He reports having en-

gaged in a running fight with

three Indians, two of whom he

wounded and the third and last he
