

ONSLAUGHT ON SENATOR SMOOT.

W. C. T. U. Convention Adopts
Resolution Demanding His Ex-
clusion From the Senate.

HIS ALLEGIANCE IS ATTACKED.

They "Believe" That as a Member of
The "Mormon" Church He Can-
not be a Loyal Citizen.

Chicinnati, Nov. 17.—Today's ses-
sion of the National Women's Chris-
tian Temperance Union began with an
address in the purity conference on the
dangers of "Mormonism," by Dr. Sarah
Elliot of New York, followed by a
further treatment of the subject by
Mrs. Maria Weed of Chicago.

The discussion of resolutions took up
the entire afternoon. The final form
of the polygamy declaration was fixed
after an Oklahoma delegate objected
to the proposition that no more states
be admitted to the Union until an anti-
polygamy amendment to the national
Constitution has been adopted. Mrs.
Weed insisted that Senator Reed
Smoot, as an elder in the "Mormon"
church, is under the most solemn obli-
gation to uphold the doctrine and pur-
poses of the "Mormon" church, which
is the overthrow of the United States
government and the substitution of an-
other government which is that of the
"Mormon" church. The resolutions as
adopted follow:

"Since our work is one of formation
as well as reformation, we stand firmly
for total abstinence for the individ-
ual.

"Believing that the liquor traffic is
morally wrong and, therefore, can
never be made legally right, we oppose
all forms of regulation and again
pledge ourselves to endeavor to secure
such legislation as shall result in com-
plete prohibition.

"We stand for an equal code of mor-
als for women and men, and emphati-
cally condemn every system for the
regulation of vice.

"We rejoice in the closing of the
gates of the world's fair on Sunday
and in other efforts being made to
purify St. Louis, and further, we moni-
torize the mayor and city council to
make special effort to enforce the laws
of the city against houses used for
immoral purposes during the time of
the fair.

"We believe that all of the women of
the United States should vote on equal
terms with men, as in Wyoming, Colo-
rado, Idaho and Utah.

Love is some-
times a hard task-
master. He drives
women to tasks be-
yond their strength
and lays heavy bur-
dens on their
shoulders. Love
of husband, love of
family, forces many
a woman day by
day to labor for the
home when aching
back and throbbing
head make her ut-
terly unfit for
household duties.

Weak, nervous
women who suffer from headache, back-
ache, bearing-down pains and other con-
sequences of womanly disease, can be
completely cured by the use of Doctor
Pierce's Favorite Prescription. It es-
tablishes regularity, drives weakness,
dizziness, neuralgia, inflammation and ulcer-
ation and cures female weakness.

"About two years ago I was taken sick and it
seemed as if I had no nerves at all," writes Mrs.
P. Woodcock of Delray, Mich. "I could not
work an hour in the day without being tired
out. I doctored first with one physician, then
with another, but did not receive relief. One
day I read of a medicine and the next thing
I knew I had almost given up when I thought
of what to do. You advised me to take Dr.
Pierce's Favorite Prescription and 'Golden Med-
ical Discovery.' I did so and could see a differ-
ence right away. I only took four bottles in
all and felt better than I had in a long time. I
work all day now and do not feel tired as I
was in an hour before taking your treatment.
Thank it is the only medicine."

Dr. Pierce's Pleasant Pellets cure di-
ziness and sick headache.

terms with men, as in Wyoming, Colo-
rado, Idaho and Utah.

"We believe that polygamy is both
morally and legally wrong. We ask Congress
to provide for an amendment to the
Constitution of the United States for-
ever prohibiting polygamy. We also be-
lieve that an apostate of the 'Mormon'
hierarchy cannot be a loyal citizen of
this republic, because of his vows to
another organization separate and dis-
tinct from the United States of
America and not subordinate to it, but
claiming superiority over it. We
therefore, ask that Mr. Reed Smoot
be excluded from the United States
Senate on the ground that his highest
allegiance is given to a government
other than that of the United States.

"We believe this to be a civil ques-
tion which should not be obscured by
religious or ecclesiastical claims.

"We authorize our president and
secretary to memorialize Congress for

an anti-polygamy amendment to the
Constitution of the United States, in
furtherance of which we urge educa-
tional methods in every state as look-
ing toward the confirmation of this
congressional act.

