THE PATENT

Wire Gauze Oven Door

IS THE LATEST IMPROVEMENT ON THE

It Produces Practical Results in Baking and Roasting never before attained in any Cooking Apparatus, and will

Revolutionize the Present Methods of Cooking

ITS THEORY

Is that all Food Baked or Cooked, should be cooked in fresh air freely admitted to the oven. This is done by discarding the close fitting door heretofore used, and substituting for it a door containing a sheet of Wire Gauze nearly as large as the door itself.

Through this Gauze Door the air freely circulates, facilitating the process of cooking, and producing food that is unequalled in flavor and nutrition, and actually cooked with less consumption of fuel than in an oven with a closed door.

It makes an enormous saving in the weight of meat.

It also produces larger Loaves of Bread, requires less attention from the cook, and promotes the health of the family by the SUPERIOR QUALITY OF THE FOOD COOKED IN IT.

OPINION OF AN EXPERT.

MRS. MARY B. WELCH, Teacher Domestic Economy, Iowa State University, says: "My deliberate judgment is that the oven of the Range, as compared with others, is not only more equally heated in every part—front and rear—but as a result of its superior ventilation the food placed therein is quite cooked, while retaining a sweeter flavor, and a larger proportion of its best juices. And, also the consumption of fuel in this Range is much less than any other for same work."

EVENING NEWS.

Saturday, Oct. 6, 1888.

TELEGRAPHIC NEWS.

Continued from First Page.]

Yellow Fever.

DECATUR, Ala., Oct. 5.—Three new cases of yellow fever.

JACKSONVILLE, Fla., Oct. 5.—The weather continues warm, and the hopes of a phenomenally early frost are dispelled. The situation remains unchanged except, perhaps, that the cases of fever are generally of a milder type. New cases, 52; deaths, 6.

Emperor William.

VIENNA, Oct. 5.—After returning from deer stalking Emperor William partook of luncheon at Schoenbrunn Castle, accompanied by Emperor Francis Joseph. He then proceeded on his hunting expedition to Mueraszuschlay. Emperor William will leave Mueraszuschlay on the 10th, going to Italy via Zemmiring Pass.

Count Herbert Bismarck informed the representative of the *Politische Correspondenz* today that the custom of the annual personal meeting of the Emperors would be maintained as far as possible.

Big Street Car Strike.

CHICAGO, Oct. 5.—One-third of Chicago will be without street car facilities tomorrow morning, and within twenty-four hours all other parts of the city will be in the same predicament. President Yerkes of the North Chicago line flatly refused the demands of his employes and afterwards declined to accept the invitation from the men to arbitrate. All the south side men, 550 in number, will strike at 6 o'clock tomorrow. Interviews tonight with representatives of the 850 employes on the west side show that they will strike probably before tomorrow night, in order, if possible, to cripple the entire Yerkes system and bring him to time.

Monument to General Pickett.

RICHMOND, Oct. 5.—The unveiling of a monument today to the memory of Gen. George E. Pickett by Pickett's division association took place with great pomp. Confederate camps were present from Alexandria, Fredericksburg, Norfolk, Portsmouth and Petersburg, while the Philadelphia brigade of the Union veterans were present as guests of the Lee Camp of Richmond. Among the distinguished personages in line were Mrs. Pickett, Major Charles Pickett, M. D. Corse, ex-Governor Curtin and A. K. McClure, of Philadelphia. About 10 o'clock Gettysburg Hill was reached. Shortly thereafter the exercises began with prayer by Rev. Charles Ferguson, the chaplain of the Pickett association. The oration was delivered by Major R. Taylor Scott.

Western Freight Rates.

CHICAGO, Oct. 5.—The merchants constituting the membership of the Chicago Freight Bureau have not abandoned their proposed fight on the transcontinental roads in consequence of discriminating freight rates on Pacific Coast business. They are ready to open fire at any moment, but are waiting in the hope that the enemy may see the error of its way and surrender in time to avert a legal contest.

Chairman Leeds has called a meeting of the Transcontinental Association for the 15th inst., presumably for the purpose of considering the situation with a view to applying the necessary remedy when the tariffs do not strictly comply with the provisions of the inter-State commerce law. No further steps will be taken by the Chicago shippers until after the meeting has been held, and everything will depend upon the action of that association at that time.

