To his protest, Rear Admiral Kempf was informed that the captain of the Endymion would give him as many runs as he wanted if there was sufficient powder on the ship, but until they published their regulations we had to go by ours.

DUFFER BRITISH CAPTAIN.

The Orlando (British armored ship) arriving at Taku, knew nothing of this squabble, and rubbed it in by saluting the Chinese rear admiral with 15 guns, then the British rear admiral with 12, and then the United States rear admiral with 11 guns.

Whether distance made it difficult for them to distinguish the number, or a delicate hint was intended, the Newark had the good taste to return 12.

FAMINE THREATENS.

Shanghai, Monday, July 23.—[Copyrighted, 1900, by the Associated Press.]—The following dispatch from Tien Tsin reached here today, having been despatched twenty days in transmission.

"Tien Tsin, Tuesday, July 23.—Famine and pestilence are sure to strike the region of Tien Tsin soon. Hundreds of thousands of Chinese are leaving their homes in the districts where fighting is going on, without means of support."

Lieut. Col. John S. Mallory, of the Forty-first United States Infantry, has arrived here to act as military observer. The American and British commanders here have established a censorship of correspondents of those nationalities to prevent the transmission of news that might tend to kindle international animosities. The anti-Russian prejudices of certain of the English correspondents caused this action.

MORE U. S. TROOPS FOR CHINA.

Washington, July 24.—Four troops of cavalry, all that remained at Fort Cavazos, have left for the far East with instructions to take up quarters at Nanking for orders. They are troops B and G, of the Third cavalry, which marched out of the fort early today and left on the train en route for San Francisco at 9 o'clock, and troops H and I, of the Third, which left here last evening. The four troops muster 400 men and are commanded by Major Kingsbury. The detachment that left last night is proceeding via Atlanta and will meet at Chattanooga the troops that went today. They are expected to arrive at San Francisco Sunday or Monday, and will leave on the transport Meade about August 1. The transport Aztec will carry the horses and their care takers. The departure of these troops leaves Fort Meyer practically depopulated. The Fifth cavalry under Col. Wm. Rafferty, now stationed in the West Indies has been ordered to the fort and will arrive early next month.

DESPERADO KILLS TWO POLICEMEN.

New Orleans, La., July 24.—Police Captain John T. Day and Policeman John Lamb are dead, and Policeman August T. Mora is in the hospital suffering from three wounds received in an encounter last night with two desperate negroes, Leonard Pierce and Robert Charles.

The officers were attempting to arrest the two negroes when the latter opened fire. A fusillade followed, during which Policeman Mora was severely wounded.

Pierce finally surrendered, but Charles, though wounded, escaped. Charles was traced and found later in the night by a squad of officers. The negro shot his way through the officers, killing Day and Lamb, and again escaped.

The shooting has caused great excitement among the police and a vast crowd of citizens armed with revolvers, shotguns and rifles are searching for Charles, who will doubtless be killed on sight.

NO MORE FOOLING WITH STRIKERS.

Vancouver, B. C., July 24.—The military has been called out to maintain order in the city, where 1,600 fishermen attached to the forty-seven salmon canneries are on strike and are preventing 4,000 Japanese and Indians from fishing. A requisition signed by three Stevenson magistrates was received at Vancouver early this morning, and at 4 a. m. two companies of militia, the members of which had been hurriedly aroused, embarked on the steamer Comox for the scene of the labor disturbance.

Another company from New Westminster has also been ordered to Stevenson. These three companies are in charge of Lieut. Col. Worsnop, who will protect those non-union fishermen who are willing to accept the terms offered by the canners of twenty cents per fish, the strikers demanding 25 cents.

Four thousand Japanese have decided to go out fishing today and many whites desire to do likewise. The strikers have been intimidating these Japanese from fishing. A requisition signed by three Stevenson magistrates was received at Vancouver early this morning, and at 4 a. m. two companies of militia, the members of which had been hurriedly aroused, embarked on the steamer Comox for the scene of the labor disturbance.

The Japanese state that they had waited three weeks for an adjustment of the difficulties between the canners and strikers, and if any violence occurred, they would be forced to return alive. The strikers are armed with rifles.

TROOPS MEAN BUSINESS.

Later—Fifteen hundred Japanese started out fishing from Stevenson this morning under protection of 200 militia, men drawn up on the wharf. The strikers did not interfere, and the Japanese commanding the troops, had announced that his men had come there not for amusement, but for business, that each man had twenty-four rounds of ball cartridges and that at the first sign of interference they would fire and that the work would be short and sharp.

The strikers threaten to attack the Japanese upon their return with the fish laden boats tonight.

