EASTERN DISPATCHES.

HALIFAX, 29—The horse epidemic has appeared here.

BOSTON, 29.—The horse disease has evidently taken a more favorable turn, there being a marked improvement in nearly all cases under treatment. Some days must, however, elapse before recovery. Ten street cars continue to run and there is a small increase of express and job wagons.

OSWEGO, 29.—Over two thirds of the canal horses are affected.

WASHINGTON, D. C.—Minister Washburne arrived this morning and had an hours' talk with the President.

MEMPHIS, 29.—It is reported that General Hadley declared the registration in six townships in Mississippi county, and in Arkansas, including Osceola, null and void.

POUGHKEEPSIE, New York, 29.—The coroner's jury returned a verdict that Wm. Dierin died of malpractice at the hands of Mr. Martin. Accused not yet been arrested.

ELMIRA, N. Y., 29.—The horse desease has rapidly increased here the past two or three days. Nearly a hundred horses are now suffering, but with proper care most of them will recover. Nearly all belong to the street railroad company.

SPRINGFIELD, Mass., 29.—The horse disease is now at its height in fourteen stables. Three hundred horses out of 350 are sick. A horse valued at $300 died. The cars have stopped running, and business is interrupted. Holyoke, Westfield, Palmer and other towns are affected.

NEW YORK, 29.—The epidemic may now be said to be at its worst here, but notwithstanding the wide-spread suffering and numerous fatal cases yesterday, the disease is thought by many experienced horsemen to be on the decline. To-day is cool and pleasant, and hundreds of partially affected horses will be used in consequence. The number of dead horses reported yesterday is very large, reaching probably two hundred and fifty, and intelligence of more is hourly coming in. Several of the leading physicians of the board of health say the disease will probably soon attack man. A few men in Brooklyn, who have worked about sick horses, are said to have the malady. There is a strong public feeling against the continuous working of sick horses by many roads; nothing, however, has been done to prevent this inhumanity, but arrests are being made of petty carmen, and yesterday a poor man was consigned to the tombs for using his animal. Two incidents occurred, yesterday, of horses falling dead in the harness on the street railroads from overwork. The carrying trade continues to suffer, and along the docks piles of freight and cargoes still remain unremoved. Some branches of business are at a standstill. Merchants, who are under contract to ship flour and other articles, find they have to pay enormous prices for cartage. Broadway is thoroughly packed with pedestrians through the day. Some of the railroad lines are compelled to stop. To-day others continue to reduce the number of trips. Large dealers are announcing their inability to deliver articles at the homes of purchasers. Ferries are missing their usual receipts from vehicles, and many of the principal marts of trade have a gloomy appearance. The streets present a spectacle of wretched-looking, tottering horses, drawing terribly overladen cars and vehicles.

The case made out by the prosecution in Mayor Hall's case is regarded as very weak. It is understood that Mr. O'Conor has declined to be one of the counsel for the prosecution, owing to the belief that the Mayor is not guilty under the indictments. A speedy conclusion of the trial is looked for.

An Oswego dispatch says many horses in the surrounding country have been attacked, while great depression exists among forwarders and shippers. Canal freights to New York and lake water have risen to fifteen cents a mile and are still advancing. The distemper is becoming general in the northern part of the State. The disease is still on the increase.

BALTIMORE, 29.—The horse disease is fully developed. Fifty horses are reported attacked by one veterinary surgeon.

PORT JERVIS, N. Y., 29.—The horse disease has appeared in this vicinity.

LOUISVILLE, 29.—The steamer *Kate Kinney*, lying at New Albany, was burned at ten o'clock. Valued at twenty-five thousand. Insured.

BOSTON, 29.—Reports from the east show that the horse disease is generally prevalent, but in a comparatively mild form.

CLEVELAND, Ohio, 29.—One livery stable reports twenty-five new cases of disease to-day.

WASHINGTON, D. C., 29.—The American and British Claims Commission to-day disallowed the following claims, which had been submitted on their merits—John Preston Rogers, against the United States, claimed $12,000 for rent of his stores in Memphis and damages by reason of the removal of goods, breakage, and loss, and the interruption of his business. According to the brief of Mr. Hale, agent and counsel of the United States, the claim was without foundation, utterly fraudulent, and sought to be sustained by perjury; Thomas McMahon, against the United States, claim over sixty thousand dollars for property destroyed in the bombardment of Ft. Pickens.

The forthcoming report of the Postmaster General will show that the expenses of the department were increased during the past year as compared with the preceding year by about two and a quarter million dollars, mainly for increase of transportation and other postal facilities, foreign and domestic, and that the increased receipts have nearly kept pace with the expenses, the increase being a little over two millions.

WESTERN DISPATCHES.

SAN FRANCISCO, 29.—The contract for supplying the city hospital with provisions has been let at 22¼ cents per day for each inmate.

In the pools for Wednesday's race, "Lucy" sells for $100, "Occident" for $35. Time bets are made as follows; 2,19 and under, $36; 2,20 and under $40; 2,21, $50.

All the vessels which have recently arrived have been chartered to load wheat for England. The terms of one charter are made public viz, four pounds ten shillings per ton.

D. C. Gilman, the newly elected president of the State University, arrived here last night with his family.

About one o'clock this a. m. a sick and dying China woman was deposited on Montgomery street side walk, by some of her countrymen, and left to die. The woman was in the last stage of consumption. Some policemen who discovered her took her to the station house. The parties guilty of the inhuman transaction cannot be discovered.

SAN FRANCISCO, 29.—The weather looks and feels as if rain was pending, whereat those who would like to go to the races are down in the mouth.

E. Pitts Stevens states that she has received a dispatch from George Francis Train, stating that Greeley has withdrawn, or would withdraw from the contest.

The underwriters met this afternoon and adopted appropriate resolutions relative to the death of G. W. Mowe, late Insurance Commissioner.

The North Pacific Coast R. R. has commenced suit against S. R. Shracmartin, to recover $3,500, the sixth of the amount due on stock of the Co., subscribed for him.

The prosecution has closed in the Brotherton case. An objection has been read to the testimony given by Howard, the real forger, in the first trial of the case, before he had been sentenced. That testimony entirely exculpates the Brothertons from any participation in or knowledge of the forgery. The Judge has not yet decided whether he will admit the testimony but as he admitted the testimony of a deceased person for the prosecution he will probably admit Howard's.

YREKA, Cala., 29.—On Friday, at Little Shasta, Robert L. Martin, son of the late post master Martin, aged nine years, was riding to school, when the horse threw him twice, the first time not hurting him much, but the second time the animal stepped upon him, causing injuries from which he died the next day.

A shooting and stabbing affray occurred at Indian Creek, between two men, Jones and Fultz. The former was shot three times, and the latter severely cut. The trouble is said to have arisen from an old grudge, and Jones was the aggressor. The result of the injuries is not known.