"We caution the public against ac-
cepting any medicines advertised as
'White Rabbit Remedies,' as the Wo-
men's Christian Temperance Union
does not manufacture, sell or endorse
any medicine."

Mrs. Clara Parish Wright, Paris, Ill.,
was elected branch secretary of the
Young Women's branch and Mrs. Helen
G. Rice, Roxbury, Mass., of the Loyal
Temperance Legion.

The president named Miss Anna A.
Gordon, Evanston, Ill., as vice presi-
dent at large.

The recording secretary nominated
Mrs. Francis E. Buchanan, assist-
ant recording secretary and both nom-
inations were confirmed.

LABOR FEDERATION OPPOSED.

Washington, Nov. 17.—The American
Federation of Labor is endeavoring to
prevent the election of Senator Smoot
to a position on the immigration com-
mittee. The association is not op-
posed to the senator holding his
seat, but is opposing vigorously his ap-
pointment to a committee appointment
which they claim would give him an
opportunity to encourage the emigra-
tion of "Mormons" from Europe. Albert
Schulte, as member of the legislation
committee of the American Federation
of Labor, is making a canvass of
publican senators. He asserts that Sen-
ator Smoot, as a "Mormon" apostle,
was a member of the committee which
a number of years ago visited Europe
in order to enlist aliens to come to this
country and become members of the
"Mormon" faith.

SAYS ACTION IS UNAUTHORIZED.

Boston, Nov. 17.—President Comper
of the American Federation of Labor,
and James Duncan, first vice president,
said this afternoon, relative to the dis-
patch that the federation was endeavor-
ing to prevent the appointment of
Senator Smoot of Utah on the immigra-
tion committee, that if such an endeavor
was being made it was without the
official sanction of the federation.
They could not undertake to prevent,
they said, any person affiliated with the
federation from canvassing on any
question in which he had a personal in-
terest.

Prominent Passengers for Orient

San Francisco, Nov. 18.—Prominent
among the saloon passengers sailing to-
day on the mail steamer Korea for the
orient are: Mrs. K. Takahira, wife of
the Japanese minister at Washington,
en route to Japan on a visit; Mr. G.
and Mrs. Arthur McArthur, accom-
panied by Col. Parker West for Honolu-
lu; Collector of Customs E. R. Stack-
pole of Honolulu, en route home; Mrs.
Silas B. Terry wife of Admiral Terry,
for Honolulu, with her son and daugh-
ter to join her husband; Dean C. Wor-
cester of the Philippine commission,
with his family for Manila; Lieut. Col.
York Noel of the navy, wife and daugh-
ter for Yokohama.

Scalded with Hot Lard.

New York, Nov. 18.—Five workmen
have been injured by the collapse of a
huge lard rendering vat in a West For-
tenth street establishment. Three of
them will probably die.

The men were at work in the base-
ment when the bottom of a tank con-
taining many gallons of scalding grease
suddenly gave way and the men were
literally boiled. Instantly the grease
became ignited and soon the basement
was in flames.

The cries of the men could be heard
by pedestrians in the street and aid was
quickly rendered by the police and fire-
men but three of the men had almost
been boiled alive before they could be
rescued. The others were very seri-
ously hurt but will probably recover.

A STRANGE DUEL.

Two Italians Fight With Pistol
And Stiletto.

Chicago, Nov. 18.—A duel between
men armed with pistol and stiletto was
fought in Archer avenue last night.
When the battle ended both men had
received wounds which were fatal.
Frank Russo, 18 years old, and Ferdi-
nand D. Vincente, 21 years old, met
in front of Russo's room. They had
long been enemies. It is said, with-
out a word of warning they rushed at
each other.
Vincente fired as he ran and Russo
stabbed him as he fell. Thirty people
standing near by saw the battle, and
police who came had to be at their
way through a larger crowd.
Anthony Russo was arrested for com-
plicity in the crime.

JUST HAD TO SWAP.

Henderson county, North Carolina, is
noted for moonshine whiskey and horse
traders. There is hardly a man living
in the county who will not stop on the
way to church and swap anything from
his horse and buggy to a pocket knife.
A traveler was journeying through
the county one day, and had occasion
to stop at a sale to water his horse. A
native plowing in the field hailed him
with:
"Say, pardner, want to swap horses?"
"No, I guess not."

"How will you trade buggies? I
got a road kyart at the house that I'll
trade you."

"No, I don't care to trade."