Judge Thurman.

COLUMBUS, Ohio, Oct. 5.—Judge Thurman left for Washington this morning to argue the telephone cases.

WHEELING, Oct. 5.—Judge Thurman and party left Columbus quietly and until Bellaire was reached at 5 o'clock there was no attempt at demonstration, only a few people about the different depots being present. On the Judge's arrival, however, at Bellaire 200 enthusiastic democrats, with a band, gave expression to their enthusiasm. At Benwood and Wheeling he received an enthusiastic greeting. At Wheeling he made a brief speech, expressing thanks for the warm reception. At the Clayville station a crowd cheered heartily as the train pulled through. When the train reached the Pittsburg depot a crowd was waiting to meet the distinguished Judge. After three cheers had been given for him he thanked the crowd for the reception. Thurman then retired and a few minutes later the train started for Washington.

FIFTIETH CONGRESS.

HOUSE.

WASHINGTON, Oct. 5.—The House proceeded to the consideration of private business.

The point of no quorum was raised against the first bill called up, and for three-quarters of an hour the business was at a standstill. However a motion was agreed to for an adjournment today until Monday. Then the wheels of legislation revolved without friction until Kilgore, of Texas, called up the House bill to incorporate the Maritime Canal Company of Nicaragua.

Culberson, of Texas, offered an amendment providing that nothing in this act shall be held in any manner to involved the United States in any pecuniary obligation whatever other than in respect to the payment of tolls.

Phelan, of Tennessee, offered an amendment providing that the canal shall be under the control and protection of the United States in order that the representatives of all North and South American people may be guarded against any infringement of aggression on the part of foreign nations. Also that the tolls shall be equal on the same class of tonnage for all vessels of all nations except as provided in article 5 of the concessions and decrees of the republic of Nicaragua to the Nicaragua canal association of New York. Also that the United States government binds itself to protect all the rights of the citizens under said concessions and decrees and guarantees the neutrality of said canal and the operation under the terms of said concessions and decrees, subject to the consent or approval by treaty or otherwise of the countries through which the canal may be constructed.

Culberson opposed Phelan's amendments. If they were adopted the government would have to keep a standing army at Nicaragua to protect the rights of the canal.

Phelan replied that the gentleman radically misapprehended the terms of the amendments. They were drawn for the purpose of preventing the result which the gentleman was apprehensive might ensue. They had been drawn in careful conformity with the utterances of the State department from Grant's administration to the present time.

Fuller, of Iowa, said he did not intend to permit the bill to go through without a quorum.

Phelan, in order not to imperil the passage of the bill, withdrew his amendments and the Culberson amendment was agreed to.

The bill being in committee of the whole, the question was put of reporting the bill favorably to the House. The vote resulted 33 to 6, and Fuller made the point of no quorum.

The committee then rose and took a recess till evening.

The House at its evening session passed twenty-seven private pension bills and adjourned till Monday.

BRIEF TELEGRAMS.

Vienna, Oct. 5.—Two students who were in financial trouble, by agreement, shot each other dead in the street in the suburbs of this city today.

Sinia, Oct. 5.—The force of British troops which was sent out for the purpose of punishing the rebels, met with only slight losses. Two hundred of the rebel force were killed at Black Mountain.

Kutztown, Pa., Oct. 5.—At the fair grounds today when the Roman chariot races commenced, the horses attached to one of chariots became unmanageable and dashed into the crowd of spectators. David Owen, aged 70, was fatally hurt, and half a dozen other spectators received injuries some of which are severe but not fatal.

WOMAN'S TRIUMPH.

A Severe Surgical Operation. It is Endured without taking Ether. Return of the Disease prevented.

From the Correspondence of the Kingston, N. Y. *Freeman.*

The case of Mrs. Edward Meyers, of Rondout, New York, furnishes an apt illustration of woman's power of endurance. This lady had been treated for months in the usual way for Erysipelas of the hand, without benefit. Not until her hand had become a mass of putrid flesh did she turn to Dr. David Kennedy, proprietor of the "Favorite Remedy," which is made at Rondout, N. Y.