The strikers are furious at the presence of troops, but were so much surprised at the sudden appearance of the militia in town that all idea of violence was temporarily banished from their minds. The troops were landed at Stevenson by boat at 7 a. m.

PEOPLE CROWD TO ALL THE RESORTS

The Twenty-fourth in Salt Lake was generally observed as a holiday and the streets of the city had a Sunday appearance, because, after the unveiling ceremony, everybody rushed out to the resorts, crowding them to the gratification of the managers. Saltair, Lagoons, the Salt Palace, Calder's Park and the baseball games was well patronized, and the people seemed bent upon having all the fun they could get and at last accounts they were in a fair way to getting it.

PROF. WIDTSOE HOME.

Distinguished Young Scientist Returns from Europe.

The many friends of Prof. John A. Widsøe will be very glad to hear that he has returned from Europe, where he has been spending a year in scientific research. Mr. Widsøe was accompanied with his wife, and they both are now visiting with her people at Provo for a few days. Prof. Widsøe was recently tendered the position of director of the experiment station at Logan, which indicates the confidence that the directors of that institution have in his ability. Prof. Widsøe has distinguished himself in chemistry and his kindred studies, being regarded by eastern chemists as one of the most efficient men in that field of learning in the United States.

TWO MORE BURGLARIES.

Fehrens's Drug Store and Christensen Bros' Produce House Broken Into.

The bold, bad burglar, or a bold, bad burglar, is abroad again and practicing his nefarious "trade." Last night he made acquaintance with the interior of two places. The first visit was at Christensen Bros. produce house, No. 169 south West Temple street. Entrance was made through a window that had been left down. The safe was open and the burglar pried open the cash till but secured nothing, for the obvious reason that nothing was there to secure. The next place was Fred J. Fehrens's drug store on State and First South streets. The safe door was broken open but nothing was taken.

"SMALLPOX" HOSPITAL.

Board of Health Considers It Necessary to Reopen It.

A meeting of the local board of health was held yesterday afternoon at the office of Health Commissioner King. Those present were Dr. King, Dr. Fisher and C. P. Brooks. The "smallpox" situation was under consideration, and the following resolution was adopted:

"Whereas, There has been an increase of seven cases of smallpox in the city during the last three weeks, and there are good grounds for believing that more cases will develop during the coming fall and winter, and

"Whereas, The prevention of the spreading of this disease can be accomplished by a prompt isolation and rigid quarantine only, and it having been demonstrated that isolation at the homes of the patients is impossible and quarantine without the aid of the entire police force of the city is impracticable; therefore, be it

"Resolved, That the isolation hospital be immediately reopened for the reception of smallpox patients and that all cases of smallpox be removed thereto whenever such removal will not endanger the life of the patient."

The board discussed the advisability of procuring a new pest house, and decided to refer to the sanitary committee the proposition of obtaining an appropriation to fix up the old mill in Sugar House ward for a quarantine station.

It was also decided in order to reduce the expenses of the board to procure the services of a medical student to take charge of the smallpox patients under the direction of the health commissioner. The question of putting in a new crematory plant was referred to C. P. Brooks.

BACK FROM MEXICO.

Hon. Moses Thatcher Reports Conditions as Being Prosperous.

Hon. Moses Thatcher has returned from a seven weeks' visit to Mexico, where he has been on a trip to the Verde river, which is located on the Verde river in the Sierra Madre mountains, and which is in charge of L. C. Farr his brother-in-law, and Preston Thatcher, his son. Mr. Thatcher says that the "Mormon" people are prospering, their live stock doing especially well. He also says that there is a heavy trade of extending the Sierra Madre and Pacific railroad 80 miles from Teraras, the present terminus.

Mr. Thatcher returns in better health than he has enjoyed for years.

The people in Mexico now are busy harvesting their wheat. The principal crops, however, are corn and sugar cane. There is also an abundance of alfalfa, yielding four crops each year. The soil there is very productive, and the country possesses many rich resources which will be developed more rapidly when the railroads are projected through the country.

Archbishop Riordan and Visitors Pleasantly Entertained.

SPLENDID SPEECHES MADE.

Spirit of Tolerance Found in Utah Commended by the Distinguished Prelate.