"I'll trade coats with you."

"It's no use."

"Let's see your pocket knife."

"Haven't any."

"You are the hardest man I ever seen
to get a trade outen. I'll trade britches
with you and give you ten cents ter
boot, jest to make a trade."

"No, your trousers are too big."

"What's the difference, so long as
you git boot?"

"I guess we can't make a trade today,
my friend."

"I'll tell you what I'll do, pardner. I
jest got ter make a swap, kase you
are the fust man that has passed here
today. If I don't make a trade, pap
will put me to work in the shingle
swamp an' send Ezra out here to tend
to business. What kind of socks you
got on? I'll trade you mine."

"But you haven't any."

"O, they're over thar in the jam of
the fence, where I put 'em to dry. I
got 'em from parson yesterday an'
the're store broken."

"Don't want to trade."

"Well, if you won't trade I'll run
you a foot race to see if I give you a
drink of corn licker or whether you
buy a quart from me. Any man that
won't do that hain't got a drop of
sportin' blood in his veins."—Butte

DEBATE ON CUBAN BILL HAS BEGUN.

Mr. Stevens, Republican from
Minnesota, Makes Speech
Against Measure

MR. McCLELLAN, N. Y., FAVORS IT

Says Objections to Bill, in View of
Our Obligations to the Island, Are
Very Selfish.

Washington, Nov. 17.—The house
today resumed consideration of the Cu-
ban Bill. The only notable incidents
of the day were the speeches of Mr.
Stevens, a Republican member from
Minnesota, who spoke in opposition to
the bill, and the speech of Mayor-elect
McClellan of New York. Mr. Stevens
opposed the measure for reciprocity
with Cuba at the last session. Today
he argued that the bill was a "cruel
blow" at one of the most promising ag-
ricultural industries of this country,
and that the measure would imperil our
vast foreign trade.

McCLELLAN'S VALEDICTORY.

Mr. McClellan delivered his valedic-
tory to the house, making an argument
in favor of the bill, during the course
of which he criticized the administra-
tion of Gen. Wood in Cuba and charged
the Republicans with responsibility for
what is lacking in the fulfillment of
the duty of the United States to Cuba.
The hours were devoted today to de-
bate of the measure, ten members
speaking. Under the rule two days
more are given for speeches.

Mr. Stevens of Minnesota spoke for
thirty minutes in opposition to the bill.
He said that while a firm protectionist,
he believed the time near at hand when
some reductions in the present tariff
schedules must be made.

"I believe the measure is a cruel
blow to one of the most promising ag-
ricultural industries of this country,"
said Mr. Stevens, adding that there
would be a greater reduction in re-
venues than estimated by advocates of
the bill.

Mr. Clark, Democrat of Missouri,
speaking of the rule cutting off amend-
ments to the bill, said the probability
is that the Democrats will control the
next house and elect the next presi-
dent, adding:

"The more of these iron-clad rules
you ram down our throats, the more
you will have rammed down yours."
Turning with emphasis he said that the
Republicans could not pass the bill
without the Democratic vote in the
house, adding: "And you know it."

CLARK AFTER HANNA.

Mr. Clark then got back to politics
and quoted what he termed Republican
battle cries.

"Your Uncle Mark invented 'Let well
enough alone.' He afterward converted
this into 'Stand pat,' and then the
able chairman of the ways and means
committee (Mr. Payne) added a little,
'Keep on letting well enough alone,'
and when your Uncle Mark was
being punched over the ropes out in
Ohio by Col. Theodore Roosevelt and
Senator Foraker, he added: 'For God's
sake, let's keep on letting well enough
alone.'"

CONDITIONS IN CUBA.

In the course of his remarks, Mr.
McClellan said:
"Two years ago Cuba was on the
verge of bankruptcy, and that she has
escaped ruin is not due to any effort on
our part. That she has been able to
exist all during the last two years is
because of two reasons: First, the
change in their government; second,
the marketing of an increased amount
of tobacco and sugar."

"In 1902 the specie circular and extraor-
dinary rule of Gen. Wood, having sad-
dled upon Havana for 10 years the
infamous gambling monopoly of the
Sociedad Anonima del Rial, gave the place
to the conservative, economical, sensi-
ble and business-like administration of
President Palma, who has proved him-
self an executive of the very highest
order." After quoting figures, Mr. Mc-
Clellan said:

"In other words, under President
Palma the cost of government is over
\$2,000,000 less than it was under
Gen. Wood."