He informed her that it was impossible to save the hand—it must be amputated. She received the terrible intelligence quietly, declined to take ether, stipulating merely to hold her husband's hand during the operation, and underwent the painful process without moving a muscle or uttering a groan. Dr. Kennedy then gave "Favorite Remedy" freely to cleanse the blood and prevent a return of the disease, and Mrs. Meyers now lives and rejoices in her great deliverance.

Dr. Kennedy's "Favorite Remedy" is fast becoming a trusted household friend in all cases of Female Weakness and diseases of the blood, Kidney and Liver complaints, and Constipation of the Bowels.

A PIONEER MERCHANT.

Geo. Dunford's Exclusive Boot and Shoe House.

George Dunford is doing a rushing business nowadays in the boot and shoe trade, and his clerks are kept so busy that he says he is almost dubious about advertising for fear it may bring more trade than he will be able to cope with. It is only of late years that Mr. Dunford has gone into

THE EXCLUSIVE BOOT AND SHOE TRADE,

and since he turned his attention exclusively to the boot and shoe trade alone his business has steadily grown and increased to gratifying dimensions. Mr. Dunford has made several lines of trades a specialty, his strongest being his cheap grade of shoes, the $2, $2.50 and $3 shoe having an immense run because of its strength and durability. Mr. Dunford directs the attention of

FAIR AND CONFERENCE VISITORS

to this line of shoes in particular, and claims that he will be able to satisfy all wants for any sizes and any quantities.

Besides these shoes, Mr. Dunford's shelves are well stocked with fine shoes and slippers, boys' and girls' school shoes, and ladies fine wear. His stock of boots and shoes are constantly replenished from the best factories. The season finds him with an ample stock with which to satisfy the wants of the people.

HIS TWENTY-TWO YEARS EXPERIENCE

as a boot and shoe merchant in Salt Lake City has given him the best sort of acquaintance with the needs of the people, and the line of patronage his establishment enjoys from the workingmen to the wealthy shows how his efforts are appreciated. He is well prepared for the approach of winter with a full line of arctics, rubbers, overshoes, heavy boots, and wear of the best kind of leather for use in the wet season.

Visitors are always made welcome at Mr. Dunford's, No. 124 South Main Street. d&d

IDEAL BROILING.

Broiling can be done in the oven of the Charter Oak Range or Stove with the Wire Gauze Oven Door, more perfectly than over the live coals.

Lay the steak, chops, ham or fish on a wire broiler or meat rack, placing it in an ordinary bake pan to catch the drippings. Allow it to remain in the oven with the door closed 15 or 20 minutes. No turning is required. At the end of this time it will be found nicely cooked ready to serve.

THIS IS THE IDEAL WAY TO BROIL MEATS

There is no taint of coal-gas or smoke, and the meats are more tender and better in flavor than those broiled over the coals. The convenience of broiling in the oven will be appreciated by every housekeeper, and adds another to the many reasons why the Charter Oak Range or Stove with the Wire Gauze Oven Door should be preferred to all others now in the market.

MATTERS OF INTEREST

TO

Gardeners and Farmers.

BUY NORTHERN-GROWN SEEDS. WE ARE THE PRODUCERS OF seed sold by us. They are the best in the world. They are the best for all climates. They are earlier, more hardy, vigorous and productive than those grown in lower altitudes. We keep a large stock of fresh seed and believe that we can give you satisfaction. We unhesitatingly affirm that no better seeds than those we deal in CAN BE PROCURED. Bestowing such assistance upon them, we feel justified in saying our seeds are UNSURPASSED in purity and quality. We do not pretend to be the "only house in the west selling NORTHERN-GROWN SEEDS," but we do claim that we have the very best seed to be had anywhere; and that has not been all over the country, for several years, in commission boxes, as we do not send out any commission boxes at all, as so many do. Ask your HOME MERCHANT for our Northern-grown Seeds. OUR PRICES are as low as reliable stocks can be sold at and afford a fair remuneration for the expense and labor attending the proper conduct of the seed business. We ask a trial order from all who have not used our seeds. Write for circulars. Address all correspondence to the UTAH NURSERY CO., General Western Agency, Salt Lake City, Utah.