As stated in last evening's "News," a banquet was given yesterday afternoon at the Alta club, in honor of Archbishop Riordan and the visiting bishops and priests assisting Bishop Scanlan at the laying of the corner-stone of the new cathedral of St. Mary Magdalen last Sunday evening. The dinner was given by the committee on arrangements and proved a most enjoyable affair. The function took place in the gold room adjoining the dining hall, where a very fine menu had been prepared. The tables were arranged in the form of a square with very elaborate floral decorations grouped and placed in excellent taste. Floral festoons hung from the chandelier, and palms and potted plants were distributed throughout the room. Addresses were made by Archbishop Riordan, Bishop Scanlan, Bishop Scannel of Omaha, Bishop Glorieux of Boise, George Y. Wallace, John E. Dooly, Mayor Thompson, Chief Justice Bartch, C. W. Penrose, Thomas Kearns and James Ivers, Joseph Geoghegan officiated as toastmaster.

ARCHBISHOP'S ADDRESS.

The first called upon to make a speech was Archbishop Riordan. He began by reminding us of the happy events of his life. He was pleased to see Salt Lake City represented in such large numbers. He was pleased also because of the great generosity shown by the people of the diocese, irrespective of sect, in helping the bishop to erect such a grand and magnificent building. Archbishop Riordan then said:

"One thing that impresses me forcibly on coming to Salt Lake, is the spirit of tolerance that is everywhere manifest. In looking over the happy events of the laying of the corner stone. He accepted the invitation for two reasons: first, because Utah was once a part of his diocese, and second, because ever since it has been separated from the archdiocese of San Francisco, a feeling of affection had existed between himself and Bishop Scanlan. The scene that presented itself to him on Sunday here can never be forgotten. He was reminded as one of the happy events of his life. aided he had been inveigled into his present position, having been assured by Mr. Geoghegan that there would be no speechmaking. As one of the oldest residents of the State present, he took pleasure in endorsing the liberal sentiments of the Archbishop as to the rights and liberty of conscience of all people under the sun. He may confess as much, as he did in his own expressions from a prominent prelate of the Catholic church, having been trained in his earliest days to regard that church as the embodiment of intolerance. Mr. Penrose touched on the growth of Catholic institutions in Utah, from the time that President Brigham Young aided Father Kelly with a liberal donation to aid him in his work, and referred particularly to the hospital and academy under the Sisters of Mercy, whose piety and industry and labors of love, and not of hire, were worthy of all admiration and praise. The speaker assured all present, of whatever faith, that the body of people whom he represented could stand with them on the plan mentioned by the Archbishop, promoting the welfare of this great nation, one country, one flag, one constitution, one purpose in view—the promotion of liberty and peace. The people here recognized the right of all to believe that which appeared true in their own eyes, and perfect freedom of action so long as they did not infringe upon the liberties of others, and however they might differ in belief they could work together to promote the welfare of the nation and of all mankind.

Others who spoke.

Later Chief Justice George W. Bartch, George Y. Wallace, Mayor Thompson, J. E. Dooly and Thomas Kearns briefly addressed those assembled.

All the speakers were introduced by Toastmaster Geoghegan, whose witty remarks and bright sallies convulsed the banqueters time and time again.

SHORT LINES TAKE ANOTHER.

Who says the Short Lines can't play baseball? Well, they can, and the fact was admirably demonstrated at Walker's field this morning in the presence of 200 persons, when they came within an ace of shutting out the lads from Pocatello. The second half of the seventh inning, occupying just one hour and twenty minutes, was four to one in favor of Jimmy Clippinger's crowd.

How it started.

In the first inning both teams went out 1-1, and without making a hit or getting to first, Bubanks came up first for the visitors, and sent a grounder to Margette, who played first today.

Cupid Kleiber came next and struck out and Uncle Bill Haynes finished the inning with a pretty fly to short.

In the second Taylor and Kimmer singled and both scored. Taylor on right fielder's error and Kim, went down to second on Lillis' wild pitch and stole home. Margette went out on pitcher's first and Aubrey, the little center-fielder, got to base on an error of Kurian's. The other run was made by Miller in the fourth coming home on Beckley's single. The visitors made game a run until the sixth, when Lillis marred and scored on a single from Haynes.

Kimmer's good work.

The Pockets only succeeded in obtaining three hits off Kimmer, who did the trick for the Shorters in a manner refreshing to behold. The best of these was Lillis' double.

Lillis was harder to find today than in the previous game here. Four hits are tacked against him. He also passed three men to first. In the fifth Kimmer struck out Kurian in a straight throw, he laid Harmon on the bench in the second, and that's all he got in the way of striking out. Lillis got a like number, striking out Cain and Barnes.

The game was umpired by Al Hickey. The same teams play this afternoon. Taylor will pitch for the Short Lines and Harmon for Pocatello.

Following is the score:

R. H. E.
Short Lines..... 4 4 1
Pocatello..... 1 3 4