OBLIGATED TO CUBA.

Answering the statement that there
is no reason why the United States
should be obliged to Cuba, he should
be passed because no benefits accrue to
the United States, he said:

"In view of the formal obligations
which are due to Cuba, and the proba-
bility is selfish, but even this objec-
tion can be met." In conclusion Mr.
McClellan said:

"And now at last, after years of
waiting, after the spectacle of an in-
solvent lobby practically dominating
the Congress, we propose to partially
fulfill our pledge to Cuba by giving her
this tariff policy, but even this objec-
tion is warranted not to offend the sus-
ceptibilities of the most sensitive trust
in existence. We have made a solemn
promise to Cuba. If a Republican ma-
jority, in its might, is only willing to
partially keep that promise, the blame
and the shame rest with the Republi-
can party. But the bill is unquestion-
ably a breach in the wall of protec-
tion."

Mr. Crumpacker (Rep'n, Ind.) said
reciprocity was not in harmony with
the tariff policy of this country, as ex-
emplified in the last two Republican
tariff bills. It is not scientific, he ad-
ded, and a reciprocity policy based on
special agreements with all commercial
powers arrests the operation of econo-
mic laws. He said if we are to have
a permanent reciprocity policy we
should put a tax on non-competitive
articles, which might have something
upon which to negotiate.

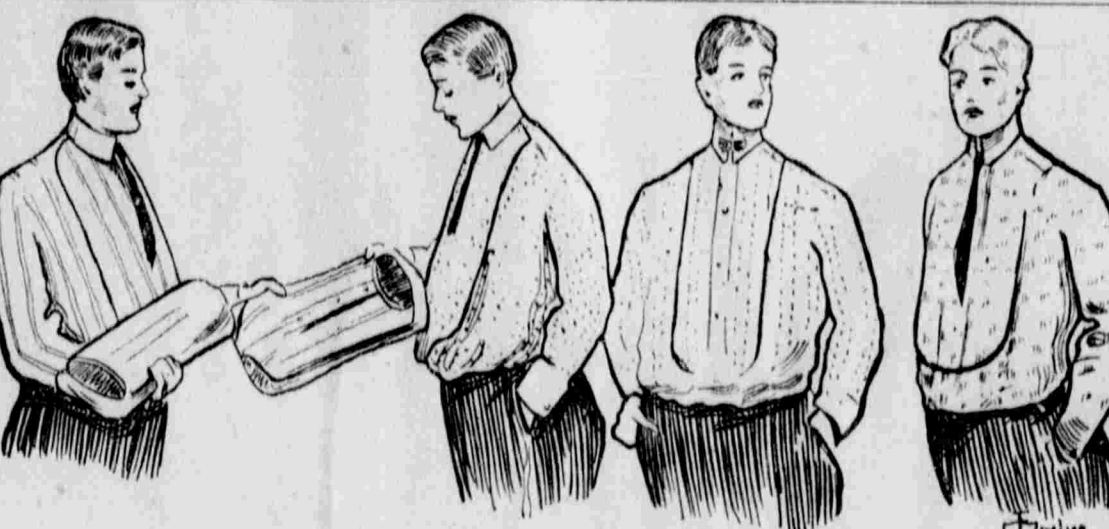

Mr. Douglass of New York and Mr.
Morrell of Pennsylvania spoke on the
Republican side in favor of the bill,
and Messrs. Mason of Arkansas, Thom-
as of North Carolina, Hughes of New
Jersey, and McDermott of New Jersey
on the Democratic side, also spoke in
favor of the bill. At 4 p. m. the house
adjourned.

"GOOD GROWING WEATHER."

When the New Scalp Antiseptic is Used
A good head of hair is as much a
"crown of glory" for man as it is for
woman, notwithstanding all the poetry
on the subject applied to the female
sex exclusively. In the season when
the bald-headed man can symphonize
with the Egyptians who were so sorely
plagued on account of the
"Baldness of Israel." Why not try
Newbro's Herpicide? Others have been
benefited and are loud in its praise. It
cleanses the scalp, kills the germ at the
root of the hair and by keeping the
scalp sweet, pure and wholesome, the
hair is bound to grow as nature intend-
ed, regardless of the temperature. Try
it and be convinced. Sold by leading
